Analysis by the Legislative Reference Bureau

This bill creates requirements for law enforcement agencies that use body cameras on law enforcement officers, including requirements for agency policies, which encounters must be recorded, restrictions on the use of recordings, and retention practices as well as limitations on encounters that may not be recorded. The bill creates limitations on access to data from body cameras. The bill makes it a Class I felony to tamper with, delete, copy, or upload data obtained from a body camera or to tamper with or destroy a body camera. This bill also creates the Law Enforcement Body Camera Council in the Department of Justice to make recommendations to the legislature and to establish best practices regarding body cameras worn by law enforcement officers.

For further information see the ***state and local*** fiscal estimate, which will be printed as an appendix to this bill.
