- 1     **AN ACT** *to create* 343.14 (6m) of the statutes; **relating to:** facilitating voter  
2             registration for applicants for a driver's license or state identification card and  
3             granting rule-making authority.

---

***Analysis by the Legislative Reference Bureau***

This bill requires the Department of Transportation to do all of the following as a part of the application process for a driver's license or state identification card:

1. Determine whether the applicant is registered to vote.
2. If the applicant is not registered to vote, provide a voter registration form and information concerning eligibility to vote to the applicant, instructions for completing the form, and, unless the applicant declines in writing, assistance in completing the form.
3. Provide to the applicant a written explanation of how to register to vote in person, by mail, and by electronic means.

The bill also requires that DOT and the Elections Commission jointly promulgate rules providing, as a part of the application process, the opportunity for applicants for a license or identification card to be automatically registered to vote.

For further information see the state fiscal estimate, which will be printed as an appendix to this bill.
