Analysis by the Legislative Reference Bureau

Under current law, with limited exceptions, no person may sell alcohol beverages to a consumer unless the seller possesses a license or permit authorizing the sale. A Class "A" license authorizes the license holder to sell fermented malt beverages (beer) at retail, in original packages, containers, and bottles, for consumption only off the licensed premises.

Various provisions of current law also authorize the provision of taste samples under specific circumstances. A brewery may, without any additional license or permit, provide beer free of charge to customers, visitors, and employees on the brewery premises if the beer is consumed on the brewery premises and intoxicating liquor is not also provided or consumed. A winery holding a winery permit may, under the permit, offer on the winery premises taste samples of wine manufactured on the premises to persons who have attained the legal drinking age. The holder of a "Class A" license, which authorizes the retail sale of intoxicating liquor for consumption off the premises in original packages and containers, may, without any additional license or permit, provide two wine taste samples of not more than three fluid ounces each, free of charge, for consumption on the licensed premises between the hours of 10 a.m. and 6 p.m.

ASSEMBLY BILL 122

Under this bill, a Class “A” license authorizes a Class “A” licensee to provide, free of charge, between the hours of 11 a.m. and 7 p.m., up to two taste samples per day of beer of not more than three fluid ounces each, for consumption on the Class “A” premises, to customers and visitors who have attained the legal drinking age. The same limitations that otherwise apply to the retail sale of beer also apply to the provision of taste samples.

The bill also allows a brewer to provide, free of charge, on Class “A” premises with the consent of the Class “A” licensee, beer taste samples to any person who has attained the legal drinking age for consumption on these premises. Any such taste samples must be purchased by the brewer from the Class “A” licensee on whose premises the taste samples are provided. The same limitations that apply to Class “A” licensees providing taste samples also apply to brewers providing taste samples on Class “A” premises. A brewer may provide taste samples through an individual representing the brewer who is hired by the brewer and who is neither employed by nor an agent of a wholesaler.

Additionally, the bill modifies the hours during which a “Class A” licensee may provide wine taste samples, changing these hours from 10 a.m. to 6 p.m. to 11 a.m. to 7 p.m.
