Analysis by the Legislative Reference Bureau

Under current law, many state agencies and boards (licensing agencies) regulate certain professions and occupations by issuing licenses, permits, or other credentials (licenses). This bill requires that the Department of Veterans Affairs (DVA) establish and maintain a program under which licensing agencies grant fee waivers to certain qualified veterans when they issue initial licenses to these veterans. In order to be qualified for this waiver, the veteran has to be a resident and have been honorably discharged from the U.S. armed forces. A qualified veteran may receive the fee waiver only if he or she has not previously received a fee waiver for any type of license. The fee waiver applies only to professional or occupational licenses that are issued to individuals and not to licenses issued to businesses or other entities.

For further information see the **state** fiscal estimate, which will be printed as an appendix to this bill.
