Analysis by the Legislative Reference Bureau

Under current law, the Wisconsin national guard is composed of the army and air national guard. Current law also allows the adjutant general to establish and organize a state defense force if the national guard is called into the service of the United States. This bill creates a Wisconsin naval militia, which will be under the control of the adjutant general and will be subject to the same policies and procedures as the other military components. The naval militia's primary purpose under the bill is to respond to natural disasters, state emergencies, and domestic disorders.
