

Senate Bill 355

Date published:
December 22, 1967

CHAPTER 244, LAWS OF 1967

AN ACT to amend 60.306 (2) of the statutes, relating to the duties and functions of town sanitary district commissions.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:

60.306 (2) of the statutes is amended to read:

60.306 (2) The commission shall project, plan, construct and maintain ~~in such district~~ a system or systems of waterworks, garbage or refuse disposal or sewerage, including sanitary sewers, surface sewers of storm water sewers, provide for sewage collection, provide chemical treatment of waters for the suppression of swimmers' itch, algae and other nuisance-producing aquatic growths, or all of such improvements or any combination thereof necessary for the promotion of the public health, comfort, convenience or public welfare of such district, and such commission is authorized to enter into contracts and take any or all proceedings necessary to carry out such powers and duties. The commission may require the installation of private sewage systems.
