CHAPTER 492

AN ACT to create 40.70 (8) (c) of the statutes, relating to state aids to integrated aid districts which operate partial high schools.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:

40.70 (8) (c) of the statutes is created to read:

40.70 (8) (c) In qualifying for receipt of aids for operating only grades 9 and 10 during the first year, any district which is classified as an "integrated aid district" by the department of public instruction shall be credited with the tuition pupils enrolled in grades 11 and 12 who attend schools outside of the district in calculating the district's state aid. The average daily attendance of pupils in grades 11 and 12 who attend schools outside of the district of residence shall be based upon certifications made to the state superintendent of public instruction and to the clerk of the

district of their residence by the principal of the school in which such tuition pupils were enrolled. During the second year of operation when the high school operates grades 9, 10 and 11, the twelfth grade enrollees attending schools outside of the district of residence shall be counted in calculating the state aids due the district if it has received the "integrated aid" classification. In both of the years in which such a district which operates grades 9 and 10 the first year and grades 9, 10 and 11 the second year shall qualify for integrated aids, the flat per pupil state aid paid to the district which educates such tuition pupils who reside in the district operating only a partial high school, shall be deducted in determining the state aid due the latter district.

Approved September 18, 1959.
