

2021 SENATE BILL 654

October 20, 2021 - Introduced by Senator RINGHAND, cosponsored by Representative CONLEY, by request of of a constituent, Jennifer Thompson. Referred to Committee on Health.

1 **AN ACT to amend** 46.286 (1) (a) (intro.) of the statutes; **relating to:** eligibility
2 for Family Care for individuals who are deaf-blind.

Analysis by the Legislative Reference Bureau

This bill grants functional eligibility for Family Care—a program that provides community-based long-term care services—to people who are deaf-blind. Under current law, a person must meet certain criteria in order to be eligible for Family Care, including that the person is at least 18 years of age; the person has a physical or developmental disability or is a frail elder; and the person is both functionally and financially eligible based on the standards described in the statute. The bill adds an express provision that a person is functionally eligible for the Family Care program if the person is deaf-blind, as defined in the bill.
