### *Analysis by the Legislative Reference Bureau*

Under current law, the Department of Corrections (DOC) may require a prisoner in a secured correctional facility for adults or juveniles to pay a deductible, coinsurance, copayment, or similar charge if the prisoner receives medical or dental care. DOC must establish by rule the amounts to charge for the services. Under this bill, DOC must generally require such a prisoner to pay a deductible, coinsurance, copayment, or similar charge for prescription drugs or devices. DOC must establish by rule the amount to charge for each prescription drug or device.

Under current law, a sheriff may charge a county jail prisoner for costs of medical care provided to the prisoner in a jail. Under this bill, the sheriff must charge a county jail prisoner for prescription drugs and devices provided to the county jail prisoner in jail. The amount the sheriff must charge is the amount DOC establishes by rule for the same prescription drug or device provided to a prisoner in a prison.

For further information see the **state and local** fiscal estimate, which will be printed as an appendix to this bill.
