### *Analysis by the Legislative Reference Bureau*

Under current law, the Wisconsin Housing and Economic Development Authority (WHEDA) administers multiple agricultural financing programs. Under one such program, the agricultural production loan guarantee program, WHEDA guarantees collection of 90 percent of the principal of certain agricultural production loans. The total outstanding principal of all such loans to any one borrower may not exceed \$30,000 under current law.

Under this bill, the total outstanding principal of guaranteed agricultural production loans to any one borrower may not exceed an amount set annually, no later than December 1, by WHEDA that is not less than \$30,000 nor more than \$100,000. In addition, WHEDA must annually review the agricultural production loan guarantee program for the purpose of maximizing the benefits of the program.
