

[Jt. Res. No. 66, A.]

[Received and filed February 8, 1934.]

No. 88, 1933.

JOINT RESOLUTION

Continuing the joint interim committee on silicosis.

WHEREAS, The joint interim committee appointed under authority of Joint Resolution No. 155, A., adopted by the 1933 session of the legislature to study the problem of silicosis, has reported the progress it has made in its investigation under such resolution; and

WHEREAS, Such committee has requested that it be continued and that the scope of its inquiry be broadened to include a study of silicosis in industry generally; now, therefore, be it

Resolved, By the Assembly, the Senate concurring, That such committee is authorized to continue its investigation of the subject of silicosis in the granite cutting industry and also in industry generally in which silicosis is a hazard and that such investigation be made under the authority already vested in such committee under the terms of the resolution under which it was originally organized and that such committee make its report to the governor and to the legislature at its next regular session.

 CERTIFICATE

STATE OF WISCONSIN, }
 DEPARTMENT OF STATE. } ss.

I, THEODORE DAMMANN, Secretary of State of the State of Wisconsin, do hereby certify that the foregoing copies of laws and joint resolutions, passed by the legislature at the special session of 1933-1934, have been compared by me with the original enrolled acts and joint resolutions deposited in this office and that they appear to be correctly printed.

IN TESTIMONY WHEREOF, I have hereunto set my hand and affixed the lesser seal of the state, at the Capitol, (SEAL) in the city of Madison, this 2nd day of March, A. D. 1934.

THEODORE DAMMANN,
Secretary of State.
