3 (9) (a) 3. q., 348.27 (9) (a) 3. r., 348.27 (9) (a) 3. s. and 348.27 (9) (a) 3. t. of the
4 statutes; **relating to:** permits for certain oversize or overweight vehicles
5 transporting forest products.

Analysis by the Legislative Reference Bureau

Under current law, with limited exceptions, no person may operate on a highway any vehicle or combination of vehicles that exceeds certain statutory limits on size, weight, or load unless that person possesses a permit issued by the Department of Transportation. Currently, DOT may issue an annual or consecutive month permit for an oversize or overweight vehicle to transport loads within 11 miles of the Wisconsin-Michigan state line and on specifically designated highways, if the vehicle does not violate length or weight limitations under Michigan law (commonly known as the Michigan border permit).

This bill adds the following highway segments to the Michigan border permit:

1. STH 70, from the junction with westbound STH 139 in Florence County to the junction with STH 13 in the town of Fifield.
2. STH 54, from the junction with CTH S in Outagamie County to the junction with STH 55 in the town of Oneida in Outagamie County.
3. STH 32, from the junction with STH 64 in Oconto County to Cottonwood Lane three-quarters of a mile southeast of the village of Suring.
