2021 ASSEMBLY BILL 783

January 4, 2022 - Introduced by Representatives POPE, CONLEY, ANDRACA, ANDERSON, BROSTOFF, CABRERA, EMERSON, HEBL, HONG, B. MEYERS, MILROY, NEUBAUER, OHNSTAD, S. RODRIGUEZ, SHELTON, SINICKI, SNODGRASS, SPREITZER, STUBBS, SUBECK and VINING, cosponsored by Senators LARSON, AGARD, ERPENBACH, ROYS, L. TAYLOR, SMITH and CARPENTER. Referred to Committee on Colleges and Universities.

1 **AN ACT to create** 115.29 (9) of the statutes; **relating to:** model academic
2 standards related to climate change; grants to develop climate change
3 curriculum resources; funding for the University of Wisconsin System and
4 special education; and making an appropriation.

Analysis by the Legislative Reference Bureau

Under this bill, the state superintendent of public instruction may adopt model academic standards related to climate change. If the state superintendent adopts model standards, they must incorporate a) an understanding of climate, b) the interconnected nature of climate change, c) the potential local and global impacts of climate change, and d) the individual and societal actions that may mitigate the harmful effects of climate change. The bill also allows the state superintendent to provide grants to or contract with other state agencies or nonprofit organizations to develop climate change curriculum resources and requires that, if the state superintendent adopts climate change model academic standards, the resources must align with those standards.

The bill also provides additional funding for the University of Wisconsin System under its general program operations appropriation and for special education aid for school districts, independent charter schools, cooperative educational service agencies, and county children with disabilities education boards for purposes of maintaining compliance with maintenance of effort requirements of the federal Consolidated Appropriations Act and the federal American Rescue Plan Act.
