(Am. 1911, c. 664, s. 146.)

2. (Am. 1911, c. 664, s. 146.)

2. A school once granted state aid shall be entitled thereto as long as the character of its work meets with the approval of the state superintendent of education and the state board of industrial education.

3. The secretary of the local board of industrial education of each city, town or village in which such school or schools are maintained, shall on the first day of July in each year, report to the state superintendent of education the cost of maintaining the school, the character of the work done, the number, names and qualifications of the teachers employed, and such other information as may be required by the state superintendent of education.

4. If such report is satisfactory to the state superintendent of education and the state board of industrial education, and they are satisfied that the school or schools have been maintained in a satisfactory manner for not less than eight months during the year ending the thirtieth of the preceding June, the state superintendent of education shall make a certificate to that effect and file it with the secretary of state. The secretary of state shall then draw a warrant payable to the treasurer of such city, town or village in which the industrial school is located for a sum equal to one-half the amount actually expended in such industrial school, continuation school, evening school or commercial school, during the preceding year, but not more than three thousand dollars shall be appropriated to any one school in one year.

Section 553p—7. The schools established under this act shall be open to all residents of the cities, towns and villages in which such schools are located, of fourteen years of age or over who are not by law required to attend other schools. Any person over the age of fourteen who shall reside in any town, village or city not having an industrial school as provided in this act, and who is otherwise qualified to pursue the course of study may with the approval of the local board of industrial education in any town, village or city having a school established under this act, be allowed to attend any school under their supervision. Such persons shall be subject to the same rules and regulations as pupils of the school who are residents of the town, village or city in which the school is located.

(Am. 1911, c. 664, s. 146.)

Section 553p—8. The local board of industrial education is authorized to charge tuition fee for nonresident pupils not to exceed fifty cents per week. On or before the first day of July in each year the secretary of the local board of industrial education shall send a sworn statement to the clerk of the city, village or town from which any such person or persons may have been admitted. This statement shall set forth the residence, name, age and date of entrance to such school, and the number

of weeks' attendance during the preceding year of each such person at the school. It shall show the amount of tuition which under the provisions of this act the town, city or village is entitled to receive on account of each and all such pupils' attendance. This statement shall be filed as a claim against the town, village or city where such pupil resides and allowed as other claims are allowed.

Section 553p—9. Students attending any school under this act may be required to pay for all material consumed by them in their work in such school at cost prices or in lieu thereof the school board may establish a fixed sum to be paid by each student in each course, which sum shall be sufficient to cover, as nearly as may be, the cost of the material to be consumed in such course; any manufactured articles made in such school and that may accumulate shall be disposed of at their market value at the discretion of the school board, and the proceeds shall be paid to the local treasurer for the fund of the local board of industrial education.

(Am. 1911, c. 664, s. 146.)

Section 553p—10. The state board of industrial education shall also constitute a body corporate under the name of the "Board of Trustees of the Stout Institute," and shall possess all powers necessary or convenient to accomplish the objects and perform the duties prescribed by law. In such capacity, such board shall also employ such clerks and assistants as may be necessary to properly conduct its affairs. The state treasurer shall be ex officio treasurer of the board, but the board may appoint a suitable person to receive fees or other moneys that may be due such board, to disburse any part thereof, to account therefor, and to pay the balance to the state treasurer.

Section 553p—11. Such board is authorized to accept free of cost to the state and to hold as a trustee for the state, the property of the Stout institute located at Menominee, Wisconsin, and to maintain such institute under the name of "The Stout Institute." Provided, that the trustees of said Stout institute turn over to the state, within two months after the passage and publication of this act, said property free and clear of all incumbrances and debt, released from all claims or interest which the city of Menominee or the heirs of James H. Stout may have had in said property and having put the buildings in good condition, and having made such repairs as may be necessary before turning over said property. The board is also authorized to accept such other property or moneys as it may deem advisable to be accepted which can profitably be used by it in promoting

the interests entrusted to it. Such board may purchase, have, hold, control, possess and enjoy, in trust, for the state, for educational purposes, any lands, tenements, hereditaments, goods and chattels, of any nature, which may be necessary and required to accomplish the purposes and objects of the board, and may sell or dispose of any personal property when in its judgment it shall be for the interests of the state.

Section 553p—12. The purposes and objects of the institute shall be to instruct young persons in industrial arts and occupations and the theory and art of teaching such, and to give such instruction as will lead to a fair knowledge of the liberal arts, a just and seemly appreciation of the nobility and dignity of labor, and in general to promote diligence, economy, efficiency, honor and good citizenship.

Section 553p—13. The said board shall have power:

(1) To make rules, regulations and by-laws for the government and management of the institute and the students therein, including the power to suspend or expel students for misconduct or other cause.

(2) To appoint a president of the institute and other officers, teachers and assistants, and to employ such other persons as may be required; to fix the salary of each person so appointed or employed and to prescribe their several duties; to remove at pleasure any president, other officer, teacher, assistant or person from any office or employment in connection with the institute.

(3) To purchase such supplies as may be necessary in the conduct of the institute and its various departments.

(4) To prescribe rules, regulations and terms for the admission and control of the students, to prescribe courses of study and methods and means of instruction, and to issue certificates or diplomas.

(5) To co-operate with other educational institutions and agencies in instruction and training, leading to efficiency in industrial arts and occupations.

SECTION 2. There is hereby appropriated out of any money in the state treasury not otherwise appropriated, a sum sufficient to carry into effect the provision of this act. However, in no case shall the sum appropriated for the purpose of carrying out the provisions of this act exceed the sum of thirty thousand dollars during the fiscal year ending July 1, 1912, nor more than fifty-five thousand dollars per annum thereafter. Twenty thousand dollars of the above moneys shall be set aside annually, beginning July 1, 1911, for the purpose of maintaining the Stout institute as provided in this act.

(Am. 1911, c. 664, s. 146.)

SECTION 3. All acts and parts of acts conflicting with any provisions of this act are repealed in so far as they are inconsistent therewith. Provided, however, nothing in this act shall be construed to interfere in any manner with trade schools established under chapter 122, laws of 1907, and amendments thereof, unless the school board of any such city or school district shall by a majority vote adopt the provisions of this act, and shall proceed in the manner provided for, for every town, village or city of over five thousand inhabitants, as provided in this act.

(Am. 1911, c. 664, s. 146.)
