1 **AN ACT to renumber and amend** 29.407 (1) (b) and 29.407 (2) (d); and **to create**
2 29.407 (1) (b) 1. b. and 29.407 (2) (d) 1. b. of the statutes; **relating to:** the
3 transportation of fish taken by hook and line.

Analysis by the Legislative Reference Bureau

Current law restricts the transportation of a fish with the head or tail, or both, removed or a filleted fish, if that fish is subject to a minimum size limit and taken by hook and line from inland waters or outlying waters. Under current law, such a dressed or filleted fish may be transported only if it continues to meet the minimum size limit. Under this bill, such a dressed or filleted fish may also be transported if the person transporting the fish provides upon request a physical or digital photograph that bears a stamp of the time and date on which the photograph was taken and that shows the fish before the head or tail was removed alongside a ruler or other method acceptable to the Department of Natural Resources for proving its length.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:
