3 making an appropriation.

Analysis by the Legislative Reference Bureau

This bill requires the Department of Workforce Development to establish a commercial driver training grant program. Under the program, DWD provides grants to persons or other entities that provide training leading to an individual receiving a commercial driver's license. The training must, in order to qualify for a grant, satisfy entry-level driver training requirements established by the Federal Motor Carrier Safety Administration (FMCSA), including that the grant applicant be listed on the FMCSA's registry of approved training providers. Grants under the bill may not exceed, for each individual trained, 50 percent of the costs of training the individual in the operation of commercial motor vehicles or \$3,000, whichever is less. DWD may not award grants for applications to participate in the training program received after June 30, 2025.

For further information see the state fiscal estimate, which will be printed as an appendix to this bill.
