SUBCHAPTER I

GENERAL ADMINISTRATION

16.001 Organization of department. (1) **PURPOSES.** The purposes of this chapter are to conserve the state's resources by coordinating management services and providing effective aid to agencies of the state government; to present clearly defined alternatives and objectives of state programs and policies so that the state's agencies, the governor and the legislature may plan cooperatively and finance the services which the state will provide for its citizens; to help the state's agencies furnish the agreed upon services as efficiently and effectively as possible, avoiding any duplication of effort or waste of money; to assure the legislature and the governor that the services are being provided to the public at the agreed upon quantity, quality and cost; and to anticipate and resolve administrative and financial problems faced by the agencies, governor and legislature of the state.

(2) **LIBERAL CONSTRUCTION OF STATUTES.** Statutes applicable to the department of administration shall be construed liberally in aid of the purposes declared in sub. (1).

16.002 Definitions. In this chapter:

(1) "Department" means the department of administration.

(2) "Departments" means constitutional offices, departments, and independent agencies and includes all societies, associations, and other agencies of state government for which appropriations are made by law, but not including authorities created in subch. II of ch. 114 or subch. III of ch. 149 and in chs. 231, 232, 233, 234, 235, 237, and 279.

(3) "Position" means a group of duties and responsibilities in either the classified or the unclassified divisions of the civil service, which require the services of an employee on a part-time or full-time basis.

(4) "Secretary" means the secretary of administration.

History: 1977 c. 196; 1983 a. 27, 189; 2001 a. 16; 2005 a. 74, 335; 2007 a. 20, 97.

16.003 Department of administration. (1) **PURPOSE.** The department shall carry out the purposes of this chapter by improving the techniques used for such management specialties, not limited by enumeration, as budgeting, accounting, engineering, purchasing, records management and fleet management; by coordinating and providing services which are used by more than one agency, and by reviewing agencies' programs and management to identify problems and suggest improvements.

(2) **STAFF.** Except as provided in ss. 16.548, 16.57, 978.03 (1), (1m) and (2), 978.04 and 978.05 (8) (b), the secretary shall appoint the staff necessary for performing the duties of the department. All staff shall be appointed under the classified service except as otherwise provided by law.

History: 1971 c. 270; 1977 c. 196; 1979 c. 34; 1983 a. 27; 1989 a. 31, 117; 1991 a. 39.

16.004 Secretary, powers and duties. (1) **RULES.** The secretary shall promulgate rules for administering the department and performing the duties assigned to it.

(2) **INFORMATION; REPORTS; RECOMMENDATIONS.** The secretary shall furnish all information requested by the governor or by any member of the legislature.

(3) **INVESTIGATIONS AND HEARINGS.** (a) The department, when directed by the governor, shall investigate any irregularities, and all phases of operating cost and functions, of executive or administrative agencies so as to determine the feasibility of consolidating, creating or rearranging agencies for the purpose of effecting the elimination of unnecessary state functions, avoiding duplication, reducing the cost of administration and increasing efficiency.

(b) The secretary may hold either public or private hearings to inform the secretary of any matters relating to the secretary's functions and for that purpose shall be clothed with the powers relating to witnesses given by s. 885.01 (4) and s. 885.12 shall apply.

(4) **FREEDOM OF ACCESS.** The secretary and such employees of the department as the secretary designates may enter into the offices of state agencies and authorities created under subch. II of ch. 114 or subch. III of ch. 149 and under chs. 231, 233, 234, 237, and 279, and may examine their books and accounts and any other matter that in the secretary's judgment should be examined and may interrogate the agency's employees publicly or privately thereto.

(5) **AGENCIES AND EMPLOYEES TO COOPERATE.** All state agencies and authorities created under subch. II of ch. 114 or subch. III of ch. 149 and under chs. 231, 233, 234, 237, and 279, and their officers and employees, shall cooperate with the secretary and shall comply with every request of the secretary relating to his or her functions.

(6) **MANAGEMENT AUDITS.** The secretary shall periodically make management audits of agencies, utilizing teams of specialists in the fields of purchasing, personnel, accounting, budgeting, space utilization, forms design and control, records management, and any other specialties necessary to effectively appraise all management practices, operating procedures and organizational structures.

(7) **PERSONNEL MANAGEMENT INFORMATION SYSTEM.** (a) The secretary shall establish and maintain a personnel management information system which shall be used to furnish the governor, the legislature and the office of state employment relations with current information pertaining to authorized positions, payroll and related items for all civil service employees, except employees of the office of the governor, the courts and judicial branch agencies, and the legislature and legislative service agencies. It is the intent of the legislature that the University of Wisconsin System provide position and other information to the department and the legislature, which includes appropriate data on each position, facilitates accountability for each authorized position and traces each position over time. Nothing in this paragraph may be interpreted as limiting the authority of the board of regents of the Uni-

versity of Wisconsin System to allocate and reallocate positions by funding source within the legally authorized levels.

(b) When requested by the joint committee on finance, the secretary shall report to the committee on the compliance of each agency in the executive branch in providing the data necessary for operation of the personnel management information system.

(8) STATE-OWNED HOUSING RENTALS. (a) In this subsection, “agency” has the meaning given in s. 16.52 (7).

(am) The secretary shall maintain a system of rental policies for state-owned housing administered by all agencies and shall periodically review the system for possible changes. Whenever the secretary proposes to change rental policies other than rental rates, the secretary shall submit a report relating to the system to the joint committee on finance. The report shall include any changes in rental policies recommended by the secretary.

(b) The joint committee on finance, following its review, may approve or disapprove rental policies submitted under par. (am). Any changes in rental policies shall be effective upon approval or at such time following approval as may be specified in the secretary’s submittal.

(c) Notwithstanding par. (b), if the cochairpersons of the joint committee on finance do not notify the secretary that the committee has scheduled a meeting for the purpose of reviewing the recommended changes in rental policies contained in the report submitted under par. (am) within 14 working days after the date of the secretary’s submittal, the secretary may implement any recommended changes in rental policies contained in the report. If, within 14 working days after the date of the secretary’s submittal, the cochairpersons of the committee notify the secretary that the committee has scheduled a meeting for the purpose of reviewing the recommended changes in rental policies contained in the report, the secretary may implement the recommended changes only with the approval of the committee.

(d) The system established under par. (am) shall include a procedure for review of the need to retain state-owned housing units and possible disposition of such units. The secretary shall submit recommendations regarding the disposition of any housing units to the building commission.

(e) 1. In this paragraph, “consumer price index” means the average of the consumer price index over each 12-month period, all items, U.S. city average, as determined by the bureau of labor statistics of the U.S. department of labor.

2. No later than July 1 of the 2nd year following each federal decennial census, the secretary shall obtain appraisals of the fair market value of all state-owned housing rental units administered by agencies. The secretary shall determine and fix rental rates for such units based on the appraisals, which shall take effect on the following August 15.

3. If the secretary determines that a state-owned housing rental unit has been affected by a major renovation, the secretary may order a reappraisal of the fair market value of the unit. Whenever a reappraisal of the fair market value of a unit is obtained, the secretary shall determine and fix a new rental rate for that unit based on the reappraisal. If the reappraisal is obtained prior to July 1 of any year, the rate shall take effect on August 15 of that year; otherwise it shall take effect on August 15 of the following year.

4. If no appraisal of a state-owned housing rental unit is made during the 24-month period ending on July 1 of any even-numbered year, the current rental rate for the unit shall be subject to a biennial cost-of-living adjustment. To determine the adjustment, the secretary shall calculate the percentage difference between the consumer price index for the 12-month period ending on December 31 of the preceding year and the consumer price index for the base period, calendar year 1991. The secretary shall increase the rental rate by that percentage, rounded to the nearest whole dollar, which amount shall take effect on August 15.

5. The secretary shall charge the cost of the appraisal of each state-owned housing rental unit to the appropriation specified in s. 16.40 (19) or, if there is no such appropriation, to the appropria-

tion or appropriations which fund the program in connection with which the housing is utilized.

(9) AGREEMENTS TO MAINTAIN AN ACCOUNTING FOR OPERATING NOTES. The secretary may enter into agreements to maintain an accounting of, forecast and administer those moneys that are in the process of collection by the state and that are pledged for the repayment of operating notes issued under subch. III of ch. 18, in accordance with resolutions of the building commission authorizing the issuance of the operating notes.

(10) RECYCLING PROPOSAL. The secretary shall develop a proposal for funding recycling in this state. That proposal shall distribute the burden of funding so that the portion paid by business, industry and citizens reflects their contribution to the waste stream. The secretary shall submit its proposal to the joint committee on finance on or before January 31, 1991.

(11) RISK MANAGEMENT PROGRAM SUPPLEMENTATION. Prior to transferring moneys from the appropriation under s. 20.505 (2) (a) to the appropriation under s. 20.505 (2) (k), the secretary shall notify in writing the cochairpersons of the joint committee on finance of his or her proposed action.

(12) RULES ON SURVEILLANCE OF STATE EMPLOYEES. (a) In this subsection, “state agency” means an association, authority, board, department, commission, independent agency, institution, office, society, or other body in state government created or authorized to be created by the constitution or any law, including the legislature, the office of the governor, and the courts, but excluding the University of Wisconsin Hospitals and Clinics Authority, the Wisconsin Aerospace Authority, the Health Insurance Risk-Sharing Plan Authority, the Lower Fox River Remediation Authority, and the Fox River Navigational System Authority.

(b) The department shall promulgate rules that apply to all state agencies governing surveillance by a state agency of the state agency’s employees.

(16) OFFICE OF STATE EMPLOYMENT RELATIONS DIVISION ADMINISTRATOR POSITIONS. The secretary shall assign 3 of the unclassified division administrator positions authorized for the department to the office of state employment relations.

(17) BUSINESS INTELLIGENCE AND DATA WAREHOUSING SYSTEM. The department may implement an enterprise-wide reporting, data warehousing, and data analysis system applicable to every agency, as defined in s. 16.70 (1e), other than the legislative and judicial branches of state government.

Such employees shall also have reinstatement privileges to the classified service as provided under s. 230.33 (1). Employees of the department holding positions in the classified service on August

The claims board shall receive, investigate and make recommendations on all claims of \$10 or more presented against the state which are referred to the board by the department. No claim or bill relating to such a claim shall be considered by the legislature until a recommendation thereon has been made by the claims board.

(2) RULES. Except as provided in s. 901.05, the board shall not be bound by common law or statutory rules of evidence, but shall admit all testimony having reasonable probative value, excluding that which is immaterial, irrelevant or unduly repetitious. The board may take official notice of any generally recognized fact or established technical or scientific fact, but parties shall be notified either before or during hearing or by full reference in preliminary reports, or otherwise, of the facts so noticed, and the parties shall be afforded an opportunity to contest the validity of the official notice.

(3) PROCEDURE. When a claim has been referred to the claims board, the board may upon its own motion and shall upon request of the claimant, schedule such claim for hearing, giving the claimant at least 10 days' written notice of the date, time and place thereof. Those claims described under sub. (6) (b) shall not be heard or decided by the claims board. The board shall keep a record of its proceedings, but such proceedings may be recorded by a permanent recording device without transcription. It may require sworn testimony and may summon and compel attendance of witnesses and the production of documents and records. Any member of the board may sign and issue a subpoena.

(4) AGENCIES TO COOPERATE. The several agencies shall cooperate with the board and shall make their personnel and records available upon request when such request is not inconsistent with other statutes.

(5) FINDINGS. The board shall report its findings and recommendations, on all claims referred to it, to the legislature. Except as provided in sub. (6), if from its findings of fact the board concludes that any such claim is one on which the state is legally liable, or one which involves the causal negligence of any officer, agent or employee of the state, or one which on equitable principles the state should in good conscience assume and pay, it shall cause a bill to be drafted covering its recommendations and shall report its findings and conclusions and submit the drafted bill to the joint committee on finance at the earliest available time. If the claims board determines to pay or recommends that a claim be paid from a specific appropriation or appropriations, it shall include that determination or recommendation in its conclusions. A copy of its findings and conclusions shall be submitted to the claimant within 20 days after the board makes its determination. Findings and conclusions are not required for claims processed under sub. (6) (b).

(6) SETTLEMENT. (a) Except as provided in par. (b), whenever the claims board by unanimous vote finds that payment to a claimant of not more than the amount specified in s. 799.01 (1) (d) is justified, it may order the amount that it finds justified to be paid on its own motion without submission of the claim in bill form to the legislature. The claim shall be paid on a voucher upon the certification of the chairperson and secretary of the board, and shall be charged as provided in sub. (6m).

(b) Whenever the representative of the department designated by the secretary pursuant to s. 15.105 (2) finds that payment of a claim described in this paragraph to a claimant is justified, the representative of the department may order the amount so found to be justified paid without approval of the claims board and without submission of the claim in the form of a bill to the legislature.

Such claims shall be paid on vouchers upon the certification of the representative of the department, and shall be charged as provided in sub. (6m). The representative of the department shall annually report to the board all claims paid under this paragraph. Claims which may be paid directly by the department are:

(6m) PAYMENT CHARGES. The claims board, for claims authorized to be paid under sub. (6) (a), or the representative of the department, for claims authorized to be paid under sub. (6) (b), may specify that a claim shall be paid from a specific appropriation or appropriations. If a claim requires legislative action, the board may recommend that the claim be paid from a specific appropriation or appropriations. If no determination is made as to the appropriation or appropriations from which a claim shall be paid, the claim shall be paid from the appropriation under s. 20.505 (4) (d).

(7) EXCEPTION. This section shall not be construed as relieving any 3rd-party liability or releasing any joint tort-feasor.

(8) EXPENSES. The board may pay the actual and necessary expenses of employees of the department of justice or the department of administration authorized by the board to secure material information necessary to the disposition of a claim.

(2) The state shall pay for extraordinary police services provided directly to state facilities, as defined in s. 70.119 (3) (e), in response to a request of a state officer or agency responsible for the operation and preservation of such facilities. The Fox River Navigational System Authority shall pay for extraordinary police services provided to the navigational system, as defined in s. 237.01 (5). Municipalities or counties that provide extraordinary police services to state facilities may submit claims to the claims board for actual additional costs related to wage and disability payments, pensions and worker's compensation payments, damage to equipment and clothing, replacement of expendable supplies, medical and transportation expense, and other necessary expenses. The clerk of the municipality or county submitting a claim shall also transmit an itemized statement of charges and a statement that identifies the facility served and the person who requested the services. The board shall obtain a review of the claim and recommendations from the agency responsible for the facility prior to proceeding under s. 16.007 (3), (5), and (6).

16.10 Ratification of the midwest interstate low–level radioactive waste compact. The midwest interstate low–level radioactive waste compact contained in s. 16.11, by and between this state and any other state which ratifies or joins this compact, is ratified and approved.

History: 1983 a. 393.

16.11 Midwest interstate low–level radioactive waste compact. (1) ARTICLE I—POLICY AND PURPOSE. (a) There is created the midwest interstate low–level radioactive waste compact. The states party to this compact recognize that the congress of the United States, by enacting “The Low–Level Radioactive Waste Policy Act”, as amended by the “Low–Level Radioactive Waste Policy Amendments Act of 1985”, 42 USC 2021b to 2021j, has provided for and encouraged the development of low–level radioactive waste compacts as a tool for disposing of such waste. The party states acknowledge that the congress declared that each state is responsible for providing for the availability of capacity either within or outside the state for the disposal of low–level radioactive waste generated within its borders, except for waste generated as a result of certain defense activities of the federal government or federal research and development activities. The party states also recognize that the disposal of low–level radioactive waste is handled most efficiently on a regional basis and that the safe and efficient management of low–level radioactive waste generated within the region requires that sufficient capacity to dispose of such waste be properly provided. It is the policy of the party states to enter into a regional low–level radioactive waste disposal compact for the purpose of:

1. Providing the instrument and framework for a cooperative effort;
2. Providing sufficient facilities for the proper disposal of low–level radioactive waste generated in the region;
3. Protecting the health and safety of the citizens of the region;
4. Limiting the number of facilities required to effectively and efficiently dispose of low–level radioactive waste generated in the region;
5. Encouraging source reduction and the environmentally sound treatment of waste that is generated to minimize the amount of waste to be disposed of;
6. Ensuring that the costs, expenses, liabilities and obligations of low–level radioactive waste disposal are paid by generators and other persons who use compact facilities to dispose of their waste;
7. Ensuring that the obligations of low–level radioactive waste disposal that are the responsibility of the party states are shared equitably among them;
8. Ensuring that the party states that comply with the terms of this compact and fulfill their obligations under it share equitably in the benefits of the successful disposal of low–level radioactive waste; and
9. Ensuring the environmentally sound, economical and secure disposal of low–level radioactive wastes.

(b) Implicit in the congressional consent to this compact is the expectation by the congress and the party states that the appropriate federal agencies will actively assist the compact commission and the individual party states to this compact by:

1. Expedient enforcement of federal rules, regulations and laws;
2. Imposition of sanctions against those found to be in violation of federal rules, regulations and laws; and
3. Timely inspection of their licensees to determine the compliance with these rules, regulations and laws.

(2) ARTICLE II—DEFINITIONS. As used in this compact, unless the context clearly requires a different construction:

(a) “Care” means the continued observation of a facility after closing for the purposes of detecting a need for maintenance, ensuring environmental safety and determining compliance with applicable licensure and regulatory requirements and includes the correction of problems which are detected as a result of that observation.

(b) “Close”, “closed” or “closing” means that the compact facility with respect to which any of those terms is used has ceased to accept waste for disposal. “Permanently closed” means that the compact facility with respect to which the term is used has ceased to accept waste because it has operated for 20 years or a longer

(8) (a). “Party state” includes any

host state. “Party state” also includes any statutorily created administrative departments, agencies or instrumentalities of a party state, but does not include municipal corporations, regional or local units of government or other political subdivisions of a party state that are responsible for governmental activities on less than a statewide basis.

(p) “Person” means any individual, corporation, association, business enterprise or other legal entity either public or private and any legal successor, representative, agent or agency of that individual, corporation, association, business enterprise or other legal entity. “Person” also includes the United States, states, political subdivisions of states and any department, agency or instrumentality of the United States or a state.

(v) “Waste management”, “manage waste”, “management of waste”, “management” or “managed” means the storage, treatment or disposal of waste.

(3) ARTICLE III—THE COMMISSION. (a) There is created the midwest interstate low–level radioactive waste commission. The commission consists of one voting member from each party state. The governor of each party state shall notify the commission in writing of its member and any alternates. An alternate may act on behalf of the member only in that member’s absence. The method for selection and the expenses of each commission member shall be the responsibility of the member’s respective state.

(b) Each commission member is entitled to one vote. Except as otherwise specifically provided in this compact, an action of the commission is binding if a majority of the total membership casts its vote in the affirmative. A party state may direct its member or alternate member of the commission how to vote or not to vote on matters before the commission.

(c) The commission shall elect annually from among its members a chairperson. The commission shall adopt and publish, in convenient form, bylaws and policies which are not inconsistent with this compact, including procedures for the use of binding arbitration under sub. (6) (o) and procedures which substantially conform with the provisions of “The Federal Administrative Procedure Act”, 5 USC 500 to 559, in regard to notice, conduct and recording of meetings; access by the public to records; provision of information to the public; conduct of adjudicatory hearings; and issuance of decisions.

(d) The commission shall meet at least once annually and shall also meet upon the call of the chairperson or any other commission member.

(e) All meetings of the commission shall be open to the public with reasonable advance notice. The commission may, by majority vote, close a meeting to the public for the purpose of considering sensitive personnel or legal strategy matters. However, all commission actions and decisions shall be made in open meetings and appropriately recorded.

(f) The commission may establish advisory committees for the purpose of advising the commission on any matters pertaining to waste management.

(g) The office of the commission shall be in a party state. The commission may appoint or contract for and compensate such limited staff necessary to carry out its duties and functions. The staff shall have the responsibilities and authority delegated to it by the commission in its bylaws. The staff shall serve at the commis-

sion's pleasure with the exception that staff hired as the result of securing federal funds shall be hired and governed under applicable federal statutes and regulations. In selecting any staff, the commission shall assure that the staff has adequate experience and formal training to carry out the functions assigned to it by the commission.

(h) The commission may do any or all of the following:

1. Appear as an intervenor or party in interest before any court of law or any federal, state or local agency, board or commission in any matter related to waste management. In order to represent its views, the commission may arrange for any expert testimony, reports, evidence or other participation.

2. Review any emergency closing of a compact facility, determine the appropriateness of that closing and take whatever lawful actions are necessary to ensure that the interests of the region are protected.

3. Take any action which is appropriate and necessary to perform its duties and functions as provided in this compact.

4. Approve the disposal of naturally occurring and accelerator produced radioactive material at a compact facility. The commission shall not approve the acceptance of such material without first making an explicit determination of the effect of the new waste stream on the compact facility's maximum capacity. Such approval requires the affirmative vote of a majority of the commission, including the affirmative vote of the member from the host state of the compact facility that would accept the material for disposal. Any such host state may, at any time, rescind its vote granting the approval and, thereafter, additional naturally occurring and accelerator produced radioactive material shall not be disposed of at a compact facility unless the disposal is again approved. All provisions of this compact apply to the disposal of naturally occurring and accelerator produced radioactive material that has been approved for disposal at a compact waste facility pursuant to this subdivision.

5. Enter into contracts in order to perform its duties and functions as provided in this compact.

6. When approved by the commission, with the member from each host state in which an affected compact facility is operating or being developed or constructed voting in the affirmative, enter into agreements to do any of the following:

a. Import, for disposal within the region, waste generated outside the region.

b. Export, for disposal outside the region, waste generated inside the region.

c. Dispose of waste generated within the region at a facility within the region that is not a compact facility.

7. Authorize a host state to permanently close a compact facility located within its borders earlier than otherwise would be required by sub. (6) (i). Such a closing requires the affirmative vote of a majority of the commission, including the affirmative vote of the member from the state in which the affected compact facility is located.

(i) The commission shall do all of the following:

1. Submit an annual report to, and otherwise communicate with, the governors and the appropriate officers of the legislative bodies of the party states regarding the activities of the commission.

2. Adopt and amend, by a two-thirds vote of the membership, in accordance with the procedures and criteria developed pursuant to sub. (4), a regional disposal plan which designates host states for the establishment of needed compact facilities.

3. Adopt an annual budget.

4. Establish and implement a procedure for determining the capacity of a compact facility. The capacity of a compact facility shall be established as soon as reasonably practical after the host state of the facility is designated and shall not be changed thereafter without the consent of the host state. The capacity of a compact facility shall be based on the projected volume or radioactive char-

acteristics, or both, of the waste to be disposed of at the facility during the period set forth in sub. (6) (i).

5. Provide a host state with funds necessary to pay reasonable development expenses incurred by the host state after it is designated to host a compact facility.

6. Establish and implement procedures for making payments from the remedial action fund provided for in par. (p).

7. Establish and implement procedures to investigate any complaint joined in by 2 or more party states regarding another party state's performance of its obligations under this compact.

8. Adopt policies promoting source reduction and the environmentally sound treatment of waste in order to minimize the amount of waste to be disposed of at compact facilities.

9. Establish and implement procedures for obtaining information from generators regarding the volume and characteristics of waste projected to be disposed of at compact facilities and regarding generator activities with respect to source reduction, recycling and treatment of waste.

10. Prepare annual reports regarding the volume and characteristics of waste projected to be disposed of at compact facilities.

(j) Funding for the commission shall be provided as follows:

1. When no compact facility is operating, the commission may assess fees to be collected from generators of waste in the region. The fees shall be reasonable and equitable. The commission shall establish and implement procedures for assessing and collecting the fees. The procedures may allow the assessing of fees against less than all generators of waste in the region; provided that if fees are assessed against less than all generators of waste in the region, generators paying the fees shall be reimbursed the amount of the fees, with reasonable interest, out of the revenues of operating compact facilities.

2. When a compact facility is operating, funding for the commission shall be provided through a surcharge collected by the host state as part of the fee system provided for in sub. (6) (j). The surcharge to be collected by the host state shall be determined by the commission and shall be reasonable and equitable.

3. In the aggregate, the fees or surcharges, as the case may be, shall be no more than is necessary to:

a. Cover the annual budget of the commission.

b. Provide a host state with the funds necessary to pay reasonable development expenses incurred by the host state after it is designated to host a compact facility.

c. Provide moneys for deposit in the remedial action fund established pursuant to par. (p).

d. Provide moneys to be added to an inadequately funded long-term care fund as provided in sub. (6) (o).

(k) Financial statements of the commission shall be prepared according to generally accepted accounting principles. The commission shall contract with an independent certified public accountant to annually audit its financial statements and to submit an audit report to the commission. The audit report shall be made a part of the annual report of the commission required by this subsection.

(L) The commission may accept for any of its purposes and functions and may utilize and dispose of any donations, grants of money, equipment, supplies, materials and services from any state or the United States, or any subdivision or agency thereof, or interstate agency or from any institution, person, firm or corporation. The nature, amount and condition, if any, attendant upon any donation or grant accepted or received by the commission together with the identity of the donor, grantor or lender, shall be detailed in the annual report of the commission.

(m) The commission is a legal entity separate and distinct from the party states. Members of the commission and its employees are not personally liable for actions taken by them in their official capacity. The commission is not liable or otherwise responsible for any costs, expenses or liabilities resulting from the development, construction, operation, regulation, closing or long-term

care of any compact facility or any noncompact facility made available to the region by any contract or agreement entered into by the commission under par. (h) 6. Nothing in this paragraph relieves the commission of its obligations under this subsection or under contracts to which it is a party. Any liabilities of the commission are not liabilities of the party states.

(n) Final decisions of the commission shall be made, and shall be subject to judicial review, in accordance with all of the following conditions:

1. Every final decision shall be made at an open meeting of the commission. Before making a final decision, the commission shall provide an opportunity for public comment on the matter to be decided. Each final decision shall be reduced to writing and shall set forth the commission's reasons for making the decision.

2. Before making a final decision, the commission may conduct an adjudicatory hearing on the proposed decision.

3. Judicial review of a final decision shall be initiated by filing a petition in the U.S. district court for the district in which the person seeking the review resides or in which the commission's office is located not later than 60 days after issuance of the commission's written decision. Concurrently with filing the petition for review with the court, the petitioner shall serve a copy of the petition on the commission. Within 5 days after receiving a copy of the petition, the commission shall mail a copy of it to each party state and to all other persons who have notified the commission of their desire to receive copies of such petitions. Any failure of the commission to so mail copies of the petition does not affect the jurisdiction of the reviewing court. Except as otherwise provided in this subdivision, standing to obtain judicial review of final decisions of the commission and the form and scope of the review are subject to and governed by 5 USC 706.

4. If a party state seeks judicial review of a final decision of the commission that does any of the following, the facts shall be subject to trial de novo by the reviewing court unless trial de novo of the facts is affirmatively waived in writing by the party state:

- a. Imposes financial penalties on a party state.
- b. Suspends the right of a party state to have waste generated within its borders disposed of at a compact facility or at a noncompact facility made available to the region by an agreement entered into by the commission under par. (h) 6.
- c. Terminates the designation of a party state as a host state.
- d. Revokes the membership of a party state in this compact.
- e. Establishes the amounts of money that a party state that has withdrawn from this compact or had its membership in this compact revoked is required to pay under sub. (8) (e).

4m. Any trial de novo under subd. 4. of the facts shall be governed by the federal rules of civil procedure and the federal rules of evidence.

5. Preliminary, procedural or intermediate actions by the commission that precede a final decision are subject to review only in conjunction with review of the final decision.

6. Except as provided in subd. 5., actions of the commission that are not final decisions are not subject to judicial review.

(o) Unless approved by a majority of the commission, with the member from each host state in which an affected compact facility is operating or is being developed or constructed voting in the affirmative, no person shall do any of the following:

1. Import waste generated outside the region for management within the region.
2. Export waste generated within the region for disposal outside the region.
3. Manage waste generated outside the region at a facility within the region.
4. Dispose of waste generated within the region at a facility within the region that is not a compact facility.

(p) The commission shall establish a remedial action fund to pay the costs of reasonable remedial actions taken by a party state if an event results from the development, construction, operation,

closing or long-term care of a compact facility that poses a threat to human health, safety or welfare or to the environment. The amount of the remedial action fund shall be adequate to pay the costs of all reasonably foreseeable remedial actions. A party state shall notify the commission as soon as reasonably practical after the occurrence of any event that may require the party state to take a remedial action. The failure of a party state to so notify the commission does not limit the rights of the party state under this paragraph. If the moneys in the remedial action fund are inadequate to pay the costs of reasonable remedial actions, the amount of the deficiency is a liability with respect to which generators shall provide indemnification under sub. (7) (g). Generators who provide the required indemnification have the rights of contribution provided in sub. (7) (g). This paragraph applies to any remedial action taken by a party state regardless of whether the party state takes the remedial action on its own initiative or because it is required to do so by a court or regulatory agency of competent jurisdiction.

(q) If the commission makes payment from the remedial action fund provided for in par. (p), the commission is entitled to obtain reimbursement under applicable rules of law from any person who is responsible for the event giving rise to the remedial action. Such reimbursement may be obtained from a party state only if the event giving rise to the remedial action resulted from the activities of that party state as a generator of waste.

(r) If this compact is dissolved, all moneys held by the commission shall be used first to pay for any ongoing or reasonably anticipated remedial actions. Any remaining moneys shall be distributed in a fair and equitable manner to those party states that have operating or closed compact facilities within their borders and shall be added to the long-term care funds maintained by those party states.

(4) ARTICLE IV—REGIONAL DISPOSAL PLAN. The commission shall adopt and periodically update a regional disposal plan designed to ensure the safe and efficient disposal of waste generated within the region. In adopting a regional waste disposal plan the commission shall do all of the following:

(a) Adopt procedures for determining, consistent with considerations for public health and safety, the type and number of compact facilities which are presently necessary and which are projected to be necessary to dispose of waste generated within the region;

(b) Develop and adopt procedures and criteria for identifying a party state as a host state for a compact facility. In developing these criteria, the commission shall consider all of the following:

1. The health, safety and welfare of the citizens of the party states.
2. The existence of compact facilities within each party state.
3. The minimization of waste transportation.
4. The volumes and types of wastes projected to be generated within each party state.
5. The environmental impacts on the air, land and water resources of the party states.
6. The economic impacts on the party states.

(c) Conduct such hearings and obtain such reports, studies, evidence and testimony required by its approved procedures prior to identifying a party state as a host state for a needed compact facility;

(d) Prepare a draft disposal plan and any update thereof, including procedures, criteria and host states, which shall be made available in a convenient form to the public for comment. Upon the request of a party state, the commission shall conduct a public hearing in that state prior to the adoption or update of the disposal plan. The disposal plan and any update thereof shall include the commission's response to public and party state comment.

(5) ARTICLE V—RIGHTS AND OBLIGATIONS OF PARTY STATES. (a) Each party state shall act in good faith in the performance of acts and courses of conduct which are intended to ensure the pro-

vision of facilities for regional availability and usage in a manner consistent with this compact.

(b) Except for waste attributable to radioactive material or waste imported into the region in order to render the material or waste amenable to transportation, storage, disposal or recovery, or in order to convert the waste or material to another usable material, or to reduce it in volume or otherwise treat it, each party state has the right to have all wastes generated within its borders disposed of at compact facilities subject to the payment of all fees established by the host state under sub. (6) (j) and to the provisions contained in subs. (6) (L) and (s), (8) (d), (9) (d) and (10). All party states have an equal right of access to any facility made available to the region by any agreement entered into by the commission pursuant to sub. (3) (h) 6., subject to the provisions of subs. (6) (L) and (s), (8) (d) and (10).

(c) If a party state's right to have waste generated within its borders disposed of at compact facilities, or at any noncompact facility made available to the region by an agreement entered into by the commission under sub. (3) (h) 6., is suspended, no waste generated within its borders by any person shall be disposed of at any such facility during the period of the suspension.

(d) To the extent permitted by federal law, each party state may enforce any applicable federal and state laws, regulations and rules pertaining to the packaging and transportation of waste generated within or passing through its borders. Nothing in this paragraph shall be construed to require a party state to enter into any agreement with the U.S. nuclear regulatory commission.

(e) Each party state shall provide to the commission any data and information the commission requires to implement its responsibilities. Each party state shall establish the capability to obtain any data and information required by the commission.

(f) If, notwithstanding the sovereign immunity provision in sub. (7) (f) 1. and the indemnification provided for in subs. (3) (p), (6) (o) and (7) (g), a party state incurs a cost as a result of an inadequate remedial action fund or an exhausted long-term care fund, or incurs a liability as a result of an action described in sub. (7) (f) 1. and not described in sub. (7) (f) 2., the cost or liability shall be the pro rata obligation of each party state and each state that has withdrawn from this compact or had its membership in this compact revoked. The commission shall determine each state's pro rata obligation in a fair and equitable manner based on the amount of waste from each such state that has been or is projected to be disposed of at the compact facility with respect to which the cost or liability to be shared was incurred. No state shall be obligated to pay the pro rata obligation of any other state. The pro rata obligations provided for in this paragraph do not result in the creation of state debt. Rather, the pro rata obligations are contractual obligations that shall be enforced by only the commission or an affected party state.

(g) If the party states make payment pursuant to par. (f), the surcharge or fee provided for in sub. (3) (j) shall be used to collect the funds necessary to reimburse the party states for those payments. The commission shall determine the time period over which reimbursement shall take place.

(6) ARTICLE VI—DEVELOPMENT, OPERATION AND CLOSING OF COMPACT FACILITIES. (a) Any party state may volunteer to become a host state and the commission may designate that state as a host state.

(b) If not all compact facilities required by the regional disposal plan are developed pursuant to par. (a), the commission may designate a host state.

(c) After a state is designated a host state by the commission, the state is responsible for the timely development and operation of the compact facility it is designated to host. The development and operation of the compact facility shall not conflict with applicable federal and host state laws, rules and regulations, provided that the laws, rules and regulations of a host state and its political subdivisions shall not prevent, nor shall they be applied so as to prevent, the host state's discharge of the obligation set forth in this

paragraph. The obligation set forth in this paragraph is contingent upon the discharge by the commission of its obligation set forth in sub. (3) (i) 5.

(d) If a party state designated as a host state fails to discharge the obligations imposed upon it by par. (c), its host state designation may be terminated by a two-thirds vote of the commission with the member from the host state of any then-operating compact facility voting in the affirmative. A party state whose host state designation has been terminated has failed to fulfill its obligations as a host state and is subject to the provisions of sub. (8) (d).

(e) Any party state designated as a host state may request the commission to relieve that state of the responsibility to serve as a host state. Except as set forth in par. (d), the commission may relieve a party state of its responsibility only upon a showing by the requesting party state that, based upon criteria established by the commission that are consistent with any applicable federal criteria, no feasible potential compact facility site exists within its borders. A party state relieved of its host state responsibility shall repay to the commission any funds provided to that state by the commission for the development of a compact facility and also shall pay to the commission the amount the commission determines is necessary to ensure that the commission and the other party states do not incur financial loss as a result of the state being relieved of its host state responsibility. Any funds so paid to the commission with respect to the financial loss of the other party states shall be distributed forthwith by the commission to the party states that would otherwise incur the loss. In addition, until the state relieved of its responsibility is again designated as a host state and a compact facility is located in that state begins operating, it shall annually pay to the commission, for deposit in the remedial action fund, an amount the commission determines is fair and equitable in light of the fact the state has been relieved of the responsibility to host a compact facility but continues to enjoy the benefits of being a member of this compact.

(f) The host state shall select the technology for the compact facility. If requested by the commission, information regarding the technology selected by the host state shall be submitted to the commission for its review. The commission may require the host state to make changes in the technology selected by the host state if the commission demonstrates that the changes do not decrease the protection of air, land and water resources and the health and safety of all people who may be affected by the facility. If requested by the host state, any commission decision requiring the host state to make changes in the technology shall be preceded by an adjudicatory hearing in which the commission shall have the burden of proof.

(g) A host state may assign to a private contractor the responsibility, in whole or in part, to develop, construct, operate, close or provide long-term care for a compact facility. Assignment of such responsibility by a host state to a private contractor does not relieve the host state of any responsibility imposed upon it by this compact. A host state may secure indemnification from the contractor for any costs, liabilities and expenses incurred by the host state resulting from the development, construction, operation, closing or long-term care of a compact facility.

(h) To the extent permitted by federal and state law, a host state shall regulate and license any facility within its borders and ensure the long-term care of that facility.

(i) A host state shall accept waste for disposal for a period of 20 years from the date on which the compact facility in the host state becomes operational or until its capacity has been reached, whichever occurs first. At any time before the compact facility closes, the host state and the commission may enter into an agreement to extend the period during which the host state is required to accept such waste or to increase the capacity of the compact facility. Except as specifically authorized by par. (L) 4., the 20-year period shall not be extended, and the capacity of the facil-

ity shall not be increased, without the consent of the affected host state and the commission.

(j) A host state shall establish a system of fees to be collected from the users of any compact facility within its borders. The fee system, and the costs paid through the system, shall be reasonable and equitable. The fee system shall be subject to the commission's approval. The fee system shall provide the host state with sufficient revenue to pay costs associated with the compact facility including, but not limited to, operation, closing, long-term care, debt service, legal costs, local impact assistance and local financial incentives. The fee system also shall be used to collect the surcharge provided in sub. (3) (j) 2. The fee system shall include incentives for source reduction and shall be based on the hazard of the waste as well as the volume.

(k) A host state shall ensure that a compact facility located within its borders that is permanently closed is properly cared for so as to ensure protection of air, land and water resources and the health and safety of all people who may be affected by the facility.

(L) The development of subsequent compact facilities shall be as follows:

1. No compact facility shall begin operating until the commission designates the host state of the next compact facility.

2. The following actions shall be taken by the state designated to host the next compact facility within the specified number of years after the compact facility it is intended to replace begins operation:

a. Within 3 years, enact legislation providing for the development of the next compact facility.

b. Within 7 years, initiate site characterization investigations and tests to determine licensing suitability for the next compact facility.

c. Within 11 years, submit a license application for the next compact facility that the responsible licensing authority deems complete.

2m. If a host state fails to take any of the actions under subd. 2. within the specified time, all waste generated by any person within that state shall be denied access to the then-operating compact facility, and to any noncompact facility made available to the region by any agreement entered into by the commission pursuant to sub. (3) (h) 6., until the action is taken. Denial of access may be rescinded by the commission, with the member from the host state of the then-operating compact facility voting in the affirmative. A host state that fails to take any of these actions within the specified time has failed to fulfill its obligations as a host state and is subject to the provisions of par. (d) and sub. (8) (d).

3. Within 14 years after any compact facility begins operating, the state designated to host the next compact facility shall have obtained a license from the responsible licensing authority to construct and operate the compact facility that the state has been designated to host. If the license is not obtained within the specified time, all waste generated by any person within the state designated to host the next compact facility shall be denied access to the then-operating compact facility, and to any noncompact facility made available to the region by any agreement entered into by the commission pursuant to sub. (3) (h) 6., until the license is obtained. The state designated to host the next compact facility shall have failed in its obligations as a host state and shall be subject to par. (d) and sub. (8) (d). In addition, at the sole option of the host state of the then-operating compact facility, all waste generated by any person within any party state that has not fully discharged its obligations under par. (i) shall be denied access to the then-operating compact facility, and to any noncompact facility made available to the region by any agreement entered into by the commission pursuant to sub. (3) (h) 6., until the license is obtained. Denial of access may be rescinded by the commission, with the member from the host state of the then-operating compact facility voting in the affirmative.

4. If 20 years after a compact facility begins operating the next compact facility is not ready to begin operating, the state design-

ated to host the next compact facility shall have failed in its obligation as a host state and shall be subject to par. (d) and sub. (8) (d). If at the time the capacity of the then-operating compact facility has been reached, or 20 years after the facility began operating, whichever occurs first, the next compact facility is not ready to begin operating, the host state of the then-operating compact facility, without the consent of any other party state or the commission, may continue to operate the facility until a compact facility in the next host state is ready to begin operating. During any such period of continued operation of a compact facility, all waste generated by any person within the state designated to host the next compact facility shall be denied access to the then-operating compact facility and to any noncompact facility made available to the region by any agreement entered into by the commission pursuant to sub. (3) (h) 6. In addition, during such period, at the sole option of the host state of the then-operating compact facility, all waste generated by any person within any party state that has not fully discharged its obligations under par. (i) shall be denied access to the then-operating compact facility and to any noncompact facility made available to the region by any agreement entered into by the commission pursuant to sub. (3) (h) 6. Denial of access may be rescinded by the commission, with the member from the host state of the then-operating compact facility voting in the affirmative. The provisions of this subdivision shall not apply if their application is inconsistent with an agreement between the host state of the then-operating compact facility and the commission as authorized in par. (i) or inconsistent with par. (p) or (q).

5. During any period that access is denied for waste disposal pursuant to subd. 2m., 3. or 4., the party state designated to host the next compact disposal facility shall pay to the host state of the then-operating compact facility an amount the commission determines is reasonably necessary to ensure that the host state, or any agency or political subdivision thereof, does not incur financial loss as a result of the denial of access.

6. The commission may modify any of the requirements contained in subds. 2., 2m. and 3. if it finds that circumstances have changed so that the requirements are unworkable or unnecessarily rigid or no longer serve to ensure the timely development of a compact facility. The commission may adopt such a finding by a two-thirds vote, with the member from the host state of the then-operating compact facility voting in the affirmative.

(m) This compact shall not prevent an emergency closing of a compact facility by a host state to protect air, land and water resources and the health and safety of all people who may be affected by the facility. A host state that has an emergency closing of a compact facility shall notify the commission in writing within 3 working days of its action and shall, within 30 working days of its action, demonstrate justification for the closing.

(n) A party state that has fully discharged its obligations under par. (i) shall not again be designated a host state of a compact facility without its consent until each party state has been designated to host a compact facility and has fully discharged its obligations under par. (i) or has been relieved under par. (e) of its responsibility to serve as a host state.

(o) Each host state of a compact facility shall establish a long-term care fund to pay for monitoring, security, maintenance and repair of the facility after it is permanently closed. The expenses of administering the long-term care fund shall be paid out of the fund. The fee system established by the host state that establishes a long-term care fund shall be used to collect moneys in amounts that are adequate to pay for all long-term care of the compact facility. The moneys shall be deposited into the long-term care fund. Except where the matter is resolved through arbitration, the amount to be collected through the fee system for deposit into the fund shall be determined through an agreement between the commission and the host state establishing the fund. Not less than 3 years, nor more than 5 years, before the compact facility it is designated to host is scheduled to begin operating, the host state shall propose to the commission the amount to be collected through the fee system for deposit into the fund. If, 180 days after such pro-

posal is made to the commission, the host state and the commission have not agreed, either the commission or the host state may require the matter to be decided through binding arbitration. The method of administration of the fund shall be determined by the host state establishing the long-term care fund, provided that moneys in the fund shall be used only for the purposes set forth in this paragraph and shall be invested in accordance with the standards applicable to trustees under the laws of the host state establishing the fund. If, after a compact facility is closed, the commission determines the long-term care fund established with respect to that facility is not adequate to pay for all long-term care for that facility, the commission shall collect and pay over to the host state of the closed facility, for deposit into the long-term care fund, an amount determined by the commission to be necessary to make the amount in the fund adequate to pay for all long-term care of the facility. If a long-term care fund is exhausted and long-term care expenses for the facility with respect to which the fund was created have been reasonably incurred by the host state of the facility, those expenses are a liability with respect to which generators shall provide indemnification as provided in sub. (7) (g). Generators that provide indemnification shall have contribution rights as provided in sub. (7) (g).

(p) A host state that withdraws from the compact or has its membership revoked shall immediately and permanently close any compact facility located within its borders, except that the commission and a host state may enter into an agreement under which the host state may continue to operate, as a noncompact facility, a facility within its borders that, before the host state withdrew or had its membership revoked, was a compact facility.

(q) If this compact is dissolved, the host state of any then-operating compact facility shall immediately and permanently close the facility, provided that a host state may continue to operate a compact facility or resume operating a previously closed compact facility, as a noncompact facility, subject to all of the following requirements:

1. The host state shall pay to the other party states the portion of the funds provided to that state by the commission for the development, construction, operation, closing or long-term care of a compact facility that is fair and equitable, taking into consideration the period of time the compact facility located in that state was in operation and the amount of waste disposed of at the facility, provided that a host state that has fully discharged its obligations under par. (i) shall not be required to make such payment.

2. The host state shall physically segregate waste disposed of at the facility after this compact is dissolved from waste disposed of at the facility before this compact is dissolved.

3. The host state shall indemnify and hold harmless the other party states from all costs, liabilities and expenses, including reasonable attorney fees and expenses, caused by operating the facility after this compact is dissolved, provided that this indemnification and hold-harmless obligation shall not apply to costs, liabilities and expenses resulting from the activities of a host state as a generator of waste.

4. Moneys in the long-term care fund established by the host state that are attributable to the operation of the facility before this compact is dissolved, and investment earnings thereon, shall be used only to pay the cost of monitoring, securing, maintaining or repairing that portion of the facility used for the disposal of waste before this compact is dissolved. Such moneys and investment earnings, and any moneys added to the long-term care fund through a distribution authorized by sub. (3) (r), also may be used to pay the cost of any remedial action made necessary by an event resulting from the disposal of waste at the facility before this compact is dissolved.

(r) Financial statements of a compact facility shall be prepared according to generally accepted accounting principles. The commission may require the financial statements to be audited on an

annual basis by a firm of certified public accountants selected and paid by the commission.

(s) Waste may be accepted for disposal at a compact facility only if the generator of the waste has signed, and there is on file with the commission, an agreement to provide indemnification to a party state, or employee of that state, for all of the following:

1. Any cost of a remedial action described in sub. (3) (p) that, due to inadequacy of the remedial action fund, is not paid as set forth in that provision.

2. Any expense for long-term care described in par. (o) that, due to exhaustion of the long-term care fund, is not paid as set forth in that provision.

3. Any liability for damages to persons, property or the environment incurred by a party state, or employee of that state while acting within the scope of employment, resulting from the development, construction, operation, regulation, closing or long-term care of a compact facility, or any noncompact facility made available to the region by any agreement entered into by the commission pursuant to sub. (3) (h) 6., or any other matter arising from this compact. The agreement also shall require generators to indemnify the party state or employee against all reasonable attorney fees and expenses incurred in defending any action for such damages. This indemnification shall not extend to liability based on any of the following:

- a. The activities of the party states as generators of waste.

- b. The obligations of the party states to each other and the commission imposed by this compact or other contracts related to the disposal of waste under this compact.

- c. Activities of a host state or employees thereof that are grossly negligent or willful and wanton.

(t) The agreement under par. (s) shall provide that the indemnification obligation of generators shall be joint and several, except that the indemnification obligation of the party states with respect to their activities as generators of waste shall not be joint and several, but instead shall be prorated according to the amount of waste that each state had disposed of at the compact facility giving rise to the liability. Such proration shall be calculated as of the date of the event giving rise to the liability. The agreement shall be in a form approved by the commission with the member from the host state of any then-operating compact facility voting in the affirmative. Among generators there shall be rights of contribution based on equitable principles and generators shall have rights of contribution against any other person responsible for such damages under common law, statute, rule or regulation, provided that a party state that through its own activities did not generate any waste disposed of at the compact facility giving rise to the liability, an employee of such a party state and the commission shall have no such contribution obligation. The commission may waive the requirement that the party state sign and file such an indemnification agreement as a condition to being able to dispose of waste generated as a result of the party state's activities. Such a waiver shall not relieve a party state of the indemnification obligation imposed by sub. (7) (g).

(7) ARTICLE VII—OTHER LAWS AND REGULATIONS. (a) Nothing in this compact:

1. Abrogates or limits the applicability of any act of congress or diminishes or otherwise impairs the jurisdiction of any federal agency expressly conferred thereon by the congress;

2. Prevents the enforcement of any other law of a party state which is not inconsistent with this compact;

3. Prohibits any generator from storing or treating, on its own premises, waste generated by it within the region;

4. Affects any administrative or judicial proceeding pending on the effective date of this compact;

5. Alters the relations between and the respective internal responsibility of the government of a party state and its subdivisions;

6. Affects the generation, treatment, storage or disposal of waste generated by the atomic energy defense activities of the secretary of the U.S. department of energy or successor agencies or federal research and development activities as described in [42 USC 2021](#);

7. Affects the rights and powers of any party state or its political subdivisions, to the extent not inconsistent with this compact, to regulate and license any facility or the transportation of waste within its borders.

8. Requires a party state to enter into any agreement with the U.S. nuclear regulatory commission.

9. Limits, expands or otherwise affects the authority of a state to regulate low-level radioactive waste classified by any agency of the U.S. government as “below regulatory concern” or otherwise exempt from federal regulation.

(b) If a court of the United States finally determines that a law of a party state conflicts with this compact, this compact shall prevail to the extent of the conflict. The commission shall not commence an action seeking such a judicial determination unless commencement of the action is approved by a two-thirds vote of the membership of the commission.

(c) Except as authorized by this compact, no law, rule or regulation of a party state or of any of its subdivisions or instrumentalities may be applied in a manner which discriminates against the generators of another party state.

(d) Except as provided in par. (f) and sub. (3) (m), no provision of this compact shall be construed to eliminate or reduce in any way the liability or responsibility, whether arising under common law, statute, rule or regulation, of any person for penalties, fines or damages to persons, property or the environment resulting from the development, construction, operation, closing or long-term care of a compact facility, or any noncompact facility made available to the region by any agreement entered into by the commission pursuant to sub. (3) (h) 6., or any other matter arising from this compact. The provisions of this compact shall not alter otherwise applicable laws relating to compensation of employees for workplace injuries.

(e) Except as provided in [28 USC 1251](#) (a), the district courts of the United States have exclusive jurisdiction to decide cases arising under this compact. This paragraph does not apply to proceedings within the jurisdiction of state or federal regulatory agencies nor to judicial review of proceedings before state or federal regulatory agencies. This paragraph shall not be construed to diminish other laws of the United States conferring jurisdiction on the courts of the United States.

(f) For the purposes of activities pursuant to this compact, the sovereign immunity of party states and employees of party states shall be as follows:

1. A party state or employee thereof, while acting within the scope of employment, shall not be subject to suit or held liable for damages to persons, property or the environment resulting from the development, construction, operation, regulation, closing or long-term care of a compact facility, or any noncompact facility made available to the region by any agreement entered into by the commission pursuant to sub. (3) (h) 6. This applies whether the claimed liability of the party state or employee is based on common law, statute, rule or regulation.

2. The sovereign immunity granted in subd. 1. does not apply to any of the following:

a. Actions based upon the activities of the party states as generators of waste. With regard to those actions, the sovereign immunity of the party states shall not be affected by this compact.

b. Actions based on the obligations of the party states to each other and the commission imposed by this compact or other contracts related to the disposal of waste under this compact. With

regard to those actions, the party states shall have no sovereign immunity.

c. Actions against a host state, or employee thereof, when the host state or employee acted in a grossly negligent or willful and wanton manner.

(g) If in any action described in par. (f) 1. and not described in par. (f) 2. it is determined that, notwithstanding par. (f) 1., a party state, or employee of that state who acted within the scope of employment, is liable for damages or has liability for other matters arising under this compact as described in sub. (6) (s) 3., the generators who caused waste to be placed at the compact facility with respect to which the liability was incurred shall indemnify the party state or employee against that liability. Those generators also shall indemnify the party state or employee against all reasonable attorney fees and expenses incurred in defending against any such action. The indemnification obligation of generators under this paragraph shall be joint and several, except that the indemnification obligation of party states with respect to their activities as generators of waste shall not be joint and several, but instead shall be prorated according to the amount of waste each state has disposed of at the compact facility giving rise to the liability. Among generators, there shall be rights of contribution based upon equitable principles and generators shall have rights of contribution against any other person responsible for such damages under common law, statute, rule or regulation. A party state that through its own activities did not generate any waste disposed of at the compact facility giving rise to the liability, an employee of such a party state and the commission shall have no contribution obligation under this paragraph. This paragraph shall not be construed as a waiver of the sovereign immunity provided for in par. (f) 1.

(h) The sovereign immunity of a party state provided for in par. (f) 1. shall not be extended to any private contractor assigned responsibilities as authorized in sub. (6) (g).

(8) ARTICLE VIII—ELIGIBLE PARTIES, WITHDRAWAL, REVOCATION, SUSPENSION OF ACCESS, ENTRY INTO FORCE AND TERMINATION. (a) Any state may petition the commission to be eligible for membership in the compact. The commission may establish appropriate eligibility requirements. These requirements may include, but are not limited to, an eligibility fee or designation as a host state. A petitioning state becomes eligible for membership in the compact upon the approval of the commission, including the affirmative vote of the member from each host state in which a compact facility is operating or being developed or constructed. Any state becoming eligible upon the approval of the commission becomes a member of the compact when the state enacts this compact into law and pays the eligibility fee established by the commission.

(b) The commission is formed upon the appointment of commission members and the tender of the membership fee payable to the commission by 3 party states. The governor of the first state to enact this compact shall convene the initial meeting of the commission. The commission shall cause legislation to be introduced in the congress which grants the consent of the congress to this compact, and shall take action necessary to organize the commission and implement the provision of this compact.

(c) A party state that has fully discharged its obligations under sub. (6) (i), or has been relieved under sub. (6) (e) of its responsibilities to serve as a host state, may withdraw from this compact by repealing the authorizing legislation and by receiving the unanimous consent of the commission. Withdrawal takes effect on the date specified in the commission resolution consenting to withdrawal. All legal rights of the withdrawn state established under this compact, including, but not limited to, the right to have waste generated within its borders disposed of at compact facilities, cease upon the effective date of withdrawal, but any legal obligations of that party state under this compact, including, but not limited to, those set forth in par. (e) continue until they are fulfilled.

(d) Any party state that fails to comply with the terms of this compact or fails to fulfill its obligations may have reasonable

financial penalties imposed against it, the right to have waste generated within its borders disposed of at compact facilities, or any noncompact facility made available to the region by any agreement entered into by the commission pursuant to sub. (3) (h) 6., suspended or its membership in the compact revoked by a two-thirds vote of the commission, provided that the membership of the party state designated to host the next compact facility shall not be revoked unless the member from the host state of any then-operating compact facility votes in the affirmative. Revocation takes effect on the date specified in the resolution revoking the party state's membership. All legal rights of the revoked party state established under this compact, including, but not limited to, the right to have waste generated within its borders disposed of at compact facilities, cease upon the effective date of revocation but any legal obligations of that party state under this compact, including, but not limited to, those set forth in par. (e), continue until they are fulfilled. The chairperson of the commission shall transmit written notice of a revocation of a party state's membership in the compact, suspension of a party state's waste disposal rights or imposition of financial penalties immediately following the vote of the commission to the governor of the affected party state, the governors of all the other party states and the congress of the United States.

(e) A party state that withdraws from this compact or has its membership in the compact revoked before it has fully discharged its obligations under sub. (6) forthwith shall repay to the commission the portion of the funds provided to that state by the commission for the development, construction, operation, closing or long-term care of a compact facility that the commission determines is fair and equitable, taking into consideration the period of time the compact facility located in that host state was in operation and the amount of waste disposed of at the facility. If at any time after a compact facility begins operating a party state withdraws from the compact or has its membership revoked, the withdrawing or revoked party state shall be obligated forthwith to pay to the commission the amount the commission determines would have been paid under the fee system established by the host state of the facility to dispose of at the facility the estimated volume of waste generated in the withdrawing or revoked party state that would have been disposed of at the facility from the time of withdrawal or revocation until the time the facility is closed. Any funds so paid to the commission shall be distributed by the commission to the persons who would have been entitled to receive the funds had they originally been paid to dispose of waste at the facility. Any person receiving such funds from the commission shall apply the funds to the purposes to which they would have been applied had they originally been paid to dispose of waste at the compact facility. In addition, a withdrawing or revoked party state forthwith shall pay to the commission an amount the commission determines to be necessary to cover all other costs and damages incurred by the commission and the remaining party states as a result of the withdrawal or revocation. This paragraph shall be construed and applied so as to eliminate any decrease in revenue resulting from withdrawal of a party state or revocation of a party state's membership, to eliminate financial harm to the remaining party states and to create an incentive for party states to continue as members of the compact and to fulfill their obligations.

(f) Any party state whose right to have waste generated within its borders disposed of at compact facilities is suspended by the commission shall pay to the host state of the compact facility to which access has been suspended the amount that the commission determines is reasonably necessary to ensure that the host state, or any political subdivision thereof, does not incur financial loss as a result of the suspension of access.

(g) This compact becomes effective upon enactment by at least 3 eligible states and consent to this compact by the congress. The consent given to this compact by the congress shall extend to any future admittance of new party states and to the power of the commission to regulate the shipment and disposal of waste and disposal of naturally occurring and accelerator-produced radioac-

tive material pursuant to this compact. Amendments to this compact are effective when enacted by all party states and, if necessary, consented to by the congress. To the extent required by section (4) (d) of "The Low-Level Radioactive Waste Policy Amendments Act of 1985", every 5 years after this compact has taken effect, the congress by law may withdraw its consent.

(h) The withdrawal of a party state from this compact, the suspension of waste disposal rights, the termination of a party state's designation as a host state or the revocation of a state's membership in this compact does not affect the applicability of this compact to the remaining party states.

(i) This compact may be dissolved and the obligations arising under this compact may be terminated only as follows:

1. Through unanimous agreement of all party states expressed in duly enacted legislation.

2. Through withdrawal of consent to this compact by the congress under [article 1, section 10, of the U.S. constitution](#), in which case dissolution shall take place 120 days after the effective date of the withdrawal of consent.

(j) Unless explicitly abrogated by the state legislation dissolving this compact, or if dissolution results from withdrawal of congressional consent, the limitations on the investment and use of long-term care funds in sub. (6) (o) and (q) 4., the contractual obligations in sub. (5) (f), the indemnification obligations and contribution rights in subs. (6) (o), (s) and (t) and (7) (g) and the operation rights and indemnification and hold-harmless obligations in sub. (6) (q) shall remain in force notwithstanding dissolution of this compact.

(9) ARTICLE IX—PENALTIES AND ENFORCEMENT. (a) Each party state shall prescribe and enforce penalties against any person who is not an official of another state for violation of any provision of this compact.

(b) The parties to this compact intend that the courts of the United States shall specifically enforce the obligations, including the obligations of party states and revoked or withdrawn party states, established by this compact.

(c) The commission or an affected party state or both may obtain injunctive relief or recover damages or both to prevent or remedy violations of this compact.

(d) Each party state acknowledges that the transport into a host state of waste packaged or transported in violation of applicable laws, rules and regulations may result in the imposition of sanctions by the host state which may include reasonable financial penalties assessed against any generator, transporter or collector responsible for the violation or may include suspension or revocation of access to the facility in the host state by any generator, transporter or collector responsible for the violation.

(e) Each party state has the right to seek legal recourse against any party state which acts in violation of this compact.

(f) This compact shall not be construed to create any cause of action for any person other than a party state or the commission. Nothing in this paragraph shall limit the right of judicial review set forth in sub. (3) (n) 3. or the rights of contribution set forth in subs. (3) (p), (6) (o), (s) and (t) and (7) (g).

(10) ARTICLE X—SEVERABILITY AND CONSTRUCTION. The provisions of this compact shall be severable and if any provision of this compact is finally determined by a court of competent jurisdiction to be contrary to the constitution of any participating state or of the United States or the application thereof to any person or circumstance is held invalid, the validity of the remainder of this compact to that person or circumstance and the applicability of the entire compact to any other person or circumstance shall not be affected thereby. If any provision of this compact shall be held contrary to the constitution of any state participating therein, the compact shall remain in full force and effect as to the state affected as to all severable matters. If any provision of this compact imposing a financial obligation upon a party state, or a state that has withdrawn from this compact or had its membership in this com-

pact revoked, is finally determined by a court of competent jurisdiction to be unenforceable due to the state's constitutional limitations on its ability to pay the obligation, then that state shall use its best efforts to obtain an appropriation to pay the obligation, and, if the state is a party state, its right to have waste generated within its borders disposed of at compact facilities, or any non-compact facility made available to the region by any agreement entered into by the commission pursuant to sub. (3) (h) 6., shall be suspended until the appropriation is obtained.

16.115 Fees. (1) The department shall establish by rule a schedule of annual fees to be paid by nuclear power plant operators and shall collect the fees until a regional facility operated under s. 16.11 begins accepting waste for disposal. The fees shall be based on the number of nuclear reactors at each plant and shall cover 75% of the state's costs enumerated in sub. (3) incurred prior to the acceptance of waste at the facility.

(2) The department shall establish by rule a schedule of annual fees to be paid by generators, as defined under s. 16.11 (2) (j), who use a compact facility, as defined in s. 16.11 (2) (d), or a noncompact facility made available by an agreement entered into under s. 16.11 (3) (h) 6. for disposal, and, beginning with the operation of the facility, the department shall collect the fees. The fees shall be based on the volume and hazard of waste generated and shall cover the costs enumerated under sub. (3) which are incurred before and after the acceptance of waste for disposal at the facility. Any nuclear power plant operator who has paid a fee under sub. (1) shall receive credit on the fees required of the operator under this subsection at a rate determined by the department so that, over the first 5 years of the collection of fees under this subsection, the power plant operator receives total credits equal to the fees paid under sub. (1). In addition to covering the costs enumerated under sub. (3), the fees established under this subsection for the first 5 years after the acceptance of waste for disposal at the facility shall be sufficient to repay the loan from the general fund made under s. 20.505 (1) (b), and the secretary shall lapse moneys from the appropriation under s. 20.505 (1) (g) to the general fund for that purpose over the 5-year period.

(3) The fees established under subs. (1) and (2) shall cover all of the following costs:

(a) The costs of state agencies in assisting the midwest interstate low-level radioactive waste commission member representing this state.

(b) The actual and necessary expenses of the commissioner in the performance of his or her duties.

(d) The costs of membership in and costs associated with the midwest interstate low-level radioactive waste compact.

16.12 Violation of midwest interstate low-level radioactive waste compact. (1) Except as provided in sub. (2), any person, other than an official of another state, who violates any provision of the midwest interstate low-level radioactive waste compact under ss. 16.11 to 16.13 shall forfeit not more than \$1,000.

(2) The sole remedies against the state, other than in its capacity as a generator, for a violation of any provision of the midwest interstate low-level radioactive waste compact under s. 16.11 are the remedies provided in s. 16.11.

History: 1983 a. 393; 1995 a. 115.

16.13 Data collection. Upon the request of the midwest interstate low-level radioactive waste commission member representing the state, the department may require a generator, as defined under s. 16.11 (2) (j), to provide information necessary for the member to discharge his or her duties under s. 16.11.

b. The cost of disposing of processed material.

2. The department of natural resources may on its own initiative grant a variance to a requirement under par. accordance with the estimate that is submitted to the secretary as provided in sub. (1) and approved by the secretary or the governor.

(b) No change in the number of full-time equivalent positions authorized through the biennial budget process or other legislative act may be made without the approval of the joint committee on finance, except for position changes made by the governor under s. 16.505 (1) (c) or (2), by the University of Wisconsin Hospitals and Clinics Board under s. 16.505 (2n), or by the board of regents of the University of Wisconsin System under s. 16.505 (2m) or (2p).

(c) The secretary may withhold, in total or in part, the funding for any position, as defined in s. 230.03 (11), as well as the funding for part-time or limited term employees until such time as the secretary determines that the filling of the position or the expending of funds is consistent with s. 16.505 and with the intent of the legislature as established by law or in budget determinations, or the intent of the joint committee on finance in creating or abolishing positions under s. 13.10, the intent of the governor in creating or abolishing positions under s. 16.505 (1) (c) or (2), or the intent of the board of regents of the University of Wisconsin System in creating or abolishing positions under s. 16.505 (2m) or (2p). Until the release of funding occurs, recruitment or certification for the position may not be undertaken.

(d) The secretary shall submit a quarterly report to the joint committee on finance of any position changes made by the governor under s. 16.505 (1) (c).

(e) No pay increase may be approved unless it is at the rate or within the pay ranges prescribed in the compensation plan or as provided in a collective bargaining agreement under subch. V of ch. 111.

(f) At the request of the director of the office of state employment relations, the secretary of administration may authorize the temporary creation of pool or surplus positions under any source of funds if the director determines that temporary positions are necessary to maintain adequate staffing levels for high turnover classifications, in anticipation of attrition, to fill positions for which recruitment is difficult. Surplus or pool positions authorized by the secretary shall be reported quarterly to the joint committee on finance in conjunction with the report required under s. 16.54 (8).

(4) APPEALS TO GOVERNOR. Any department feeling itself aggrieved by the refusal of the secretary to approve any estimate, or any item therein, may appeal from the secretary's decision to the governor, who, after a hearing and such investigation as the governor deems necessary, may set aside or modify such decision.

(5) DISBURSEMENTS. The secretary may not draw a warrant for payment of any expenditures incurred by any department nor may any department make any expenditure for which the approval of the secretary or the governor is necessary under this section, including any expenditure under s. 20.867, unless the expenditure was made in accordance with an estimate submitted to and approved by the secretary or by the governor. In the event that the secretary determines that previously authorized expenditures will exceed revenues in the current or forthcoming fiscal year by more than 0.5% of the estimated general purpose revenue appropriations for that fiscal year, he or she may not decline to approve an estimate or to draw a warrant under this subsection, but shall instead proceed under sub. (7).

(5m) UNIVERSITY INDIRECT COST REIMBURSEMENTS. Subsections (2) to (5) do not apply to expenditures authorized under s. 20.285 (2) (i).

(6) PROPORTIONAL SPENDING. If the secretary determines that expenditures of general purpose or segregated fund revenues are utilized to match revenues received under s. 16.54 or 20.001 (2) (b) for the purposes of combined program expenditure, the secretary may require that disbursements of the general purpose revenue and corresponding segregated revenue be in direct proportion to the amount of program revenue or corresponding segregated

revenue which is available or appropriated in ch. 20 or as condition of a grant or contract. If the secretary makes such a determination, the agency shall incorporate the necessary adjustments into the expenditure plans provided for in sub. (1).

(7) REVENUE SHORTFALL. (a) If following the enactment of the biennial budget act in any biennium the secretary determines that previously authorized expenditures will exceed revenues in the current or forthcoming fiscal year by more than one-half of one percent of the estimated general purpose revenue appropriations for that fiscal year, he or she may not take any action under sub. (2) and shall immediately notify the governor, the presiding officers of each house of the legislature and the joint committee on finance.

(b) Following such notification, the governor shall submit a bill containing his or her recommendations for correcting the imbalance between projected revenues and authorized expenditures, including a recommendation as to whether moneys should be transferred from the budget stabilization fund to the general fund. If the legislature is not in a floorperiod at the time of the secretary's notification, the governor shall call a special session of the legislature to take up the matter of the projected revenue shortfall and the governor shall submit his or her bill for consideration at that session.

No later than the last day of the month following completion of each calendar quarter, the board of regents shall report to the department and the cochairpersons of the joint committee on finance concerning the number of full-time equivalent positions created or abolished by the board under this subsection during the preceding calendar quarter and the source of funding for each such position.

(a) that is permitted under the memorandum of understanding entered into under par. (b).

(3) If the secretary determines that the expenditure estimate established under s. 16.50 (1) for any agency so warrants, the secretary may require an agency to seek prior approval to expend funds for any position, including limited term employment. The secretary may also require any agency except a judicial branch

agency or legislative service agency to comply with the procedures for entering position information for its employees, including limited term employees, into the information system established under s. 16.004 (7).

(2) Upon reviewing the reports submitted under sub. The report shall contain information concerning any encumbrances made by agencies attributable to a program

revenue appropriation or appropriation of segregated revenues from program receipts that are in excess of the moneys, assets or accounts receivable under s. 20.903 (2) required to remove the liabilities created by the encumbrances.

(b) The department may approve, disapprove, or approve with modifications each plan submitted by an agency under par. (a). If the department approves a plan, or approves a plan with modifications, the department shall forward the plan to the joint committee on finance. If the cochairpersons of the joint committee on finance do not notify the secretary that the committee has scheduled a meeting for the purpose of reviewing the proposed plan within 14 working days after the date of the secretary’s submittal, any portion of the plan that does not require the action of the legislature or the action of the committee under another law may be implemented. If, within 14 working days after the date of the secretary’s submittal, the cochairpersons of the joint committee on finance notify the secretary that the committee has scheduled a meeting for the purpose of reviewing the proposed plan, no part of the plan may be implemented without the approval of the committee in accordance with applicable law, or without the approval of the legislature if legislative approval is required.

(1) The secretary may supplement any sum certain program revenue or program revenue–service appropriation which the secretary determines is insufficient because of unforeseen emergencies or insufficient to accomplish the purpose for which made, if the secretary finds that an emergency exists, no funds are available for such purposes and the purposes for which a supplemental appropriation is requested have been authorized or directed by the legislature. If the secretary proposes to supplement such an appropriation, the secretary shall notify the joint committee on finance in writing of the proposed action. The secretary may proceed with the proposed action if within 14 working days of the notification the committee does not schedule a meeting for the purpose of reviewing the secretary’s proposed action. If the committee schedules a meeting for the purpose of reviewing the proposed action, the action shall not take effect unless the committee approves the action.

(2) All supplements proposed under this section which are not acted upon by the committee shall be paid from the appropriation under s. 20.865 (8) (g).

16.517 Adjustments of program revenue positions and funding levels. (1) No later than 30 days after the effective date of each biennial budget act, the department shall provide to the joint committee on finance a report indicating any initial modifications that are necessary to the appropriation levels estab-

lished under that act for program revenue and program revenue–service appropriations as defined in s. 20.001 (2) (b) and (c) or to the number of full–time equivalent positions funded from program revenue and program revenue–service appropriations authorized by that act to account for any additional funding or positions authorized under s. 16.505 (2) or (2m) or 16.515 in the fiscal year immediately preceding the fiscal biennium of the budget that have not been included in authorizations under the biennial budget act but that should be included as continued budget authorizations in the fiscal biennium of the budget.

(2) Modifications under sub. 16.518 Transfers to the budget stabilization fund.

(1) In this section, “summary” means the amount shown in the summary in s. 20.005 (1), as published in the biennial budget act or acts.

(2) Annually, the secretary shall calculate the difference between the amount of moneys projected to be deposited in the general fund during the fiscal year that are designated as “Taxes” in the summary and the amount of such moneys actually deposited in the general fund during the fiscal year.

(3) (a) Subject to par. (b), if the amount of moneys projected to be deposited in the general fund during the fiscal year that are designated as “Taxes” in the summary is less than the amount of such moneys actually deposited in the general fund during the fiscal year, the secretary shall annually transfer from the general fund to the budget stabilization fund 50% of the amount calculated under sub. (2).

(b) 1. If the balance of the budget stabilization fund on June 30 of the fiscal year is at least equal to 5% of the estimated expenditures from the general fund during the fiscal year, as reported in the summary, the secretary may not make the transfer under par. (a).

2. If the amount transferred under par. (a) would cause the general fund balance on June 30 of the fiscal year to be less than the general fund balance that is required under s. 20.003 (4) for that fiscal year, the secretary shall reduce the amount transferred under par. (a) to the amount that would cause the general fund balance to be equal to the minimum general fund balance that is required under s. 20.003 (4) for that fiscal year.

16.519 Fund transfers relating to tobacco settlement agreement. (1) In this section, “tobacco settlement agreement” means the Attorneys General Master Tobacco Settlement Agreement of November 23, 1998.

(4) If the state has not received in fiscal year 2002–03 at least \$15,345,100 under the tobacco settlement agreement, because the secretary, under s. 16.63, has sold the state’s right to receive any of the payments under the tobacco settlement agreement, the secretary shall transfer from the general fund to the tobacco control fund an amount equal to \$15,345,100 less any payments received

under the tobacco settlement agreement and deposited in the tobacco control fund in that fiscal year.

History: 2001 a. 16; 2003 a. 33.

16.52 Accounting. The department of administration shall:

(1) **KEEP SEPARATE ACCOUNTS.** Keep in its office separate accounts of the revenues and funds of the state, and of all moneys and funds received or held by the state, and also of all encumbrances, expenditures, disbursements and investments thereof, showing the particulars of every encumbrance, expenditure, disbursement and investment.

(2) **REVENUE ACCOUNTS.** Place revenue estimates on the books of accounts and credit actual receipts against them as of the last day of each quarter. Except as provided in s. 20.002 (2), any receipts applying to a prior fiscal year received between the day after the date for closing of books specified by the secretary under sub. (5) (a) and the next succeeding such date specified by the secretary shall be credited by the secretary to the fiscal year following the year to which the receipts apply. Except in the case of program revenue and continuing appropriations, any refund of a disbursement to a general purpose revenue appropriation, applicable to any prior fiscal year, received between these dates may not be credited to any appropriation but shall be considered as a nonappropriated receipt. General purpose revenue (GPR) earned, as defined in s. 20.001 (4) is not available for expenditure, whether or not applied to the fiscal year in which received.

(3) **KEEP APPROPRIATION ACCOUNTS.** Keep separate accounts of all appropriations authorizing expenditures from the state treasury, which accounts shall show the amounts appropriated, the amounts allotted, the amounts encumbered, the amounts expended, the allotments unencumbered and the unallotted balance of each appropriation.

(5) **ENCUMBRANCES AND CHARGES FOR PRIOR FISCAL YEAR.** (a) On a date specified by the secretary within 7 days of July 31 of each fiscal year, all outstanding encumbrances against an appropriation entered for the previous fiscal year shall be transferred by the secretary as encumbrances against the appropriation for the current fiscal year, and an equivalent prior year appropriation balance shall also be forwarded to the current year by the secretary. Payments made on previous year encumbrances forwarded shall be charged to the current fiscal year. All other charges incurred during any previous fiscal year, and not evidenced by encumbrances, which are presented for payment between the day after the date specified by the secretary under this paragraph in any fiscal year and the date specified by the secretary under this paragraph in the next succeeding fiscal year shall be entered as charges in the fiscal year following the year in which the charges are incurred. The requirements of this paragraph may be waived in whole or in part by the secretary with the advice of the state auditor on appropriations other than general purpose revenue appropriations and corresponding segregated revenue appropriations.

(b) After the date specified by the secretary under par. (a), agencies shall be allowed not to exceed one month for reconciling prior year balances, correcting errors and certifying necessary adjustments to the department. No prior year corrections shall be permitted after that date, it being incumbent upon all agencies to completely reconcile their records with the department by that date. Each agency shall delegate to some individual the responsibility of reconciling its accounts as herein provided and shall certify the individual’s name to the secretary. As soon as a reconciliation has been effected, the agency shall advise the secretary in writing of such fact and shall forward to the secretary a copy of such reconciliation. If any agency fails to reconcile its accounts as provided in this subsection, the person responsible for such reconciliation shall not be entitled to any further compensation for salary until such reconciliation is effected. With the approval of the state auditor any agency which relies extensively on central accounting records may be permitted by the secretary to file a statement of agreement in lieu of a reconciliation on all or part of its accounts.

(c) In addition to the annual reconciliation of accounts required by par. (b), the secretary may request any state agency to reconcile its accounts with those of the department at such other times as the secretary deems necessary. The manner and form of the reconciliation shall be determined by the secretary.

(6) PRIOR APPROVAL OF PURCHASE ORDERS, ETC. (a) Except as authorized in s. 16.74, all purchase orders, contracts, or printing orders for any agency, as defined in s. 16.70 (1e), shall, before any liability is incurred thereon, be submitted to the secretary for his or her approval as to legality of purpose and sufficiency of appropriated and allotted funds therefor. In all cases the date of the contract or order governs the fiscal year to which the contract or order is chargeable, unless the secretary determines that the purpose of the contract or order is to prevent lapsing of appropriations or to otherwise circumvent budgetary intent. Upon such approval, the secretary shall immediately encumber all contracts or orders, and indicate the fiscal year to which they are chargeable.

(b) Pursuant to s. 16.72 and subject to ss. 16.53 and 20.903 local purchases may be made or miscellaneous expenses incurred by any state department.

(c) Any department feeling itself aggrieved by the refusal of the secretary to approve any proposed encumbrance or payment under this section or s. 16.53 may appeal from the secretary's decision to the governor, who, after a hearing and such investigation as the governor deems necessary, may set aside or modify such decision.

(7) PETTY CASH ACCOUNT. Petty cash account. With the approval of the secretary, each agency that is authorized to maintain a contingent fund under s. 20.920 may establish a petty cash account from its contingent fund. The procedure for operation and maintenance of petty cash accounts and the character of expenditures therefrom shall be prescribed by the secretary. In this subsection, "agency" means an office, department, independent agency, institution of higher education, association, society, or other body in state government created or authorized to be created by the constitution or any law, that is entitled to expend moneys appropriated by law, including the legislature and the courts, but not including an authority created in subch. II of ch. 114 or subch. III of ch. 149 or in ch. 231, 233, 234, 237, or 279.

(8) REFUND ACCOUNTS. The secretary shall promulgate rules permitting agencies, authorized to do so by the governor, to issue checks, share drafts or other drafts to refund amounts not to exceed \$5 each. The secretary may establish petty cash funds for such agencies for the purpose of paying refunds.

(9) SECRETARY TO REQUIRE ACCOUNTS OF STATE MONEY, ETC. The secretary shall require all persons receiving money or securities or having the disposition or management of any property of the state, of which an account is kept in the secretary's office, to render statements thereof to the secretary; and all such persons shall render such statements at such time and in such form as the secretary shall require.

(10) DEPARTMENT OF PUBLIC INSTRUCTION. The provisions of sub. (2) with respect to refunds and sub. (5) (a) with respect to reimbursements for the prior fiscal year shall not apply to the appropriation under s. 20.255 (2) (ac).

(11) SECRETARY TO ALLOCATE DEPARTMENTAL CENTRAL SERVICES COSTS. The secretary may allocate and charge, and may prescribe the procedures for departments to allocate and charge, the central services costs of the department of administration or of individual departments to selected federal grants or contracts. The charges to departments for the central services costs incurred by the department of administration and the indirect costs incurred by the departments in the administration of federally-aided programs under grants or contracts shall be made in accordance with the procedures adopted by the secretary.

(12) DATE FOR INTERFUND TRANSFERS. Whenever it is provided by law for a transfer of moneys to be made from one fund to another fund and no date is specified for the transfer to be made,

determine a date on which the transfer shall be made or provide for partial transfers to be made on different dates, and transfer the moneys in accordance with its determination.

3. The department may contract appropriation obligations as the department determines is desirable to fund or refund outstanding appropriation obligations issued under this section, to pay issuance or administrative expenses, to make deposits to reserve funds, to pay accrued or funded interest, to pay the costs of credit enhancement, or to make payments under other agreements entered into under sub. (4) (e).

(c) 1. Before July 1, 2009, subject to the limitation under subd. 2., the department may contract appropriation obligations of the state under this section for the purpose of purchasing any of the tobacco settlement revenues that had been sold by the secretary under s. 16.63.

The secretary’s certification as to the amount so required shall be conclusive for all purposes of this section.

(4) TERMS. (a) Money may be borrowed and evidences of appropriation obligation issued therefor pursuant to one or more written authorizing certifications under sub. (5), unless otherwise provided in the certification, at any time, in any specific amounts, at any rates of interest, for any term, payable at any intervals, at any place, in any manner, and having any other terms or conditions that the department considers necessary or useful. Appropriation obligations may bear interest at variable or fixed rates, bear no interest, or bear interest payable only at maturity or upon redemption prior to maturity.

(b) The department may authorize evidences of appropriation obligation having any provisions for prepayment considered necessary or useful, including the payment of any premium.

(c) Interest shall cease to accrue on an appropriation obligation on the date that the obligation becomes due for payment if payment is made or duly provided for, but the obligation and accrued interest shall continue to be a binding obligation according to its terms until 6 years overdue for payment, or such longer period as may be required by federal law. At that time, unless demand for its payment has been made, it shall be extinguished and considered no longer outstanding.

(d) All money borrowed by the state pursuant to evidences of appropriation obligation issued under this section shall be lawful money of the United States, and all appropriation obligations shall be payable in such money.

(e) Subject to pars. (h) and (i), at the time of, or in anticipation of, contracting for the appropriation obligations and at any time thereafter so long as the appropriation obligations are outstanding, the department may enter into agreements and ancillary arrangements relating to the appropriation obligations, including trust

indentures, liquidity facilities, remarketing or dealer agreements, letter of credit agreements, insurance policies, guaranty agreements, reimbursement agreements, indexing agreements, or interest exchange agreements. Any payments made or received pursuant to any such agreement or ancillary arrangement shall be made from or deposited as provided in the agreement or ancillary arrangement. The determination of the department included in an interest exchange agreement that such agreement relates to an appropriation obligation shall be conclusive.

(f) All evidences of appropriation obligation owned or held by any state fund are outstanding in all respects and the state agency controlling the fund shall have the same rights with respect to an evidence of appropriation obligation as a private party, but if any sinking fund acquires evidences of appropriation obligation that gave rise to such fund, the obligations are considered paid for all purposes and no longer outstanding and shall be canceled as provided in sub. (8) (e). All evidences of appropriation obligation owned by any state fund shall be registered to the fullest extent registrable.

(g) The state shall not be generally liable on evidences of appropriation obligation and evidences of appropriation obligation shall not be a debt of the state for any purpose whatsoever. Evidences of appropriation obligation, including the principal thereof and interest thereon, shall be payable only from amounts that the legislature may, from year to year, appropriate for the payment thereof.

(h) 1. Subject to subd. 2., the terms and conditions of an interest exchange agreement under par. (e) shall not be structured so that, as of the trade date of the agreement, both of the following are reasonably expected to occur:

a. The aggregate expected debt service and net exchange payments relating to the agreement during the fiscal year in which the trade date occurs will be less than the aggregate expected debt service and net exchange payments relating to the agreement that would be payable during that fiscal year if the agreement is not executed.

b. The aggregate expected debt service and net exchange payments relating to the agreement in subsequent fiscal years will be greater than the aggregate expected debt service and net exchange payments relating to the agreement that would be payable in those fiscal years if the agreement is not executed.

2. Subd. 1. shall not apply if either of the follow [following] occurs:

Note: The correct word is shown in brackets. Corrective legislation is pending.

a. The department receives a determination by the independent financial consulting firm that the terms and conditions of the agreement reflect payments by the state that represent on–market rates as of the trade date for the particular type of agreement.

b. The department provides written notice to the joint committee on finance of its intention to enter into an agreement that is reasonably expected to satisfy subd. 1., and the joint committee on finance either approves or disapproves, in writing, the department’s entering into the agreement within 14 days of receiving the written notice from the commission.

3. This paragraph shall not limit the liability of the state under an agreement if actual contracted net exchange payments in any fiscal year exceed original expectations.

(i) With respect to any interest exchange agreement or agreements specified in par. (e), all of the following shall apply:

1. The department shall contract with an independent financial consulting firm to determine if the terms and conditions of the agreement reflect a fair market value, as of the proposed date of the execution of the agreement.

2. The interest exchange agreement must identify by maturity, bond issue, or bond purpose the obligation to which the agreement is related. The determination of the department included in

an interest exchange agreement that such agreement relates to an obligation shall be conclusive.

3. The resolution authorizing the department to enter into any interest exchange agreement shall require that the terms and conditions of the agreement reflect a fair market value as of the date of execution of the agreement, as reflected by the determination of the independent financial consulting firm under subd. 1., and shall establish guidelines for any such agreement, including the following:

- a. The conditions under which the department may enter into the agreements.
- b. The form and content of the agreements.
- c. The aspects of risk exposure associated with the agreements.
- d. The standards and procedures for counterparty selection.
- e. The standards for the procurement of, and the setting aside of reserves, if any, in connection with, the agreements.
- f. The provisions, if any, for collateralization or other requirements for securing any counterparty's obligations under the agreements.
- g. A system for financial monitoring and periodic assessment of the agreements.
- (j) Semiannually, during any year in which the state is a party to an agreement entered into pursuant to par. (e), the department shall submit a report to the cochairpersons of the joint committee on finance listing all such agreements. The report shall include all of the following:

1. A description of each agreement, including a summary of its terms and conditions, rates, maturity, and the estimated market value of each agreement.
2. An accounting of amounts that were required to be paid and received on each agreement.
3. Any credit enhancement, liquidity facility, or reserves, including an accounting of the costs and expenses incurred by the state.
4. A description of the counterparty to each agreement.
5. A description of the counterparty risk, the termination risk, and other risks associated with each agreement.

(5) PROCEDURES. (a) No evidence of appropriation obligation may be issued by the state unless the issuance is pursuant to a written authorizing certification. The certification shall set forth the aggregate principal amount of appropriation obligations authorized thereby, the manner of sale of the evidences of appropriation obligation, and the form and terms thereof. The certification shall be signed by the secretary, or his or her designee, and shall be transmitted to the governor.

(b) Appropriation obligations may be sold at either public or private sale and may be sold at any price or percentage of par value. The department may provide in any authorizing certification for refunding obligations under sub. (7) that they be exchanged privately in payment and discharge of any of the outstanding obligations being refinanced. All appropriation obligations sold at public sale shall be noticed as provided in the authorizing certification. Any bid received at public sale may be rejected.

(6) FORM. (a) Evidences of appropriation obligation may be in the form of bonds, notes, or other evidences of obligation, and may be issued in book-entry form or in certificated form. Notwithstanding s. 403.104 (1), every evidence of appropriation obligation is a negotiable instrument.

(b) Every evidence of appropriation obligation shall be executed in the name of and for the state by the governor and shall be sealed with the great seal of the state or a facsimile thereof. The facsimile signature of the governor may be imprinted in lieu of the manual signature of such officer, as the department directs, if approved by such officer. An evidence of appropriation obligation bearing the manual or facsimile signature of a person in office at the time such signature was signed or imprinted shall be fully

valid notwithstanding that before or after the delivery thereof such person ceased to hold such office.

(c) Every evidence of appropriation obligation shall be dated not later than the date issued, shall contain a reference by date to the appropriate authorizing certification, shall state the limitation established in sub. (4) (g), and shall be in accordance with the authorizing certification.

(d) An evidence of appropriation obligation shall be in such form and contain such statements or terms as determined by the department, and may not conflict with law or with the appropriate authorizing certification.

(7) REFUNDING OBLIGATIONS. (a) 1. The department may authorize the issuance of appropriation obligation refunding obligations. Refunding obligations may be issued, subject to any contract rights vested in owners of obligations being refinanced, to refinance all or any part of one or more issue of obligations notwithstanding that the obligations may have been issued at different times. The principal amount of the refunding obligations may not exceed the sum of: the principal amount of the obligations being refinanced; applicable redemption premiums; unpaid interest on the obligations to the date of delivery or exchange of the refunding obligations; in the event the proceeds are to be deposited in trust as provided in par. (c), interest to accrue on the obligations from the date of delivery to the date of maturity or to the redemption date selected by the department, whichever is earlier; and the expenses incurred in the issuance of the refunding obligations and the payment of the obligations.

2. A determination by the department that a refinancing is advantageous or that any of the amounts provided under subd. 1. should be included in the refinancing shall be conclusive.

(b) If the department determines to exchange refunding obligations, they may be exchanged privately for and in payment and discharge of any of the outstanding obligations being refinanced. Refunding obligations may be exchanged for such principal amount of the obligations being exchanged therefor as may be determined by the department to be necessary or advisable. The owners of the obligations being refunded who elect to exchange need not pay accrued interest on the refunding obligations if and to the extent that interest is accrued and unpaid on the obligations being refunded and to be surrendered. If any of the obligations to be refinanced are to be called for redemption, the department shall determine which redemption dates are to be used, if more than one date is applicable and shall, prior to the issuance of the refunding obligations, provide for notice of redemption to be given in the manner and at the times required by the certification authorizing the outstanding obligations.

(c) 1. The principal proceeds from the sale of any refunding obligations shall be applied either to the immediate payment and retirement of the obligations being refinanced or, if the obligations have not matured and are not presently redeemable, to the creation of a trust for and shall be pledged to the payment of the obligations being refinanced.

2. If a trust is created, a separate deposit shall be made for each issue of appropriation obligations being refinanced. Each deposit shall be with the secretary of administration or a bank or trust company that is a member of the Federal Deposit Insurance Corporation. If the total amount of any deposit, including money other than sale proceeds but legally available for such purpose, is less than the principal amount of the obligations being refinanced and for the payment of which the deposit has been created and pledged, together with applicable redemption premiums and interest accrued and to accrue to maturity or to the date of redemption, then the application of the sale proceeds shall be legally sufficient only if the money deposited is invested in securities issued by the United States or one of its agencies, or securities fully guaranteed by the United States, and only if the principal amount of the securities at maturity and the income therefrom to maturity will be sufficient and available, without the need for any further investment or reinvestment, to pay at maturity or upon redemption the principal amount of the obligations being refinanced together

with applicable redemption premiums and interest accrued and to accrue to maturity or to the date of redemption. The income from the principal proceeds of the securities shall be applied solely to the payment of the principal of and interest and redemption premiums on the obligations being refinanced, but provision may be made for the pledging and disposition of any surplus.

3. Nothing in this paragraph may be construed as a limitation on the duration of any deposit in trust for the retirement of obligations being refinanced that have not matured and that are not presently redeemable. Nothing in this paragraph may be construed to prohibit reinvestment of the income of a trust if the reinvestments will mature at such times that sufficient cash will be available to pay interest, applicable premiums, and principal on the obligations being refinanced.

(8) FISCAL REGULATIONS. (a) The department shall act as registrar for each evidence of appropriation obligation. No transfer of a registered evidence of appropriation obligation is valid unless made on a register maintained by the department, and the state may treat the registered owner as the owner of the instrument for all purposes. Payments of principal and interest shall be by electronic funds transfer, check, share draft, or other draft to the registered owner at the owner's address as it appears on the register, unless the department has otherwise provided. Information in the register is not available for inspection and copying under s. 19.35 (1). The department may make any other provision respecting registration as it considers necessary or useful. The department may enter into a contract for the performance of any of its functions relating to appropriation obligations.

(b) The department, or the department's agent, shall maintain records containing a full and correct description of each evidence of appropriation obligation issued, identifying it, and showing its date, issue, amount, interest rate, payment dates, payments made, registration, destruction, and every other relevant transaction.

(c) The secretary may appoint one or more trustees and fiscal agents for each issue of appropriation obligations. The secretary may be denominated the trustee and the sole fiscal agent or a cofiscal agent for any issue of appropriation obligations. Every other fiscal agent shall be an incorporated bank or trust company authorized by the laws of the United States or of the state in which it is located to do a banking or trust company business. There may be deposited with a trustee, in a special account, moneys to be used only for the purposes expressly provided in the certification authorizing the issuance of evidences of appropriation obligation or an agreement between the department and the trustee. The department may make other provisions respecting trustees and fiscal agents as the department considers necessary or useful and may enter into a contract with any trustee or fiscal agent containing such terms, including compensation, and conditions in regard to the trustee or fiscal agent as the department considers necessary or useful.

(d) If any evidence of appropriation obligation is destroyed, lost, or stolen, the department shall execute and deliver a new evidence of appropriation obligation, upon filing with the department evidence satisfactory to the department that the evidence of appropriation obligation has been destroyed, lost, or stolen, upon providing proof of ownership thereof, and upon furnishing the department with indemnity satisfactory to it and complying with such other rules of the department and paying any expenses that the department may incur. The department shall cancel the evidences of appropriation obligation surrendered to the department.

(e) Unless otherwise directed by the department, every evidence of appropriation obligation paid or otherwise retired shall be marked "canceled" and delivered, through the secretary if delivered to a fiscal agent other than the secretary, to the auditor who shall destroy them and deliver to the department a certificate to that effect.

(f) The department may enter into a contract with any firm or individual engaged in financial services for the performance of any of its duties under this section, using selection and procure-

ment procedures established by the department. The contract is not subject to s. 16.705 or 16.75.

(9) APPROPRIATION OBLIGATIONS AS LEGAL INVESTMENTS. Any of the following may legally invest any sinking funds, moneys, or other funds belonging to them or under their control in any appropriation obligations issued under this section:

(a) The state, the investment board, public officers, municipal corporations, political subdivisions, and public bodies.

(b) Banks and bankers, savings and loan associations, credit unions, trust companies, savings banks and institutions, investment companies, insurance companies, insurance associations, and other persons carrying on a banking or insurance business.

(c) Personal representatives, guardians, trustees, and other fiduciaries.

(10) MORAL OBLIGATION PLEDGE. Recognizing its moral obligation to do so, the legislature expresses its expectation and aspiration that it shall make timely appropriations from moneys in the general fund that are sufficient to pay the principal and interest due with respect to any appropriation obligations in any year, to make payments of the state under agreements and ancillary arrangements entered into under sub. (4) (e), to make deposits into reserve funds created under sub. (3) (b) 3., and to pay related issuance or administrative expenses.

16.528 Interest on late payments. (1) DEFINITIONS. In this section:

(a) "Agency" means an office, department, independent agency, institution of higher education, association, society, or other body in state government created or authorized to be created by the constitution or any law, that is entitled to expend moneys appropriated by law, including the legislature and the courts, but not including an authority created in subch. II of ch. 114 or subch. III of ch. 149 or in ch. 231, 233, 234, 237, or 279.

(b) "Subcontractor" has the meaning given in s. 66.0901 (1) (d).

(2) INTEREST PAYABLE. (a) Except as provided in sub. (3) or as otherwise specifically provided, an agency which does not pay timely the amount due on an order or contract shall pay interest on the balance due from the 31st day after receipt of a properly completed invoice or receipt and acceptance of the property or service under the order or contract, whichever is later, or, if the agency does not comply with s. 16.53 (2), from the 31st day after receipt of an improperly completed invoice or receipt and acceptance of the property or service under the order or contract, whichever is later, at the rate specified in s. 71.82 (1) (a) compounded monthly.

(b) For the purposes of par. (a), a payment is timely if the payment is mailed, delivered or transferred by the later of the following:

1. The date specified on a properly completed invoice for the amount specified in the order or contract.

2. Except as provided in subd. 3., within 45 days after receipt of a properly completed invoice or receipt and acceptance of the property or service under the order or contract, or, if the agency does not comply with s. 16.53 (2), within 45 days after receipt of an improperly completed invoice or receipt and acceptance of the property or service under the order or contract, whichever is later.

3. For orders or contracts entered into on and after the first day of the 3rd 12-month period beginning after February 1, 1987, within 30 days after receipt of a properly completed invoice or receipt and acceptance of the property or service under the order or contract, or, if the agency does not comply with s. 16.53 (2), within 30 days after receipt of an improperly completed invoice or receipt and acceptance of the property or service under the order or contract, whichever is later.

(2m) INTEREST PAYABLE TO SUBCONTRACTORS. (a) Except as provided in sub. (3) (e) or as otherwise specifically provided, principal contractors that engage subcontractors to perform part of the

work on an order or contract from an agency shall pay subcontractors for satisfactory work in a timely fashion. A payment is timely if it is mailed, delivered or transferred to the subcontractor no later than 7 days after the principal contractor's receipt of any payment from the agency.

(b) If a subcontractor is not paid in a timely fashion, the principal contractor shall pay interest on the balance due from the 8th day after the principal contractor's receipt of any payment from the agency, at the rate specified in s. 71.82 (1) (a) compounded monthly.

(c) Subcontractors receiving payment under this subsection shall pay lower-tier subcontractors, and be liable for interest on late payments, in the same manner as principal contractors are required to pay subcontractors in pars. (a) and (b).

(3) EXCEPTIONS. Subsection (2) does not apply to the following:

(a) Any portion of an order or contract under which the payment is made from federal moneys.

(b) An order or contract that is subject to late payment interest or another late payment charge required by another law or rule specifically authorized by law.

(c) An order or contract between 2 or more agencies except if the order or contract involves prison industries.

(d) An order or contract for services which provides for the time of payment and the consequences of nontimely payment.

(e) An order or contract under which the amount due is subject to a good faith dispute if, before the date payment is not timely, notice of the dispute is sent by 1st class mail, personally delivered or sent in accordance with the procedure specified in the order or contract. In this paragraph, "good faith dispute" means a contention by an agency that goods delivered or services rendered were of a lesser quantity or quality than ordered or specified by contract, were faulty or were installed improperly; or any other reason giving cause for the withholding of payment by the agency until the dispute is settled.

(4) APPROPRIATION FROM WHICH PAID. An agency which pays interest under this section shall pay the interest from the appropriation for administration of the program under which the order or contract was made or entered into unless payment from that appropriation is prohibited. Notwithstanding ss. 20.115 to 20.765, if payment from the appropriation for administration of the program is prohibited, the interest payment shall be made from a general program operations appropriation of the agency determined by the agency. If the program is administered from more than one appropriation, the interest payment shall be made from the appropriation or appropriations for program administration determined by the agency.

(5) REPORTS OF INTEREST PAID. Annually before October 1, each agency shall report to the department the number of times in the previous fiscal year the agency paid interest under this section, the total amount of interest paid and the reasons why interest payments were not avoided by making timely payment.

(6) ATTORNEY FEES. Notwithstanding s. 814.04 (1), in an action to recover interest due under this section, the court shall award the prevailing party reasonable attorney fees.

16.529 Lapses and fund transfers relating to unfunded retirement liability debt service. (1) The definitions in s. 20.001 are applicable in this section.

(2) Notwithstanding ss. 20.001 (3) (a) to (c) and 25.40 (3), beginning in the 2007–09 fiscal biennium, during each fiscal biennium the secretary shall lapse to the general fund or transfer to the general fund from each state agency appropriation specified in sub. (3) an amount equal to that portion of the total amount of principal and interest to be paid on obligations issued under s. 16.527

during the fiscal biennium that is allocable to the appropriation, as determined under sub. (3).

(3) The secretary shall determine the amounts of the allocations required under sub. (2) as follows:

(a) The secretary shall first determine the total amount of Wisconsin Retirement System contributions that are to be paid by the state under s. 40.05 during the fiscal biennium.

(b) The secretary shall then determine the percentage of the total amount determined under par. (a) that is allocable to each state agency appropriation from which Wisconsin Retirement System contributions under s. 40.05 are paid. The secretary shall exclude from this determination any appropriation from which a lapse or transfer to pay any principal or interest amount on obligations issued under s. 16.527 would violate a condition imposed by the federal government on the expenditure of the moneys or if the lapse or transfer would violate the federal or state constitution.

(c) For each appropriation identified under par. (b), the secretary shall then apply the percentage calculated under par. (b) to the total amount of principal and interest to be paid during the fiscal biennium on obligations issued under s. 16.527. This amount is the portion of the total amount of principal and interest paid on the obligations during that fiscal biennium that is allocable to each appropriation.

History: 2003 a. 33; 2005 a. 25; 2007 a. 5.

16.53 Preaudit procedure. The department of administration shall preaudit claims in accordance with the following procedures:

(1) CLAIMS AGAINST STATE. (a) *Audit.* The secretary is responsible for auditing claims against the state, when payment thereof out of the state treasury is authorized by law, except as provided in ss. 16.77 (1) and 20.920. The audit may be on a sample basis in accordance with generally accepted auditing standards. The secretary may delegate in writing the audit function to the head of any agency under terms and standards established by the secretary. The delegation shall be by mutual agreement and notice of the agreement shall be reported to the state auditor. If the secretary finds, through sample auditing, review of procedures, controls and any other audit techniques the secretary deems necessary, that the delegated function is not being performed according to the established auditing standards, the secretary shall in writing withdraw the delegated authority. In this subsection, "agency" has the meaning given under s. 16.52 (7).

(b) *Payrolls.* Payrolls, to be entitled to audit, shall be certified by the proper officers who shall set forth the nature of the services rendered by each person named therein.

(c) *Other claims.* Unless otherwise provided by law, all other claims to be entitled to audit shall:

1. Specify the nature and particulars thereof on an official or original invoice.

2. Conform with statutory provisions and be necessarily incurred in the performance of duties required by the state service.

4. Include the claimant's affidavit, or statement under the penalties of perjury, setting forth that all items of traveling expenses were incurred in the performance of duties required by the public service, and that the amount charged for transportation or for other expenses incident to travel was actually paid out and that no part of such transportation was had upon a free pass or otherwise free of charge. The blank form of such travel voucher shall be prescribed by the secretary.

6. Exclude items of expenditure incurred while traveling outside the state by any officer or employee of any state department or institution thereof unless in the discharge of duties required by the public service.

7. Exclude out-of-state expenses of an officer or employee of any state department or institution except upon the order of the head of that department or institution. The department or institution head may determine whether such requests shall be made

individually or periodically. The governor may require periodic reports on out-of-state travel made by the personnel of each state agency with such detail as the governor may desire. The governor, by executive order, may require the governor's prior approval for out-of-state travel by members of any state department or institution of the executive branch.

9. Be approved by the proper state officer.

10. Exclude items of expenditure incurred by an employee of any state department while permanently located outside the state unless prior approval of the department of administration has been obtained.

(ca) *Supervision of expenditures.* All departments shall diligently review and supervise the travel expenditures of their employees and may promulgate reasonable rules governing such expenditures. Such rules shall be consistent with the uniform guidelines established under s. 20.916 (8). Each claim shall be approved by the employee's appointing authority, as defined in s. 230.03 (4), or the appointing authority's authorized representative. The approval shall represent the concurrence with the accuracy, necessity and reasonableness of each expense. Claims so approved shall be audited by the department of administration in accordance with par. (a).

(cm) *Advancement of travel expenses.* The head of a state agency may advance money for travel expenses to employees. Any travel advance shall not exceed 80% of the estimated expense.

(d) *Salaries and benefits; when payable.* 1. The secretary, with the approval of the joint committee on employment relations, shall fix the time and frequency for payment of salaries due elective and appointive officers and employees of the state. As determined under this subdivision, the salaries shall be paid either monthly, semimonthly or for each 2-week period.

2. Costs for benefits under ch. 108 which are paid on an actual basis may be charged to and collected from agencies by the secretary on an estimated or premium basis, credited to appropriate appropriations, and paid from the appropriations on an actual basis. If a billing submitted by the department of workforce development for payment of a specific claim for benefits under s. 108.15 (7) remains unpaid by the agency to whom the billing is submitted for more than 60 days after the billing is transmitted to the agency by the secretary, the secretary may charge the cost of payment of the billing to the proper appropriation of the agency to whom the billing is submitted without authorization of the agency and notwithstanding any pending dispute concerning agency liability. If it is finally determined that an agency is not liable in whole or in part for payment of a billing previously submitted and paid, the secretary shall credit any refund received to the appropriation from which the billing was paid, if it is available for expenditure, or otherwise to the fund from which the billing was paid. Any credit to a sum sufficient appropriation shall be made only to the fund from which the appropriation is made. In addition, the secretary may charge agencies for the department's costs of estimation, collection and payment of benefits under ch. 108 on a prorated basis in accordance with the percentage of costs attributable to each agency. Service charges shall be paid into the appropriation made under s. 20.505 (1) (ka).

3. In order to utilize modern accounting methods in processing payrolls, the department may convert and adjust salaries of all state officers and employees so that they are payable in equal payments throughout the year. To this end the secretary may promulgate rules necessary to administer this subdivision.

4. The secretary may promulgate rules pertaining to the administration of earnings garnishment actions under s. 812.42 whenever the state is the garnishee in such actions. In any earnings garnishment action where the judgment debtor is employed by the University of Wisconsin System, the secretary may require the appropriate payroll processing center for the University of Wisconsin System to directly process necessary forms, papers,

deductions and checks, share drafts or other drafts in connection with such action.

(2) *IMPROPER INVOICES.* If an agency receives an improperly completed invoice, the agency shall notify the sender of the invoice within 10 working days after it receives the invoice of the reason it is improperly completed. In this subsection, "agency" means an office, department, independent agency, institution of higher education, association, society, or other body in state government created or authorized to be created by the constitution or any law, that is entitled to expend moneys appropriated by law, including the legislature and the courts, but not including an authority created in subch. II of ch. 114 or subch. III of ch. 149 or in ch. 231, 233, 234, 237, or 279.

(3) *EXAMINATION OF CLAIMANTS.* The secretary may examine under oath the claimant or any other person relative to any claim presented against the state, and may require oral or written answers as to any facts relating to the justness of the claim, or as to the liability of the state.

(4) *AUDIT ORDER ENDORSED ON CLAIM; RECORD.* The order of the secretary auditing any claim shall be endorsed on or annexed to such claim, shall specify the amount allowed, the fund from which the same is payable, and the law that authorizes payment of such claim out of the treasury; and said order with the claim and all evidence relative thereto shall be filed and preserved in the secretary's office.

(5) *WARRANTS; WHAT TO SPECIFY.* The secretary shall draw a warrant on the state treasury payable to the claimant for the amount allowed by the secretary upon every claim audited under sub. (1), except as authorized in s. 16.52 (7), 20.920, or 20.929, specifying from what fund to be paid, the particular law that authorizes the claim to be paid out of the state treasury, and at the secretary's discretion the post-office address of the payee. No moneys may be paid out of the state treasury under this section otherwise than upon such warrants.

(6) *WARRANTS; SIGNATURES.* Whenever it is impracticable for the secretary to personally sign warrants issued on the state treasury, the secretary's name may be signed thereto by one or more persons in the secretary's department designated by the secretary or by the use of a mechanical device adopted by the secretary for affixing a facsimile signature; and the state treasurer, when written authority and reasons therefor are filed in the office of the state treasurer, shall honor warrants so signed, the same as if signed in person by the secretary, until such authority is revoked in writing.

(7) *CERTIFICATION OF BOARDS, EVIDENCE OF CORRECTNESS OF ACCOUNT.* The certificate of the proper officers of the board of regents of the University of Wisconsin System, the department of health services, or the proper officers of any other board or commission organized or established by the state, shall in all cases be evidence of the correctness of any account which may be certified by them.

(9) *TRANSFER OF FUNDS APPROPRIATED.* Whenever an appropriation has been made from the general fund in the state treasury to any other fund therein, the secretary may withhold the transfer of such appropriation or any part thereof from the general fund until the moneys required to pay outstanding claims are duly audited and disbursed. Such authority is not limited to the fiscal year of the appropriation if the liability is properly recognized and recorded.

(10) *PRIORITY OF CLAIMS.* (a) If an emergency arises which requires the department to draw vouchers for payments which will be in excess of available moneys in any state fund, the secretary, after notifying the joint committee on finance under par. (b), may prorate and establish priority schedules for all payments within each fund, including those payments for which a specific payment date is provided by statute, except as otherwise provided in this paragraph. The secretary shall draw all vouchers according to the preference provided in this paragraph. All direct or indirect payments of principal or interest on state bonds and notes issued under

subch. I of ch. 18 and payments due, if any, under an agreement or ancillary arrangement entered into under s. 18.06 (8) (a) relating to any public debt contracted under subchs. I and IV of ch. 18 have first priority. All direct or indirect payments of principal or interest on state notes issued under subch. III of ch. 18 have 2nd priority. No payment having a 1st or 2nd priority may be prorated or reduced under this subsection. All state employee payrolls have 3rd priority. The secretary shall draw all remaining vouchers according to a priority determined by the secretary. The secretary shall maintain records of all claims prorated under this subsection.

(b) Before exercising authority under par. (a) the secretary shall notify the joint committee on finance as to the need for and the procedures under which proration or priority schedules under par. (a) shall occur. If the joint committee on finance has not, within 2 working days after the notification, scheduled a meeting to review the secretary's proposal, the secretary may proceed with the proposed action. If, within 2 working days after the notification, the committee schedules a meeting, the secretary may not proceed with the proposed action until after the meeting is held.

(c) If the secretary prorates or establishes priority schedules for payments which are to be made to local units of government, he or she shall establish a procedure whereby any local unit of government which can demonstrate that it would be adversely affected by such action of the secretary may appeal to the secretary for a waiver from having its payment prorated or delayed. In establishing this procedure, the secretary shall consider a local unit of government adversely affected if it can demonstrate that the proration or delay would cause a financial hardship because the scheduled payment had been budgeted as a revenue to be available at the scheduled time of payment and the local unit of government would otherwise have insufficient revenues to meet its immediate expenditure obligations.

(e) The authority granted by this subsection may be exercised only after all other possible procedures have been used and are found to be insufficient, including the temporary reallocation of surplus moneys as provided in s. 20.002 (11).

(11) INTEREST ON DELAYED PAYMENTS. Payments, other than payments subject to s. 16.528, prorated or delayed under sub. (10) which are payable to local units of government shall accrue interest on the payment delay at a rate equal to the state investment fund earnings rate during the period of the payment delay. Payments subject to s. 16.528 prorated or delayed under sub. (10) past the due date shall not accrue interest. In this subsection, "local unit of government" means a county, city, village, town, school district, technical college district or any other governmental entity which is entitled to receive aid payments from this state.

(12) TRAVEL EXPENSES. (a) In this subsection:

1. "Agency" has the meaning given under sub. (2).
2. "Employee" means any officer or employee of the state who is entitled to reimbursement for actual, reasonable and necessary expenses.

(b) Each voucher claim for travel expenses shall be approved by the head of the employee's agency or that person's designee. Such approval represents concurrence with the necessity and reasonableness of each expense. Such approval shall accompany the travel voucher. The expense voucher shall be audited by the agency financial office and then submitted to the department for final audit before payment.

(c) The department may not approve for payment any travel vouchers which exceed the maximum travel schedule amounts which are established under s. 20.916 (8), except in unusual circumstances when accompanied by a receipt and full explanation of the reasonableness of such expense.

(d) The department may not approve for payment any travel vouchers which exceed the auto mileage rates set under s. 20.916 (4) (a) and (e).

(13) FINANCIAL SERVICES. (a) In this subsection, "agency" has the meaning given in s. 16.70 (1e).

(b) The department may charge any agency for accounting, auditing, payroll and other financial services provided to the agency, whether the services are required by law or performed at the agency's request.

(14) REVIEW OF PROPOSED INCORPORATIONS AND ANNEXATIONS. The incorporation review board may prescribe and collect a fee for review of any petition for incorporation of a municipality under s. 66.0203. The department may prescribe and collect a fee for review of any petition for annexation of municipal territory under s. 66.0217. The fee shall be paid by the person or persons filing the petition for incorporation or by the person or persons filing the notice of the proposed annexation.

16.531 Cash flow plan; report. (1) At least 15 days prior to the beginning of any calendar quarter in which the secretary anticipates that it may be necessary to exercise the authority conferred in s. 16.53 (10) (a) or 20.002 (11) (a) or to incur financial obligations and issue operating notes under subch. III of ch. 18, the secretary shall submit a plan to the joint committee on finance describing the specific nature of any proposed action that may be required.

(2) If the secretary determines during any calendar quarter that action under s. 16.53 (10) (a) or 20.002 (11) (a) or subch. III of ch. 18 should be taken that is different from the action specified in the plan submitted under sub. If the joint committee on finance has not, within 2 working days after such notification, scheduled a meeting to review the secretary's proposal, the secretary may proceed with the proposed action. If, within 2 working days after such notification, the committee schedules a meeting, the secretary may not proceed with the proposed action until after the meeting is held.

(3) Within 30 days after the end of each calendar quarter during which the secretary exercises the authority conferred in s. 16.53 (10) (a), during which there is any outstanding reallocation of moneys under s. 20.002 (11) (a) or during which there are any outstanding operating notes issued under subch. 16.54 Acceptance of federal funds. (1) Whenever the United States government shall make available to this state funds for the education, the promotion of health, the relief of indigency, the promotion of agriculture or for any other purpose other than the administration of the tribal or any individual funds of Wisconsin Indians, the governor on behalf of the state is authorized to accept the funds so made available. In exercising the authority herein conferred, the governor may stipulate as a condition of the acceptance of the act of congress by this state such conditions as in the governor's discretion may be necessary to safeguard the interests of this state.

(2) (a) 1. Except as provided in subd. 2., whenever funds shall be made available to this state through an act of congress and the funds are accepted as provided in sub. (1), the governor shall designate the state board, commission or department to administer any of such funds, and the board, commission or department so designated by the governor is authorized and directed to administer such funds for the purpose designated by the act of congress making an appropriation of such funds, or by the department of the

United States government making such funds available to this state. Whenever a block grant is made to this state, no moneys received as a part of the block grant may be transferred from use as a part of one such grant to use as a part of another such grant, regardless of whether a transfer between appropriations is required, unless the joint committee on finance approves the transfer.

2. Whenever a block grant is made to this state under any federal law enacted after August 31, 1995, which authorizes the distribution of block grants for the purposes for which the grant is made, the governor shall not administer and no board, commission or department may encumber or expend moneys received as a part of the grant unless the governor first notifies the cochairpersons of the joint committee on finance, in writing, that the grant has been made. The notice shall contain a description of the purposes proposed by the governor for expenditure of the moneys received as a part of the grant. If the cochairpersons of the committee do not notify the governor that the committee has scheduled a meeting for the purpose of reviewing the proposed expenditure of grant moneys within 14 working days after the date of the governor's notification, the moneys may be expended as proposed by the governor. If, within 14 working days after the date of the governor's notification, the cochairpersons of the committee notify the governor that the committee has scheduled a meeting for the purpose of reviewing the proposed expenditure of grant moneys, no moneys received as a part of the grant may be expended without the approval of the committee. This subdivision does not apply to the expenditure of block grant funds that are allocated under s. 49.175.

3. In this subsection, "block grant" means a multipurpose federal grant so designated under federal law.

(b) Upon presentation by the department to the joint committee on finance of alternatives to the provisions under s. 16.27, the joint committee on finance may revise the eligibility criteria under s. 16.27 (5) or benefit payments under s. 16.27 (6), and the department shall implement those revisions. Benefits or eligibility criteria so revised shall take into account and be consistent with the requirements of federal regulations promulgated under 42 USC 8621 to 8629. If funds received under 42 USC 8621 to 8629 in a federal fiscal year total less than 90% of the amount received in the previous federal fiscal year, the department shall submit to the joint committee on finance a plan for expenditure of the funds. The department may not use the funds unless the committee approves the plan.

(c) Notwithstanding s. 20.435, before using any of the funds disbursed by the federal government to the governor under 42 USC 1397 to 1397f, commencing with funds disbursed for federal fiscal year 1986, the department of health services shall submit to the joint committee on finance and to the chief clerk of each house of the legislature, for distribution to the appropriate legislative standing committees under s. 13.172 (3), the proposed state report required under 42 USC 1397c. The appropriate legislative standing committees shall review the reports, conduct public hearings on the reports and submit recommendations to the department of health services regarding the reports. The department of health services may not use the federal funds unless the joint committee on finance approves the report.

(4) Any board, commission or department of the state government designated to administer any such fund, shall, in the administration of such fund, comply with the requirements of the act of congress making such appropriation and with the rules and regulations which may be prescribed by the United States government or by the department of the federal government making such funds available.

(5) Whenever any agency of the federal government shall require that as a condition to obtaining federal aid the state agency entrusted with the administration of such aid shall submit a budget, plan, application, or other project proposal, then the budget, plan, application or proposal shall, before it is submitted to the

federal authorities for approval, first be approved by the governor and reported to the joint committee on finance.

(6) The governor may accept for the state the provisions of any act of congress whereby funds or other benefits are made available to the state, its political subdivisions, or its citizens, so far as the governor considers the provisions to be in the public interest. To this end, the governor may take or cause to be taken all necessary acts including, without limitation because of enumeration, the following:

(a) The making of leases or other contracts with the federal government.

(b) The preparation, adoption and execution of plans, methods, and agreements.

(c) The designation of state, municipal or other agencies to perform specific duties.

(7) The governor may accept for the state at all times the provisions of any act of congress whereby funds are made available to the state for any purpose whatsoever, including the school health program under the social security act, and perform all other acts necessary to comply with and otherwise obtain, facilitate, expedite, and carry out the required provisions of such acts of congress.

(8) An agency may request the governor to create or abolish a full-time equivalent position or portion thereof funded from revenues specified in s. 20.001 (2) (e) in the agency. Upon receiving such a request, the governor may change the authorized level of full-time equivalent positions funded from such revenues in the agency. The governor may approve a different authorized level of positions than is requested by the agency. The governor, through the secretary, shall notify the joint committee on finance at least quarterly of any federal funds received in excess of those approved in the biennial budget process and of any positions created or abolished under this section.

(8g) Subsections (1) to (8) do not apply to federal moneys made available to the board of regents of the University of Wisconsin System for instruction, extension, special projects or emergency employment opportunities.

(8r) (a) Whenever the federal government makes available moneys for instruction, extension, special projects or emergency employment opportunities, the board of regents of the University of Wisconsin System may accept the moneys on behalf of the state. The board of regents shall, in the administration of the expenditure of such moneys, comply with the requirements of the act of congress making the moneys available and with the regulations prescribed by the federal government or the federal agency administering the act, insofar as the act or regulations are consistent with state law. The board of regents may submit any plan, budget, application or proposal required by the federal agency as a precondition to receipt of the moneys. The board of regents may, consistent with state law, perform any act required by the act of congress or the federal agency to carry out the purpose of the act of congress. The board of regents shall deposit all moneys received under this paragraph in the appropriation account under s. 20.285 (1) (m).

(b) Annually by October 1 the board of regents shall report to the governor and the cochairpersons of the joint committee on finance concerning the date, amount and purpose of any federal moneys accepted by the board under par. (a) during the preceding fiscal year.

(9) (a) In this subsection:

1. "Agency" means an office, department, independent agency, institution of higher education, association, society or other body in state government created or authorized to be created by the constitution or any law, which is entitled to expend moneys appropriated by law, including the legislature and the courts, but not including an authority created in subch. II of ch. 114 or subch. III of ch. 149 or in ch. 231, 233, 234, 237, or 279.

2. "Indirect cost reimbursement" means moneys received by an agency from the federal government as reimbursement for indi-

rect costs of administration of a federal grant or contract for which no specific use is mandated by the federal government.

(b) An indirect cost reimbursement may be utilized for administrative purposes, program purposes, funding of positions, payment of federal aid disallowances, or other purposes authorized by law. If an indirect cost reimbursement is not utilized for such a purpose, the head of the agency receiving the reimbursement shall request the department to transfer the reimbursement to the general fund as general purpose revenue — earned. All transfers and other expenditures are subject to approval of the secretary under s. 16.50 (2) and the governor under this section.

(c) All moneys received as indirect cost reimbursements shall be deposited in the account for the proper appropriation under ss. 20.115 to 20.855 for receipt of indirect cost reimbursements.

(d) The department shall coordinate the development of a statewide indirect cost allocation plan to be used by all agencies as part of their indirect cost allocation plans prepared for federal grant applications. Upon request of the department, all agencies shall prepare individual, specific, indirect cost allocation plans in accordance with federal regulations and submit the plans to the department. Upon request of the department, all agencies shall prepare and submit to the department updated indirect cost allocation plans. The secretary may modify any plan to bring it into compliance with applicable state laws or procedures established under s. 16.52 or this section, and to maintain consistency between the plans of agencies.

(10) Before acceptance of any federal grant on behalf of the state which will or may involve the provision of auditing services by the legislative audit bureau, all departments shall provide written notification to the state auditor. Each such federal grant shall, to the maximum extent permitted by federal law and regulation, include an allocation for the cost of such auditing services within the grant budget, plan, application or project proposal.

(11) The state board, commission or department designated by the governor under sub. (2) to administer federal payments in lieu of taxes on national forest lands shall distribute those payments to towns, cities and villages, but not to counties, that provide general governmental services and contain national forest lands. That distribution shall reflect the level of services provided by, and the number of acres of national forest land within, the town, city or village in accordance with 31 USC 6907.

(12) (a) The department of health services may not expend or encumber any moneys received under s. 20.435 (8) (mm) unless the department of health services submits a plan for the expenditure of the moneys to the department of administration and the department of administration approves the plan.

(b) The department of children and families may not expend or encumber any moneys credited to the appropriation account under s. 20.437 (2) (mm) or (3) (mm) unless the department of children and families submits a plan for the expenditure of the moneys to the department of administration and the department of administration approves the plan.

(c) The department of administration may approve any plan submitted under par. (a) or (b) in whole or in part. If the department approves any such plan in whole or part, the department shall notify the cochairpersons of the joint committee on finance, in writing, of the department's action under this paragraph.

(d) At the end of each fiscal year, the department of administration shall determine the amount of moneys that remain in the appropriation accounts under ss. 20.435 (8) (mm) and 20.437 (2) (mm) and (3) (mm) that have not been approved for encumbrance or expenditure by the department pursuant to a plan submitted under par. (a) or (b) and shall require that such moneys be lapsed to the general fund. The department shall notify the cochairpersons of the joint committee on finance, in writing, of the department's action under this paragraph.

(13) (a) If the state receives any interest payments from the federal government relating to the timing of transfers of federal

grant funds for programs that are funded with moneys from the general fund and that are covered in an agreement between the federal department of the treasury and the state under the federal Cash Management Improvement Act of 1990, as amended, the payments, less applicable administrative costs, shall be deposited in the general fund as general purpose revenue — earned.

(b) If the state is required to pay any interest payments to the federal government relating to the timing of transfers of federal grant funds for programs that are funded with moneys from the general fund and that are covered in an agreement between the federal department of the treasury and the state under the federal Cash Management Improvement Act of 1990, as amended, the secretary shall notify the cochairpersons of the joint committee on finance, in writing, that the state is required to pay an interest payment. The notice shall contain an accounting of the amount of interest that the state is required to pay.

16.63 Sale of state's rights to tobacco settlement agreement payments. (1) In this section:

(a) "Purchaser" means any person who has purchased the state's right to receive any of the payments under the tobacco settlement agreement.

(b) "Tobacco settlement agreement" means the Attorneys General Master Tobacco Settlement Agreement of November 23, 1998.

(c) "Tobacco settlement revenues" means the right to receive settlement payments arising from or pursuant to the tobacco settlement agreement and all direct or indirect proceeds of that right.

(2) Before July 1, 2009, the secretary may sell for cash or other consideration the state's right to receive any of the payments under the tobacco settlement agreement.

(3) The secretary may organize one or more nonstock corporations under ch. 181 or limited liability companies under ch. 183 for any purpose related to the sale of the state's right to receive any of the payments under the tobacco settlement agreement and may take any action necessary to facilitate and complete the sale.

(3m) (a) If the secretary sells the state's right to receive any of the payments under the tobacco settlement agreement, the secretary shall require, as a condition of the sale, that the purchaser notify the secretary if any bonds or other obligations are issued that are secured by any of the payments and provide the secretary with all information on the distribution of the bond or obligation proceeds.

(b) The secretary shall submit a report to the joint committee on finance that includes all of the information provided to the secretary by the purchaser under par. (a).

(4) (a) Tobacco settlement revenues may not be considered proceeds of any property that is not tobacco settlement revenues.

(b) Except as otherwise provided in this subsection, the creation, perfection, and enforcement of security interests in tobacco settlement revenues are governed by ch. 409. Notwithstanding ch. 409, with regard to creating, perfecting, and enforcing a valid security interest in tobacco settlement revenues:

1. If this state or the Wisconsin Health and Educational Facilities Authority is the debtor in the transaction, the proper place to file the required financing statement to perfect the security interest is the department of financial institutions.

2. The required financing statement shall include a description of collateral that describes the collateral as general intangibles consisting of the right to receive settlement payments arising from or pursuant to the tobacco settlement agreement and all proceeds of that right. The required financing statement may include any additional description of collateral that is legally sufficient under the laws of this state.

3. The tobacco settlement revenues are general intangibles for purposes of ch. 409.

4. A security interest perfected under this paragraph is enforceable against the debtor, any assignee or grantee, and all 3rd parties, including creditors under any lien obtained by judicial proceedings, subject only to the rights of any 3rd parties holding security interests in the tobacco settlement revenues previously perfected under this paragraph. Unless the applicable security agreement provides otherwise, a perfected security interest in the tobacco settlement revenues is a continuously perfected security interest in all tobacco settlement revenues existing on the date of the agreement or arising after the date of the agreement. A security interest perfected under this paragraph has priority over any

other lien created by operation of law or otherwise, which subsequently attaches to the tobacco settlement revenues.

5. The priority of a security interest created under this paragraph is not affected by the commingling of proceeds arising from the tobacco settlement revenues with other amounts.

(c) The sale, assignment, and transfer of tobacco settlement revenues are governed by this paragraph. All of the following apply to a sale, assignment, or transfer under this paragraph:

1. The sale, assignment, or transfer is an absolute transfer of, and not a pledge of or secured transaction relating to, the seller's right, title, and interest in, to, and under the tobacco settlement revenues, if the documents governing the transaction expressly state that the transaction is a sale or other absolute transfer. After such a transaction, the tobacco settlement revenues are not subject to any claims of the seller or the seller's creditors, other than creditors holding a prior security interest in the tobacco settlement revenues perfected under par. (b).

2. The characterization of the sale, assignment, or transfer as an absolute transfer under subd. 1. and the corresponding characterization of the purchaser's property interest is not affected by any of the following factors:

a. Commingling of amounts arising with respect to the tobacco settlement revenues with other amounts.

b. The retention by the seller of a partial or residual interest, including an equity interest, in the tobacco settlement revenues, whether direct or indirect, or whether subordinate or otherwise.

c. The sale, assignment, or transfer of only a portion of the tobacco settlement revenues or an undivided interest in the tobacco settlement revenues.

d. Any recourse that the purchaser or its assignees may have against the seller.

e. Whether the seller is responsible for collecting payments due under the tobacco settlement revenues or for otherwise enforcing any of the tobacco settlement revenues or retains legal title to the tobacco settlement revenues for the purpose of these collection activities.

f. The treatment of the sale, assignment, or transfer for tax purposes.

3. The sale, assignment, or transfer is perfected automatically as against 3rd parties, including any 3rd parties with liens created by operation of law or otherwise, upon attachment under ch. 409.

4. Nothing in this subsection precludes consideration of the factors listed in subd. 2. a. to e. in determining whether the sale, assignment, or transfer is a sale for tax purposes. The characterization of the sale, assignment, or transfer as an absolute transfer under subd. 1. may not be considered in determining whether the sale, assignment, or transfer is a sale for tax purposes.

(5) If the secretary sells the state's right to receive any of the payments under the tobacco settlement agreement, the state pledges to and agrees with any purchaser or subsequent transferee of the state's right to receive any of the payments under the tobacco settlement agreement that the state will not limit or alter its powers to fulfill the terms of the tobacco settlement agreement, nor will the state in any way impair the rights and remedies provided under the tobacco settlement agreement. quantities of the articles to be supplied, their conformity with the specifications, and the purposes for which they are required and the date of delivery.

2. If a vendor is not a Wisconsin producer, distributor, supplier or retailer and the department determines that the state, foreign nation or subdivision thereof in which the vendor is domiciled grants a preference to vendors domiciled in that state, nation or subdivision in making governmental purchases, the department and any agency making purchases under s. 16.74 shall give a preference over that vendor to Wisconsin producers, distributors, suppliers and retailers, if any, when awarding the order or contract. The department may enter into agreements with states, foreign nations and subdivisions thereof for the purpose of implementing this subdivision.

3. Bids may be received only in accordance with such specifications as are adopted by the department as provided in this subsection. Any or all bids may be rejected. Whenever sealed bids are invited, each bid, with the name of the bidder, shall be entered on a record, and each record with the successful bid indicated shall, after the award or letting of the contract, be opened to public inspection. Where a low bid is rejected, a complete written record shall be compiled and filed, giving the reason in full for such action. Any waiver of sealed, advertised bids as provided in sub. (2m) or (6) shall be entered on a record kept by the department and open to public inspection.

(b) When the estimated cost exceeds \$25,000, the department shall invite bids to be submitted. The department shall either solicit sealed bids to be opened publicly at a specified date and time, or shall solicit bidding by auction to be conducted electronically at a specified date and time. Whenever bids are invited, due notice inviting bids shall be published as a class 2 notice, under ch. 985 or posted on the Internet at a site determined or approved by the department. The bid opening or auction shall occur at least 7 days after the date of the last insertion of the notice or at least 7 days after the date of posting on the Internet. The notice shall specify whether sealed bids are invited or bids will be accepted by auction, and shall give a clear description of the materials, supplies, equipment, or contractual services to be purchased, the amount of any bond, share draft, check, or other draft to be submitted as surety with the bid or prior to the auction, and the date and time that the public opening or the auction will be held.

(c) Except as provided in sub. (7), when the estimated cost is \$25,000 or less, the award may be made in accordance with simplified procedures established by the department for such transactions.

(cm) If bids are solicited by auction, the award may be made in accordance with simplified competitive procedures established by the department for such transactions.

(1m) The department shall award each order or contract for materials, supplies or equipment on the basis of life cycle cost estimates, whenever such action is appropriate. Each authority other than the University of Wisconsin Hospitals and Clinics Authority, the Lower Fox River Remediation Authority, the Wisconsin Aerospace Authority, and the Health Insurance Risk-Sharing Plan Authority shall award each order or contract for materials, supplies or equipment on the basis of life cycle cost estimates, whenever such action is appropriate. The terms, conditions and evaluation criteria to be applied shall be incorporated in the solicitation of bids or proposals. The life cycle cost formula may include, but is not limited to, the applicable costs of energy efficiency, acquisition and conversion, money, transportation, warehousing and distribution, training, operation and maintenance and disposition or resale. The department shall prepare documents containing technical guidance for the development and use of life cycle cost estimates, and shall make the documents available to local governmental units.

Note: Sub. (1m) is shown as affected by 2 acts of the 2007 Wisconsin legislature and as merged by the legislative reference bureau under s. 13.92 (2) (i).

(2) (a) When the department of administration believes that it is to the best interests of the state to purchase certain patented or proprietary articles, other than printing and stationery, it may purchase said articles without the usual statutory procedure but all equipment shall be purchased from the lowest and best bidder as determined by the bids and a comparison of any detailed specifications submitted with the bids, and after due notice, whenever notice is required under this section. Where the low bid or bids are rejected, a complete written record shall be compiled and filed, giving the reasons in full for such action.

(b) When the department determines that utility services are available only from a sole source as a result of regulation or of a natural monopoly, these services may be obtained without compliance with the usual procedure under this section.

(2g) (a) The purchasing authority under s. 16.71 (2) may make purchases for products of and goods for resale by prison industries, other than purchases of printing or stationery, without inviting bids and without accepting the lowest responsible bid.

(b) The purchasing authority shall notify the governor prior to any purchase under par. (a) which exceeds \$15,000. The governor has 72 hours, excluding Saturday, Sunday or a legal holiday, in which to veto any such purchase.

(c) No notice is required for purchases by prison industries under this subsection. All other purchasing rules and procedures apply to prison industries purchases.

(2m) (a) Except as otherwise required by law, if the secretary or his or her designee determines that the use of competitive sealed bidding is not practicable or not advantageous to this state, the department may solicit competitive sealed proposals. Each request for competitive sealed proposals shall state the relative importance of price and other evaluation factors.

(b) When the estimated cost exceeds \$25,000, the department may invite competitive sealed proposals by publishing a class 2 notice under ch. 985 or by posting notice on the Internet at a site determined or approved by the department. The notice shall describe the materials, supplies, equipment, or contractual services to be purchased, the intent to make the procurement by solicitation of proposals rather than by solicitation of bids, any requirement for surety and the date the proposals will be opened, which shall be at least 7 days after the date of the last insertion of the notice or at least 7 days after the date of posting on the Internet.

(c) When the estimated cost is \$25,000 or less, the department may award the order or contract in accordance with simplified procedures established by the department for such transactions.

(d) For purposes of clarification, the department may discuss the requirements of the proposed order or contract with any person who submits a proposal and shall permit any offerer to revise his or her proposal to ensure its responsiveness to those requirements.

(e) The department shall determine which proposals are reasonably apt to be awarded the order or contract and shall provide each offerer of such a proposal a fair and equal opportunity to discuss the proposal. The department may negotiate with each offerer in order to obtain terms that are advantageous to this state. Prior to the award of the order or contract, any offerer may revise his or her proposal. The department shall keep a written record of all meetings, conferences, oral presentations, discussions, negotiations and evaluations of proposals under this section.

(f) In opening, discussing and negotiating proposals, the department may not disclose any information that would reveal the terms of a competing proposal.

(g) After receiving each offerer's best and final offer, the department shall determine which proposal is most advantageous and shall award the order or contract to the person who offered it. The department's determination shall be based only on price and the other evaluation factors specified in the request for proposals. The department shall state in writing the reason for the award and

shall place the statement in the contract file. This paragraph does not apply to procurements under s. 16.751.

(h) Following the award of the order or contract, the department shall prepare a register of all proposals.

(i) This subsection does not apply to the purchase of printing or stationery.

(3) The department may let contracts in excess of funds available. Except in the cases to which s. 18.10 (1) applies, any such contract shall state in substance that its continuance beyond the limits of funds already available is contingent upon appropriation of the necessary funds. Contracts may be for any term deemed to be in the best interests of the state but the terms and provisions for renewal or extension, if any, shall be incorporated in the bid specifications and the contract document.

(3m) (a) In this subsection, “minority business” means a business certified by the department of commerce under s. 560.036 (2).

(b) The department and any agency making purchases under s. 16.74 shall attempt to ensure that 5% of the total amount expended under this subchapter in each fiscal year is paid to minority businesses. Except as provided under sub. (7), the department may purchase materials, supplies, equipment and contractual services from any minority business submitting a qualified responsible competitive bid that is no more than 5% higher than the apparent low bid or competitive proposal that is no more than 5% higher than the most advantageous offer. In administering the preference for minority businesses established in this paragraph, the department and any agency making purchases under s. 16.74 shall maximize the use of minority businesses which are incorporated under ch. 180 or which have their principal place of business in this state.

(c) 1. After completing any contract under this subchapter, the contractor shall report to the agency that awarded the contract any amount of the contract that was subcontracted to minority businesses.

2. Each agency shall report to the department at least semi-annually, or more often if required by the department, the total amount of money it has expended for contracts and orders awarded to minority businesses and the number of contacts with minority businesses in connection with proposed purchases.

3. The department shall maintain and annually publish data on state purchases from minority businesses, including amounts expended and the percentage of total expenditures awarded to minority businesses.

4. The department shall annually prepare and submit a report to the governor and to the chief clerk of each house of the legislature, for distribution to the appropriate standing committees under s. 13.172 (3), on the total amount of money paid to and of indebtedness or other obligations underwritten by minority businesses, minority financial advisers and minority investment firms under the requirements of this subsection and ss. 16.855 (10m), 16.87 (2), 25.185, 84.075 and 565.25 (2) (a) 3. and on this state’s progress toward achieving compliance with par. (b) and ss. 16.855 (10m) (a) and (10n), 16.87 (2), 25.185 and 84.075 (1).

5. In determining whether a purchase, contract or subcontract complies with the goal established under par. (b) or s. 16.855 (10m), 16.87 (2) or 25.185 the department shall include only amounts paid to minority businesses, minority financial advisers and minority investment firms certified by the department of commerce under s. 560.036 (2).

(3t) (a) In this subsection, “form” has the meaning given under s. 16.97 (5p).

(b) All commodities required to be furnished by the department which are produced at the institutions of the state shall be purchased from the institutions if the commodities conform to the specifications prepared by the department.

(c) The department of corrections shall periodically provide to the department of administration a current list of all materials,

supplies, equipment or contractual services, excluding commodities, that are supplied by prison industries, as created under s. 303.01. The department of administration shall distribute the list to all designated purchasing agents under s. 16.71 (1). Except as otherwise provided in sub. (6) (am), prior to seeking bids or competitive sealed proposals with respect to the purchase of any materials, supplies, equipment or contractual services enumerated in the list, the department of administration or any other designated purchasing agent under s. 16.71 (1) shall offer prison industries the opportunity to supply the materials, supplies, equipment or contractual services if the department of corrections is able to provide them at a price comparable to one which may be obtained through competitive bidding or competitive sealed proposals and is able to conform to the specifications, provided the specifications are written in accordance with s. 16.72 (2) (d). If the department of administration or other purchasing agent is unable to determine whether the price of prison industries is comparable, it may solicit bids or competitive proposals before awarding the order or contract. This paragraph does not apply to the printing of the following forms:

1. Forms that must be completed by applicants for admission to an institution of the University of Wisconsin System or by students of such an institution who are applying for financial aid, including loans, or for a special course of study or who are adding or dropping courses, registering or withdrawing, establishing their residence or being identified or classified.

2. Forms the use of which is required by federal law.

3. Forms used by teachers to evaluate a student’s academic performance.

4. Forms used by hospitals and health care providers to bill or collect from patients and 3rd parties.

5. Forms used by medical personnel in the treatment of patients.

6. Forms used to collect data from research subjects in the course of research projects administered by the board of regents of the University of Wisconsin System.

7. Forms that are not public contact forms.

(4) (a) The department shall encourage the participation of small businesses and veteran-owned businesses in the statewide purchasing program by ensuring that there are no undue impediments to such participation and by actively encouraging small businesses and veteran-owned businesses to play an active role in the solicitation of purchasing business by agencies. To that end the department shall:

1. Maintain comprehensive lists of small businesses and of veteran-owned businesses located in this state which have indicated a willingness to provide materials, supplies, equipment or contractual services to the state.

2. Develop ways of simplifying specifications and terms so that they will not impose unnecessary administrative burdens on small businesses and veteran-owned businesses located in this state which submit bids or proposals to the state.

3. Assist small businesses and veteran-owned businesses located in this state in complying with the state’s competitive bidding and competitive proposal procedures.

4. Notify businesses on the lists maintained under subd. 1. of agency purchasing requests for which the businesses may wish to submit a bid or proposal.

5. By October 1 of each year, submit a report to the council on small business, veteran-owned business and minority business opportunities which evaluates the performance of small businesses located in this state in submitting bids or proposals to the state and makes recommendations for increased involvement of such businesses in submitting competitive bids and proposals under this section.

(b) The department shall seek the cooperation and assistance of the department of commerce in the performance of its duties under par. (a).

(c) In this section and s. 16.755, “small business” means a business which has had less than \$1.5 million in gross annual sales in the most recent calendar or fiscal year.

(d) In this subsection and s. 16.755, “veteran–owned business” means a small business, as defined in par. (c), that is certified by the department of veterans affairs as being at least 51% owned by one or more veterans, as defined in s. 45.01 (12).

(5) The department may require of bidders, persons making proposals under sub. (2m) or contractors such sureties as, in its judgment, are deemed advisable and may decide as to their responsibility and competency. The department may require a contractor to provide a bond furnished by a surety company authorized to do business in this state, for the proper performance of each contract.

(6) (a) Except with respect to purchases of printing and stationery, subs. (1) to (5) do not apply to the purchase of supplies, materials, equipment or contractual services from the federal government.

(am) Subsections (1) and (3t) do not apply to procurements by the department relating to information technology or telecommunications. Annually not later than October 1, the department shall report to the governor, in the form specified by the governor, concerning all procurements relating to information technology or telecommunications by the department during the preceding fiscal year that were not made in accordance with the requirements of subs. (1) and (3t).

(b) If the secretary determines that it is in the best interest of this state to do so, he or she may waive the requirements of subs. (1) to (5) and may purchase supplies, materials, equipment or contractual services, other than printing and stationery, from another state, from any county, city, village, town or other governmental body in this state or from a regional or national consortium composed of nonprofit institutions that support governmental or educational services, or through a contract established by one of those entities with one or more 3rd parties.

(bm) If the secretary determines that it is in the best interest of this state to do so, he or she may waive any requirement under subs. (1) to (5) and ss. 16.705 and 16.72 (2) (e) and (f) and (5) with respect to any contract entered into by the department of children and families under s. 49.143, if the department of children and families presents the secretary with a process for the procurement of contracts under s. 49.143 and the secretary approves the process.

(c) If the secretary determines that it is in the best interest of this state to do so, he or she may, with the approval of the governor, waive the requirements of subs. (1) to (5) and may purchase supplies, material, equipment, or contractual services, other than printing and stationery, from a private source other than a source specified in par. (b). Except as provided in sub. (2g) (c), if the cost of the purchase is expected to exceed \$25,000, the department shall first publish a class 2 notice under ch. 985 or post a notice on the Internet at the site determined or approved by the department under sub. (1) (b) describing the materials, supplies, equipment, or contractual services to be purchased, stating the intent to make the purchase from a private source without soliciting bids or competitive sealed proposals and stating the date on which the contract or purchase order will be awarded. The date of the award shall be at least 7 days after the date of the last insertion or the date of posting on the Internet.

(d) If the governor determines that it is in the best interest of this state to do so, he or she may issue a general waiver of the requirements of subs. (1) to (5) permitting the purchase of specified materials, supplies, equipment or contractual services, except printing and stationery, from a private source. A general waiver may be issued for any period up to one year. The governor may impose any necessary or appropriate condition or restriction on the waiver.

(e) The governor or his or her designee may waive any requirement of this subchapter if the governor or his or her designee finds

that there exists an emergency which threatens the public health, safety or welfare and the waiver is necessary to meet the emergency. The governor or his or her designee shall require the award of each contract under this paragraph to be made with such competition as is practicable under the circumstances. The governor or his or her designee shall file with the department a statement of facts constituting the emergency for each waiver issued under this paragraph, and a statement of the basis for selection of each contractor under the emergency procedure. This paragraph does not apply to the requirement specified in sub. (7).

(f) The department shall keep a record of each individual or general waiver under pars. (b) to (e). The record shall be open to public inspection.

(7) Stationery and printing shall be purchased from the lowest responsible bidder without regard to the amount of the purchase, except when the department of administration exercises the discretion vested in it by s. 16.82 (4).

(8) (a) 1. The department, any other designated purchasing agent under s. 16.71 (1), any agency making purchases under s. 16.74, and each authority other than the University of Wisconsin Hospitals and Clinics Authority, the Lower Fox River Remediation Authority, and the Health Insurance Risk–Sharing Plan Authority shall, to the extent practicable, make purchasing selections using specifications developed under s. 16.72 (2) (e) to maximize the purchase of materials utilizing recycled materials and recovered materials.

2. Each agency and authority other than the University of Wisconsin Hospitals and Clinics Authority, the Lower Fox River Remediation Authority, and the Health Insurance Risk–Sharing Plan Authority shall ensure that the average recycled or recovered content of all paper purchased by the agency or authority measured as a proportion, by weight, of the fiber content of paper products purchased in a fiscal year, is not less than 40% of all purchased paper.

(9) The department, any other designated purchasing agent under s. 16.71 (1), any agency making purchases under s. 16.74, and any authority other than the University of Wisconsin Hospitals and Clinics Authority, the Lower Fox River Remediation Authority, and the Health Insurance Risk–Sharing Plan Authority shall, to the extent practicable, make purchasing selections using specifications prepared under s. 16.72 (2) (f).

(10) An agency that has building, fleet or energy management responsibilities shall, to the extent cost–effective and technically feasible, rely upon energy systems that utilize fuels produced in this state. In reviewing bids for the purchase of fuels or energy systems or equipment, the agency shall purchase fuel or energy systems or equipment produced in this state if the cost of the lowest responsible bid for such fuel or energy systems or equipment is no greater than the lowest responsible bid for fuel or energy systems or equipment produced outside of this state.

(10e) (a) In this subsection, “energy consuming equipment” means any equipment that is designed for heating, ventilation, air conditioning, water heating or cooling, lighting, refrigeration, or any other function, and that consumes energy.

(b) The department, any other designated purchasing agent under s. 16.71 (1), any agency making purchases under s. 16.74, and any authority may not purchase energy consuming equipment unless the specifications for the equipment meet the applicable standards for the equipment established under s. 16.855 (10s) (a). If there is no standard under s. 16.855 (10s) (a) applicable to the type of energy consuming equipment being purchased, or if the energy consuming equipment meeting that standard is not reasonably available, the department, purchasing agent, agency, or authority shall ensure that the energy consuming equipment that is purchased maximizes energy efficiency to the extent technically and economically feasible. The department, purchasing agent, agency, or authority shall not determine that energy consuming equipment that meets the applicable standard under s. 16.855 (10s) (a) either is not reasonably available on the basis of

cost alone or is not cost-effective unless the difference in the cost of the purchase and installation of the equipment that meets the standard and the equipment that would otherwise be installed is greater than the difference in the cost of operating the equipment that meets the standard and the equipment that would otherwise be installed over the anticipated life of the equipment.

(10m) The department, any other designated purchasing agent under s. 16.71 (1), any agency making purchases under s. 16.74, and any authority shall not enter into any contract or order for the purchase of materials, supplies, equipment, or contractual services with a person if the name of the person, or the name of an affiliate of that person, is certified to the department by the secretary of revenue under s. 77.66.

(11) (a) In this subsection, “consumer price index” means the average of the consumer price index over each 12-month period, all items, U.S. city average, as determined by the bureau of labor statistics of the U.S. department of labor.

(b) The department may, by rule, biennially adjust the dollar amounts specified in subs. (1) (b) and (c), (2m) (b) and (c) and (6) (c) by an amount not exceeding the amount determined in accordance with this subsection. To determine the maximum adjustment, the department shall calculate the percentage difference between the consumer price index for the 12-month period ending on December 31 of the most recent odd-numbered year and the consumer price index for the base period, calendar year 1995. The department may adjust the amounts specified under subs. (1) (b) and (c), (2m) (b) and (c) and (6) (c) by an amount not exceeding that amount biennially, rounded to the nearest multiple of \$1,000. If after such rounding the amounts are different than the amounts currently prescribed, the department shall by rule prescribe revised amounts, which amounts shall be in effect until a subsequent rule is promulgated under this subsection. Notwithstanding s. 227.24 (3), determinations under this subsection may be promulgated as an emergency rule under s. 227.24 without a finding of emergency.

(12) (a) In this subsection:

1. “Agency” means the department of administration, the department of corrections, the department of health services, the department of public instruction, the department of veterans affairs, and the Board of Regents of the University of Wisconsin System.

2. “Agency facility” means any state-owned or leased facility that is occupied, operated, or used by an agency.

3. “Renewable percentage” means the percentage of total annual electric energy that is derived from renewable resources.

4. “Renewable resource” has the meaning given in s. 196.378 (1) (h) 1. or 2. and includes a resource, as defined in s. 196.378 (1) (j), that derives electricity from hydroelectric power.

5. “Total annual electric energy” means the total annual amount of electric energy generated or purchased by the state for power, heating, or cooling purposes for all agency facilities.

(b) The department shall establish goals for each agency that are designed to accomplish the following goals:

1. That the renewable percentage for total annual electric energy by December 31, 2007, is at least 10 percent.

2. That the renewable percentage for total annual electric energy by December 31, 2011, is at least 20 percent.

(c) In determining whether the goals under par. (b) are accomplished, the department shall do all the following:

1. Calculate total annual electric energy on the basis of an average of the total annual electric energy during the 3 years prior to the specified dates.

2. For any individual agency facility, consider only electric energy that is purchased from the electric provider that serves the agency facility under an arrangement with a term of 10 years or more and electric energy derived from renewable resources owned by the state and produced for use in the agency facility.

(d) Notwithstanding par. (b), an agency is not required to generate or purchase electric energy derived from renewable resources if the generation or purchase is not technically feasible or cost-effective.

(e) No later than March 1 of each year, the department shall submit a report to the governor and chief clerk of each house of the legislature, for distribution to the legislature under s. 13.172 (2), concerning the degree of attainment and, if applicable, reasons for nonattainment by the state during the preceding year in meeting the goals established by the department under par. (b).

16.854 Services provided to professional baseball park districts. (1) In this section:

(a) “Minority business” has the meaning given in s. 560.036 (1) (e).

(b) “Minority group member” has the meaning given in s. 560.036 (1) (f).

(c) “Women’s business” means a sole proprietorship, partnership, joint venture or corporation that is at least 51% owned, controlled and actively managed by women.

(2) Subject to the requirements of s. 16.82 (7), the department may, upon request of any local professional baseball park district, if the district has entered into a lease agreement with the department under s. 16.82 (7), take charge of and supervise engineering or architectural services or construction work, as defined in s. 16.87, performed by, or for, the district for compensation to be agreed upon between the department and the district. In connection with such services or work, the department may furnish engineering, architectural, project management and other building construction services whenever requisitions therefor are presented to the department by the district. If the district has entered into a lease agreement with the department under s. 16.82 (7), the department may also assist the district, upon request of the district, in letting contracts for engineering, architectural or construction work authorized by law and in supervising the work done there-

under. The department may award any such contract for any combination or division of work it designates and may consider any factors in awarding a contract including price, time for completion of work and the qualifications and past performance of a contractor. In awarding contracts under this section for the construction of baseball park facilities, as defined in s. 229.65 (1), the department shall ensure that any person who is awarded a contract agrees, as a condition to receiving the contract, that his or her goal shall be to ensure that at least 25% of the employees hired because of the contract will be minority group members and at least 5% of the employees hired because of the contract will be women. It shall also be a goal of the department to ensure that at least 25% of the aggregate dollar value of contracts awarded for the construction of such facilities in the following areas are awarded to minority businesses and at least 5% of the aggregate dollar value of contracts awarded for the construction of such facilities in the following areas are awarded to women's businesses:

- (a) Contracts for the construction of baseball park facilities.
- (b) Contracts for professional services related to the construction of baseball park facilities.
- (c) Contracts for the development of baseball park facilities.

(3) It shall be a goal of the department, with regard to each of the contracts described under sub. (2) (a), (b) and (c), to award at least 25% of the dollar value of such contracts to minority businesses and at least 5% of the dollar value of such contracts to women's businesses. Sections 16.85, 16.8511, 16.855, and 16.87 do not apply to services provided or contracted by the department under this section.

History: 1995 a. 56; 2005 a. 149.

16.855 Construction project contracts. (1) The department shall let by contract to the lowest qualified responsible bidder all construction work when the estimated construction cost of the project exceeds \$40,000, except for construction work authorized under s. 16.858 and except as provided in sub. (10m) or s. 13.48 (19). If a bidder is not a Wisconsin firm and the department determines that the state, foreign nation or subdivision thereof in which the bidder is domiciled grants a preference to bidders domiciled in that state, nation or subdivision in making governmental purchases, the department shall give a preference over that bidder to Wisconsin firms, if any, when awarding the contract, in the absence of compelling reasons to the contrary. The department may enter into agreements with states, foreign nations and subdivisions thereof for the purpose of implementing this subsection.

(2) Except for projects authorized under s. 16.858, whenever the estimated construction cost of a project exceeds \$40,000, or if less and in the best interest of the state, the department shall:

(a) Advertise for proposals by publication of a class 1 notice, under ch. 985, in the official state newspaper. Similar notices may be placed in publications likely to inform potential bidders of the project. The department may solicit bids from qualified contractors to insure adequate competition. All advertisements shall contain the following information:

1. Location of work and the name of the owner.
2. Scope of the work.
3. Amount of bid guarantee required.
4. Date, time and place of bid opening.
5. Date, and place where plans will be available.

(b) 1. Require that a guarantee of not less than 10% of the amount of the bid shall be included with each bid submitted guaranteeing the execution of the contract within 10 days of offering, if offered within 30 days after the date set for the opening thereof. The parties may agree to extend the time for offering of the contract beyond 30 days after the opening of bids.

2. If the federal government participates in a state project, the bid guarantee required in this paragraph controls, unless the federal government makes a specific provision for a different bid guarantee.

(c) Publicly open and read aloud, at the time and place specified in the notice, all bids. Within a reasonable time after opening, tabulations of all bids received shall be available for public inspection.

(d) Not allow or make any correction or alteration of a bid, except as provided in sub. (6).

(3) At any time prior to the published time of opening, a bid may be withdrawn on written request submitted to the department by the bidder or the bidder's agent, without prejudice to the right of the bidder to file a new bid.

(4) If a bid contains an error, omission or mistake, the bidder may limit liability to the amount of the bidder's bid guarantee by giving written notice of intent not to execute the contract to the department within 72 hours of the bid opening. The department of administration, with the approval of the attorney general, may settle and dispose of cases and issues arising under this subsection. However, if no such settlement is obtained, the bidder is not entitled to recover the bid guarantee unless the bidder proves in the circuit court for Dane County that in making the mistake, error or omission the bidder was free from negligence.

(5) Any or all bids may be rejected if, in the opinion of the department, it is in the best interest of the state. The reasons for rejection shall be given to the bidder or bidders in writing.

(6) Nothing contained in this section shall prevent the department from negotiating deductive changes in the lowest qualified bid.

(7) The department may issue contract change orders, if they are deemed to be in the best interests of the state.

(9) The department may require bidders to submit sworn statements as to financial ability, equipment and experience in construction and require such other information as may be necessary to determine their competency.

(10) When the department believes that it is in the best interests of the state to contract for certain articles or materials available from only one source, it may contract for said articles or materials without the usual statutory procedure, after a publication of a class 1 notice, under ch. 985, in the official state newspaper.

(10m) (a) In awarding construction contracts the department shall attempt to ensure that 5% of the total amount expended in each fiscal year is awarded to contractors and subcontractors which are minority businesses, as defined under s. 16.75 (3m) (a). The department may award any contract to a minority business that submits a qualified responsible bid that is no more than 5% higher than the apparent low bid.

(b) Upon completion of any contract, the contractor shall report to the department any amount of the contract that was subcontracted to minority businesses.

(c) The department shall maintain and annually publish data on contracts awarded to minority businesses under this subsection and ss. 16.87 and 84.075.

(10n) (a) In this subsection, "minority group member" has the meaning given in s. 560.036 (1) (f).

(b) The department shall enter into a memorandum of understanding with the state fair park board which shall specify procedures for construction work and professional services contracts to be performed for the state fair park board under which any person who is awarded such a contract shall agree, as a condition to receiving the contract, that his or her goal shall be to ensure that at least 25% of the employees hired because of the contract will be minority group members and at least 5% of the employees hired because of the contract will be women.

(10p) For each proposed construction project, the department shall ensure that the specifications require the use of recovered materials and recycled materials, as defined under s. 16.70 (11) and (12), to the extent that such use is technically and economically feasible.

(10s) (a) The department shall, by rule, prescribe and annually review and revise as necessary energy efficiency standards

for equipment that is installed as a component of a construction project and that relates to heating, ventilation, air conditioning, water heating or cooling, lighting, refrigeration, or any other function that consumes energy. The standards shall meet or exceed current applicable guidelines of the federal environmental protection agency relating to energy efficiency of the functions specified in this paragraph, guidelines that apply to the federal energy management program under 42 USC 8251 et seq., and standards established by the American society of heating, refrigerating and air-conditioning engineers.

(b) The department shall ensure that the specifications for any equipment that is designed for heating, ventilation, air conditioning, water heating or cooling, lighting, refrigeration, or any other function that consumes energy under any construction project contract administered by the department meet applicable standards established under par. (a). If there is no standard under par. (a) applicable to the type of equipment being purchased or if the equipment meeting that standard is not reasonably available, the department shall ensure that energy consumption within a building, structure, or facility and all equipment that is purchased under each contract administered by the department maximizes energy efficiency to the extent technically and economically feasible. The department shall not determine that equipment that meets the applicable standard under par. (a) either is not reasonably available on the basis of cost alone or is not cost-effective unless the difference in the cost of the purchase and installation of the equipment that meets the standard and the equipment that would otherwise be installed is greater than the difference in the cost of operating the equipment that meets the standard and the equipment that would otherwise be installed over the anticipated life of the equipment.

(11) A contractor shall be liable for any damages to another contractor working on the same project caused by reason of the former's default, act or nonperformance.

(12) Nothing contained in this section shall be construed so as to make contracts let under this section subject to s. 66.0901.

(13) (a) A list of subcontractors shall not be required to be submitted with the bid. The department may require the prime contractor to submit in writing the names of prospective subcontractors for the department's approval before the award of a contract to the prime contractor.

(b) All subcontractors must be approved in writing by the department prior to their employment. Requests for approval of prospective subcontractors shall be in writing.

(c) Changes may be made in the list of subcontractors, with the agreement of the department and the prime contractor, when in the opinion of the department it is in the best interests of the state to require the change.

(14) (a) If a project requires prior approval of the building commission under s. 13.48 (10) (a) and bids are required to be solicited under sub. (2), the department shall take both single bids and separate bids on any division of the work that it designates. If a project does not require prior approval of the building commission under s. 13.48 (10) (a) and bids are required to be solicited under sub. (2), the department may take single bids or separate bids on any division of the work that it designates. If the department awards contracts by the division of work, the department shall award the contracts according to the division of work selected for bidding. Except as provided in sub. (10m) (a), the department shall award all contracts to the lowest qualified responsible bidder or bidders that result in the lowest total construction cost for the project.

(b) The state is not liable to a prime contractor for damage from delay caused by another prime contractor if the department takes reasonable action to require the delaying prime contractor to comply with its contract. If the state is not liable under this paragraph, the delayed prime contractor may bring an action for damages against the delaying prime contractor.

(15) The department shall promulgate rules to implement the advertising and award of contracts.

(16) (a) This section does not apply to contracts between the state and federal government or any agency thereof, or with any political subdivision of the state. Subject to the approval of the governor, the requirements of this section may be waived in emergency situations involving the public health, welfare or safety or with respect to contracting with public utilities, but only when any such waiver is deemed by the governor to be in the best interests of the state.

(b) 1. In this paragraph, "agency" has the meaning given in s. 16.70 (1e).

2. In emergency situations, the governor may approve repairs and construction of a building, structure, or facility in lieu of building commission approval under s. 13.48 (10), and for such purposes, may authorize the expenditure of up to \$500,000 from the state building trust fund or from other available moneys appropriated to an agency derived from any revenue source. The governor may delegate to the secretary the authority to grant approvals under this subdivision. The governor shall report any such authorization to the building commission at its next regular meeting following the authorization. In this subdivision, "emergency" means any natural or human-caused situation that results in or may result in substantial injury or harm to the population or substantial damage to or loss of property.

(17) This section does not apply to any project on which the work is to be performed by inmates or patients in institutions under the jurisdiction of the department of corrections or the department of health services working under the supervision or with the assistance of state employees.

(18) This section shall not apply to restoration or reconstruction of the state capitol building, historic structures at the old world Wisconsin site and at Heritage Hill state park when the department determines that a waiver of this section would serve the best interests of this state.

(19) As the work progresses under any contract for construction the department, from time to time, shall grant to the contractor an estimate of the amount and proportionate value of the work done, which shall entitle the contractor to receive the amount thereof, less the retainage, from the proper fund. The retainage shall be an amount equal to not more than 5% of the estimate until 50% of the work has been completed. At 50% completion, no additional amounts shall be retained, and partial payments shall be made in full to the contractor unless the architect or engineer certifies that the job is not proceeding satisfactorily. At 50% completion or any time thereafter when the progress of the work is not satisfactory, additional amounts may be retained but in no event shall the total retainage be more than 10% of the value of the work completed. Upon substantial completion of the work, an amount retained may be paid to the contractor. For the purposes of this section, estimates may include any fabricated or manufactured materials and components specified, previously paid for by contractor and delivered to the work or properly stored and suitable for incorporation in the work embraced in the contract. This subsection does not apply to contracts awarded under s. 16.858.

(20) This section does not apply to construction work performed by University of Wisconsin System students when the construction work performed is a part of a curriculum and where the work is course-related for the student involved. Prior approval of the building commission must be obtained for all construction projects to be performed by University of Wisconsin System students.

(21) This section does not apply to contracts by the department of natural resources for construction work related to hazardous substance spill response under s. 292.11 or environmental repair under s. 292.31.

(22) The provisions of this section, except sub. (10m), do not apply to construction work for any project that does not require the

prior approval of the building commission under s. 13.48 (10) (a) if the project is constructed in accordance with policies and procedures prescribed by the building commission under s. 13.48 (29). If the estimated construction cost of any project is at least \$40,000, and the building commission elects to utilize the procedures prescribed under s. 13.48 (29) to construct the project, the department shall provide adequate public notice of the project and the procedures to be utilized to construct the project on a publicly accessible computer site.

Under subs. (2) (a) 2. and (14), the department has authority to create a division of work not limited to traditional trade practices, which may include work divisions other than the four enumerated in the statute if the new division involves a specialized area of construction, e.g., elevator work that is commonly designated a division, although it involves the electrical trade. *Breiby v. Dept. of Administration*, 55 Wis. 2d 16, 197 N.W.2d 737 (1972).

16.858 Energy conservation audits and construction projects. (1) The department may contract with a qualified contractor for an energy conservation audit to be performed at any state-owned building, structure or facility. Under the contract, the contractor shall prepare a report containing a description of the physical modifications to be performed to the building, structure or facility that are required to effect specific future energy savings within a specified period and a determination of the minimum savings in energy usage that will be realized by the state from making these modifications within that period. After review of the audit report and subject to approval under s. 13.48 (10), where required, the department may contract with the contractor for construction work to be performed at the building, structure or facility for the purpose of realizing potential savings of future energy costs identified in the audit if, in the judgment of the department, the anticipated savings to the state after completion of the work will enable recovery of the costs of the work within a reasonable period of time.

(2) (a) A contract under sub. (1) may provide for the construction work to be financed by the state or by the contractor. The contract shall provide for the state to pay a stated amount, which shall include any financing costs incurred by the contractor. The stated amount may not exceed the minimum savings determined under the audit to be realized by the state within the period specified in the audit. The state shall make payments under the contract as the savings identified in the audit are realized by the state, in the amounts actually realized, but not to exceed the lesser of the stated amount or the actual amount of the savings realized by the state within the period specified in the audit. If the department provides financing for construction work, the department may finance any portion of the cost of the work under a master lease entered into as provided under s. 16.76 (4). If the department provides financing for the construction work and the stated amount to be paid by the state under the contract is greater than the amount of the savings realized by the state within the period specified in the audit under sub. (1), the contract shall require the contractor to remit the difference to the department.

(b) The department shall charge the cost of payments made by the state to the contractor to the applicable appropriation for fuel and utility costs at the building, structure or facility where the work is performed in the amounts equivalent to the savings that accrue to the state under that appropriation from expenditures not made as a result of the construction work, as determined by the department in accordance with the contract. The department may also charge its costs for negotiation, administration and financing of the contract to the same appropriation.

(3) Any contract under sub. (1) shall include a provision stating in substance that payments under the contract are contingent upon available appropriations.

(4) No later than January 1 of each year, the secretary shall report to the cochairpersons of the joint committee on finance identifying any construction work for which the department has contracted under this section for which final payment has not been made as of the date of the preceding report, together with the actual energy cost savings realized by the state as a result of the contract to date, or the estimated energy cost savings to be realized by the state if the total savings to be realized in the audit under sub. (1) have not yet been realized, the date on which the state made its final payment under the contract or, if the final payment has not been made, the latest date on which the state is obligated to make its final payment under the contract, and any amount that remains payable to the state under the contract.

16.865 Department of administration; statewide risk management coordination. The department shall:

(1) Be responsible for statewide risk management coordination in order to:

(a) Protect the state from losses which are catastrophic in nature and minimize total cost to the state of all activities related to the control of accidental loss.

(b) Place emphasis on the reduction of loss through professional attention to scientific loss control techniques and by motivational incentives, prompt claims payments and other loss prevention measures.

(2) Identify and evaluate exposure to loss to the state, its employees or injury to the public by reason of fire or other accidents and fortuitous events at state-owned properties or facilities.

(3) Recommend changes in procedures, program conditions or capital improvement for all agencies which would satisfactorily eliminate or reduce the existing exposure.

(4) Manage the state employees' worker's compensation program and the statewide self-funded programs to protect the state from losses of and damage to state property and liability.

(5) Arrange appropriate insurance contracts for the transfer of risk of loss on the part of the state or its employees, to the extent such loss cannot reasonably be assumed by the individual agencies or the self-funded programs. The placement of insurance may be by private negotiation rather than competitive bid, if such insurance has a restricted number of interested carriers. The department shall approve all insurance purchases.

(6) Train, upgrade and guide appropriate personnel in the agencies in implementation of sound risk management practices.

(7) Have the authority to contract for investigative and adjustment services as provided in s. 20.865 (1) (fm) which can be performed more economically or efficiently by such contract.

(8) Annually in each fiscal year, allocate as a charge to each agency a proportionate share of the estimated costs attributable to programs administered by the agency to be paid from the appropriation under s. 20.505 (2) (k). The department may charge premiums to agencies to finance costs under this subsection and pay the costs from the appropriation on an actual basis. The department shall deposit all collections under this subsection in the appropriation account under s. 20.505 (2) (k). Costs assessed under this subsection may include judgments, investigative and adjustment fees, data processing and staff support costs, program administration costs, litigation costs, and the cost of insurance contracts under sub. (5). In this subsection, "agency" means an office, department, independent agency, institution of higher education, association, society, or other body in state government created or authorized to be created by the constitution or any law, that is entitled to expend moneys appropriated by law, including the legislature and the courts, but not including an authority

created in subch. II of ch. 114 or subch. III of ch. 149 or in ch. 231, 232, 233, 234, 235, 237, or 279.

(9) Notwithstanding s. 20.001 (3) (c), if the department makes any payment from the appropriation under s. 20.505 (2) (a), lapse to the general fund from the appropriation account under s. 20.505 (2) (k) an amount equal to the payment. The department shall effect the lapse required under this subsection in accordance with a schedule determined by the department, but the total amount of each lapse shall be effected no later than 6 years after the date of the payment to which it relates.

(2) The rules promulgated under sub. (1) shall do all of the following:

(a) Allow an educational agency to make a request to the department for access to either one data line or one video link, except as follows:

1. Any educational agency may request access to additional data lines if the agency shows to the satisfaction of the department that the additional data lines are more cost-effective than a single data line.

2. A school district that operates more than one high school or a public library board that operates more than one library facility may request access to both a data line and a video link and access to more than one data line or video link.

3. An educational agency that is eligible for a rate discount on telecommunications services under 47 USC 254 may request access to additional data lines and video links and to increased bandwidth access as provided in s. 16.998.

(b) Establish eligibility requirements for an educational agency to participate in the program established under sub. (1) and to receive additional telecommunications access under s. 16.998, including a requirement that a charter school sponsor use data lines and video links to benefit pupils attending the charter school and a requirement that Internet access to material that is harmful to children, as defined in s. 948.11 (1) (b), is blocked on the com-

puters of juvenile correctional facilities that are served by data links and video links subsidized under this section.

(c) Establish specifications for data lines and video links for which access is provided to an educational agency under the program established under sub. (1) or for which additional access is provided to an educational agency under s. 16.998.

(d) Require an educational agency to pay the department not more than \$250 per month for each data line or video link that is provided to the educational agency under the program established under sub. (1), except that the charge may not exceed \$100 per month for each data line or video link that relies on a transport medium that operates at a speed of 1.544 megabits per second.

(e) Include the protections specified in s. 196.209 (4) (a) and (b).

(f) Ensure that juvenile correctional facilities that receive access under this section to data lines and video links or that receive additional access under s. 16.998 to data lines, video links, and bandwidth use those data lines and video links and that bandwidth only for educational purposes.

(2g) An educational agency that is provided access to a data line under the program established under sub. (1) or to an additional data line under s. 16.998 may not do any of the following:

(a) Provide access to the data line to any business entity, as defined in s. 13.62 (5).

(b) Request access to an additional data line for purposes of providing access to bandwidth to a political subdivision under a shared service agreement under sub. (2r) (a).

(2r) (a) A public library board that is provided access to a data line under the program established under sub. (1) or to an additional data line under s. 16.998 may enter into a shared service agreement with a political subdivision that provides the political subdivision with access to any excess bandwidth on the data line that is not used by the public library board, except that a public library board may not sell, resell, or transfer in consideration for money or anything of value to a political subdivision access to any excess bandwidth. A shared service agreement under this paragraph is not valid unless the agreement allows the public library board to cancel the agreement at any time after providing notice to the political subdivision.

(b) A political subdivision that obtains access to bandwidth under a shared service agreement under par. (a) may not receive compensation for providing any other person with access to the bandwidth.

(c) A public library board shall provide the department with written notice within 30 days after entering into or modifying a shared service agreement under par. (a).

(3) The department shall prepare an annual report on the status of providing data lines and video links that are requested under sub. (2) (a) and the impact on the universal service fund of any payment under contracts under s. 16.974.

(4) If the federal communications commission promulgates or modifies rules that provide rate discounts for telecommunications services to educational agencies under 47 USC 254, the governor shall submit a report to the joint committee on finance that includes any recommended changes to statutes or rules with respect to funding the program established under sub. (1).

(7) From the appropriation under s. 20.505 (4) (s), the department shall award \$25,000 annually in grants to consortia of school districts that meet all of the following criteria for the purpose of developing and implementing a technology-enhanced high school curriculum:

History: 1999 a. 9 ss. 2318, 2323 to 2329; 2001 a. 16; 2003 a. 33 ss. 238r, 1073d to 1088d; Stats. 2003 s. 16.997; 2005 a. 25, 344; 2007 a. 20, 97.

The provision, under s. 196.218 (4r) [now ss. 44.70 to 44.73], of subsidized links to all schools public and private, including religious schools, on a neutral basis does not violate the establishment clause of the 1st amendment of the United States constitution. Unrestricted direct cash grants, under sub. (4r) (g) [now sub. (6)], to religious organizations do violate the establishment clause. *Freedom From Religion Foundation, Inc. v. Bugher*, 55 F. Supp. 2d 962 (1999).

An educational agency that is eligible for a rate discount for telecommunications services under 47 USC 254 may request data lines, video links, and bandwidth access that is in addition to what is provided under the program under s. 16.997 (1). The department shall apply for aid under 47 USC 254 to cover the costs of the data lines, video links, and bandwidth access that are provided under this section and shall credit any aid received to the appropriation account under s. 20.505 (4) (mp). To the extent that the aid does not fully cover those costs, the department shall require an educational agency to pay the department a monthly fee that is sufficient to cover those costs and shall credit any monthly fee received to the appropriation account under s. 20.505 (4) (Lm).
