1 **AN ACT** *to create* 29.405 of the statutes; **relating to:** fishing with a bow and
2 arrow at night.

Analysis by the Legislative Reference Bureau

Under current law, the Department of Natural Resources (DNR) is required to establish open and closed seasons for fish and game and to establish conditions that conserve the fish and game supply and that ensure opportunities for good fishing, hunting, and trapping. Current law authorizes DNR to exercise this authority for the entire state, for any specified county, or for any lake or stream.

This bill provides that if DNR establishes an open season for fishing with a bow and arrow on a particular body of water, DNR must allow fishing with a bow and arrow on that body of water from sunset to sunrise during that open season.

For further information see the *state and local* fiscal estimate, which will be printed as an appendix to this bill.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:
