(2) Notice of the time and place for such hearing shall be given to the railroad, and to such other interested persons as the office deems necessary, as provided in s. 195.04, and thereafter proceedings shall be had and conducted in reference to the matter investigated in like manner as though complaint had been filed with the office relative to the matter investigated, and the same order or orders may be made in reference thereto as if such investigation had been made on complaint.

**(5) JOINT RATES APPORTIONED.** Whenever the rate ordered substituted by the office shall be a joint rate or charge, and the railroads shall fail to agree upon the apportionment thereof within twenty days after the service of such order, the office may, after a like hearing, issue a supplemental order declaring

the apportionment of such joint rate or charge and the same shall take effect as a part of the original order.

**(6) JOINT RATES ORDERED.** Whenever the railroads shall refuse or neglect to establish joint rates the office may, upon notice to the railroads and after opportunity to be heard, fix and establish such joint rates, and if the railroads shall fail to agree upon the apportionment thereof within twenty days after service of such order, the office may, upon a like hearing, issue a supplemental order declaring the apportionment of such joint rates and the same shall take effect as part of the original order.

**(2) SCHEDULES; PUBLICATION.** Every railroad shall print in plain type and file with the office schedules which shall be open to public inspection showing all rates, fares and charges for the transportation of passengers and property and any service in connection therewith which it has established and which are in force at the time between all points in this state upon its line or any line controlled or operated by it. The schedules shall plainly state the places upon its line or any line controlled or operated by it in this state between which passengers and property will be carried, and there shall be filed therewith the classification of freight in force.

**(3) SAME, RULES AND REGULATIONS.** Every railroad shall publish with and as a part of such schedules all rules and regulations that in any manner affect the rates charged or to be charged for the transportation of passengers or property, its charges for delay in loading or unloading cars, for track and car service or rental and for demurrage, switching, terminal or transfer service, or for rendering any other service in connection with the transportation of persons or property.

**(4) SAME, COPIES IN DEPOTS.** Two copies of said schedules for the use of the public shall be kept in every depot, station and office of such railroad in such form and place as to be easily accessible to the public.

Any report of the department shall be presented to the office only at the hearing on the complaint. The office may, in its discretion, by order, stay such change pending the determination of the matters investigated at any time before said change shall take effect. If the change complained of is found unreasonable or unjustly discriminatory such change shall not take effect, and if the change has become effective the office shall order the discontinuance thereof. The office may fix and order substituted for any such change such rates, joint rates, fares, charges, classification, rule, regulation, practice or service as it shall have determined to be just and reasonable and which shall be charged, imposed or followed in the future, and shall make such order respecting such rule, regulation, practice or service as it shall determine to be reasonable and which shall be observed and followed in the future. Procedure and notice shall be as provided in s. 195.04 (2) to (4).

**(10) REASONABLE JOINT RATES.** Whenever passengers or property are transported over connecting lines of railroad between points in this state, and the railroads have made joint rates for the transportation of the same, such rates and all charges in connection therewith shall be just and reasonable; provided, that a less charge by any of said railroads for its proportion of such joint rates than is made locally between the same points on their respective lines shall not for that reason be construed as a violation of law.

**195.19 Depots; relocation of facilities. (1) PASSENGER.** Every railroad shall provide and maintain adequate passenger depots equipped with proper toilet facilities at its regular stations for the accommodation of passengers, and said depots shall be kept clean, well-lighted and warmed, for the comfort and accommodation of the traveling public, and shall be kept open continuously from not less than 20 minutes before any train carrying passengers is scheduled to arrive and until such train has departed and for such longer period in any case as the office may determine necessary for the convenience and accommodation of the public. Where the office determines that the service of certain trains in making stops on signals is in excess of reasonably adequate service, the provisions of this section shall not apply in connection with the rendition of such service.

(2) **FREIGHT.** All railroads shall keep and maintain adequate and suitable freight depots, buildings, switches and sidetracks for the receiving, handling and delivering of freight transported or to be transported by such railroads.

(3) **UNION DEPOT.** In every city or village or town in which two or more railroads maintain passenger depots, it shall be the duty of such railroads to construct, maintain and use an adequate union passenger depot, whenever practical and required by public convenience and necessity. If, after investigation, the office shall determine that it is practicable and that public convenience and necessity required the construction, maintenance and use of a union passenger depot in any such city or village or town the office may order such railroads to construct, maintain and use an adequate union passenger depot, and shall in such order fix the location of such depot. If the railroads shall be unable to agree upon an apportionment of the original cost of such union passenger depot, and the expense of maintaining the same, within twenty days after the service of such order, the office may, after a hearing, issue a supplemental order declaring the apportionment of such original cost and the expense of maintaining such depot.

(4) **RELOCATION OF RAILROAD FACILITIES.** Cities may cooperate with a railroad or railroads in grade crossing elimination or relocation, elimination or relocation of switchyards, roundhouses or terminals and may appropriate or borrow money therefor.

History: 1981 c. 347 s. 80 (1).

**195.20 Joint use of railroad property.** Whenever, upon complaint and after hearing had, the office shall find that public convenience and necessity require the use by one or more railroads of the tracks, wires, poles, rights of way, switches, bridges or other property belonging to another railroad over or on any street, railroad, railway, right of way, bridge or viaduct, upon or over which said railroads have a right to operate, and that such use will not prevent the owners or other users thereof from performing their public duties, nor result in irreparable injury to such owners or other users thereof, the office may, by order, direct that such use be permitted, and prescribe a reasonable compensation and reasonable terms and conditions for such joint use.

History: 1981 c. 347 s. 80 (1).

upon any railroad, shall be furnished by such railroad at a reasonable rental, a site upon its right of way or depot grounds, within the yard limits of any station or terminal of such railroad; and any private elevator or warehouse situated upon such grounds may be converted into a public elevator or warehouse at the option of the owner, upon notice in writing to the railroad and thereby be permitted to remain thereon under the same conditions as provided herein for a public elevator or warehouse; and the office shall, upon application by such owner, if the public interest so requires, by order, direct the railroad to furnish such site and the office shall make reasonable regulations therefor and in case of disagreement, the office shall determine the rental therefor. Elevators and warehouses erected or maintained under the foregoing provisions of this section shall be subject to such rules and regulations as to charges and the manner of conducting business as the office shall prescribe.

**History:** 1981 c. 347 s. 80 (1).

**195.22 Car supply and freight delivery. (1)** Every railroad shall, when possible and upon application and reasonable notice, furnish suitable cars to all persons for the transportation of freight in carload lots and shall use reasonable diligence in moving freight and making delivery thereof.

**(2)** In case of insufficiency of cars at any time to meet all requirements, such cars as are available shall be distributed among the several applicants therefor in proportion to their respective immediate requirements without discrimination between shippers or places; but preference may be given to shipments of livestock and perishable property.

**History:** 1973 c. 157; 1977 c. 203.

**195.24 Interchange of traffic.** All railroads shall afford reasonable and proper facilities for the interchange of traffic between their respective lines for forwarding and delivering passengers and freight, and shall transfer, switch for a reasonable compensation, and deliver without unreasonable delay or discrimination any freight or cars destined to any point on its tracks or any connecting lines; and shall give precedence over other freight to livestock and perishable freight.

**195.25 Medical supplies on trains. (1)** No railroad company shall operate any train that is not equipped with at least one medical emergency case with suitable equipment which shall be at all times kept in a definitely fixed, convenient and accessible place on such trains.

**(2)** Any such railroad violating this section shall forfeit not less than twenty-five dollars nor more than one hundred dollars, and any person who shall remove or destroy or cause the removal or destruction of such articles after the railroad company has supplied them shall be subject to the same penalty.

**History:** 1985 a. 187.

**195.26 Safety devices; block system.** Every railroad shall adopt reasonably adequate safety measures and install, operate and maintain reasonably adequate safety devices for the protection of life and property. If after investigation the office shall determine that public safety requires it, the office may order the railroad to install, operate and maintain a block system or other safety device or measure as may be necessary to render the operation of such railroad reasonably safe.

**History:** 1981 c. 347 s. 80 (1).

**195.27 Safe tracks and bridges.** Every railroad shall construct and maintain its tracks, bridges and line structures in a reasonably adequate and safe manner. The office may direct the department to investigate complaints in the manner

provided by s. 195.04. If upon hearing, the office determines that the track or structures of any railroad are inadequate or unsafe for the operation of its railroad, the office shall order the railroad to reconstruct or repair the inadequate or unsafe track or structures.

**History:** 1977 c. 418; 1981 c. 347 s. 80 (1).

**195.28 Protecting grade crossings. (1)** PETITION; HEARING; ORDER. Upon petition of the department, city council, village board, member of town board, superintendent of highways or by 5 or more freeholders in any town, village or city, or of any railroad corporation to determine whether a public highway and railroad grade crossing protects and promotes public safety, the office may investigate and issue an appropriate order without a public hearing. If the petitioner, railroad or any interested party objects to the order and requests a hearing within 20 days after the date the order is issued, the office shall proceed under s. 195.04. Notice of an investigation or hearing shall be served upon the department, which shall be an interested party, and any recommendation it may file with the office at or prior to a hearing, if there is one, regarding crossing protection shall be considered as evidence in the proceeding. The office shall determine whether the existing warning devices at such crossing are adequate to protect and promote public safety. If the office determines, either without or after a hearing, that protection is not adequate, it may order the railroad company to keep a flagman at the crossing or to install automatic signals or other suitable safety device at specific locations at such crossing. The office may order the relocation of existing signals and devices to improve protection at a crossing. Any crossing protection installed or maintained as approved by the office, whether by order or otherwise, shall be deemed adequate and appropriate protection for such crossing.

**(2) INSTALLATION COSTS.** The cost of any signal protection device which is ordered installed under sub. (1) and the cost of installing any such device shall be paid by the department from the appropriations under s. 20.395 (2) (gq) and (gx).

**(3) MAINTENANCE COSTS.** Except as otherwise provided in this subsection, the cost of maintaining crossing protection devices ordered under sub. (1) shall be the responsibility of the railroad. Any railroad company that incurs expenses for maintenance of signals or other safety devices may file a claim for reimbursement with the department regardless of the date of installation of the signals or devices. At the close of each fiscal year the department shall reimburse claimants under this subsection for 50% of the costs, as determined by the office, incurred for maintenance of railroad protection devices from the appropriation under s. 20.395 (2) (gr). If the amount in this appropriation is not adequate to fund maintenance reimbursement under this subsection, the amount shall be prorated among the claimants.

**(4) PREVIOUS OFFICE ORDERS.** Subsection (3) applies to maintenance costs for all crossing protection devices regardless of any prior order of the office apportioning maintenance costs.

**History:** 1973 c. 155; 1973 c. 243 s. 82; 1975 c. 135; 1977 c. 29 ss. 1654 (8) (b), 1656 (43); 1979 c. 34; 1981 c. 20 ss. 1504, 2202 (51) (c); 1981 c. 347 s. 80 (1); 1985 a. 29 s. 3202 (51).

**195.285 Exempt railroad crossings. (1)** Upon the petition of a railroad corporation, the department, or the governing body of any city, village, town or county asserting that the stopping of vehicles under s. 346.45 at a railroad crossing is hazardous to human life, the office shall hold a hearing on the matter as provided under s. 195.04. Notice of petition shall be served upon the department, which shall be an interested party, and any recommendations it may file with the office regarding the hazardous effect of vehicles stopping at such

crossings shall be considered as evidence in the proceedings. Upon the recommendation of the department and concurrence by the office, the petition may be dismissed without holding a hearing. If upon the public hearing the office determines that it would be in the public interest to exempt vehicles specified in s. 346.45 from stopping at such grade crossing, it may order the public body having jurisdiction over the highway to erect signs, signals, markings or other devices exempting such vehicles from stopping at the crossing.

(2) Signs placed upon the order of the office under this section shall exempt vehicles from stopping as required under s. 346.45, unless a train or engine is occupying or approaching the crossing.

(3) The department shall establish standards for the type of signs, signals, markings or other devices for exempting vehicles from stopping as required under s. 346.45 and their location in relation to the highway and railroad track. The office of the commissioner of transportation may upon petition or its own motion, with or without a hearing, order the removal of a sign exempting vehicles from stopping at a crossing.

**History:** 1975 c. 63; 1977 c. 29 ss. 1654 (8) (a), (9) (f), 1656 (43); 1981 c. 347 s. 80 (1), (2); 1985 a. 29.

**195.286 Highway crossings, advance warning signs. (1) RAILROADS TO FURNISH; PLACEMENT.** Each railroad company shall furnish to each county in which it operates, upon request of the county highway commissioner, a sufficient quantity of advance warning signs to enable the county and town to comply with this section. The county highway commissioner on roads maintained by the county and the town board on roads maintained by the town shall immediately install and thereafter maintain such signs in good condition, near each grade crossing (other than state trunk highway crossings and crossings within the limits of cities and incorporated villages). The town board shall requisition its needs for advance warning signs from the county highway commissioner. The cost of such installation and maintenance shall be paid out of moneys received by the county or town, as the case may be, for highway maintenance. The department shall provide, install and maintain advance warning signs at all railroad grade crossings on the state trunk highway system outside of cities and incorporated villages. The department, upon petition and upon investigation and finding that such signs are impracticable or unnecessary on any highway, may release the town, county or state from the provisions of this section as to such highway.

(2) **SIGNS DESCRIBED.** Such signs shall be round and of a size, color and message as specified by the department and approved by the office. Any change in these signs shall not be retroactive.

(3) **LOCATION.** Such signs shall be placed in conspicuous locations beside every highway which crosses a railroad at grade (outside of cities and incorporated villages) as near as practicable to the traveled portion of the highway on each side of such crossing, at a location and in a manner to be prescribed by the department, the county highway commissioner or the town board, or, if the crossing is so near city or village limits that the sign will be within such limits, by the city council or the village board, as the case may be.

(4) **DUPLICATES.** In case any sign installed as provided in this section, other than that on the state trunk highway system, is destroyed or becomes illegible by any cause whatsoever, the railroad company, upon request from the county highway commissioner, shall forthwith deliver another such sign at the crossing near which it is to be installed; neither the installation of said signs nor the failure to install or maintain

the same shall render the town, county or state liable for any accident that may occur by reason of such installation or neglect.

(5) **OTHER SIGNS PROHIBITED.** No other sign of the general size or appearance of the signs provided for in this section shall be placed or permitted upon any highway, nor any sign between such advance signs except signs or signals now required by law or permitted by the office for protection at railway crossings.

(6) **PENALTIES.** Any person who removes, throws down, injures or defaces any sign required by this section shall, upon conviction, be fined not to exceed twenty-five dollars.

(7) **PENALTIES.** Any person or corporation upon conviction for the violation of any of the provisions of this section, except sub. (6), shall be fined not less than ten dollars nor more than fifty dollars for each violation.

(8) **PROSECUTIONS.** The district attorney shall prosecute any person violating this section, or begin and maintain any civil action necessary for its enforcement upon the demand of any county highway commissioner, the department, or the office.

**History:** 1977 c. 29 ss. 1301, 1654 (8) (b), (9) (e); 1977 c. 272; 1981 c. 347 s. 80 (1).

**195.29 Railroad highway crossings. (1) PETITION, HEARING, ORDER.** Upon petition by the common council or board of any city, village, town or county within or bordering upon which a highway or street crosses a railroad, or a highway or street is proposed to be laid out across a railroad, or a public highway bridge across a railroad is required to connect existing streets or highways, or upon petition by any railroad whose track crosses or is about to cross, or is crossed or about to be crossed by a street or highway, or upon petition by the department, in cases where provision has been made for the improvement of the highway adjacent to such crossing under any state aid or federal aid law, that public safety requires an alteration in such crossing, its approaches, the method of crossing, the location of the highway or crossing, or the closing of the crossing, and the substitution of another therefor at grade or not at grade, or the removal of obstructions to the view at such crossing, the relocation of the highway, or requires the determination of the manner of making such new crossing, or of making the proposed improvement or promoting the public safety or public convenience through any other reasonable method, and praying that the same may be ordered, the office shall give notice to the parties in interest and proceed to investigate the same and to order a hearing thereon in the manner provided by s. 195.04; and the office shall determine what, if anything, shall be done to promote the public safety and the means by which it shall be accomplished, whether by the relocation of the highway, the alteration in such crossing, approaches, mode of crossing, location of highway crossing, closing of highway crossing, with or without the substitution of another therefor, the construction of a public highway bridge, the removal of obstructions to sight at crossing, or by the use of other reasonable methods, and by whom the same shall be made, and in case of new crossings the advisability of allowing such crossings to be established and manner of making them.

(2) **APPORTIONMENT OF EXPENSE.** The office shall fix the proportion of the cost and expense of alterations, removals and new crossings, or any other work ordered, including the damages to any person whose land is taken, and the special damages which the owner of any land adjoining the public street or highway shall sustain by reason of a change in the grade of such street or highway, or by reason of the removal of obstructions to view at such crossings, to be paid or borne by the railroad companies and the municipalities in interest. In fixing such proportion, the office may order such cost and

expense so apportioned to be paid by the parties against which the apportionment shall be made.

(3) **RESTORATION OF SPUR TRACKS.** Whenever the office shall have ordered a separation of the grade of a railway from the grade of a street or highway, it may, if safe and practicable and if a necessity exist therefor, order the alteration, restoration and connection of any track serving an industry. Demand for such restoration shall be in writing and filed with the office within ninety days after the date of the order for the separation of grades, and any such track for which no such demand shall have been made shall be deemed abandoned. If the office shall order the alteration, restoration and connection of any such track, it shall by its order apportion the cost thereof between the owner of the industry served and the railway company, in such proportion as to the office may seem just and equitable; and the office shall in its order prescribe the terms and conditions for securing the payment of such cost.

(4) **GRADE SEPARATION IN MILWAUKEE COUNTY.** The office may upon petition of any town, city or village, or upon its own motion, when the interests of the public demand it and it is found practicable so to do, establish the grade of the tracks of any railroad, or of all the railroads throughout any county having a population of 500,000 or more, or any part thereof, and the grades of the streets or highways, or any of them, where they cross such railroad track or tracks, in anticipation of the future separation of grades of the railroad tracks from the grades of such streets or highways. The office, before making any such order, shall mail notice to the railroad company or companies affected, the owners or occupants of any building abutting on that part of the railroad the grade of which is to be established, all cities of the first class in said county, and if the grades to be established are outside such city of the first class, the towns, cities or villages in which such grades are to be established, of the filing of such petition or that the office contemplates establishing such grades, and fixing a time at which such cities of the first class and such other towns, cities or villages and the railroad company or companies affected thereby and any other person or corporation interested therein may be heard. The grades so established under this subsection shall be described by reference to a base or datum line to be established by the office, from which all elevations and the height of all grades shall be measured, and the grades so established shall be such that when brought to the established grade the railroad tracks will cross the streets and highways above or below the same. Such order shall not necessarily require a present change in grade but the office may at any time order the railroad track or tracks and the street and highways brought to the grade established or any street or highways closed by said order, in accordance with sub. (1) of this section, and may, at the time of making said order, apportion the cost of separating the grades as provided in sub. (2) hereof.

(5) **ELIMINATION OF GRADE CROSSINGS, COSTS.** Upon petition of the department, or of the common council or board of any city, village, town or county, alleging that one or more of them have undertaken or propose to undertake to relocate or improve an existing highway or to construct a new highway in such manner as to eliminate a highway grade crossing with any railroad or so as to permanently divert a material portion of the highway traffic from a highway grade crossing with any railroad, the office shall issue notice of investigation and hearing, as provided in s. 195.04. If upon such hearing the office finds that the public safety will be promoted by said highway relocation, improvement or new construction, the office shall order the old crossings closed and new crossings opened as are deemed necessary for public safety; and shall

order the railroad company or companies to pay to the interested municipality or municipalities such sum as the office finds to be an equitable portion of the cost of the highway relocation, improvement or new construction, if the work is performed by the municipalities; or to the state treasurer if the work is performed by the state; or to the proper county treasurer if the work is performed by the county. Said sum shall be added to the joint fund available for the improvement and may be expended in like manner as the other portions of said fund.

(6) **VIEW AT CROSSINGS; TREES AND BRUSH NEAR CROSSINGS; FORFEITURE.** Every railroad shall keep its right of way clear of brush or trees for a distance of not less than 330 feet in each direction from the center of its intersection at grade with any public highway, and for such further distance as is necessary to provide an adequate view of approaching trains, from such highway. Every municipality shall keep the public highways within its jurisdiction clear of brush and shall adequately trim all trees within 330 feet of the center of any railroad highway grade crossing. Every person or corporation owning or occupying any land adjacent to any railroad highway grade crossing shall keep all brush cut and adequately trim all trees on said land within the triangles bounded on 2 sides by the railway and the highway, and on the third side by a line connecting points on the center lines of the railway and the highway, 330 feet from the intersection of said center lines. The office, upon its own motion, or upon any complaint to the effect that any work required by this subsection has not been performed, after due notice and hearing, may order the corporation, municipality or person at fault to perform said work; provided, however, that if the physical conditions at any crossing are such that the performance of the required work will not materially improve the view for highway traffic, or, if unreasonable loss would be caused thereby, the office may excuse the party in interest from performing the same. The office may also make such order for the cutting of brush and the trimming of trees at private farm crossings as may be necessary and reasonable. If any person shall violate any provision of this section, or shall fail, neglect or refuse to obey any order made by the office hereunder, or any judgment or decree made by any court upon such an order, for every such violation, failure or refusal such person shall forfeit not less than \$25 nor more than \$150.

(7) **STRUCTURE REQUIREMENTS.** Whenever the office shall order the construction or reconstruction of a crossing not at grade, it may direct that the structure required shall be of such character and constructed of such materials it shall deem appropriate to the situation and necessary for the public interest.

(8) **ACQUISITION OF LANDS.** Any lands needed to carry out the provisions of this section may be acquired.

**History:** 1977 c. 29 ss. 1654 (8) (b), 1656 (43); 1981 c. 347 s. 80 (1).

**195.30 Railroad crossings; grade separation, safety devices.** (1) Upon a petition by the common council of any city, or the board of any village, town or county within which a railroad crosses another railroad at grade, or by any such railroad, that public safety requires an alteration in such crossing or the installation of protective appliances, the office shall give notice to the parties in interest, and proceed to investigate the same and may order a hearing thereon. The office shall determine what alteration in such crossing, if any, shall be made, and by whom made and maintained, or what protective appliances shall be installed, operated and main-

tained at such crossing and by whom installed, operated and maintained. The office shall fix the proportion of the cost and expense of such change in grade and maintenance of the crossing or of the installation, operation and maintenance of such safety appliance which shall be paid by the railroad companies, respectively.

(2) The provisions of this section shall apply to drawbridges, junctions and other fouling points on railroads.

History: 1981 c. 347 s. 80 (1).

**195.305 Railroad crossings; grade; expense.** Whenever a railroad proposes to cross, intersect, join or unite its track with another railroad track, the surface road of the proposed track shall be above, below or at grade of the tracks proposed to be crossed as the office shall determine after hearing the parties upon reasonable notice. In its determination, the office shall fix the proportion of the expense of originally constructing, operating, and maintaining such crossing, intersecting, joining or uniting which shall be paid by the owners of said tracks respectively.

History: 1977 c. 29 s. 1296; 1981 c. 347 s. 80 (1).

**195.31 Bridges made safe.** Whenever a complaint is lodged with the office by the common council of any city, the village board of any village, a member of a town board, or a supervisor of highways, or by five or more freeholders and taxpayers in any town, or five or more freeholders of the county in which such bridge is located, and who are users of such bridge or railway, to the effect that a bridge erected over a stream intersecting a public highway or highways upon which a railway is constructed and operated, is unsafe and dangerous to travelers over such highway or highways or bridge or railroad, and that public safety requires the alteration, the repair or reconstruction of such bridge, or the substitution of another bridge therefor, it shall be the duty of the said office to give notice to the party or parties in interest, other than the petitioners, of the filing of such complaint, and to furnish a copy of the same to the party or parties in interest other than the petitioners, and to order a hearing thereon, in the manner provided for hearings in ss. 195.04 to 195.043, and after such hearing the office shall determine what alteration or repair or reconstruction of such bridge, and the approaches thereto, shall be made, or if it shall determine that public safety requires the substitution of a new bridge, it shall determine the character, manner of construction and location of such bridge and the approaches thereto. The office shall fix the proportion of the cost and expense of such alteration, repair, reconstruction or substitution of a new bridge, including the damage to any person whose land is taken, and the special damage which the owner of any land adjoining the approaches to said bridge shall sustain by reason of such alteration, repair, reconstruction or substitution of a new bridge, to be paid by the railroad company and the city, village or town in interest. The office may, in the absence of any petition therefor, when in their opinion public safety requires the alteration, repair or reconstruction of any such bridge or the substitution of another bridge therefor, after notice and hearing, as provided in ss. 195.04 to 195.043, proceed in like manner as upon a complaint duly filed.

History: 1977 c. 29 ss. 1654 (9) (e), 1656 (43); 1981 c. 347 s. 80 (1).

**195.32 Safety gates on drawbridges.** Whenever a complaint is filed with the office to the effect that any drawbridge is not equipped with gates or other safety devices, the office may notify the proper party or parties in interest of the complaint, and may proceed to investigate the same and to hold a hearing thereon in the manner provided for hearings in ss. 195.04 to 195.043. If after such investigation the office determines that public safety requires the erection and main-

tenance of gates or other safety devices at the points mentioned in the complaint, it may order the county, city, village, town, corporation or person whose duty it is to maintain such bridge to erect and maintain at such points such gates or other safety devices as the office prescribes. The office may conduct the investigations, hold the hearings and make the orders provided for in this section upon its own motion in the same manner and with the same effect as though complaint were filed.

History: 1977 c. 29 ss. 1654 (9) (e), 1656 (43); 1981 c. 347 s. 80 (1).

**195.33 Railroad costs; balance sheet, wages, hours; report.** (1) The office shall ascertain, as early as practicable, the amount of money expended in the construction and equipment of every railroad, the amount of money expended to procure the right of way, also the amount of money it would require to secure the right of way, reconstruct the roadbed, track, depots and other facilities for transportation, and to replace all the physical properties belonging to the railroad.

(2) It shall ascertain the outstanding evidences of debts and the amounts respectively thereof, the date when issued, to whom issued, to whom sold, the price paid in cash, property or labor therefor, what disposition was made of the proceeds, by whom the securities are held, the amount due thereon, the floating debt of the railroad, the credits due the railroad, other property on hand belonging to it, the judicial or other sales of said road, its property or franchises, and the amounts paid and in what manner paid therefor.

(3) The office shall ascertain the gross and net income of the railroad from all sources in detail; the amounts paid for salaries to the officers of the road, and the wages paid to its employes and the maximum hours of continuous service required of each class.

(4) In making such investigation the office may avail itself of any information in possession of the department of revenue.

(5) When the information required by this section is obtained it shall be printed in the next report of the office.

History: 1981 c. 347 s. 80 (1).

**195.34 Reports of accidents, investigation.** Every railroad shall report to the office all collisions, derailments or other accidents resulting in injury to persons, equipment or roadway arising from its operation. The office may issue rules concerning the reporting of accidents and may also if public interests require cause an investigation of any accident.

History: 1981 c. 347 s. 80 (1).

**195.35 Treble damages.** If any railroad shall do or cause to be done or permit to be done any matter, act or thing in this chapter prohibited or declared to be unlawful, or shall omit to do any act, matter or thing required to be done by this chapter, the railroad shall be liable to the person injured thereby in treble the amount of damages sustained in consequence of the violation. No recovery as in this section provided shall affect a recovery by the state of the penalty prescribed for such violation.

History: 1979 c. 89.

A treble damage claim is no longer a separate cause of action because gross negligence is to be compared like all other negligence. *Kania v. C & N W Ry. Co.* 57 W (2d) 761.

**195.36 General penalty upon railroads.** If any railroad shall violate any provision of this chapter, or shall do any act herein prohibited, or shall fail or refuse to perform any duty enjoined upon it, for which a penalty has not been provided, or shall fail, neglect or refuse to obey any lawful requirement or order made by the office, or any judgment or decree made by any court upon its application, for every such violation, failure or refusal in respect to any matter prescribed by this

chapter such railroad shall forfeit not less than one hundred dollars nor more than ten thousand dollars. The act, omission or failure of any officer, agent or other person employed by any railroad, acting within the scope of his employment, shall be deemed to be the act, omission or failure of such railroad.

History: 1981 c. 347 s. 80 (1).

**195.37 Freight charges; collection, refund. (1) COMPLAINTS, INVESTIGATIONS, HEARINGS, FINDINGS, REFUND.** The office may direct the department to investigate the complaint of any person aggrieved that the charge exacted for the transportation of property between points in this state, or for any service in connection with transportation of property, or that the charge exacted for the storage of such property, or that any car service or demurrage charge exacted is erroneous, illegal, unusual or exorbitant and shall set the complaint for hearing as provided in s. 195.04 (2) to (4). If the office finds that the rate or charge exacted is erroneous, illegal, unusual or exorbitant, it shall find what would have been a reasonable rate or charge for such service. If the rate or charge so found is less than the charge exacted, the carrier shall refund the excess.

**(2) ACTIONS; FINDINGS AS EVIDENCE, DEFENSES.** In an action to recover the amount of such excess charge the findings of the office shall be prima facie evidence of the truth of the facts found by it, and no carrier shall be permitted to avail itself of the defense that the shipment involved was in fact made on the published tariff rate in force at the time such shipment was made, but no carrier making a refund upon the order of the office or the judgment of a court shall be liable for any penalty or subject to any prosecution on account of making such refund.

**(3) LIMITATION FOR FILING CLAIM.** All complaints provided for in sub. (1), except those for straight overcharges, shall be filed with the office within 2 years after delivery of the shipment of property at destination, subject to sub. (6).

**(4) STRAIGHT OVERCHARGES, LIMITATION OF ACTIONS, EXCEPTION.** For recovery of straight overcharges which mean charges in excess of those applicable under the lawful tariffs on file with the office, neither this section nor s. 195.38 shall be deemed exclusive remedies. Complaints for the same may be filed or actions begun within three years from the delivery of the shipment of property at destination, and not after, except that if a claim for the overcharge has been presented in writing to the carrier within the three-year period, said period shall be extended to include six months from the time notice in writing is given by the carrier to the claimant of disallowance of the claim or any part thereof.

**(5) ACTIONS BY CARRIERS, LIMITATION.** Actions by carriers for the recovery of charges for the transportation of property between points in Wisconsin, or for any service in connection therewith, or for the storage of such property, or for any car service or demurrage charge, or any part thereof, shall be begun within three years after the delivery of the shipment of property at destination with respect to which such charge is made and not after.

**(6) LIMITATION ACTION, EXTENDED BY CARRIER.** If on or before the expiration of said two-year period of limitation or of said three-year period of limitation carrier shall begin action for the recovery of charges in respect to the same transportation service, or without bringing action shall collect charges in respect of that service, said periods of limitation shall be extended to include ninety days from the time such action is begun or such charges are collected.

**195.38 Freight bills; examination; refunds.** Within 3 years after the delivery of any shipment of property at destination, any person, firm or corporation may submit to the office, by mail or in person, any railroad expense bill or receipt showing charges paid for transportation of such property by freight for the purpose of having the same examined with respect to the correctness of weights, rates and charges indicated thereon. Upon receipt of any such expense bill or receipt the office may request the department to make such examination as is necessary, and if it is found that any such weights, rates or charges are incorrect, the office shall order the railroad company in error to refund to the person, firm or corporation which submitted such expense bills or receipts, any over or excessive charges paid by such person, firm or corporation.

History: 1977 c. 29; 1981 c. 347 s. 80 (1).

**195.39 Interstate commerce.** Chapters 190 to 196 apply to interstate commerce only so far as the constitution and laws of the United States permit.

**195.45 Common carriers of passengers or property by water; certificate required. (1)** No person shall operate as a common carrier of passengers or property by water except in accordance with the terms and conditions of a certificate of public convenience and necessity issued by the office. The office shall issue such certificates upon a finding that the service proposed to be performed is in the public interest and required by public convenience and necessity.

**(2)** Application for such certificate shall be made on forms furnished by the office and shall contain such information as the office requires.

**(3)** Every application for a certificate under this section shall be accompanied by a filing fee of \$40.

**(4)** The office may promulgate rules for the operation of this section.

History: 1981 c. 347 s. 80 (1).

**195.50 Information, papers and accounting. (1)** Any officer, agent or employe of any railroad who fails to fill out and return any forms required by this chapter, or fails to answer any question therein, or knowingly gives a false answer to any such question, or evades the answer to any such question where the fact inquired of is within his or her knowledge, or who, upon proper demand, fails to exhibit to the office or department or any person authorized to examine the same, any book, paper, account, record or memoranda of such railroad which is in the possession or under control of the officer, agent or employe, or who fails to properly use and keep the system of accounting prescribed by the office, or who refuses to do any act or thing in connection with such system of accounting when so directed by the office or its authorized representative, shall forfeit not less than \$100 nor more than \$1,000 for each offense.

**(2)** A forfeiture of not less than \$500 nor more than \$1,000 shall be recovered from the railroad for each such offense when such officer, agent or employe acted in obedience to the direction, instruction or request of such railroad or any general officer thereof.

History: 1977 c. 29, 273; 1981 c. 347 s. 80 (1).

**195.60 Payment of office's expenses by railroads. (1)** Whenever the office in a proceeding upon its own motion, on complaint, or upon an application to it deems it necessary in order to carry out the duties imposed upon it by law to investigate the books, accounts, practices and activities of, or make appraisals of the property of any railroad or to render any engineering or accounting services to any railroad, the railroad shall pay the expenses attributable to such investigation, appraisal or service. The office shall ascertain such

expenses, including all expenses incurred by the department at the request or direction of the office and shall render a bill therefor, by mail, to the railroad, either at the conclusion of the investigation, appraisal or services, or during its progress. The bill shall constitute notice of assessment and demand of payment thereof. The railroad shall, within 30 days after the mailing thereof, pay to the office the amount of the special expense for which it is billed. The total amount, in any one calendar year, for which any railroad becomes liable, by reason of costs incurred by the office within such calendar year, shall not exceed four-fifths of one percent of its gross operating revenues derived from intrastate operations in the last preceding calendar year. Where, under this subsection, costs are incurred within any calendar year, which are in excess of four-fifths of one percent of such gross operating revenues, the excess costs shall not be chargeable as part of the remainder under sub. (2) but shall be paid out of the general appropriation to the office. Nothing in this subsection shall prevent the office from rendering bills in one calendar year for costs incurred within a previous year.

(2) The office shall annually, within 90 days after the close of each fiscal year, ascertain the total of its expenditures during such year which are reasonably attributable to the performance of its duties relating to railroads, and shall deduct therefrom all amounts chargeable to railroads under sub. (1) and s. 184.10 (3). The remainder shall be assessed by the office to the several railroads in proportion to their respective gross operating revenues during the last calendar year, derived from intrastate operations. Such assessment shall be paid within 30 days after the bill has been mailed to the several railroads, which bill shall constitute notice of assessment and demand of payment thereof. The total amount which may be assessed to the railroads under authority of this subsection shall not exceed one percent of the total gross operating revenues of such railroads, during such calendar year, derived from intrastate operations.

(3) If any railroad against which a bill has been rendered under sub. (1) or (2) within 30 days after the rendering of such bill a) neglects or refuses to pay the same, or b) fails to file objections to the bill with the office, the office shall transmit to the state treasurer a certified copy of the bill, together with notice of neglect or refusal to pay the bill, and on the same day the office shall mail to the railroad against which the bill has been rendered a copy of the notice which it has transmitted to the state treasurer. Within 10 days after the receipt of such notice and certified copy of such bill the state treasurer shall levy the amount stated on such bill to be due, with interest, by distress and sale of any goods and chattels, including stocks, securities, bank accounts, evidences of debt, and accounts receivable belonging to such delinquent railroad. Such levy by distress and sale shall be governed by the provisions of s. 74.10 except that it shall be made by the state treasurer and that said goods and chattels anywhere within the state may be levied upon.

(4) (a) Within 30 days after the date of the mailing of any bill as provided by subs. (1) and (2) the railroad against which such bill has been rendered may file with the office objections setting out in detail the grounds upon which the objector regards the bill to be excessive, erroneous, unlawful or invalid. The office, after notice to the objector, shall hold a hearing upon such objections, not less than 5 nor more than 10 days after such notice. If after such hearing the office finds

any part of the bill to be excessive, erroneous, unlawful or invalid it shall record its findings upon its minutes and transmit to the objector an amended bill, in accordance with such findings. The amended bill shall have in all ways the same force and effect under this section as an original bill rendered under subs. (1) and (2).

(b) If after hearing the office finds the entire bill unlawful or invalid it shall notify the objector of such determination, in which case the original bill shall be deemed void.

(c) If after hearing the office finds that the bill as rendered is neither excessive, erroneous, unlawful or invalid either in whole or in part it shall record such findings upon its minutes, and transmit to the objector notice of such finding.

(d) If any bill against which objections have been filed is not paid within 10 days after notice of a finding that such objections have been overruled and disallowed by the office has been mailed to the objector, the office shall give notice of such delinquency to the state treasurer and to the objector, in the manner provided in sub. (3). The state treasurer shall then proceed to collect the amount of the bill as provided in sub. (3). If an amended bill is not paid within 10 days after a copy thereof is mailed to the objector by registered mail, the office shall notify the state treasurer and the objector as in the case of delinquency in the payment of an original bill. The state treasurer shall then proceed to collect the amount of the bill as provided in the case of an original bill.

(5) No suit or proceeding shall be maintained in any court for the purpose of restraining or in any way delaying the collection or payment of any bill rendered under subs. (1) and (2). Every railroad against which a bill is rendered shall pay the amount thereof, and after such payment may in the manner herein provided, at any time within 2 years from the date the payment was made, sue the state in an action at law to recover the amount paid with legal interest thereon from the date of payment, upon the ground that the assessment was excessive, erroneous, unlawful or invalid in whole or in part. If it is finally determined in such action that any part of the bill for which payment was made was excessive, erroneous, unlawful or invalid, the state treasurer shall make a refund to the claimant as directed by the court, which shall be charged to the appropriations to the office.

(6) No action for recovery of any amount paid under this section shall be maintained in any court unless objections have been filed with the office as provided in this section. In any action for recovery of any payments made under this section the claimant shall be entitled to raise every relevant issue of law, but the office's findings of fact made pursuant to this section shall be prima facie evidence of the facts therein stated.

(7) The following shall be deemed to be findings of fact of the office, within the meaning of this section:

(a) Determinations of fact expressed in bills rendered under this section; and

(b) Determinations of fact set out in those minutes of the office which record the action of the office in passing upon said bills, and in passing upon objections thereto.

(8) The procedure by this section providing for determining the lawfulness of bills and the recovery back of payments made pursuant to such bills shall be exclusive of all other remedies and procedures.
