Analysis by the Legislative Reference Bureau

This bill requires the Board of Regents of the University of Wisconsin System to establish a Wisconsin hemp fiber innovation and technology accelerator in the Wisconsin Institute for Sustainable Technology at UW–Stevens Point if at least \$125,000 is received in fiscal year 2019–20 in gifts, grants, or donations to support the accelerator. If this condition is satisfied, the Board of Regents must allocate \$125,000 in funding for the accelerator, and the bill provides this funding to the Board of Regents from the environmental fund. The bill also changes the appropriation for the Wisconsin Institute for Sustainable Technology from an annual appropriation to a biennial appropriation.

For further information see the **state** fiscal estimate, which will be printed as an appendix to this bill.
