1     **To renumber** section 9 of article IV; and **to create** section 9 (2) of article IV and

3             department of transportation, creation of a transportation fund, and deposit of  
4             funds into the transportation fund (first consideration).

---

### *Analysis by the Legislative Reference Bureau*

Currently, the revenues generated by use of the state transportation system may be deposited into any fund as provided by law. This proposed constitutional amendment, proposed to the 2009 legislature on first consideration, requires that such revenues be deposited into a transportation fund, and requires the legislature to create such a fund and a department of transportation.

A proposed constitutional amendment requires adoption by two successive legislatures, and ratification by the people, before it can become effective.
