Analysis by the Legislative Reference Bureau

Under current law, the Department of Agriculture, Trade and Consumer Protection (DATCP) licenses nursery growers, nursery dealers, and Christmas tree growers. A nursery grower is a person who grows nursery stock for sale. A nursery dealer is a person, other than a nursery grower, who sells or distributes nursery stock. This bill makes changes in the laws related to nursery growers, nursery dealers, and Christmas tree growers.

SENATE BILL 297

The bill authorizes DATCP to change by rule the annual license fees for nursery growers, nursery dealers, and Christmas tree growers.

Under current law, a nursery grower who also sells nursery stock obtained from another source is not required to obtain a nursery dealer license. This bill requires a nursery grower who sells nursery stock obtained from another source to obtain a nursery dealer license, in addition to a nursery grower license.

Under current law, a nursery grower who also grows Christmas trees is not required to obtain a Christmas tree grower license, but is required to pay an additional fee equal to the fee paid by Christmas tree growers. Under this bill, a nursery grower who also grows Christmas trees must obtain a Christmas tree grower license, in addition to a nursery grower license. The bill does not change the total amount of fees that the nursery grower must pay.

The bill increases the annual license fee that must be paid by a nursery dealer who spends more than \$3,000,000 in a year for nursery stock.

The bill clarifies that nursery growers, nursery dealers, and Christmas tree growers may operate from more than one location under a single license.

For further information see the *state* fiscal estimate, which will be printed as an appendix to this bill.
