### ***Analysis by the Legislative Reference Bureau***

This bill makes several changes to the regulation of pharmacy benefit managers and their interactions with pharmacies and pharmacists. Under current law, pharmacy benefit managers are generally required to be licensed as a pharmacy benefit manager or an employee benefit plan administrator by the commissioner of

**ASSEMBLY BILL 773**

insurance. A pharmacy benefit manager is an entity that contracts to administer or manage prescription drug benefits on behalf of an insurer, a cooperative, or another entity that provides prescription drug benefits to Wisconsin residents. Major provisions of the bill are summarized below.

***Pharmacy benefit manager regulation***

The bill requires a pharmacy benefit manager to pay a pharmacy or pharmacist a professional dispensing fee at a rate not less than is paid by the state under the Medical Assistance program for each pharmaceutical product that the pharmacy or pharmacist dispenses to an individual. The professional dispensing fee is required to be paid in addition to the amount the pharmacy benefit manager reimburses the pharmacy or pharmacist for the cost of the pharmaceutical product that the pharmacy or pharmacist dispenses. The Medical Assistance program is a joint state and federal program that provides health services to individuals who have limited financial resources.

The bill prohibits a pharmacy benefit manager from assessing, charging, or collecting from a pharmacy or pharmacist any form of remuneration that passes from the pharmacy or pharmacist to the pharmacy benefit manager including claim-processing fees, performance-based fees, network-participation fees, or accreditation fees.

Further, under the bill, a pharmacy benefit manager may not use any certification or accreditation requirement as a determinant of pharmacy network participation that is inconsistent with, more stringent than, or in addition to the federal requirements for licensure as a pharmacy and the requirements for licensure as a pharmacy provided under state law.

The bill requires a pharmacy benefit manager to allow a participant or beneficiary of a pharmacy benefits plan or program that the pharmacy benefit manager serves to use any pharmacy or pharmacist in this state that is licensed to dispense the pharmaceutical product that the participant or beneficiary seeks to obtain if the pharmacy or pharmacist accepts the same terms and conditions that the pharmacy benefit manager establishes for at least one of the networks of pharmacies or pharmacists that the pharmacy benefit manager has established to serve individuals in the state. A pharmacy benefit manager may establish a preferred network of pharmacies or pharmacists and a nonpreferred network of pharmacies or pharmacists, however, under the bill, a pharmacy benefit manager may not prohibit a pharmacy or pharmacist from participating in either type of network provided that the pharmacy or pharmacist is licensed by this state and the federal government and accepts the same terms and conditions that the pharmacy benefit manager establishes for other pharmacies or pharmacists participating in the network that the pharmacy or pharmacist wants to join. Under the bill, a pharmacy benefit manager may not charge a participant or beneficiary of a pharmacy benefits plan or program that the pharmacy benefit manager serves a different copayment obligation or additional fee, or provide any inducement or financial incentive, for the participant or beneficiary to use a pharmacy or pharmacist in a particular network of pharmacies or pharmacists that the pharmacy benefit manager has established to serve individuals in the state. Further, the bill prohibits a pharmacy benefit

**ASSEMBLY BILL 773**

manager, 3rd-party payer, or health benefit plan from excluding a pharmacy or pharmacist from its network because the pharmacy or pharmacist serves less than a certain portion of the population of the state or serves a population living with certain health conditions.

The bill provides that a pharmacy benefit manager may neither prohibit a pharmacy or pharmacist that dispenses a pharmaceutical product from, nor penalize a pharmacy or pharmacist that dispenses a pharmaceutical product for, informing an individual about the cost of the pharmaceutical product, the amount in reimbursement that the pharmacy or pharmacist receives for dispensing the pharmaceutical product, or any difference between the cost to the individual under the individual's pharmacy benefits plan or program and the cost to the individual if the individual purchases the pharmaceutical product without making a claim for benefits under the individual's pharmacy benefits plan or program.

The bill prohibits any pharmacy benefit manager or any insurer or self-insured health plan from requiring or penalizing a person who is covered under a health insurance policy or plan for using or for not using a specific retail, mail-order, or other pharmacy provider within the network of pharmacy providers under the policy or plan. Prohibited penalties include an increase in premium, deductible, copayment, or coinsurance.

***Pharmaceutical product reimbursements***

The bill provides that a pharmacy benefit manager that uses a maximum allowable cost list must include all of the following information on the list: 1) the average acquisition cost of each pharmaceutical product and the cost of the pharmaceutical product set forth in the national average drug acquisition cost data published by the federal centers for medicare and medicaid services; 2) the average manufacturer price of each pharmaceutical product; 3) the average wholesale price of each pharmaceutical product; 4) the brand effective rate or generic effective rate for each pharmaceutical product; 5) any applicable discount indexing; 6) the federal upper limit for each pharmaceutical product published by the federal centers for medicare and medicaid services; 7) the wholesale acquisition cost of each pharmaceutical product; and 8) any other terms that are used to establish the maximum allowable costs.

The bill provides that a pharmacy benefit manager may place or continue a particular pharmaceutical product on a maximum allowable cost list only if the pharmaceutical product 1) is listed as a drug product equivalent or is rated by a nationally recognized reference as "not rated" or "not available"; 2) is available for purchase by all pharmacies and pharmacists in the state from national or regional pharmaceutical wholesalers operating in the state; and 3) has not been determined by the drug manufacturer to be obsolete. Further, the bill provides that any pharmacy benefit manager that uses a maximum allowable cost list must provide access to the maximum allowable cost list to each pharmacy or pharmacist subject to the maximum allowable cost list, update the maximum allowable cost list on a timely basis, provide a process for a pharmacy or pharmacist subject to the maximum allowable cost list to receive notification of an update to the maximum allowable cost list, and update the maximum allowable cost list no later than seven days after the

**ASSEMBLY BILL 773**

pharmacy acquisition cost of the pharmaceutical product increases by 10 percent or more from at least 60 percent of the pharmaceutical wholesalers doing business in the state or there is a change in the methodology on which the maximum allowable cost list is based or in the value of a variable involved in the methodology. A maximum allowable cost list is a list of pharmaceutical products that sets forth the maximum amount that a pharmacy benefit manager will pay to a pharmacy or pharmacist for dispensing a pharmaceutical product. A maximum allowable cost list may directly establish maximum costs or may set forth a method for how the maximum costs are calculated.

The bill further provides that a pharmacy benefit manager that uses a maximum allowable cost list must provide a process for a pharmacy or pharmacist to appeal and resolve disputes regarding claims that the maximum payment amount for a pharmaceutical product is below the pharmacy acquisition cost. A pharmacy benefit manager that receives an appeal from or on behalf of a pharmacy or pharmacist under this bill is required to resolve the appeal and notify the pharmacy or pharmacist of the pharmacy benefit manager's determination no later than seven business days after the appeal is received. If the pharmacy benefit manager grants the relief requested in the appeal, the bill requires the pharmacy benefit manager to make the requested change in the maximum allowable cost, allow the pharmacy or pharmacist to reverse and rebill the relevant claim, provide to the pharmacy or pharmacist the national drug code number published in a directory by the federal Food and Drug Administration on which the increase or change is based, and make the change effective for each similarly situated pharmacy or pharmacist subject to the maximum allowable cost list. If the pharmacy benefit manager denies the relief requested in the appeal, the bill requires the pharmacy benefit manager to provide the pharmacy or pharmacist a reason for the denial, the national drug code number published in a directory by the FDA for the pharmaceutical product to which the claim relates, and the name of a national or regional wholesaler that has the pharmaceutical product currently in stock at a price below the amount specified in the pharmacy benefit manager's maximum allowable cost list.

The bill provides that a pharmacy benefit manager may not deny a pharmacy's or pharmacist's appeal if the relief requested in the appeal relates to the maximum allowable cost for a pharmaceutical product that is not available for the pharmacy or pharmacist to purchase at a cost that is below the pharmacy acquisition cost from the pharmaceutical wholesaler from which the pharmacy or pharmacist purchases the majority of pharmaceutical products for resale. If a pharmaceutical product is not available for a pharmacy or pharmacist to purchase at a cost that is below the pharmacy acquisition cost from the pharmaceutical wholesaler from which the pharmacy or pharmacist purchases the majority of pharmaceutical products for resale, the pharmacy benefit manager must revise the maximum allowable cost list to increase the maximum allowable cost for the pharmaceutical product to an amount equal to or greater than the pharmacy's or pharmacist's pharmacy acquisition cost and allow the pharmacy or pharmacist to reverse and rebill each claim affected by the pharmacy's or pharmacist's inability to procure the

**ASSEMBLY BILL 773**

pharmaceutical product at a cost that is equal to or less than the maximum allowable cost that was the subject of the pharmacy's or pharmacist's appeal.

The bill prohibits a pharmacy benefit manager from reimbursing a pharmacy or pharmacist in the state an amount less than the amount that the pharmacy benefit manager reimburses a pharmacy benefit manager affiliate for providing the same pharmaceutical product. Under the bill, a pharmacy benefit manager affiliate is a pharmacy or pharmacist that is an affiliate of a pharmacy benefit manager.

Finally, the bill allows a pharmacy or pharmacist to decline to provide a pharmaceutical product to an individual or pharmacy benefit manager if, as a result of a maximum allowable cost list, the pharmacy or pharmacist would be paid less than the pharmacy acquisition cost of the pharmacy or pharmacist providing the pharmaceutical product.

***Drug formularies***

This bill makes several changes with respect to drug formularies. Under current law, a disability insurance policy that offers a prescription drug benefit, a self-insured health plan that offers a prescription drug benefit, or a pharmacy benefit manager acting on behalf of a disability insurance policy or self-insured health plan must provide to an enrollee advanced written notice of a formulary change that removes a prescription drug from the formulary of the policy or plan or that reassigns a prescription drug to a benefit tier for the policy or plan that has a higher deductible, copayment, or coinsurance. The advanced written notice of a formulary change must be provided no fewer than 30 days before the expected date of the removal or reassignment.

This bill provides that a disability insurance policy or self-insured health plan that provides a prescription drug benefit shall make the formulary and all drug costs associated with the formulary available to plan sponsors and individuals prior to selection or enrollment. Further, the bill provides that no disability insurance policy, self-insured health plan, or pharmacy benefit manager acting on behalf of a disability insurance policy or self-insured health plan may remove a prescription drug from the formulary except at the time of coverage renewal. Finally, the bill provides that advanced written notice of a formulary change must be provided no fewer than 90 days before the expected date of the removal or reassignment of a prescription drug on the formulary.

***Pharmacy networks***

Under the bill, if an enrollee utilizes a pharmacy or pharmacist in a preferred network of pharmacies or pharmacists, no disability insurance policy or self-insured health plan that provides a prescription drug benefit or pharmacy benefit manager that provides services under a contract with a policy or plan may require the enrollee to pay any amount or impose on the enrollee any condition that would not be required if the enrollee utilized a different pharmacy or pharmacist in the same preferred network. Further, the bill provides that any disability insurance policy or self-insured health plan that provides a prescription drug benefit, or any pharmacy benefit manager that provides services under a contract with a policy or plan, that has established a preferred network of pharmacies or pharmacists must reimburse each pharmacy or pharmacist in the same network at the same rates.

**ASSEMBLY BILL 773*****Audits of pharmacists and pharmacies***

This bill makes several changes to audits of pharmacists and pharmacies. The bill requires an entity that conducts audits of pharmacists and pharmacies to ensure that each pharmacist or pharmacy audited by the entity is audited under the same standards and parameters as other similarly situated pharmacists or pharmacies audited by the entity, that the entity randomizes the prescriptions that the entity audits and the entity audits the same number of prescriptions in each prescription benefit tier, and that each audit of a prescription reimbursed under Part D of the federal Medicare program is conducted separately from audits of prescriptions reimbursed under other policies or plans. The bill prohibits any pharmacy benefit manager from recouping reimbursements made to a pharmacist or pharmacy for errors that involve no actual financial harm to an enrollee, policy, or plan unless the error is the result of the pharmacist or pharmacy failing to comply with a formal corrective action plan. The bill further prohibits any pharmacy benefit manager from using extrapolation in calculating reimbursements that it may recoup, and instead requires a pharmacy benefit manager to base the finding of errors for which reimbursements will be recouped on an actual error in reimbursement and not a projection of the number of patients served having a similar diagnosis or on a projection of the number of similar orders or refills for similar prescription drugs. The bill requires that a pharmacy benefit manager that recoups any reimbursements made to a pharmacist or pharmacy for an error that was the cause of financial harm must return the recouped reimbursement to the individual or the policy or plan sponsor who was harmed by the error.

***Pharmacy benefit manager fiduciary and disclosure requirements***

The bill provides that a pharmacy benefit manager owes a fiduciary duty to a health benefit plan sponsor. The bill also requires that a pharmacy benefit manager annually disclose all of the following information to the health benefit plan sponsor:

1. The indirect profit received by the pharmacy benefit manager from owning a pharmacy or service provider.
2. Any payments made to a consultant or broker who works on behalf of the plan sponsor.
3. From the amounts received from drug manufacturers, the amounts retained by the pharmacy benefit manager that are related to the plan sponsor's claims or bona fide service fees.
4. The amounts received from network pharmacies and pharmacists and the amount retained by the pharmacy benefit manager.

***Discriminatory reimbursement of 340B entities***

The bill prohibits a pharmacy benefit manager from taking certain actions with respect to 340B covered entities, pharmacies and pharmacists contracted with 340B covered entities, and patients who obtain prescription drugs from 340B covered entities. The 340B drug pricing program is a federal program that requires pharmaceutical manufacturers that participate in the federal Medicaid program to sell outpatient drugs at discounted prices to certain health care organizations that provide health care for uninsured and low-income patients. Entities that are eligible for discounted prices under the 340B drug pricing program include

**ASSEMBLY BILL 773**

federally-qualified health centers, critical access hospitals, and certain public and nonprofit disproportionate share hospitals. The bill prohibits pharmacy benefit managers from doing any of the following:

1. Refusing to reimburse a 340B covered entity or a pharmacy or pharmacist contracted with a 340B covered entity for dispensing 340B drugs.
2. Imposing requirements or restrictions on 340B covered entities or pharmacies or pharmacists contracted with 340B covered entities that are not imposed on other entities, pharmacies, or pharmacists.
3. Reimbursing a 340B covered entity or a pharmacy or pharmacist contracted with a 340B covered entity for a 340B drug at a rate lower than the amount paid for the same drug to pharmacies or pharmacists that are not 340B covered entities or pharmacies or pharmacists contracted with a 340B covered entity.
4. Restricting the access of a 340B covered entity or a pharmacy or pharmacist contracted with a 340B covered entity to a 3rd-party payer's pharmacy network solely because the 340B covered entity or the pharmacy or pharmacist contracted with a 340B covered entity participates in the 340B drug pricing program.
5. Requiring a 340B covered entity or a pharmacy or pharmacist contracted with a 340B covered entity to contract with a specific pharmacy or pharmacist or health benefit plan in order to access a 3rd-party payer's pharmacy network.
6. Restricting the methods by which a 340B covered entity or a pharmacy or pharmacist contracted with a 340B covered entity may dispense or deliver 340B drugs.

***Application of prescription drug payments***

Health insurance policies and plans often apply deductibles and out-of-pocket maximum amounts to the benefits covered by the policy or plan. A deductible is an amount that an enrollee in a policy or plan must pay out of pocket before attaining the full benefits of the policy or plan. An out-of-pocket maximum amount is a limit specified by a policy or plan on the amount that an enrollee pays, and, once that limit is reached, the policy or plan covers the benefit entirely. The bill generally requires health insurance policies that offer prescription drug benefits, self-insured health plans, and pharmacy benefit managers acting on behalf of policies or plans to apply amounts paid by or on behalf of an individual covered under the policy or plan for brand name prescription drugs to any cost-sharing requirement or to any calculation of an out-of-pocket maximum amount of the policy or plan. Health insurance policies are referred to in the bill as disability insurance policies.

***Prohibited retaliation***

The bill prohibits a pharmacy benefit manager from retaliating against a pharmacy or pharmacist for reporting an alleged violation of certain laws applicable to pharmacy benefit managers or for exercising certain rights or remedies. Retaliation includes terminating or refusing to renew a contract with a pharmacy or pharmacist, subjecting a pharmacy or pharmacist to increased audits, or failing to promptly pay a pharmacy or pharmacist any money that the pharmacy benefit manager owes to the pharmacy or pharmacist. The bill provides that a pharmacy or pharmacist may bring an action in court for injunctive relief if a pharmacy benefit manager is retaliating against the pharmacy or pharmacist as provided in the bill.

**ASSEMBLY BILL 773**

In addition to equitable relief, the court may award a pharmacy or pharmacist that prevails in such an action reasonable attorney fees and costs.

For further information see the state fiscal estimate, which will be printed as an appendix to this bill.

1 covered under a disability insurance policy or self-insured health plan for using or  
2 for not using, a specific retail, specific mail-order, or other specific pharmacy  
3 provider within the network of pharmacy providers under the policy or plan. A  
4 prohibited penalty under this subsection includes an increase in premium,  
5 deductible, copayment, or coinsurance.

6 **SECTION 9.** 632.861 (3r) of the statutes is created to read:

7 632.861 (3r) PHARMACY NETWORKS. (a) If an enrollee utilizes a pharmacy or  
8 pharmacist in a preferred network of pharmacies or pharmacists, no disability  
9 insurance policy or self-insured health plan that provides a prescription drug benefit  
10 or pharmacy benefit manager that provides services under a contract with a policy  
11 or plan may require the enrollee to pay any amount or impose on the enrollee any  
12 condition that would not be required if the enrollee utilized a different pharmacy or  
13 pharmacist in the same preferred network.

14 (b) Any disability insurance policy or self-insured health plan that provides a  
15 prescription drug benefit, or any pharmacy benefit manager that provides services  
16 under a contract with a policy or plan, that has established a preferred network of  
17 pharmacies or pharmacists shall reimburse each pharmacy or pharmacist in the  
18 same network at the same rates.

19 **SECTION 10.** 632.861 (4) (a) of the statutes is amended to read:

20 632.861 (4) (a) Except as provided in par. (b) and subject to par. (e), a disability  
21 insurance policy that offers a prescription drug benefit, a self-insured health plan  
22 that offers a prescription drug benefit, or a pharmacy benefit manager acting on  
23 behalf of a disability insurance policy or self-insured health plan shall provide to an  
24 enrollee advanced written notice of a formulary change that removes a prescription  
25 drug from the formulary of the policy or plan or that reassigns a prescription drug

**ASSEMBLY BILL 773**

1 to a benefit tier for the policy or plan that has a higher deductible, copayment, or  
2 coinsurance. The advanced written notice of a formulary change under this  
3 paragraph shall be provided no fewer than ~~30~~ 90 days before the expected date of the  
4 removal or reassignment and shall include information on the procedure for the  
5 enrollee to request an exception to the formulary change. The policy, plan, or  
6 pharmacy benefit manager is required to provide the advanced written notice under  
7 this paragraph only to those enrollees in the policy or plan who are using the drug  
8 at the time the notification must be sent according to available claims history.

9 **SECTION 11.** 632.861 (4) (e) of the statutes is created to read:

10 632.861 (4) (e) No disability insurance policy, self-insured health plan, or  
11 pharmacy benefit manager acting on behalf of a disability insurance policy or  
12 self-insured health plan may remove a prescription drug from the formulary except  
13 at the time of coverage renewal.

14 **SECTION 12.** 632.862 of the statutes is created to read:

15 **632.862 Application of prescription drug payments. (1) DEFINITIONS.** In  
16 this section:

17 (a) "Brand name" has the meaning given in s. 450.12 (1) (a).

18 (b) "Brand name drug" means any of the following:

19 1. A prescription drug that contains a brand name and that has no medically  
20 appropriate generic equivalent.

21 2. A prescription drug that contains a brand name and that has a medically  
22 appropriate generic equivalent but to which the enrollee or other covered individual  
23 has obtained access through any of the following:

24 a. Prior authorization.

25 b. A step therapy protocol.

**ASSEMBLY BILL 773**

1 c. The exceptions and appeals process of the disability insurance policy,  
2 self-insured health plan, or pharmacy benefit manager.

3 (c) "Cost-sharing requirement" means a deductible, copayment, or  
4 coinsurance.

5 (d) "Disability insurance policy" has the meaning given in s. 632.895 (1) (a).

6 (e) "Generic equivalent" means a drug product equivalent, as defined in s.  
7 450.13 (1e), that is nationally available.

8 (f) "Pharmacy benefit manager" has the meaning given in s. 632.865 (1) (c).

9 (g) "Self-insured health plan" has the meaning given in s. 632.85 (1) (c).

10 **(2) APPLICATION OF PAYMENTS.** Except as provided in sub. (4), a disability  
11 insurance policy that offers a prescription drug benefit, a self-insured health plan,  
12 or a pharmacy benefit manager acting on behalf of a disability insurance policy or  
13 self-insured health plan shall apply to any cost-sharing requirement or to any  
14 calculation of an out-of-pocket maximum amount of the disability insurance policy  
15 or self-insured health plan, including the annual limitations on cost sharing  
16 established under 42 USC 18022 (c) and 42 USC 300gg-6 (b), any amounts paid by  
17 an enrollee or other individual covered under the disability insurance policy or  
18 self-insured health plan, or by any person on behalf of the enrollee or individual, for  
19 brand name drugs that are covered under the disability insurance policy or  
20 self-insured health plan.

21 **(3) CALCULATION OF COST-SHARING ANNUAL LIMITATIONS.** For purposes of  
22 calculating an enrollee's contribution to the annual limitation on cost sharing under  
23 42 USC 18022 (c) and 42 USC 300gg-6 (b), a disability insurance policy that offers  
24 a prescription drug benefit, a self-insured health plan, or a pharmacy benefit  
25 manager acting on behalf of a disability insurance policy or self-insured health plan

**ASSEMBLY BILL 773**

1 shall include expenditures for any item or service covered under the disability  
2 insurance policy or self-insured health plan if the item or service is included within  
3 a category of essential health benefits, as described in 42 USC 18022 (b) (1), and  
4 regardless of whether the disability insurance policy, self-insured health plan, or  
5 pharmacy benefit manager classifies the item or service as an essential health  
6 benefit.

7 (4) EXCEPTION; HIGH DEDUCTIBLE HEALTH PLANS. If applying the requirement  
8 under sub. (2) to payments made by or on behalf of an enrollee or other individual  
9 covered under a high deductible health plan, as defined under 26 USC 223 (c) (2),  
10 would result in the enrollee failing to meet the definition of an eligible individual  
11 under 26 USC 223 (c) (1), the disability insurance policy, self-insured health plan,  
12 or pharmacy benefit manager shall begin applying the requirement under sub. (2)  
13 to the disability insurance policy or self-insured health plan's deductible after the  
14 enrollee has satisfied the minimum deductible requirement under 26 USC 223 (c) (2)  
15 (A) (i). This subsection does not apply to any amounts paid for items or services that  
16 are preventive care, as described in 26 USC 223 (c) (2) (C).

17 **SECTION 13.** 632.865 (1) (ab) and (ac) of the statutes are created to read:

18 632.865 (1) (ab) "340B covered entity" has the meaning given for "covered  
19 entity" under 42 USC 256b (a) (4).

20 (ac) "340B drug" has the meaning given for "covered drug" under 42 USC 256b  
21 (b) (2).

22 **SECTION 14.** 632.865 (1) (ae) of the statutes is amended to read:

23 632.865 (1) (ae) "Health benefit plan" ~~has the meaning given~~ means a health  
24 benefit plan, as defined in s. 632.745 (11), that is not prescription drug coverage

**ASSEMBLY BILL 773****SECTION 14**

1 provided under part D of medicare under Title XVIII of the federal Social Security  
2 Act, 42 USC 1395 to 1395lll.

3 **SECTION 15.** 632.865 (1) (an), (aq), and (at) of the statutes are created to read:

4 632.865 (1) (an) “Maximum allowable cost list” means a list of pharmaceutical  
5 products that sets forth the maximum amount a pharmacy benefit manager will pay  
6 to a pharmacy or pharmacist for dispensing a pharmaceutical product. The list may  
7 directly establish the maximum amounts or set forth a method for how the maximum  
8 amounts are calculated.

9 (aq) “Pharmaceutical product” means a prescription generic drug, prescription  
10 brand-name drug, prescription biologic, or other prescription drug, vaccine, or  
11 device.

12 (at) “Pharmaceutical wholesaler” means a person that sells and distributes,  
13 directly or indirectly, a pharmaceutical product and that offers to deliver the  
14 pharmaceutical product to a pharmacy or pharmacist.

15 **SECTION 16.** 632.865 (1) (bm) of the statutes is created to read:

16 632.865 (1) (bm) “Pharmacy acquisition cost” means the amount that a  
17 pharmaceutical wholesaler charges a pharmacy or pharmacist for a pharmaceutical  
18 product as listed on the pharmacy’s or pharmacist’s billing invoice.

19 **SECTION 17.** 632.865 (1) (cg) and (cr) of the statutes are created to read:

20 632.865 (1) (cg) “Pharmacy benefit manager affiliate” means a pharmacy or  
21 pharmacist that is an affiliate of a pharmacy benefit manager.

22 (cr) “Pharmacy services administrative organization” means an entity that  
23 provides contracting and other administrative services to pharmacies or  
24 pharmacists to assist them in their interactions with 3rd-party payers, pharmacy  
25 benefit managers, pharmaceutical wholesalers, and other entities.

**ASSEMBLY BILL 773**

1           **SECTION 18.** 632.865 (2) of the statutes is repealed.

2           **SECTION 19.** 632.865 (2d) of the statutes is created to read:

3           632.865 **(2d)** PHARMACEUTICAL PRODUCT REIMBURSEMENTS. (ag) *Contents of*  
4           *maximum allowable cost lists.* A pharmacy benefit manager that uses a maximum  
5           allowable cost list shall include all of the following information on the maximum  
6           allowable cost list:

7           1. The average acquisition cost of each pharmaceutical product and the cost of  
8           the pharmaceutical product set forth in the national average drug acquisition cost  
9           data published by the federal centers for medicare and medicaid services.

10          2. The average manufacturer price of each pharmaceutical product.

11          3. The average wholesale price of each pharmaceutical product.

12          4. The brand effective rate or generic effective rate for each pharmaceutical  
13          product.

14          5. Any applicable discount indexing.

15          6. The federal upper limit for each pharmaceutical product published by the  
16          federal centers for medicare and medicaid services.

17          7. The wholesale acquisition cost of each pharmaceutical product.

18          8. Any other terms that are used to establish the maximum allowable costs.

19          (ar) *Regulation of maximum allowable cost lists.* A pharmacy benefit manager  
20          may place or continue a particular pharmaceutical product on a maximum allowable  
21          cost list only if all of the following apply to the pharmaceutical product:

22          1. The pharmaceutical product is listed as a drug product equivalent, as defined  
23          in s. 450.13 (1e), or is rated by a nationally recognized reference, such as Medi-Span  
24          or Gold Standard Drug Database, as “not rated” or “not available.”

**ASSEMBLY BILL 773****SECTION 19**

1           2. The pharmaceutical product is available for purchase by all pharmacies and  
2           pharmacists in this state from national or regional pharmaceutical wholesalers  
3           operating in this state.

4           3. The pharmaceutical product has not been determined by the drug  
5           manufacturer to be obsolete.

6           (b) *Access and update obligations.* A pharmacy benefit manager that uses a  
7           maximum allowable cost list shall do all of the following:

8           1. Provide access to the maximum allowable cost list to each pharmacy or  
9           pharmacist subject to the maximum allowable cost list.

10          2. Update the maximum allowable cost list on a timely basis.

11          3. Update the maximum allowable cost list no later than 7 days after any of the  
12          following occurs:

13          a. The pharmacy acquisition cost of a pharmaceutical product increases by 10  
14          percent or more from at least 60 percent of the pharmaceutical wholesalers doing  
15          business in this state.

16          b. There is a change in the methodology on which the maximum allowable cost  
17          list is based or in the value of a variable involved in the methodology.

18          4. Provide a process for a pharmacy or pharmacist subject to the maximum  
19          allowable cost list to receive prompt notification of an update to the maximum  
20          allowable cost list.

21          (c) *Appeal process.* 1. A pharmacy benefit manager that uses a maximum  
22          allowable cost list shall provide a process for a pharmacy or pharmacist to appeal and  
23          resolve disputes regarding claims that the maximum payment amount for a  
24          pharmaceutical product is below the pharmacy acquisition cost.

**ASSEMBLY BILL 773**

1           2. A pharmacy benefit manager required to provide an appeal process under  
2           subd. 1. shall do all of the following:

3           a. Provide a dedicated telephone number and email address or website that a  
4           pharmacy or pharmacist may use to submit an appeal.

5           b. Allow a pharmacy or pharmacist to submit an appeal directly on the  
6           pharmacy's or pharmacist's own behalf.

7           c. Allow a pharmacy services administrative organization to submit an appeal  
8           on behalf of a pharmacy or pharmacist.

9           d. Provide at least 7 business days after a customer transaction for a pharmacy  
10          or pharmacist to submit an appeal under this paragraph concerning a  
11          pharmaceutical product involved in the transaction.

12          3. A pharmacy benefit manager that receives an appeal from or on behalf of a  
13          pharmacy or pharmacist under this paragraph shall resolve the appeal and notify  
14          the pharmacy or pharmacist of the pharmacy benefit manager's determination no  
15          later than 7 business days after the appeal is received by doing any of the following:

16          a. If the pharmacy benefit manager grants the relief requested in the appeal,  
17          the pharmacy benefit manager shall make the requested change in the maximum  
18          allowable cost; allow the pharmacy or pharmacist to reverse and rebill the relevant  
19          claim; provide to the pharmacy or pharmacist the national drug code number  
20          published in a directory by the federal food and drug administration on which the  
21          increase or change is based; and make the change effective for each similarly situated  
22          pharmacy or pharmacist subject to the maximum allowable cost list.

23          b. If the pharmacy benefit manager denies the relief requested in the appeal,  
24          the pharmacy benefit manager shall provide to the pharmacy or pharmacist a reason  
25          for the denial, the national drug code number published in a directory by the federal

**ASSEMBLY BILL 773****SECTION 19**

1 food and drug administration for the pharmaceutical product to which the claim  
2 relates, and the name of a national or regional pharmaceutical wholesaler operating  
3 in this state that has the pharmaceutical product currently in stock at a price below  
4 the amount specified in the pharmacy benefit manager's maximum allowable cost  
5 list.

6 4. Notwithstanding subd. 3. b., a pharmacy benefit manager may not deny a  
7 pharmacy's or pharmacist's appeal under this paragraph if the relief requested in the  
8 appeal relates to the maximum allowable cost for a pharmaceutical product that is  
9 not available for the pharmacy or pharmacist to purchase at a cost that is below the  
10 pharmacy acquisition cost from the pharmaceutical wholesaler from which the  
11 pharmacy or pharmacist purchases the majority of pharmaceutical products for  
12 resale. If this subdivision applies, the pharmacy benefit manager shall revise the  
13 maximum allowable cost list to increase the maximum allowable cost for the  
14 pharmaceutical product to an amount equal to or greater than the pharmacy's or  
15 pharmacist's pharmacy acquisition cost and allow the pharmacy or pharmacist to  
16 reverse and rebill each claim affected by the pharmacy's or pharmacist's inability to  
17 procure the pharmaceutical product at a cost that is equal to or less than the  
18 maximum allowable cost that was the subject of the pharmacy's or pharmacist's  
19 appeal.

20 (d) *Affiliated reimbursements.* A pharmacy benefit manager may not  
21 reimburse a pharmacy or pharmacist in this state an amount less than the amount  
22 that the pharmacy benefit manager reimburses a pharmacy benefit manager  
23 affiliate for providing the same pharmaceutical product. The reimbursement  
24 amount shall be calculated on a per unit basis based on the same generic product  
25 identifier or generic code number, if applicable.

**ASSEMBLY BILL 773**

1           (e) *Declining to dispense.* A pharmacy or pharmacist may decline to provide a  
2           pharmaceutical product to an individual or pharmacy benefit manager if, as a result  
3           of the applicable maximum allowable cost list, the pharmacy or pharmacist would  
4           be paid less than the pharmacy acquisition cost of the pharmacy or pharmacist  
5           providing the pharmaceutical product.

6           **SECTION 20.** 632.865 (2h) of the statutes is created to read:

7           632.865 (2h) PROFESSIONAL DISPENSING FEES. A pharmacy benefit manager  
8           shall pay a pharmacy or pharmacist a professional dispensing fee at a rate not less  
9           than is paid by this state under the medical assistance program under subch. IV of  
10          ch. 49 for each pharmaceutical product that the pharmacy or pharmacist dispenses  
11          to an individual. The fee shall be calculated on a per unit basis based on the same  
12          generic product identifier or generic code number, if applicable. The pharmacy  
13          benefit manager shall pay the professional dispensing fee in addition to the amount  
14          the pharmacy benefit manager reimburses the pharmacy or pharmacist for the cost  
15          of the pharmaceutical product that the pharmacy or pharmacist dispenses to the  
16          individual.

17          **SECTION 21.** 632.865 (2p) of the statutes is created to read:

18          632.865 (2p) PHARMACY BENEFIT MANAGER-IMPOSED FEES PROHIBITED. A  
19          pharmacy benefit manager may not assess, charge, or collect any form of  
20          remuneration that passes from a pharmacy or pharmacist to the pharmacy benefit  
21          manager, including claim-processing fees, performance-based fees,  
22          network-participation fees, or accreditation fees.

23          **SECTION 22.** 632.865 (2t) of the statutes is created to read:

24          632.865 (2t) FIDUCIARY DUTY AND DISCLOSURES TO HEALTH BENEFIT PLAN SPONSORS.

25          (a) A pharmacy benefit manager owes a fiduciary duty to the health benefit plan

**ASSEMBLY BILL 773**

1 sponsor to act according to the health benefit plan sponsor's instructions and in the  
2 best interests of the health benefit plan sponsor.

3 (b) A pharmacy benefit manager shall annually provide, no later than the date  
4 and using the method prescribed by the commissioner by rule, the health benefit plan  
5 sponsor with all of the following information from the previous calendar year:

6 1. The indirect profit received by the pharmacy benefit manager from owning  
7 any interest in a pharmacy or service provider.

8 2. Any payment made by the pharmacy benefit manager to a consultant or  
9 broker who works on behalf of the health benefit plan sponsor.

10 3. From the amounts received from all drug manufacturers, the amounts  
11 retained by the pharmacy benefit manager, and not passed through to the health  
12 benefit plan sponsor, that are related to the health benefit plan sponsor's claims or  
13 bona fide service fees.

14 4. The amounts, including pharmacy access and audit recovery fees, received  
15 from all pharmacies and pharmacists that are in the pharmacy benefit manager's  
16 network or have a contract to be in the network and, from these amounts, the amount  
17 retained by the pharmacy benefit manager and not passed through to the health  
18 benefit plan sponsor.

19 **SECTION 23.** 632.865 (4) of the statutes is renumbered 632.865 (4) (a).

20 **SECTION 24.** 632.865 (4) (b) of the statutes is created to read:

21 632.865 (4) (b) A pharmacy benefit manager may not use any certification or  
22 accreditation requirement as a determinant of pharmacy network participation that  
23 is inconsistent with, more stringent than, or in addition to the federal requirements  
24 for licensure as a pharmacy and the requirements for licensure as a pharmacy under  
25 s. 450.06 or 450.065.

**ASSEMBLY BILL 773**

1           **SECTION 25.** 632.865 (5) (e) of the statutes is repealed.

2           **SECTION 26.** 632.865 (5d), (5h), (5p) and (5t) of the statutes are created to read:

3           632.865 **(5d)** DISCRIMINATORY REIMBURSEMENT PROHIBITED. (a) In this  
4 subsection, “3rd-party payer” means an entity, other than a patient or health care  
5 provider, that reimburses for and manages health care expenses.

6           (b) A pharmacy benefit manager may not do any of the following:

7           1. Refuse to reimburse a 340B covered entity or a pharmacy or pharmacist  
8 contracted with a 340B covered entity for dispensing 340B drugs.

9           2. Impose requirements or restrictions on 340B covered entities or pharmacies  
10 or pharmacists contracted with 340B covered entities that are not imposed on other  
11 entities, pharmacies, or pharmacists.

12           3. Reimburse a 340B covered entity or a pharmacy or pharmacist contracted  
13 with a 340B covered entity for a 340B drug at a rate lower than the amount paid for  
14 the same drug to pharmacies or pharmacists that are not 340B covered entities or  
15 pharmacies or pharmacists contracted with a 340B covered entity.

16           4. Assess a fee, charge back, or other adjustment against a 340B covered entity  
17 or a pharmacy or pharmacist contracted with a 340B covered entity after a claim has  
18 been paid or adjudicated.

19           5. Restrict the access of a 340B covered entity or a pharmacy or pharmacist  
20 contracted with a 340B covered entity to a 3rd-party payer’s pharmacy network  
21 solely because the 340B covered entity or the pharmacy or pharmacist contracted  
22 with a 340B covered entity participates in the 340B drug pricing program under 42  
23 USC 256b.

**ASSEMBLY BILL 773****SECTION 26**

1           6. Require a 340B covered entity or a pharmacy or pharmacist contracted with  
2 a 340B covered entity to contract with a specific pharmacy or pharmacist or health  
3 benefit plan in order to access a 3rd-party payer's pharmacy network.

4           7. Impose a restriction or an additional charge on a patient who obtains a 340B  
5 drug from a 340B covered entity or a pharmacy or pharmacist contracted with a 340B  
6 covered entity.

7           8. Restrict the methods by which a 340B covered entity or a pharmacy or  
8 pharmacist contracted with a 340B covered entity may dispense or deliver 340B  
9 drugs.

10          9. Require a 340B covered entity or a pharmacy or pharmacist contracted with  
11 a 340B covered entity to share pharmacy bills or invoices with a pharmacy benefit  
12 manager, a 3rd-party payer, or a health benefit plan.

13           **(5h)** REGULATION OF PHARMACY NETWORKS AND INDIVIDUAL CHOICE. All of the  
14 following apply to a pharmacy benefit manager that sells access to networks of  
15 pharmacies or pharmacists that operate in this state:

16           (a) The pharmacy benefit manager shall allow a participant or beneficiary of  
17 a pharmacy benefits plan or program that the pharmacy benefit manager serves to  
18 use any pharmacy or pharmacist in this state that is licensed to dispense the  
19 pharmaceutical product that the participant or beneficiary seeks to obtain, provided  
20 that the pharmacy or pharmacist accepts the same terms and conditions that the  
21 pharmacy benefit manager has established for at least one of the networks of  
22 pharmacies or pharmacists the pharmacy benefit manager has established to serve  
23 individuals in this state.

24           (b) The pharmacy benefit manager may establish a preferred network of  
25 pharmacies or pharmacists and a nonpreferred network of pharmacies or

**ASSEMBLY BILL 773**

1 pharmacists, but the pharmacy benefit manager may not prohibit a pharmacy or  
2 pharmacist from participating in either type of network in this state, provided that  
3 the pharmacy or pharmacist is licensed by this state and the federal government and  
4 accepts the same terms and conditions that the pharmacy benefit manager has  
5 established for other pharmacies or pharmacists participating in the network that  
6 the pharmacy or pharmacist wants to join.

7 (c) The pharmacy benefit manager may not charge a participant or beneficiary  
8 of a pharmacy benefits plan or program that the pharmacy benefit manager serves  
9 a different copayment obligation or additional fee, or provide any inducement or  
10 financial incentive, for the participant or beneficiary to use a pharmacy or  
11 pharmacist in a particular network of pharmacies or pharmacists the pharmacy  
12 benefit manager has established to serve individuals in this state.

13 **(5p) GAG CLAUSES PROHIBITED.** A pharmacy benefit manager may not prohibit  
14 a pharmacy or pharmacist that dispenses a pharmaceutical product from, nor may  
15 a pharmacy benefit manager penalize the pharmacy or pharmacist for, informing an  
16 individual about the cost of the pharmaceutical product, the amount in  
17 reimbursement that the pharmacy or pharmacist receives for dispensing the  
18 pharmaceutical product, the cost and clinical efficacy of a less expensive alternative  
19 to the pharmaceutical product, or any difference between the cost to the individual  
20 under the individual's pharmacy benefits plan or program and the cost to the  
21 individual if the individual purchases the pharmaceutical product without making  
22 a claim for benefits under the individual's pharmacy benefits plan or program.

23 **(5t) EXCLUSION OF PHARMACIES PROHIBITED.** No pharmacy benefit manager,  
24 3rd-party payer, or health benefit plan may exclude a pharmacy or pharmacist from  
25 its network because the pharmacy or pharmacist serves less than a certain portion

**ASSEMBLY BILL 773****SECTION 26**

1 of the population of the state or serves a population living with certain health  
2 conditions.

3 **SECTION 27.** 632.865 (6) (bm) of the statutes is created to read:

4 632.865 (6) (bm) *Requirements of audits.* An entity that conducts audits of  
5 pharmacists of pharmacies shall ensure all of the following:

6 1. Each pharmacist or pharmacy audited by the entity is audited under the  
7 same standards and parameters as other similarly situated pharmacists or  
8 pharmacies audited by the entity.

9 2. The entity randomizes the prescriptions that the entity audits and the entity  
10 audits the same number of prescriptions in each prescription benefit tier.

11 3. Each audit of a prescription reimbursed under Part D of Medicare under 42  
12 USC 1395w-101 et seq. is conducted separately from audits of prescriptions  
13 reimbursed under other policies or plans.

14 **SECTION 28.** 632.865 (6) (c) 3. of the statutes is amended to read:

15 632.865 (6) (c) 3. Deliver to the pharmacist or pharmacy a final audit report,  
16 which may be delivered electronically, within 90 days of the date the pharmacist or  
17 pharmacy receives the preliminary report or the date of the final appeal of the audit,  
18 whichever is later. The final audit report under this subdivision shall include specific  
19 documentation of any alleged errors and shall include any response provided to the  
20 auditor by the pharmacy or pharmacist and consider and address the pharmacy's or  
21 pharmacist's response.

22 **SECTION 29.** 632.865 (6) (c) 3m. of the statutes is created to read:

23 632.865 (6) (c) 3m. If an entity delivers to the pharmacist or pharmacy a  
24 preliminary report of the audit or final audit report that references a billing code,

**ASSEMBLY BILL 773**

1 drug code, or other code associated with audits, the entity shall provide an electronic  
2 link to a plain language explanation of the code.

3 **SECTION 30.** 632.865 (6g) of the statutes is created to read:

4 632.865 **(6g)** RECOUPMENT. (a) No pharmacy benefit manager may recoup  
5 reimbursement made to a pharmacist or pharmacy for errors that have no actual  
6 financial harm to an enrollee, policy, or plan unless the error is the result of the  
7 pharmacist or pharmacy failing to comply with a formal corrective action plan.

8 (b) No pharmacy benefit manager may use extrapolation in calculating  
9 reimbursements that it may recoup. The finding of errors for which reimbursement  
10 will be recouped shall be based on an actual error in reimbursement and not on a  
11 projection of the number of patients served having a similar diagnosis or on a  
12 projection of the number of similar orders or refills for similar prescription drugs.

13 (c) A pharmacy benefit manager that recoups any reimbursement made to a  
14 pharmacist or pharmacy for an error that was the cause of financial harm shall  
15 return the recouped reimbursement to the individual or the policy or plan sponsor  
16 who was harmed by the error.

17 **SECTION 31.** 632.865 (6r) of the statutes is created to read:

18 632.865 **(6r)** QUALITY PROGRAMS. No pharmacy benefit manager may base any  
19 criteria of a quality program in a contract between a pharmacy and a pharmacy  
20 benefit manager on a factor for which the pharmacy does not have complete and  
21 exclusive control.

22 **SECTION 32.** 632.865 (8) of the statutes is created to read:

23 632.865 **(8)** RETALIATION PROHIBITED. (a) In this subsection, “retaliate” includes  
24 any of the following actions taken by a pharmacy benefit manager:

25 1. Terminating or refusing to renew a contract with a pharmacy or pharmacist.

**ASSEMBLY BILL 773****SECTION 32**

1           2. Subjecting a pharmacy or pharmacist to increased audits.

2           3. Failing to promptly pay a pharmacy or pharmacist any money the pharmacy  
3 benefit manager owes to the pharmacy or pharmacist.

4           (b) A pharmacy benefit manager may not retaliate against a pharmacy or  
5 pharmacist for reporting an alleged violation of this section or for exercising a right  
6 or remedy under this section.

7           (c) In addition to any other remedies provided by law, a pharmacy or  
8 pharmacist may bring an action in court for injunctive relief based on a violation of  
9 par. (b). In addition to equitable relief, the court may, notwithstanding s. 814.04 (1),  
10 award a pharmacy or pharmacist that prevails in such an action reasonable attorney  
11 fees and costs in prosecuting the action.

12           **SECTION 33. Initial applicability.**

13           (1) AFFILIATED REIMBURSEMENTS. Except as provided in sub. (4), the treatment
