- 1 **AN ACT** *to create* 38.04 (4) (e) 8. and 343.71 (5) (h) of the statutes; **relating to:**
2 driver education instruction on human trafficking.

Analysis by the Legislative Reference Bureau

Under current law, the Technical College System Board must approve courses of study for each program offered in technical college district schools, including driver education courses. TCSB may not approve a driver education course unless the course includes certain content, such as acquainting students with the hazards posed by farm machinery and animals on highways and by railroad grade crossings and providing instruction in safely dealing with these hazards. The Department of Transportation licenses private driver schools and DOT may not license a driver school unless its course of instruction includes the content required for TCSB approval of a driver education course.

Under this bill, commercial motor vehicle driver education courses offered by technical colleges or licensed private driver schools must provide instruction in the recognition and prevention of human trafficking.
