### CHAPTER 362.

AN ACT to repeal and recreate 95.495 (1) and (3); to renumber 95.495 (4) and (5) to be 95.495 (6) and (7); and to create 95.495 (4) and (5) of the statutes, relating to Bang's disease.

*The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:*

SECTION 1. 95.495 (1) and (3) of the statutes are repealed and recreated to read:

95.495 (1) Where the words "tuberculosis", "tuberculin test" and "tuberculin" appear in sections 95.38, 95.39 and 95.41 to 95.49, for the purposes of Bang's disease prevention and eradication they shall be deemed to be substituted by the words "Bang's disease", "Bang's test" and "any biological product containing Brucella organisms", respectively.

(3) Sections 95.30 to 95.35, 95.36 (1) to (7) and (9), and 95.37 shall be applied in carrying out this section, but indemnity shall be denied on steers, on cattle over 8 months of age treated

after April 1, 1939, with any biological product containing *Brucella* organisms, on any cattle vaccinated in a manner contrary to law or regulation of the department, and on cattle as provided in subsection (4), for a period of 18 months after vaccination.

SECTION 2. 95.495 (4) and (5) of the statutes are renumbered to be 95.495 (6) and (7).

SECTION 3. 95.495 (4) and (5) of the statutes are created to read:

95.495 (4) (a) Animals under the age of 8 months may be vaccinated against Brucellosis by approved veterinarians on permit issued by the department. Such veterinarians shall use only vaccine approved by the department, shall tattoo and tag the vaccinee in the manner prescribed by the department, and shall record in triplicate on forms prepared by the department such information as it may require. The veterinarian shall transmit one copy of such record to the department within 5 days, one copy to the owner of the animal vaccinated, and shall preserve one copy for his own file. Only records of such vaccination so prepared by veterinarians shall be accepted by the department.

(b) Cattle vaccinated as provided in paragraph (a) shall not be subject to identification by reactor tag or brand during the period of 18 months after such vaccination.

(c) It shall be unlawful for any person other than an approved veterinarian to treat any bovine animals other than those owned by him with any biological product containing *Brucella* organisms.

(5) Animals vaccinated against Brucellosis shall not be sold, transferred to other herds, moved from one part of the state to another, or placed on exhibition with cattle other than those of the owner unless such animal shall have passed a complete negative Bang's test within 30 days and is accompanied by an official Bang's test record as required by the department; provided, that animals vaccinated as provided in subsection (4) (a) may be transferred to other herds containing vaccinees during the period of 18 months after vaccination.
