1 **AN ACT** *to renumber and amend* 30.26 (2); *to repeal and recreate* 30.26 (4)
2 (title); and *to create* 30.26 (2) (a) 3. and 30.26 (5) of the statutes; **relating to:**
3 designating portions of the Totogatic River as a wild river.

Analysis by the Legislative Reference Bureau

Under current law, the legislature may designate rivers as part of the state's wild river system. The Department of Natural Resources (DNR) administers the system to preserve, protect, and enhance a river's natural beauty and unique recreational value. This bill adds to the wild river system portions of the Totogatic River. The bill also specifically allows DNR to authorize the removal of natural obstructions in the river if needed for the growth of wild rice and allows for the maintenance and replacement of piers and certain bridges and water crossings that currently are in place on the designated portions of the river.

For further information see the *state* fiscal estimate, which will be printed as an appendix to this bill.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:
