### ***Analysis by the Legislative Reference Bureau***

Under current law, municipal public safety employees and transit employees may bargain collectively over wages, hours, and conditions of employment and municipal employees who are neither public safety employees nor transit employees (general employees) may bargain collectively over only an annual percentage wage increase that does not exceed the annual percentage increase in the consumer price index. Under this bill, public safety employees who are employed by a city of the first class (currently only Milwaukee) may bargain collectively over only an annual percentage wage increase that does not exceed the annual percentage increase in the consumer price index. This bill also makes these public safety workers subject to other provisions covering general employees in current law, including an annual certification election requirement, a limit on the term of a collective bargaining agreement to one year with no extensions, a prohibition on salary deductions for labor organization dues, and an ability to refrain from paying dues while remaining a member of a collective bargaining unit.
