Analysis by the Legislative Reference Bureau

This bill requires the Technical College System Board to make grants to technical college district boards in areas with nurse aide shortages to expand access to nurse aide training.

The bill also provides additional funding for special education aid the Department of Public Instruction pays to school districts, independent charter schools, cooperative educational service agencies, and county children with disabilities education boards, for purposes of maintaining compliance with maintenance of effort requirements of the federal Consolidated Appropriations Act and the federal American Rescue Plan Act.
