1 **AN ACT to create** 29.867 (2d), 29.867 (2t), 29.877 (2t) and 29.877 (3m) of the
2 statutes; **relating to:** requirements for applying for and issuing licenses for
3 game bird and animal farms and wildlife exhibits having bears, cougars, or
4 wolves.

Analysis by the Legislative Reference Bureau

Under current law, a person who wants to breed, propagate, kill, or sell game birds and game animals may operate a game bird and animal farm (game farm) for those purposes by obtaining a license from the department of natural resources (DNR). Current law defines game to include all varieties of wild birds or mammals, including bear, cougar, and wolf. Current law also authorizes a person to maintain a wildlife exhibit for the purpose of exhibiting or advertising wild animals provided that the person obtains a wildlife exhibit license from DNR. Wild animals are generally those that are not domestic animals.

This bill requires a person who applies for a license for a game farm on which the person proposes to have a bear, cougar, or wolf, or who applies for a license for a wildlife exhibit at which the person proposes to exhibit a bear, cougar, or wolf, to submit a statement to DNR that the governing body of the city, village, or town where the game farm will be located has enacted a zoning ordinance or adopted a resolution that permits the establishment and maintenance of such a game farm or wildlife exhibit. The bill imposes the same requirements on a person who applies for the renewal of a license if the original license was issued before the effective date of the bill or if, under the original license, the licensee was not authorized to have a bear,

cougar, or wolf. The bill provides that DNR may issue or renew a license for a game farm on which there is a bear, cougar, or wolf, or a license for a wildlife exhibit that exhibits a bear, cougar, or wolf, only if DNR determines from the statement submitted by the applicant that the governing body of the applicable city, village, or town has enacted a zoning ordinance or adopted a resolution that permits the establishment and maintenance of such a farm or exhibit.
