Referred to Committee on Sporting Heritage, Small Business and Rural Issues.

1 **AN ACT to amend** 20.370 (1) (mu); and **to create** 29.063 (8) of the statutes;
2 **relating to:** chronic wasting disease sampling and making an appropriation.

Analysis by the Legislative Reference Bureau

Current law allows the Department of Natural Resources to manage and provide funding to conduct testing for chronic wasting disease in cervids. Currently, DNR administers a program under which it provides self-service chronic wasting disease sampling kiosks where hunters may drop off deer carcass for sampling. This bill codifies this program by requiring DNR to establish and administer it and provides \$200,000 in the 2021-23 fiscal biennium for the program. The bill allows DNR to contract with private entities to conduct the sampling and to pay the private entity per sample taken.

For further information see the state fiscal estimate, which will be printed as an appendix to this bill.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:
