Analysis by the Legislative Reference Bureau

Current law prohibits an insurer that issues a motor vehicle insurance policy that covers the repair or replacement of motor vehicle glass from conditioning the coverage on whether the insured or a third party making a claim under the policy obtains services or parts from a particular vendor specified by the insurer. This bill expands that prohibition. Under the bill, an insurer that issues a motor vehicle insurance policy that covers the repair of a motor vehicle may not condition that coverage on whether the insured or a third party making a claim under the policy obtains a damage repair estimate or services or parts from a particular garage, repair shop, or other vendor specified by the insurer. In addition, if an insured or third party makes a claim for the repair of a motor vehicle, the insurer must inform the insured or third party that they may select any garage, repair shop, or other vendor for a damage repair estimate or the repair and that the insurer will cover the reasonable costs of the repair regardless of which garage, repair shop, or other vendor they select. The insurer also must inquire whether the insured or third party has selected a garage, repair shop, or other vendor for a damage repair estimate or the repair and

may make a referral to a garage, repair shop, or other vendor if the insured or third party indicates that he or she has not selected a repair shop or requests a referral. The bill requires that every motor vehicle proof of insurance card issued after the effective date of the bill contain a notice that insurance companies are prohibited from requiring that repairs be made by a particular repair facility. Also under the bill, an auto body repair facility or automobile insurance claim facility must post in a conspicuous location a notice that insurance companies are prohibited from requiring that repairs be made by a particular repair facility. In addition, an auto body repair facility or an automobile insurance claim facility must include that same notice at the top of every motor vehicle repair estimate that it prepares.

The bill provides that an insurer that pays for the repair of a motor vehicle must pay for the repair at the same rate that the general public pays in that geographic area, unless the insurer and repair facility have an agreement otherwise, and that the insurer may not limit or discount the amount paid on the basis that the repair would have cost less if it had been made at a repair facility specified by the insurer. The bill also prohibits an insurance adjuster from preparing a vehicle damage estimate or from altering one prepared by another party without first physically inspecting the damage to the vehicle.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:

1 **SECTION 1.** 134.82 of the statutes is created to read:

2 **134.82 Notice of right to choose repairer. (1)** An auto body repair facility
