

and local authorities in cities and villages may use the revenues of parking meters not only to meet the cost of regulation of parking but also to make provision for additional parking places off the street and such other expenses and purposes as the local authority deems reasonably necessary to provide for the convenience, safety and welfare of persons using the streets and highways of the municipality for vehicular traffic. Local authorities may also by ordinance, resolution, rule or regulation provide for the installation and operation of parking meters on the streets or highways within the limits of the municipality and may provide for the use of moneys collected from such parking meters for general street and highway maintenance, repair and construction, traffic regulations and for the purchase and operation of municipally-owned off-street parking lots. This section shall not apply to cities of the first class.
