AN ACT relating to the lowering of the level of the Lake Menomin in Dunn county, and providing penalties.

The people of the State of Wisconsin, represented in Senate and Assembly, do enact as follows:

SECTION 1. No person shall by himself, his servant or agent, or as the agent or servant of any other person lower or cause to be lowered the level of the waters of Lake Menomin in Dunn county to a point below the ordinary low water level of such lake, except when necessary to protect life or property, unless such person shall first secure permission so to do, as provided in

this act; but this act does not prohibit the raising or lowering of the level of such lake in and for the usual, ordinary lawful handling, and proper operation of a dam for water power purposes.

SECTION 2. Any person desiring to lower the level of the waters of said lake coming within the provisions of section 1, and as therein provided, shall file written application with the board of health of the city of Menomonie for permission so to do. Such application shall set forth:

(a) The extent to which the level of the water of the lake is desired to be lowered;

(b) The purpose or purposes for which it is desired to lower the same;

(c) The length of time for which it is desired to maintain the water of the lake at such lower level;

(d) The extent, if any, to which public rights in the lake will be affected by such lowering of the level of the water thereof.

SECTION 3. Upon receipt of the application the board of health shall set a time for a public hearing thereon in the city of Menomonie, which time shall not be more than three weeks nor less than two weeks from the date of the filing of such application. Notice of the time and place for such hearing shall be given to the applicant who shall cause the same to be published once each week for two successive weeks prior to the hearing, in a newspaper published in such city. Proof of such publication shall be filed with the board of health.

SECTION 4. At such hearing or any adjournment thereof the board of health shall consider the application and shall take evidence offered by the applicant and others in support thereof or in opposition thereto. If it shall appear that the granting of the permission applied for will not unreasonably interfere with the public rights in such lake and will not endanger life or health, such permission shall be granted to the applicant. If it shall not so appear the permission applied for shall be denied. If permission is granted the board of health shall make out in duplicate a written statement of such permission, shall deliver a copy to the applicant and shall file with the city clerk the original of such written statement, which shall be retained by said clerk as a public record.

SECTION 5. Any person who violates any of the provisions of section 1 of this act, or who lowers the level of the lake to a point lower than that specified in his written statement of permission, or who shall cause the water of the lake to remain at the lower level for a period longer than that specified in such written statement of permission shall be punished by a fine of not
