

1997 ASSEMBLY BILL 180

March 13, 1997 - Introduced by Representative PLOUFF, cosponsored by Senator CLAUSING, by request of Duane Thompson. Referred to Committee on Highways and Transportation.

- 1 **AN ACT to amend** 343.12 (2) (a), 343.12 (3) and 347.25 (2) of the statutes;
2 **relating to:** eligibility requirements for certain operators of school buses and
3 requiring strobe lights on school buses.

Analysis by the Legislative Reference Bureau

Under current law, the department of transportation (DOT) is required to issue an endorsement authorizing the operation of a school bus (school bus endorsement) to any applicant for the endorsement who is at least 18 years of age but younger than 71 years of age and who meets the stated requirements, including passing a physical examination. A school bus endorsement is valid for the duration of the person's operator's license. DOT may, but is not required to, issue a school bus endorsement to any person at least 71 years of age who annually takes and passes a physical examination and satisfies the requirements required of operators younger than 71 years of age.

This bill lowers the age at which an annual physical examination is first required for a school bus endorsement from 71 to 70 years of age.

Also under current law, any yellow and black school bus may be equipped with a flashing white strobe light mounted on the centerline of the bus roof not less than 3 feet from the front or rear of the bus. This bill makes white strobe lights required equipment on any school bus first put into service on or after the effective date of this bill.
