4 350.12 (4) (bm) 2. of the statutes; **relating to:** snowmobile trail use stickers and
5 trail aids and supplemental trail aids for snowmobile trail maintenance.

Analysis by the Legislative Reference Bureau

This bill increases the maximum dollar amount per mile that the Department of Natural Resources may pay to counties for actual expenses related to maintaining snowmobile trails.

Under current law, state aid is available for the actual cost of maintaining a qualifying snowmobile trail, but may not exceed \$250 per mile per year. Under this bill, the maximum aid available is increased to \$300 per mile per year.

Under current law, a county that exceeds \$250 per mile in maintenance expenses and \$150 per mile in grooming expenses in a fiscal year is eligible for supplemental aid payments the following fiscal year. Under this bill, a county that exceeds \$300 per mile in maintenance expenses and \$200 per mile in grooming expenses in a fiscal year is eligible for supplemental aid payments the following fiscal year.

Also under current law, most snowmobiles operated on a public snowmobile corridor must display a trail use sticker issued by DNR. There are three categories of snowmobiles for which DNR issues trail use stickers: snowmobiles exempt from

SENATE BILL 188

registration, snowmobiles owned by members of a snowmobile club, and snowmobiles owned by those who are not members of a snowmobile club. DNR is required to charge a specific fee for a trail use sticker issued for snowmobiles in each category. The current categories and fees apply only to trail use stickers issued from fiscal years 2015-16 to 2018-19. This bill eliminates the fiscal year limitations on these categories and fees.

For further information see the *state and local* fiscal estimate, which will be printed as an appendix to this bill.
