1 **AN ACT** *to renumber and amend* 121.02 (1) (f); and *to create* 121.02 (1) (f) 2.
2 of the statutes; **relating to:** an emergency exception for high performing school
3 districts to the number of hours of direct pupil instruction requirement.

Analysis by the Legislative Reference Bureau

This bill requires the Department of Public Instruction to count hours of direct pupil instruction that are canceled because school is closed due to an emergency or inclement weather if the school district was in one of the top two performance categories on the most recent school and school district accountability report (commonly known as the state report card). In other words, under the bill, a school district that was in one of the top two categories on the state report card is not required to make up hours of direct pupil instruction that were missed because schools were closed due to an emergency or inclement weather

For further information see the **local** fiscal estimate, which will be printed as an appendix to this bill.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:
