2           (1), 125.32 (2) (title), 125.32 (3) (b), 125.68 (2) (title) and 945.041 (3); and *to*  
3     **create** 125.12 (7), 125.32 (2) (b) and 125.68 (2) (b) of the statutes; **relating to:**

5     and persons responsible for the operation of certain retail licensed premises.

### *Analysis by the Legislative Reference Bureau*

Under current law, with specific exceptions, no person may sell alcohol beverages at retail unless the person possesses a license or permit authorizing the sale. Class “B” licenses, issued by municipalities, authorize the retail sale of fermented malt beverages (beer) for consumption on or off the retail premises. “Class B” licenses, also issued by municipalities, authorize the retail sale of intoxicating liquor for consumption on or off the retail premises, which authorization is subject to certain limitations, some of which depend on whether the issuing municipality has adopted an ordinance related to “Class B” licenses.

Current law requires municipalities to issue operators’ licenses (commonly called bartenders’ licenses) and authorizes municipalities to issue managers’ licenses. No retail seller of alcohol beverages may be open for business unless the licensee, the designated agent of a corporate licensee, or a person who possesses a manager’s license or operator’s license is present and responsible for the acts of all persons providing alcohol beverages on the premises.

This bill prohibits a person holding an operator’s license or manager’s license, or a person who is a Class “B” or “Class B” licensee or a designated agent of a

**ASSEMBLY BILL 67**

corporate Class “B” or “Class B” licensee, from being on Class “B” or “Class B” licensed premises where the person is employed or holds an ownership interest, during the person’s working hours, if the person has an alcohol concentration of more than 0.0, as measured from the person’s blood or breath. If a person is convicted of violating this prohibition three or more times, any operator’s license, manager’s license, or Class “B” or “Class B” license issued to the person or to a corporation for which the person is a designated agent must be revoked.

The bill also eliminates a statutory inconsistency as to whether an immediate family member of a Class “B” or “Class B” licensee is considered to hold an operator’s license and treats such an immediate family member like other holders of operators’ licenses.

For further information see the *state and local* fiscal estimate, which will be printed as an appendix to this bill.
