government and the employes thereof shall co-operate with the legislature to the fullest extent in the transfer to the legislature of such employes, male and female, as are necessary to fill all legislative positions.

(2) In December preceding each regular session the department of administration is directed to determine the approximate total number of transfers required, in view of the number of applicants for examination, and to ascertain the number and names of employes who will be made available for transfer to the legislature for employment in legislative positions. (3) The depositions so taken may be used and read in evidence by either party upon the hearing of such contest, and no other depositions than those so taken shall be used or heard, nor shall such branch of the legislature, by its committees or otherwise, hear or seek to procure other testimony, but shall proceed forthwith to determine the contest upon the depositions so furnished.

13.18 Expenses of election contest; limitation. No sum in excess of three hundred dollars shall be allowed by the legislature to any contestant or contestee for any fees or expenses of any kind incurred in a contest over a seat in either branch of the legislature.

13.20 Punishment for contempt. (1) Whenever either house of the legislature orders the imprisonment of any person for contempt under the provisions of s. 13.19, such person shall be committed to the common jail of the county of Dane, and the jailer shall receive such person and detain him in close confinement for the term specified in the order of imprisonment, unless he shall be sooner discharged by the order of such house of the legislature or by due course of law.

paper, document or record produced by any such person before either house of the legislature or any such committee shall be competent testimony or be used in any trial or criminal proceeding against such person in any court, except upon a prosecution for perjury committed in giving such testimony; and no witness shall be allowed to refuse to testify to any fact, or to produce any papers, documents or records touching which he is examined before either house or any such committee, for the reason that the testimony touching such fact, or the production of such papers, documents or records may tend to disgrace him or otherwise render him infamous.

13.30 Witness fees. The compensation of all witnesses who are subpoenaed and appear pursuant to s. 13.25 shall be \$2 for each day's attendance and 10 cents per mile, one way, for travel to attend as such witness. The department of administration shall audit the accounts of such witnesses upon the certificate of the chairman of the committee before which any such witness has attended, stating the number of days' attendance and the distance he has traveled, and the accounts so audited shall be paid out of the state treasury, and charged to the appropriation for the legislature.

13.35 Joint legislative council. (1) There is created a joint legislative council, consisting of 6 senators and 9 assemblymen, one of whom shall be the president pro tempore of the senate and one of whom shall be the speaker of the assembly, and the remainder to be appointed as are standing committees in the respective houses, and at least one shall be appointed from each congressional district; and the remaining 5 from the state at large. A vacancy on any committee shall be filled as in the case of original appointment.

(3) The council shall make such surveys and studies, and compile such data, information and records on any question which may be referred to it for interim study and investigation or on such other matters as in its judgment will be beneficial to the general welfare of our state. To this end the council shall:

(a) Maintain liaison with federal, state and local officials and agencies concerned with planning, housing, veterans' administration and the public welfare.

(4) The council or any committee thereof when so authorized by the council is empowered to hold public hearings at such times and places within the state as may be determined, and to make such investigations and surveys as deemed advisable or necessary to accomplish the purposes and intent of this section. Any member of the council or of any committee shall have the power to administer oaths to persons testifying before the council or any committee. By subpoena, issued over the signature of its chairman, or acting chairman, and served in the manner in which circuit court subpoenas are served, the council, or any committee when authorized by the council, may summon and compel the attendance of witnesses. If any witness subpoenaed to appear before said council, or any committee thereof, shall refuse to appear or to answer inquiries propounded, the council or committee shall report the facts to the circuit court of Dane county, and it shall be the duty of such court to compel obedience to such subpoena by attachment proceedings for contempt as in the case of disobedience of the requirements of a subpoena issued from such court or a refusal to testify therein.

(5) Any subject proposed for study or investigation during the interim between legislative sessions shall be referred to and considered by the legislative council. If the council

determines that proposed study or investigation is feasible and is not within a subject already assigned, the council shall appoint a committee to conduct such study or investigation.

(6) The council shall create in each biennium a committee of 3 legislators, one of whom shall be a council member, to be known as the committee on remedial legislation which shall consider such minor substantive correction measures proposed by the various agencies of state government as will improve the administration of their offices. The committee shall meet at regular intervals in the interim between sine die adjournment and August 1 of even years and invite the agencies of government to submit their proposals at such meetings. Not later than September 1 of even years they shall report to the council proposals submitted to them which they consider desirable minor substantive correctional measures. The revisor of statutes shall sit with the committee as an advisor.

(7) The members of the council or the committees shall receive no compensation for their services but they shall be reimbursed for expenses actually and necessarily incurred in the performance of their duties. It shall meet upon call of the chairman or a call signed by 5 members of the council. Eight members shall constitute a quorum and a majority of such quorum may act in any matter within the jurisdiction of the council.

(9) The council shall submit a report of its findings, conclusions and recommendations to the governor and the legislature prior to the opening of the session, and may submit a report to any special session. It may submit with its report and recommend for introduction drafts of only such bills and resolutions as it shall first determine to recommend for introduction and passage by at least a two-thirds vote of its membership.

(10) The council shall be provided with adequate office space in the capitol building, preferably in such rooms as are assigned to legislative committees during regular sessions.

(1) **POLICY.** The legislature of 1949 hereby finds and determines that it is necessary to improve the adequacy of the public building facilities that are required by the various state agencies including the educational institutions, for the proper performance of their duties and functions, and that it is in the interest of economy, efficiency and the public welfare that such improvement be accomplished by means of a long-range public building program, with funds to be provided by successive legislatures. Projects in such long-range program shall include the necessary lands, new buildings, and all facilities and equipment required and also the remodeling, reconstruction and re-equipping of existing buildings and facilities, but shall not include ordinary maintenance.

(b) The commission shall have all the powers necessary to carry out its duties and is authorized to accept all donations, gifts and bequests made to the state for public building purposes, including any grants that may be made by the federal government and to apply the same in accordance with the terms of the grant or the wishes of the donors, insofar as such is practicable. In the construction of all new buildings or additions to existing buildings used for housing state offices and constructed for general state purposes and not specially for the use of any particular state agency, the state building commission shall function with respect to such construction in the same manner as other

state agencies function with respect to buildings constructed for such agencies. The commission shall have authority to fix the rental for all space in such buildings, and, notwithstanding any other statute, shall have authority to remove to any building any department housed in the state capitol other than the constitutional offices. After the completion of such buildings, they shall be in the charge of the department of administration as provided by s. 16.85. Such report shall be part of the budget document and shall include for each state agency projects completed, under construction and contemplated from unincumbered and unallocated appropriations and for each project estimated and final costs and such other data as the commission shall determine. The governor shall include in his biennial budget message such additional amounts for projects in the state's public building program as he and the state building commission recommend should be appropriated by the legislature for the succeeding biennium.

At such times as the state building commission shall direct, the governor shall authorize releases from this fund to become available for projects in the long-range building program, and he shall direct the department of administration to allocate from this fund such amounts as are approved for these projects. In issuing such directions, the commission shall consider the cash balance in the state building trust fund, the necessity and urgency of the proposed improvement, employment conditions and availability of materials in the locality in which the improvement is to be made.
