Analysis by the Legislative Reference Bureau

This bill repeals the Unfair Sales Act, also called the minimum markup law, which prohibits wholesale and retail sales of merchandise at a price below the cost of the merchandise to the seller. For motor vehicle fuels, tobacco products, and alcoholic beverages, the Unfair Sales Act includes formulas for calculating the cost to the seller that add minimum markups from 3 to 9.18 percent to cover a portion of the seller's cost of doing business.

For further information see the *state* fiscal estimate, which will be printed as an appendix to this bill.
