MOTIONS UNDER JOINT RULE 26

Upon motion of Senator Risser, pursuant to Joint Rule 26, the Legislative Reference Bureau was directed to prepare a suitable joint certificate of Commendation to Dr. Alfred Wilson Swan who retired after 35 fruitful years as minister of Madison's First Congregational Church; and Whereas, Reverend Swan set an example as a minister with a deep concern for the social conflicts of his time, donating his time and efforts as a charter member and founder of the Congregational Christian Council for Social Action in 1934, as the first chairman of the Congregational Christian Service Committee in 1943, and as a charter member of the

Wisconsin Governor's Commission on Human Rights in 1947, helping to draft the commission's statement of principles; and Whereas, Reverend Swan repeatedly served as the chaplain of the Wisconsin Senate and Assembly, the Members of the Wisconsin Legislature commend Dr. Alfred Wilson Swan on his outstanding record of service to his community as minister of Madison's First Congregational Church, and extend to the Reverend their best wishes for the years of his retirement.

The senate's action was ordered immediately messaged to the assembly.

Upon motion of Senator Sussman, pursuant to Joint Rule 26, the Legislative Reference Bureau was directed to prepare a suitable joint certificate of Commendation to Cy Rice upon his retirement from the Milwaukee Sentinel after 43 years in the news and communications business. Whereas, he is one of Wisconsin's most widely known newspapermen—having covered politics with a hard and sometimes cynical eye, and also the theater with deep affection, insight and knowledge, and Whereas, some years ago he invented a character, Duffy J. Guffy, "Milwaukee's Alderman at Large" who could delight politicians, and at times make them twinge. Therefore, be it Resolved, that both the senate and assembly extend to Cy Rice our sincere appreciation for his outstanding service to the news media, and sincerely wish him many happy retirement years.

The senate's action was ordered immediately messaged to the assembly.

COMMUNICATIONS

The State of Wisconsin  
Office of Attorney General  
Madison, Wisconsin

October 11, 1965.

The Honorable, The Senate  
State Capitol  
Madison, Wisconsin

Gentlemen: You have requested an opinion by **Senate Resolution No. 22**, which provides:

"Resolved by the senate, That the attorney general is requested to provide an opinion as expeditiously as possible as to the application of Wisconsin's lobbying laws, and specifically the requirements for registration with and licensing by the secretary of state, to an individual who represents only nonprofit civic organizations and who receives no salary or other compensation from the organizations represented, except for partial reimbursement of expenses incurred in such representation.

Sec. 13.66, Stats., provides in part:

"Restrictions on practice of lobbying. (1) No person shall practice as a lobbyist unless he has been duly licensed under the provisions of s. 13.63 and unless his name appears upon the docket as employed in respect to such matters as he shall be promoting or opposing. No principal shall directly or indirectly authorize or permit any lobbyist employed by him to practice lobbying in respect to any legislation affecting the pecuniary interest of such principal until such lobbyist is duly licensed and the names of such lobbyist is duly entered on the docket.

\* \* \*"

Sec. 13.63, Stats., referred to above, provides for the licensing of lobbyists, and the suspension or revocation of such license. Sec. 13.63 (1), Stats., provides in part:

"Licenses for lobbyists; suspension or revocation. (1) **LICENSES; FEES; ELIGIBILITY.** Any person of full age and good moral character who is a citizen of the United States and otherwise qualified under ss. 13.61 to 13.71 shall be licensed as a lobbyist as herein provided. The secretary of state shall provide for the form of appli-

cation for license. Such application may be obtained in the office of the secretary of state and filed therein. Upon approval of such application and payment of the license fee of \$10 to the secretary of state, a license shall be issued which shall entitle the licensee to practice lobbying on behalf of any one or more principals. \* \* \*

The terms "lobbying," "lobbyist," "principal," and "pecuniary interest" as applied to the lobbying law are defined by sec. 13.62 (1), (2), (4) (a) and (7), Stats.:

"13.62 Definitions. The following words and phrases shall have the meaning respectively ascribed to them:

"(1) LOBBYING. The practice of promoting or opposing the introduction or enactment of legislation before the legislature or the legislative committees or the members thereof.

"(2) LOBBYIST. Any person who engages in the practice of lobbying for hire except in the manner authorized by s. 13.70. Lobbying for hire shall include activities of any officers, agents, attorneys or employes of any principal who are paid a regular salary or retainer by such principal and whose duties include lobbying.

"(3) \* \* \*

"(4) PRINCIPAL. (a) Any person, corporation or association which engages a lobbyist or other person in connection with any legislation, pending before the legislature or to be proposed, affecting the pecuniary interest of such person, corporation or association.

" \* \* \*

"(7) PECUNIARY INTEREST. The term includes without limitation any legislation which creates, alters or repeals any statutory charge by way of tax, license fee, registration fee or otherwise, or which creates, alters or repeals any statutory privilege, power, restriction or obligation of any principal, or which creates, alters or repeals the powers or duties of any court or governmental agency before which the principal does business."

Since no provision of the lobbying law relating to licensing or registration refers to the classifications of profit or nonprofit, civic or non-civic, the fact that the individual represents only nonprofit civic organizations is not determinative of the question whether that person is subject to the licensing and registration provisions of the lobbying law.

The lobbying law requires that persons falling within the class of "lobbyists" be licensed and registered with the secretary of state and the term "lobbyist" is defined by sec. 13.62 (2), Stats., as any person who engages in the practice of *lobbying for hire* except in the manner provided for in sec. 13.70, Stats. The question presented, therefore, is whether an individual who receives no salary or other compensation from the organizations represented, except for partial reimbursement of expenses incurred in such representation, is engaged in the practice of lobbying "for hire."

It is my opinion that the phrase "for hire" denotes a relationship in which one compensates another for labor or services performed. Mere reimbursement for monies expended or obligations incurred as expenses incidental to the rendering of such labor or services does not constitute compensation for such labor or services performed. Black's Law Dictionary states:

"HIRE, n. Compensation for the use of a thing, or for labor or services. *State v. Kenyon, Inc., Tex. Civ. App., 153 S.W. 2d 195, 197.*

"A bailment in which compensation is to be given for the use of a thing, or for labor and services about it. 2 Kent 456; *Story, Bailm. sec. 359.* \* \* \*

See also:

*Ozark Minerals Co. v. Murphey*, (1943) 384 Ill. 94, 51 N.E. 2d 197, 201

*State ex rel. Murphey v. Welch and Brown*, (1940) 187 Okl. 470, 103 P. 2d 533, 534;

*Aleksioh v. Industrial Accident Fund*, (1944) 116 Mont. 127, 151 P. 2d 1016, 1018

Wisconsin has a general rule of statutory construction embodied in sec. 990.01 (1), Stats.:

"Construction of statutes; words and phrases. In the construction of Wisconsin laws the words and phrases which follow shall be construed as indicated unless such construction would produce a result inconsistent with the manifest intent of the legislature:

"(1) GENERAL RULE. All words and phrases shall be construed according to common and approved usage; but technical words and phrases and others that have a peculiar meaning in the law shall be construed according to such meaning."

Sec. 13.66, Stats., requires the licensing only of those persons engaged in the practice of a "lobbyist." Since a "lobbyist" is defined as one who lobbies for hire, an individual not within the exception contained in sec. 13.70 (1), Stats., lobbying, but not for hire, is not required to be licensed by the Wisconsin lobbying law. Furthermore, the second sentence of sec. 13.66 (1), Stats., provides:

"\* \* \* No principal shall directly or indirectly authorize or permit any lobbyist employed by him to practice lobbying in respect to any legislation affecting the pecuniary interest of such principal until such lobbyist is duly entered on the docket. \* \* \*

It is clear that this section applies only to "lobbyists employed" to lobby in respect to matters "affecting the pecuniary interest" of the principal. The section does not prohibit lobbying in respect to matters affecting the pecuniary interest of the principal by persons not receiving compensation for their labor and services.

It is my opinion that a person receiving compensation for lobbying must be registered whether or not the subject matter on which he is lobbying affects a pecuniary interest of a principal, but a person engaged in lobbying but not receiving compensation for his labor and services (beyond reimbursement for expenses), is not required to be licensed and registered unless falling within the exception contained in sec. 13.70 (1), Stats. Sec. 13.70 (1), applies to persons who are officers, agents, appointees, or employes of the State of Wisconsin or of the United States and who lobby with respect to legislation pending or to be proposed which affects their pecuniary interests.

Very truly yours,

BRONSON C. LA FOLLETTE,  
Attorney General.

CAPTION: "For hire" as used in sec. 13.62 (2), Stats., defining "lobbyist" means for compensation paid for services and excludes one who is only reimbursed for his expenses.

The reading at length of the foregoing opinion of the Attorney General was dispensed with and the caption only was read by the clerk, upon motion of Senator Knowles, with unanimous consent.

PETITIONS AND COMMUNICATIONS

The State of Wisconsin  
Office of Attorney General  
Madison

The Honorable, The Senate  
State Capitol  
Madison, Wisconsin

Gentlemen: In response to the request contained in **Senate Resolution 36**, we wish to advise you that we have today issued an opinion to the Assembly as to the constitutionality of **Assembly Bill 852**. A copy of that opinion is attached.

Very truly yours,

BRONSON C. LA FOLLETTE,  
Attorney General.

October 11, 1965.

October 11, 1965.

The Honorable, the Senate  
State Capitol  
Madison, Wisconsin

Gentlemen: By **Senate Resolution 36** you have requested my opinion as to the constitutionality of the exclusions in sec. 101.60 (1) (a), Stats., as proposed by section 4 of **Assembly Bill 852**, in view of the prohibitions and penalties in said section against discrimination in housing and the basic reasons for such prohibitions.

In my opinion the exclusions in the proposed statutory section would not render the statute unconstitutional.

Section 4 of Assembly Bill 852 would create sec. 101.60, Stats., relating to equal opportunities in housing. Subsec. (1) (a) would provide:

“(a) ‘Housing’ means any improved property, including any mobile home as defined in s. 66.058, which is used or occupied, or is intended, arranged or designed to be used or occupied, or is intended, arranged or designed to be used or occupied, as a home or residence, but does not include:

“1. Any building or structure containing living quarters occupied or intended to be occupied by no more than one family and which is used by or was last used by the owner thereof as a bona fide residence for himself and any members of his family forming his household;

“2. Any building occupied by the owner as his residence, in which single rooms are rented out for occupancy by 4 or less individuals, not members of the owner’s family.

“3. Any building consisting of four or less dwelling units, all in one structure, in which at least one of such dwelling units is occupied by the owner of such building as his residence.”

Discrimination is defined to mean unequal treatment of any person because of race, color, religion, national origin or ancestry. Subsec. (2) of the proposed sec. 101.60 would make it unlawful for any person to discriminate by refusing to sell, lease, finance or contract to construct housing; by refusing to permit inspection or refusing to negotiate or exacting more stringent conditions for the sale, lease or rental of housing; by refusing to finance or sell an unimproved residential lot or to construct a home thereon; or by issuing any advertising which indicates discrimination in connection with housing. The proposed sec. 101.60 also would empower the industrial commission to administer the statute, including the issuance of enforceable orders, would provide for judicial review, and would impose a forfeiture for violation of the section

In order to answer your question it is necessary to understand the effect of the three exemptions to the definition of housing quoted previously.

The language of the first exemption or exception, set forth in proposed sec. 101.60 (1) (a) 1., requires construction. Literally, the wording would exempt from the operation

tion of the section a 1,000-unit apartment building, if the owner used one of the apartments as his residence. This follows from the fact that the exception is not expressly limited to a building containing only one apartment or dwelling unit. However, such a construction would render meaningless the exception contained in subparagraph 3., which applies to a building consisting of 4 or less dwelling units, one of which is occupied by the owner as his residence.

It seems obvious that what is intended by subparagraph 1., is to exclude from the operation of the section a single-family residence or other building containing only one dwelling unit, which is used, or was last used, by the owner as his family's residence. Thus this exception would, for example, exclude from the operation of the section an ordinary single-family residence which might be rented once during the temporary absence of the owner.

If the foregoing construction of the first exception is adopted, the third exception then becomes meaningful. The third exception would remove from the operation of the section a 4-apartment building, one apartment of which is occupied by the owner as his residence. The exception or exemption would be lost, however, if the owner temporarily moved away from his apartment and rented it to another.

The second exception, of course, would remove from the operation of the section a building occupied by the owner as his residence, if single rooms were rented to no more than 4 individuals not members of the owner's family.

In my opinion each of these exclusions is reasonable. In reaching this conclusion I am cognizant of the language of the resolution requesting my opinion, in which it is stated that the bill "arbitrarily and unreasonably excludes" certain buildings and the owners thereof. Despite that language, it cannot be presumed that the Assembly deliberately passed a bill containing an arbitrary and unreasonable classification. Furthermore, if the bill is passed by the Senate, it would have to be presumed that in enacting the bill the legislature thereby determined that there was need for such legislation and that the classifications made were reasonable.

A measure somewhat comparable to Assembly Bill 852 came before the Supreme Court of Ohio recently. *Porter v. City of Oberlin*, (1965) 1 Ohio St. 2d 143, 205 N.E. 2d 363. The court there had no difficulty in sustaining the constitu-

tionality of a fair housing ordinance which applied to an owner of 5 or more dwelling units and to a real estate broker, salesman or lending institution. The ordinance there was attacked on the grounds that it permitted an owner of only one property to practice racial discrimination but prohibited a realtor serving such an owner from so discriminating. This attack the court brushed aside on the grounds that if such an owner could not obtain the services of a real estate broker, the owner would himself be discouraged from indulging in racial discrimination.

The Oberlin Ordinance also was attacked on the ground that there was no reasonable basis for treating owners of 5 or more dwelling units differently from owners of less than 5 such units. The court held that this distinction did not violate the equal protection clause, stating at 1 Ohio St. 2d 152:

"Equal protection provisions of the federal and Ohio Constitutions do not require resort to close distinctions or the maintenance of a precise scientific uniformity and do not prohibit distinctions not shown to be substantial or which are based on differentiations not shown to be arbitrary or capricious. \* \* \*

"Furthermore, it is generally recognized that a legislative body, when it chooses to act to correct a given evil, need not correct all the evil at once, but may proceed step by step. \* \* \*

"Certainly, a legislative body is not unreasonable because it elects to proceed slowly in such an emotionally involved field as race relations."

The decision in the *Porter* case went on to state that an owner of more than 4 dwelling units, who desired to practice racial discrimination in the sale or rental of such units, was potentially a greater threat to those who would be hurt by such discrimination than was the owner of less than 5 such units.

The reasoning of the decision in the *Porter* case is equally applicable to the question you propound. Each of the exclusions set forth in proposed sec. 101.60 (1) (a) applies only to a building containing few dwelling units. The second and third exclusions apply only to buildings in which the owner has his residence. The first exclusion, construed as previously discussed herein, would apply to a single-family residence last used by the owner as his residence,

but the exclusion would be lost if the owner rented the property to a second tenant.

In my opinion the decision in *Porter v. City of Oberlin*, *supra*, contains a complete answer to a constitutional attack which might be made upon the exclusions from the definition of housing contained in proposed sec. 101.60, Stats.

Very truly yours,

BRONSON C. LA FOLLETTE,  
Attorney General.

**CAPTION:** The exclusions from the application of the fair housing provisions of **Assembly Bill No. 852**, set forth in proposed sec. 101.60 (1) (a), Stats., would not render the resulting law unconstitutional.

The reading at length of the foregoing opinion of the Attorney General was dispensed with and the caption only was read by the clerk, upon motion of Senator Knowles, with unanimous consent.

### SPECIAL COMMITTEE REPORTS REPORT OF JOINT SURVEY COMMITTEE ON SUBSTITUTE AMENDMENT 3, S. AND 4, S. to SENATE BILL 170

#### Recommendation

It is the opinion of this committee that the supplemental benefits proposed by **Senate Bill 170**, even as amended by Substitute Amendments 3, S. and 4, S. cannot be justified within the present legal concepts controlling teacher retirement programs in Wisconsin: retirement benefits are a part of the contract of each teacher, and the terms of the contractual arrangements are, or should be, well known to the teacher. Such contractual arrangements in Wisconsin have never attempted to provide retirement benefits which were **guaranteed** against loss of value after the fact of retirement. Supplemental benefits such as are proposed, therefore, must be justified on other grounds.

Viewed strictly as a matter of retirement laws and concepts, this committee must recommend against the passage of the bill and the adoption of any of the various substitute amendments and amendments. However, in view of the fact that neither the bills nor the various amendments proposes that the supplemental benefits be paid from retirement funds, but rather that such benefits be paid from state general purpose revenues, the above adverse recommendation

is not entirely pertinent. If the legislature chooses to grant such supplemental benefits, presumably the decision will be based on a finding that teachers, as a group, are deserving of special consideration, extending beyond the regular retirement program. In such event it is the opinion of this committee that **Senate Bill 170** should be amended as proposed by Substitute Amendment 4, S.

Respectfully submitted,

**JOINT SURVEY COMMITTEE  
ON RETIREMENT SYSTEMS**

Senator Reuben LaFave, Chairman.

Assemblyman Vincent R. Mathews,

Vice-Chairman.

**Senate Bill 170**

The bill was re-referred to the joint committee on Finance, upon motion of Senator LaFave, with unanimous consent.

**REPORT OF JOINT SURVEY COMMITTEE ON RETIREMENT SYSTEMS ON SENATE BILL 589**

**Public Policy Involved**

The enactment by the legislature of both amendments to s. 66.906 (2) (a) 1 offers evidence that both such amendments were desirable in terms of public policy. There can be no justification, therefore, for permitting one of the amendments to be placed in jeopardy simply because of a drafting error. This error, if not corrected, could have the unfortunate effect of denying or delaying the payment of retirement annuities to one or more participants who would otherwise be entitled to such annuity payments.

**Recommendation**

It is the opinion of this committee that passage of this bill would be in the best public interest.

Respectfully submitted,

**JOINT SURVEY COMMITTEE  
ON RETIREMENT SYSTEMS**

Senator Reuben LaFave, Chairman

Assemblyman Vincent R. Mathews,

Vice-Chairman

PETITIONS AND COMMUNICATIONS

The State of Wisconsin  
Office of Attorney General  
Madison

The Honorable, The Senate  
State Capitol  
Madison, Wisconsin

Gentlemen: Senate Resolution 28 requests my opinion as to the constitutionality of the provisions regarding the reservation of mineral rights in certain lands and the taxation of such mineral rights, contained in Senate Bill 334.

Senate Bill 334 would create section 70.428 of the Statutes consisting of seven subsections. Subsection (1) would define mineral rights or reservations to include the reservation of any organic or inorganic substance which can be extracted from the earth for profit. Subsection (2) provides that an owner of mineral rights reserved separately from the surface rights, except for governmental entities, should record with the register of deeds, prior to 1967, a reaffirmation of such rights and proof of ownership thereof and pay a filing fee therefor. Failure to record such a statement prior to 1967 would result in extinguishment of such rights. Subsection (3) would require the county treasurer, commencing 90 days prior to December 31, 1966, to publish notices to owners of mineral rights reserved separately from the surface rights that failure to record the statement required by subsection (2) would extinguish such rights.

Subsection (4) provides that any person, except a governmental entity, who acquires mineral rights in land subsequent to December 31, 1966, shall record with the register of deeds a statement of such fact and pay a filing fee therefore. The Bill provides no time limit for recording such a statement nor any sanction for enforcement of the subsection.

Subsection (5) provides that starting in 1967 mineral rights shall be assessed and taxed to the person who has filed or who hereafter files such a statement, at the rate of 10¢ per acre. The subsection further provides that such tax bill shall be "in addition to all other taxes provided by law and shall be levied concurrently with any other real property tax on the land and shall be used for the same purposes as real property taxes." If the tax is not paid, the mineral rights of such a person shall be sold as in the case of other real property.

Subsection (6) requires the register of deeds to cooperate with the assessor, while subsection (7) provides that all provisions of law not in conflict with the new section, relating to the assessment, collection and payment of real estate taxes, the correction of errors in assessment and tax rolls, and the procedure upon failure to pay such taxes, shall apply to the tax imposed by the new section.

This bill raises several constitutional questions. Separately reserved mineral rights, acquired prior to 1967, would be extinguished upon the failure of the owner to record a reaffirmation prior to 1967. Similar rights acquired in 1967 or later would not be extinguished by reason of the failure of the owner to record a statement of ownership. This presents a question of equal protection of the law.

Separately reserved mineral rights, under the Bill, would be assessed at 10¢ per acre. In addition, the property would continue to be assessed at full value, under sec. 70.32 (1), Stats., including the value of minerals on the property. Thus, a piece of property not subject to a separate reservation of mineral rights would be assessed at full value, while identical property which was subject to a reservation of mineral rights would be assessed at full value and taxed upon that assessment plus an additional tax of 10¢ per acre for the reserved mineral rights. Furthermore, a reservation of mineral rights having a known and substantial value would be assessed at the same rate as a reservation of mineral rights without any appreciable, known value. This raises questions of equal protection and of uniformity in taxation, under section 1, Article VIII, Wis. Const.

As previously pointed out, one acquiring separately reserved mineral rights prior to 1967 would be required to record his reaffirmation of such rights before 1967, or else suffer the extinguishment of his rights. As applied to one acquiring such rights on December 31, 1966, it is obvious

that in many situations it would be impossible to record a reaffirmation on the same day. This presents questions of equal protection and of taking property without due process of law.

As the Bill is drawn, a person acquiring separately reserved mineral rights in 1967 or later would be required, by subsection (4) of the proposed statute, to record a statement of such fact and pay a filing fee. However, since there is no sanction provided for enforcement of that provision, the owner of such rights acquired subsequent to 1966 could refuse to record the statement. The effect of this would be to prevent the assessment of his reserved mineral rights, since subsection (5) of the proposed statute would require that reserved mineral rights be assessed and taxed to the person who has recorded such a statement. This again poses problems both of equal protection and of uniformity.

Art. VIII, sec. 1, Wis. Const., provides, so far as here material:

"The rule of taxation shall be uniform \* \* \*. Taxes shall be levied upon such property with such classifications as to forests and minerals including or separate or severed from the land, as the legislature shall prescribe.  
\* \* \*"

The section as originally adopted did not expressly provide for any classifications as to forests and minerals. In its original form it was held to mean that, while certain classes of property may be exempted entirely from property taxes, all property subjected to such taxation must be assessed and taxed on a uniform basis. *Knowlton v. Supervisors of Rock County* (1859), 9 Wis. \*410. Later cases, particularly *Lawrence University v. Outagamie County* (1912), 150 Wis. 244 at 250, 136 N. W. 619, recognized that "the rule of uniformity may be effectually abrogated by arbitrary exemptions from taxation as by arbitrary impositions of unequal amount."

Senate Bill 334 would impose a greater tax upon a property subject to a reservation of mineral rights than upon a property of equal value but not subject to such a reservation, thus in effect, granting a partial exemption for the latter. While I have found no case directly in point upon this particular question, I consider it very likely that this aspect alone might result in the law being held unconstitutional under the uniformity clause.

Certainly the amendment to Article VIII, section 1, empowers the legislature to make classifications as to forests and minerals for tax purposes. The classification made by this Bill, however, is not of forests or minerals but of the nature of the title thereto. If the mineral rights are owned by the owner of the surface rights, one tax rate is applicable. If the mineral rights are reserved separately from the surface rights, a different tax rate is applied.

Entirely aside from the rule of uniformity, it is well established that the equal protection of the laws provision of the 14th amendment to the federal constitution imposes restrictions on the granting of tax exemptions. A tax exemption classification must be founded upon real differences affording rational grounds of distinction. *Lawrence University v. Outagamie County*, supra; *Welch v. Henry* (1937), 223 Wis. 319, at 323, 271 N. W. 68; and *Will of LeFeber* (1937), 223 Wis. 393, at 398-399, 271 N. W. 95. In the latter case the Court held that a classification for tax purposes must be reasonable and must rest upon some difference having a substantial relation to the object of the law, so that all similarly circumstanced persons should be treated alike.

Tested by these requirements, in my opinion a law enacted in the language of Senate Bill 334 would not be constitutional. I cannot conceive any reasonable basis for extinguishing reserved mineral rights acquired in December, 1966, if the owner of such rights fails to record in that month a reaffirmation of his rights, and permitting the owner of reserved mineral rights acquired in January, 1967, to hold such rights indefinitely, whether or not he records a statement of his ownership.

For the foregoing reasons, even without considering some of the other constitutional problems involved, it is my conclusion that Senate Bill 334, if enacted, would not create a valid law.

Very truly yours,

BRONSON C. LA FOLLETTE,

October 25, 1965.

Attorney General.

CAPTION: A bill to require recording of proof of ownership of separately reserved mineral rights, to extinguish such rights acquired prior to 1967 if proof of ownership is not recorded prior to 1967 without any provision for extinguishment of such rights acquired after 1966, taxing the reserved rights to the holder thereof only if proof of own-

ership is recorded, while in all cases continuing to tax the holder of the surface rights for the full value of the property, including the value of the minerals, would violate the uniformity clause of Article VIII, section 1, Wisconsin Constitution, and the equal protection clause of the 14th amendment to the federal constitution.

The reading at length of the foregoing opinion of the Attorney General was dispensed with and the caption only was read by the clerk, upon motion of Senator Christopher-son, with unanimous consent.

**Recommendation**

It is the recommendation of this committee that no action be taken on this bill pending completion of action on Senate Bill 480. It is also the opinion of this committee that the proposal made by this bill would not be in the best public interest, although we recognize that a different conclusion might well be reached by local authorities in Milwaukee County where public employes are more exposed to trends in private retirement programs than in other areas of the state.

If the bill should be passed, however, it is recommended that amendment 1, S. be adopted.

### PETITIONS AND COMMUNICATIONS

State of Wisconsin  
Department of Administration  
Bureau of Management  
State Office Building  
Madison, Wisconsin 53702

Mr. William P. Nugent  
Chief Clerk  
State Senate  
Madison, Wisconsin 53702

Dear Mr. Nugent: The State Claims Commission is submitting a report to you in accordance with the provisions of

Section 15.94 of the statutes covering claims heard by it on September 16, 1964, and October 6, 1964.

The two claims recommended for payment in this report are over \$500 and, therefore, have been presented to the Legislature in Bills 608, S, and 609, S, which would appropriate \$1,131.50 and \$1,298, respectively.

The Claims Commission will appreciate your acceptance of the report and the spreading of it upon the Journal in the 1965 session of the legislature to inform the members of the Senate as to the nature of the type of claims which comes before the Commission for its consideration.

Sincerely,

WAYNE F. McGOWN,  
Secretary,  
State Claims Commission

October 26, 1965.

BEFORE THE  
CLAIMS COMMISSION OF WISCONSIN

Harrison Oil Company, Incorporated

A hearing was held at Madison, Wisconsin, on September 16, 1964, and on October 6, 1964, on the claim of the Harrison Oil Company, Incorporated, for \$3,225.00 for damages to its bulk storage tanks, caused by salt spray from an elevated expressway, in 1961-1963. The evidence is conflicting as to whether the tanks were treated with a proper primer coat of paint before the final coats and as to the extent of the damages attributable to salt from the expressway.

The Commission finds that damages of \$1,131.50 were caused by salt from the expressway and that on equitable principles the State should pay this amount of the claim.

Parker Herwig

A hearing was held at Madison, Wisconsin, on September 16, 1964, on the claim of Parker Herwig for \$2,847.00 for damages to his corn, rye and alfalfa in the years 1958 to 1960. The claimant owns substantial farm acreage bordering Goose Pond in the Towns of Arlington and Leeds, Columbia County. During the years in question the Conservation Commission attempted to maintain a game refuge in the area, including claimant's lands, and to prevent hunt-

ing thereon during the normal fall hunting seasons for waterfowl. The claimant alleges that the enforcement of the rule establishing the refuge caused abnormal numbers of waterfowl to congregate in the vicinity of Goose Pond and to feed upon claimant's crops. The rule subsequently was held invalid in *State v. Herwig* (1962), 17 Wis. (2d) 442.

It is impossible to ascertain the exact amount of claimant's damages. Damage caused by waterfowl during the spring gives rise to no justifiable claim, and some of the claimant's losses were in the spring.

The Commission finds that damages of \$1,298.00 were suffered by claimant in the falls of the years involved and that on equitable principles the State should pay this amount of the claim.

Dated at Madison, Wisconsin, this 19th day of October, 1965.

WALTER G. HOLLANDER  
Chairman, Senate  
Committee on Finance.

WARREN D. EXO  
Representative of  
Commissioner of Administration.

E. WESTON WOOD  
Representative of Attorney General.

The foregoing report of the Claims Commission was received and referred to the joint committee on Finance.

Ordered spread upon the journal.

Amendment No. 11, S. was rejected, upon motion of Senator Leonard.

Amendment No. 12, S. was offered by Senators LaFave and Lorge.

Amendment No. 12, S. was laid aside temporarily, upon motion of Senator Leonard, with unanimous consent.

#### **Assembly Bill 852**

The question was: Shall substitute amendment No. 1, S. be rejected?

Substitute amendment No. 1, S. was withdrawn by its authors, upon motion of Senator Risser, with unanimous consent.

Senator Zaborski suggested the absence of a quorum.

The clerk was directed to call the roll.

The roll was called and the following senators answered to their names:

Senators Benson, Bice, B u s b y, Carr, Christopherson, Dempsey, Dorman, Hansen, Hollander, Kendziorski, Keppler,

PETITIONS AND COMMUNICATIONS

The State of Wisconsin  
Office of Attorney General  
Madison

The Honorable, The Senate  
State Capitol  
Madison, Wisconsin

Gentlemen: By Senate Resolution 33, adopted July 28, 1965, an opinion was requested whether Assembly Bill 863 is constitutional. It had passed the Assembly in the form of Substitute Amendment No. 1, A., as amended by Amendment No. 1, A. to such substitute. As so passed it was then concurred in on July 29, 1965 without awaiting the opinion requested from this office. The Governor has now signed this bill into law.

The action of the Senate in passing this bill without awaiting the opinion it had requested from the Attorney General only one day prior to its passage in the Senate makes unnecessary the issuance of an opinion concerning the constitutionality of the bill by this office. Senate Resolution 33, adopted July 28, 1965, is therefore returned herewith without an opinion.

Sincerely yours,

BRONSON C. LA FOLLETTE,

October 26, 1965.

Attorney General.

State of Wisconsin  
Department of Administration  
Bureau of Management  
State Office Building  
Madison, Wisconsin 53702

Mr. William P. Nugent  
Chief Clerk  
State Senate  
Madison, Wisconsin 53702

Dear Mr. Nugent: The State Claims Commission is submitting a report to you in accordance with the provisions of

Section 15.94 of the statutes covering claims heard by it on March 19, August 30 and September 1, 1965.

The amounts recommended for payment under \$500 on claims included in this report have, therefore, under the provisions of the statutes been paid directly by the Commission. The Commission will prepare the bill covering the claim over \$500 recommended for payment and will submit it to the Joint Committee for legislative introduction. This report is for the information of the legislature.

The Claims Commission will appreciate your acceptance of the report and the spreading of it upon the Journal in the 1965 session of the legislature to inform the members of the Senate as to the nature of the type of claims which comes before the Commission for its consideration.

Sincerely,

WAYNE F. MCGOWN,  
Secretary.

BEFORE THE  
CLAIMS COMMISSION OF WISCONSIN

Hearings were held at Madison, Wisconsin, on March 19, 1965, upon the following claims:

<i>Name of Claimant</i>	<i>Amount of Claim</i>
1. Lenora and Marvin J. Bischoff -----	\$ 2,922.57
2. Andrew L. and Ione Blastic -----	240.50
3. Graham Garner -----	3,496.00
4. James R. Heath -----	85.00
5. Heritage Mutual Insurance Company -	1,406.08
6. Leonard and Dorothy Kaatz -----	21,063.00
7. Menasha Board of Education -----	962.00
8. Holger Olsen -----	274.88
9. Robert Steppart -----	50,000.00
10. Valfred Thelin -----	400.00

and on March 19, 1965, and September 1, 1965, upon the following claim:

11. Mary Lee -----	1,849.00
--------------------	----------

and on March 19, 1965, and August 30, 1965, upon the following claim:

12. Charley Meyer, Jr. -----	860.00
------------------------------	--------

The Commission Finds:

1. *Lenora and Marvin J. Bischoff*

Lenora and Marvin J. Bischoff claim \$2,922.57 as the result of the condemnation of an entire herd of 263 dairy cattle in May, 1962, because of tuberculosis in some animals in the herd. Of 73 calves and yearlings slaughtered, only 7 were tuberculin reactors or showed lesions upon post-mortem examination. Because of this, the federal government did not pay any indemnity for the 66 non-reactors, whereas the State paid \$3,047.57 indemnity for such animals. The claim is for the amount of the matching federal indemnity which would have been paid had the animals been reactors, less an overpayment of \$125. Federal regulations have been changed and now provide for indemnity in a situation such as this.

As a result of the slaughter of the claimants' herd, they brought an action in federal court against the federal and state veterinarians involved and the United States. That action has been held in abeyance pending the outcome of the present claim. The action will be dismissed upon payment of the present claim and upon payment of the sum of \$2,000 by the federal government, which it has agreed to pay upon allowance of this claim.

The Commission concludes that the claim is one which on equitable principles the State should pay.

2. *Andrew L. and Ione Blastic*

Andrew L. and Ione Blastic claim \$240.50 as a result of the theft, by a ward of the State, of cash and personal property from their home between September 23, 1964, and November 14, 1964. The ward, a juvenile, was placed in the claimants' licensed foster home only two weeks before the thefts began, and those thefts were not discovered until November, 1964. The Commission concludes that on equitable principles the State should pay the claim.

3. *Graham Garner*

Graham Garner claims \$3,496.00 for damages to his cottage and boat on November 2, 1964, by two escapees from the School for Boys at Wales. The evidence does not show negligence on the part of agents or employees of the State, and the Commission concludes that the claim is not one on

which the State is legally liable nor one which on equitable principles the State should pay.

*4. James R. Heath*

James R. Heath claims \$85.00 for damages to the top of his convertible automobile on September 21, 1964, caused by a ward of the State. The evidence does not show negligence on the part of agents or employees of the State, and the Commission concludes that the claim is not one on which the State is legally liable nor one which on equitable principles the State should pay.

*5. Heritage Mutual Insurance Company*

Heritage Mutual Insurance Company claims \$1,406.08 as the result of damage to an automobile insured by the claimant, when the vehicle skidded and left State Trunk Highway 46 on June 17, 1964, and for resulting personal injury claims of \$189 paid under the claimant's insurance policy. The Commission concludes that the claim is not one on which the State is legally liable nor one which on equitable principles the State should pay.

Commissioner Wood took no part in the consideration of this claim.

*6. Leonard and Dorothy Kaatz*

Leonard and Dorothy Kaatz claim \$21,063.00 as a result of the killing of their minor daughter in May, 1964, by a man who had been conditionally released from the Winnebago State Hospital in July, 1963. On September 16, 1964, the man was found guilty of murder in the first degree.

The Commission finds that there was no negligence on the part of agents or employees of the State in releasing the man from the State Hospital and that the claim is not one which on equitable principles the State should pay.

*7. Menasha Board of Education*

The Menasha Board of Education claims \$962.00 because of increased costs of construction of an addition to the Butte des Morts Junior High School, alleged to be due to an error in the approval of plans by the Industrial Commission on June 5, 1962. The initial plans for the addition showed the location for a dust collector in a shop area, and

these plans were approved without comment about the dust collector. When the addition was completed and the collector installed, it was discovered that the dust collector did not comply with the safety code; and alterations were required. The Commission concludes that \$410.25 of additional expense was incurred because of negligence on the part of employees of the State.

Commissioner Wood took no part in the consideration of this claim.

8. *Holger Olsen*

Holger Olsen claims \$274.88 as a result of damage to his automobile by a ward of the State on November 25, 1964. The Commission concludes that the claim is one which on equitable principles the State should pay, but that damages of only \$100 have been shown.

Commissioner Wood took no part in the consideration of this claim.

9. *Robert Steppert*

Robert Steppert claims \$50,000.00 as the result of injuries incurred November 21, 1964, when a motor vehicle in which the claimant was riding left the highway in the Town of Lake Tomahawk, Oneida County. The accident allegedly was caused by the negligence of the Highway Commission in failing to erect an adequate warning sign after removal of a bridge. The highway where the accident occurred was not part of the State trunk highway system. The Commission concludes that the claim is not one on which the State is legally liable nor one which on equitable principles the State should pay.

10. *Valfred Thelin*

Valfred Thelin claims \$400.00 as the result of an injury to his six-year old son on August 19, 1964, when the son was kicked by a cow at the State Fair. The Commission concludes that the claim is one which on equitable principles the State should pay, but that damages of only \$57.00 have been proven.

11. *Mary Lee*

Mary Lee claims \$1,849.00 as the result of medical expenses incurred for immunization following a bee sting on August 2, 1964, while in the course of her employment. The

claimant received an award under the Workmen's Compensation law but seeks additional compensation. The Industrial Commission determination was not appealed to the Court, and the Commission concludes that the claim is not one on which the State is legally liable nor one which on equitable principles the State should pay.

Commissioner Hollander took no part in the consideration of this claim.

12. *Charley Meyer, Jr.*

Charley Meyer, Jr. claims \$860.00 for damages to his motor vehicle on November 26, 1964. The claimant picked up three escapees from the Wisconsin School for Girls and, upon learning that they were escapees, drove them to the courthouse in Madison. While the claimant momentarily left the vehicle, one of the girls attempted to drive it away but ran into another vehicle. The Commission concludes that the claim is one which on equitable principles the State should pay, but that damages of only \$430.00 have been proved.

The Commission Concludes :

1. That the claims of the following claimants should be denied :

Graham Garner  
 James R. Heath  
 Heritage Mutual Insurance Company  
 Leonard and Dorothy Kaatz  
 Robert Steppert  
 Mary Lee

2. That payment of the following amounts to the following claimants, respectively, is justified under the provisions of section 15.94, Statutes :

Lenora and Marvin J. Bischoff -----	\$2,922.57
Andrew L. and Ione Blastic -----	240.50
Menasha Board of Education -----	410.25
Holger Olsen -----	100.00
Valfred Thelin -----	57.00
Charley Meyer, Jr. -----	430.00

### EXECUTIVE COMMUNICATIONS

To the Honorable, the Senate:

I return herewith **Senate Bill 35**, without my approval.

This bill relates to the authority of parents and guardians to sign as a sponsor for a child under eighteen who obtains a motor vehicle driving permit.

The present statute requires the father to sign as the sponsor where he has legal custody of the child. This requirement has prevented mothers from signing as the sponsor and has created considerable inconvenience and difficulty.

The purpose of this bill is to enable the mother to sign as the sponsor. It was amended to require all mothers signing as the sponsor to furnish proof of financial responsibility in order to assure that the mother would be financially responsible for the child's acts while driving.

This bill as amended would place an additional burden upon mothers who have legal custody of their children. If this bill were signed into law these mothers would be required to furnish proof of financial responsibility while fathers and guardians in legal custody of children would not be required to furnish such proof.

There is a need for improving our statute in order to permit a mother to sign as the child's sponsor regardless of whether the father or mother has legal custody. However, I believe this bill provides a procedure which would be unfair to mothers who have legal custody of their children.

For the foregoing reasons I am returning **Senate Bill 35** to you for further consideration.

Respectfully submitted,

**WARREN P. KNOWLES,**  
Governor.

November 8, 1965.

To the Honorable, the Senate:

I am returning Senate Bill 595 without my approval.

This bill proposes to restore the \$1,000 exclusion for compensation received as a reserve or active member of the armed forces. This provision was inadvertently repealed when the tax simplification law passed.

The provision in the bill is identical to Section 1 of Assembly Bill 1001 which I signed today. No one questions the necessity of restoring the \$1,000 exclusion but there appears to be no reason for signing an identical bill into law with the accompanying cost of printing and distributing the law.

To the Honorable, the Senate:

I have approved Senate Bill 517.

This legislation appears desirable since it will protect purchasers of motor vehicles on which liens have been cre-

## JOURNAL OF THE SENATE

ated but not recorded on the certificates of title. This legislation provides a central recording and listing office for the convenience of the public, eliminating extensive title searches, and is consistent with the policy established under the adoption of the commercial code.

A fee of \$1.50 is to be paid to the Motor Vehicle Department to note and subsequently release a security interest on a title. The present fee for both recording and releasing liens with Registers of Deeds is \$2. This fee will no longer be necessary, however 50¢ of the new fee will be returned to Registers of Deeds for filing a memorandum relating to each lien.

This bill places the new fee under Chapter 342 of the statutes. The other vehicle title fees in this chapter are subject to the payment of the privileged highway tax which is returned to the municipalities. The purpose of the privileged highway tax was to replace the former personal property tax on motor vehicles.

Since the lien recording fee provided by this law bears no real relationship to the purpose of the privileged highway tax I believe further consideration should be given to assure its exemption from that tax.

## PETITIONS AND COMMUNICATIONS

### Senate Petition 107

A petition by 37 residents of the 18th Senatorial District urging passage of a Wisconsin Meat and Poultry Inspection Law as proposed by the Wisconsin Freezer & Meat Processors Association.

By Senator Hollander. To committee on Agriculture.

State of Wisconsin  
Department of Administration  
Bureau of Management  
State Office Building  
Madison, Wisconsin 53702

November 11, 1965.

Mr. William P. Nugent  
Chief Clerk  
State Senate  
Madison, Wisconsin 53702

Dear Mr. Nugent: The State Claims Commission is submitting a report to you in accordance with the provisions

## JOURNAL OF THE SENATE [May 2, 1966]

of Section 15.94 of the statutes covering claims heard by it on September 1, 1965.

The amounts recommended for payment are under \$500 and have, therefore, under the provisions of the statutes been paid directly by the Commission. The report is for the information of the legislature.

The Claims Commission will appreciate your acceptance of the report and the spreading of it upon the Journal in the 1965 session of the legislature to inform the members of the Senate as to the nature of the type of claims which comes before the Commission for its consideration.

Sincerely,

WAYNE F. MCGOWN,  
Secretary,  
State Claims Commission.

### BEFORE THE CLAIMS COMMISSION OF WISCONSIN

Hearings were held at Madison, Wisconsin, on August 31, 1965, upon the following claims:

<i>Name of Claimant</i>	<i>Amount of Claim</i>
1. Arthur P. Lugg -----	\$30,000.00
2. Mrs. Harold C. Fenell -----	94.00
3. Anastacia Kropidlowski -----	26,500.00
4. Mrs. Roger Pfaff -----	91.00
5. Wilson Mutual Insurance Company -	175.66
6. Werner Zum Hofe -----	349.00

#### 1. *Arthur P. Lugg*

Arthur P. Lugg claims \$30,000.00 as the result of the death of his wife on March 3, 1964, while she was a patient at the Winnebago State Hospital. The death was caused by an allergic reaction to the drug, Tofranil, prescribed and administered by the staff of the hospital. Through a most unfortunate chain of circumstances, the particular drug was prescribed without the prescribing doctor realizing that the patient had a history of allergic reaction to that drug, although this history was known to some members of the hospital staff and was shown on some of the hospital records. The Commission concludes that the death was caused by negligence on the part of agents or employees of the State, but that damages of only \$12,500 have been proved.

#### 2. *Mrs. Harold C. Fenell*

Mrs. Harold C. Fenell claims \$94.00 as a result of an

accident on December 17, 1964, while she was performing services at Southern Colony. The claimant was unloading packages from a dolly and accidentally stepped on the dolly and fell, injuring her wrist. The Commission concludes that the claim is not one on which the State is legally liable or one which involves the causal negligence of any agent or employee of the State or one which on equitable principles the State should pay.

3. *Anastacia Kropidowski*

Anastacia Kropidowski claims \$26,500.00 as the result of the death of her husband on September 6, 1963, while he was a mental patient at Winnebago State Hospital. Death resulted from internal injuries received during a struggle while members of the hospital staff were seeking to subdue the patient who had become violent. The Commission is satisfied that undue force was used to subdue the patient, causing him to fall and suffer the injuries which proved fatal. Five staff members were involved in the struggle with a man of little over average size and armed only with a Venetian blind slat. The Department of Public Welfare has taken no position as to whether excessive force was used by its employees.

The Commission concludes that the injuries were caused in part by negligence of employees of the State. However, damages of only \$10,000.00 have been shown.

Commissioner Exo took no part in the consideration of this claim.

4. *Mrs. Roger Pfaff*

Mrs. Roger Pfaff claims \$91.00 to compensate her for medical expenses incurred as the result of an injury suffered by her son on April 2, 1965, in the gymnasium of the Wisconsin Child Center at Sparta. The son and other Sparta boys had gone to the Child Center to play basketball with children at the institution. During the game the claimant's son accidentally was bumped or shoved by one of the children from the institution and fell, fracturing his right hand. The Commission concludes that the claim is not one on which the State is legally liable or one which involves the causal negligence of any State employee or one which on equitable principles the State should pay.

5. *Wilson Mutual Insurance Company*

Wilson Mutual Insurance Company claims \$175.66 as the result of a claim paid on one of its insurance policies insur-

ing damage to farm products. On October 19, 1963, an escapee from Kettle Moraine Boys School, without the owner's consent, drove the farm tractor of claimant's insured, causing damage to the tractor. The Commission concludes that the claim is not one on which the State is legally liable or one which involves the causal negligence of any State employee or one which on equitable principles the State should pay.

6. *Werner Zum Hofe*

Werner Zum Hofe claims \$349.00 to compensate him for damages suffered in 1964 and caused by a ward of the State who was boarded at the claimant's foster home. The ward caused the death of a cow and a dog and ruined a mattress, all belonging to the claimant. The Commission concludes that the claim is one which on equitable principles the State should pay, to the extent of \$235.00.

*The Commission Concludes:*

1. That the claims of the following claimants should be denied:

Mrs. Harold C. Fenell  
Mrs. Roger Pfaff  
Wilson Mutual Insurance Company

2. That payment of the following amounts to the following claimants, respectively, is justified under the provisions of section 15.94, Statutes:

Arthur P. Lugg -----	\$12,500.00
Anastacia Kropidowski -----	10,000.00
Werner Zum Hofe -----	235.00

Mr. William P. Nugent  
Chief Clerk  
State Senate  
Madison, Wisconsin 53702

Dear Mr. Nugent: The State Claims Commission is submitting a report to you in accordance with the provisions of Section 15.94 of the statutes covering claims heard by it on August 30 and 31, 1965.

The amounts recommended for payment under \$500 on claims included in this report have, therefore, under the provisions of the statutes been covering the claims over \$500 recommended for payment and will submit them to the Joint Finance Committee for legislative introduction. This report is for the information of the legislature.

The Claims Commission will appreciate your acceptance of the report and the spreading of it upon the Journal in the 1965 session of the legislature to inform the members of the Senate as to the nature of the type of claims which comes before the Commission for its consideration.

Sincerely,

WAYNE F. McGOWN,  
Secretary.

BEFORE THE  
CLAIMS COMMISSION OF WISCONSIN

Hearings were held at Madison, Wisconsin, on August 30, 1965, on the following claims:

<i>Name of Claimant</i>	<i>Amount of Claim</i>
1. Albert Ayach -----	\$ 250.00
2. June R. Baker -----	22.66
3. Fannie Bayley -----	72.00
4. Dorothy Fearell -----	25,000.00
5. Mrs. Robert F. Ferber -----	8.00
6. Peter C. Fritz -----	33.95

## JOURNAL OF THE SENATE [May 2, 1966]

7. Fred Herschleder -----	30.90
8. Sarah Johnson -----	15,000.00
9. Helen L. Karls -----	12.88
10. Roland A. Klaus -----	499.00
11. Gerald F. McVey -----	10.90
12. Clemens S. Schmidt -----	43.75
13. Carole Walby -----	50.00

### The Commission Finds:

#### 1. *Albert Ayach*

Albert Ayach claims \$250.00 as the result of injuries sustained on November 21, 1964, when he slipped and fell on an icy pedestrian crossing at the State Fair grounds. The Commission concludes that the injury was caused by negligence of State employees, but that damages of only \$125.00 have been proved.

#### 2. *June R. Baker*

June R. Baker claims \$22.66 because of damages to her motor vehicle on January 23, 1965, while it was being parked by an employee of the University. The Commission concludes that the damages were caused by negligence of a State employee.

#### 3. *Fannie Bayley*

Fannie Bayley claims \$72.00 as the result of injuries sustained November 24, 1965, when she fell in the aisle of a legislative gallery at the Capitol. The Commission concluded that the injuries were caused by negligence of agents or employees of the State.

#### 4. *Dorothy Fearell*

Dorothy Fearell claims \$25,000.00 because of her alleged illegal incarceration in Mendota State Hospital from 1961 to 1964 and because of alleged personal injuries inflicted by other patients during such incarceration. The evidence does not show anything illegal in the commitment of the claimant, and no damages which could be attributable to negligence of State employees have been shown. The Commission concludes that the claim is not one which on equitable principles the State should pay.

#### 5. *Mrs. Robert F. Ferber*

Mrs. Robert F. Ferber claims \$8.00 as the result of personal injuries received August 19, 1964, at the State Fair from a splinter in a wooden seat. The Commission concludes

## JOURNAL OF THE SENATE [May 2, 1966]

that the injuries were caused by negligence of State employees.

### 6. *Peter C. Fritz*

Peter C. Fritz claims \$33.95 for damages to his clothing on April 9, 1965, while he was employed as an electrician at the University. The claimant was working in the Veterinary Science Building, when liquid live virus was spilled on his clothing. An attempt to disinfect the clothing ruined several items. The Commission concludes that the claim is one which on equitable principles the State should pay.

### 7. *Fred Herschleder*

Fred Herschleder claims \$30.90 because of damages to his motor vehicle on January 21, 1965, while the vehicle was being parked by a University employee. The Commission concludes that the damages were the result of negligence of a State employee.

### 8. *Sarah Johnson*

Sarah Johnson claims \$15,000.00 as the result of being committed to Mendota State Hospital on January 31, 1964, by order of the County Court for Dane County. The Commission concludes that the claim is not one which on equitable principles the State should pay.

### 9. *Helen L. Karls*

Helen L. Karls claims \$12.88 for damages to her wrist watch on April 27, 1965, when she tripped and fell on a mat in the lobby of the Hill Farms State Office Building. The Commission concludes that the injuries were caused by negligence of State agents or employees.

### 10. *Roland A. Klaus*

Roland A. Klaus claims \$499.00 as a result of injuries sustained by his wife on January 25, 1965, when she fell on snow covered ice on the sidewalk at the Hill Farms State Office Building. The Commission concludes that the injuries were due in part to negligence of State employees, but that damages of only \$205.00 have been proved.

### 11. *Gerald F. McVey*

Gerald F. McVey claims \$10.90 as the result of losing his cigarette lighter and tobacco pouch at the University Union on January 8, 1965. The items were found by a member of the Union staff and turned in to the Union desk but then were lost or misplaced by Union personnel. The Commission concludes that on equitable principles the State should pay this claim.

## JOURNAL OF THE SENATE [May 2, 1966]

### 12. *Clemens S. Schmidt*

Clemens S. Schmidt claims \$43.75 as the result of damage to his motor vehicle on March 5, 1965, while it was being parked by a University employee. The Commission concludes that the damage was caused by employees of the State.

### 13. *Carole Walby*

Carole Walby claims \$50.00 because of the loss of a painting while it was being exhibited at the 1964 Rural Arts Show at the University. The Commission concludes that the damages were caused by negligence of State employees.

#### *The Commission Concludes:*

1. That the claims of the following claimants should be denied:

Dorothy Fearell  
Sarah Johnson

2. That payment of the following amounts to the following claimants, respectively, is justified under the provisions of section 15.94, Statutes:

Albert Ayach -----	\$125.00

## BEFORE THE CLAIMS COMMISSION OF WISCONSIN

Hearings were held at Madison, Wisconsin, on September 1, 1965, upon the following claims:

<i>Name of Claimant</i>	<i>Amount of Claim</i>
1. Ralph M. Donahue -----	\$ 499.00
2. John E. Fitzgibbon -----	1,082.50
3. Gordon Kuhaupt -----	1,805.99
4. Alice Wanish -----	13.20

The Commission Finds:

1. *Ralph M. Donahue*

Ralph M. Donahue claims \$499.00 for services performed and expenses incurred on behalf of the Indian Study Committee between December 1, 1964, and January 4, 1965. Through an error, the proper steps were not taken to get the claimant upon the State payroll prior to the rendition of the services and the incurring of the expenses. The Commission concludes that the claim is one which on equitable principles the State should pay.

2. *John E. Fitzgibbon*

John E. Fitzgibbon claims \$1,082.50 for services alleged to have been rendered as a member of the Wisconsin Employment Relations Board from October 9, 1963, to November 3, 1963. The claimant had been appointed a member of said Board for a term ending October 1, 1963. On October 9, 1963, Zell Rice II was appointed as successor to the claimant who was paid the regular salary for the period ending October 8, 1963. The appointment of Mr. Rice was confirmed on November 4, 1963, but he was entitled to and did serve as a member of the Board from the time of his appointment on. *State ex rel. Thompson v. Gibson* (1964), 22 Wis. (2d) 275, at 294-295. The Commission concludes that the claim is not one on which the State is legally liable nor one which on equitable principles the State should pay.

3. *Gordon Kuhaupt*

Gordon Kuhaupt claims \$1,805.99 as the result of the destruction of his household goods on May 18, 1964, while such goods were being moved by a trucking firm. The claimant, an employee of the Department of Taxation, was transferred from Rice Lake to Milwaukee and was reimbursed by the State for the actual expense of moving his household goods. He did not insure the goods in excess of the amount of insurance provided under the published tariff of the carrier, and the claim is for the uninsured portion of his loss. The State is not obligated to pay the full cost of an employee's move from one city to another while in the State service but does pay the published tariff for moving such an employee's household goods. If the value of the goods exceeds the insurance coverage provided under the published tariff, it is up to the employee to obtain excess insurance. The Commission concludes that the claim is not

JOURNAL OF THE SENATE [May 2, 1966]

one on which the State is legally liable nor one which on equitable principles the State should pay.

4. *Alice Wanish*

Alice Wanish claims \$13.20 as the result of the loss of a State check in that amount, issued in 1952. The check was found in 1964, but had been cancelled by the State Treasurer before that time. The Commission concludes that the claim is one which on equitable principles the State should pay.

*The Commission Concludes:*

1. That the claims of the following claimants should be denied:

John E. Fitzgibbon  
Gordon Kuhaupt

2. That payment of the following amounts to the following claimants, respectively, is justified under the provisions of section 15.94, Statutes:

BEFORE THE  
CLAIMS COMMISSION OF WISCONSIN

Hearings were held at Madison, Wisconsin, on September 28, 1965, upon the following claims:

<i>Name of Claimant</i>	<i>Amount of Claim</i>
1. Orville A. Disch -----	\$ 253.00
2. Edward Glatkowski -----	475.00

## JOURNAL OF THE SENATE [May 2, 1966]

3. Mrs. Ray Groose .....	1,157.67
4. Mrs. G. Erik Johanson .....	32.96
5. Madison Gas and Electric Company ..	3,450.56
6. Harold Pankow .....	43.93
7. Stephen W. Sailors .....	300.00
8. Everett E. Seeley .....	26.50

### The Commission Finds:

#### 1. *Orville A. Disch*

Orville A. Disch claims \$253.00 as the result of damages to his automobile on August 24, 1964, when the vehicle struck an unlighted, unmarked steel guard rail placed on state trunk highway 145 to divert traffic to a new section of the highway. The Commission concludes that the accident was caused in part by negligence of employees of the State, but that damages of only \$100 have been proved.

#### 2. *Edward Glatowski*

Edward Glatowski claims \$475.00 for the loss of a pear tree upon his property, which was cut down by mistake by a Highway Commission crew in May, 1965. The Commission concludes that the damages were caused by negligence of State employees, but that damages of only \$50.00 have been proved.

#### 3. *Mrs. Ray Groose*

Mrs. Ray Groose claims \$1,157.67 for loss of business at her drive-in restaurant at Beaver Dam in 1963, when the usual access to the restaurant was closed to traffic during highway construction. Part of the claim is based on the closing of the usual access for two weeks prior to the beginning of construction on a project on state trunk highway 33, but the early closing was done by the city for purposes of a separate construction project. For the remainder of the time during which the usual access was closed, there was an alternate access available, although it was less convenient for patrons of the claimant's restaurant. Highway construction often and necessarily causes temporary inconvenience and loss of business, but this alone is not grounds for the State to compensate those who are damaged. The Commission concludes that the claim is not one on which the State is legally liable, nor one which involves the causal negligence of officers or employees of the State, nor one which on equitable principles the State should pay.

Commissioner Hollander took no part in the consideration of this claim.

4. *Mrs. G. Erik Johanson*

Mrs. G. Erik Johanson claims \$32.96 because of damage to her automobile on June 29, 1965, when the vehicle ran over a flag block placed upon U. S. Highway 12 near Augusta, to mark a freshly painted line. The block was not on the painted line but in the traffic lane at the time of the accident. The Commission concludes that the claim is one which on equitable principles the State should pay, but that damages of only \$16.50 have been proved.

5. *Madison Gas and Electric Company*

The Madison Gas and Electric Company claims \$3,450.56 for damages to its underground duct and cables on January 21, 1965, when a State Highway Commission crew taking soil samples misinterpreted a blue print and drilled in the wrong place. There is no question but that damage was caused by employees of the State. However, the claim includes \$688.83 for overhead, and the Commission concludes that this amount has not been proven to be damage resulting from negligence of State employees.

6. *Harold Pankow*

Harold Pankow claims \$43.93 for damages to his automobile on June 15, 1965, while it was being driven by a University parking lot attendant. The Commission concludes that the damage was caused by negligence of State employees.

7. *Stephen W. Sailors*

Stephen W. Sailors claims \$300.00 because of the loss of his property while in storage at a University dormitory over the summer of 1964. The Commission concludes that the loss was attributable to negligence of State employees but that damages of only \$250.00 have been proved.

8. *Everett E. Seeley*

Everett E. Seeley claims \$26.50 because of damages to his eye glasses on April 18, 1965, while he, as a member of the Wisconsin Army National Guard, was loading equipment at the Eau Claire Armory in connection with flood duty along the Mississippi River. The Commission concludes that the claim is one which on equitable principles the State should pay.

# JOURNAL OF THE SENATE [May 2, 1966]

## *The Commission Concludes:*

1. That the claim of Mrs. Ray Groose should be denied.
2. That payment of the following amounts to the following claimants, respectively, is justified under the provisions of section 15.94, Statutes:

Orville A. Disch .....	\$ 100.00
Edward Glatowski .....	50.00
Mrs. G. Erik Johanson .....	16.50

## BEFORE THE CLAIMS COMMISSION OF WISCONSIN

Dean B. Ekstrom

Hearings were held at Madison, Wisconsin, on September 15 and October 6 and 22, 1964, on the claim of Dean B. Ekstrom for \$122,055.06, arising from a construction contract awarded to the claimant in 1959 in connection with a project on State Trunk Highway 72 and U. S. Highway 63, in Pierce County. The contract required the claimant to furnish a gravel or crushed stone base course over several miles of highway. The facts are complex, and the record is voluminous. The claim will be discussed under three major items.

Item I—\$3,462.47

Claimant contends that the Highway Commission arbitrarily required him to grade the gravel base course of the road a second time and maintain it until final acceptance, which was delayed unnecessarily by the Highway Commission, all of which increased the claimant's costs by \$3,462.47. The contract required the claimant to compact and shape the base course and to maintain it until final acceptance. We need not be concerned with the result had the Highway Commission deliberately and without cause withheld final acceptance. There is clear evidence that the claimant had not shaped and compacted the base course according to the plans until just about the time of final acceptance, and this Commission considers that Item I of the claim is not well founded.

Item II—\$105,092.59

Claimant contends that the Highway Commission erroneously shut down work on the project at various times because, due to faulty testing, the State's engineers found the material supplied by the claimant did not meet contract specifications; that such shutdowns idled the claimant's equipment for 593¾ hours, costing him \$74,218.75; that the State, in violation of the contract terms, kept the highway open to travel during construction, which increased the claimant's costs \$4,164.00; and that the unjustified shutdowns extended the work into 1961, causing the claimant to lose expected profits of \$25,000.00 from other highway contracts in that year and also resulting in his being assessed liquidated damages of \$1,709.84 because of the work not being completed in the required 160 days of contract time.

Much of the testimony concerned the methods used by the Highway Commission engineers in taking samples from the claimant's crusher and screening plant and in testing those samples. Even if we agree with the claimant's contention that the sampling and testing were not done in accordance with the best accepted practices, this would not answer the ultimate question of whether the materials produced by the claimant's plant failed at times to meet the contract specifications for grade and wear. We are satisfied that, even if some of the unsatisfactory test results were due to faulty sampling, this does not explain the bulk of the many tests showing sub-standard materials and that the prepon-

derance of the evidence does not support the claimant in this regard. We cannot determine that for any particular and material period of time the work was shut down improperly because of faulty sampling or testing of materials. From this and what has been said previously it follows that those parts of the claim based upon delays alleged to be the fault of the Highway Commission are not supported by the evidence.

A part of this item—\$4,164.00—is for the increased cost to the claimant by reason of the road being kept open to traffic during construction in 1961. Admittedly, the contract provided that during construction the road, with the exception of two minor segments, should be closed to through traffic. Also, the contract provided that if the contractor claims extra compensation is due for work not covered in the contract, or for which an adjustment is not provided in the specifications, he must notify the engineer in writing before commencing such work. Failure to give such notice and to afford the engineer facilities for keeping account of the actual cost of such work constitutes a waiver of claim for extra compensation.

Here no written notice was given by the claimant, seeking extra compensation because of the increased cost to him by reason of the road kept open to traffic; and the Commission finds no legal or equitable obligation to pay this part of the claim.

Item III—\$13,500.00

The third part of the claim is for losses suffered because the claimant, due to the delays in completing the work, was forced to sell three items of equipment in order to obtain working capital.

This portion of the claim is based solely on the theory that the delay in completion of the contract was the fault of the State. As previously set forth, the Commission does not find this to be the fact.

Item IV—\$11,600.00

In his reply brief the claimant sought to raise his claim by \$11,600 for damages allegedly caused by the State's requiring him to blend sand with the quarry materials in order to bring the end product within the contract specifications.

The record does not establish that any such order was given to the claimant or that the Highway Commission had

JOURNAL OF THE SENATE [May 2, 1966]

authority under the contract to make such an order. At most, it was suggested by the State's engineers that blending sand with the quarry materials in the crusher might help to bring the finished product within contract specifications. Certainly the State has no legal or equitable obligation to reimburse the claimant for additional expenses incurred by reason of following a suggestion, even had this alleged damage been included in the original claim or added by proper amendment.

The Commission concludes that the claim should be denied.

BEFORE THE  
CLAIMS COMMISSION OF WISCONSIN

Hearings were held at Madison, Wisconsin, on March 15, 1966, upon the following claims:

<i>Name of Claimant</i>	<i>Amount of Claim</i>
1. Mrs. Rodney L. Bartsch -----	\$ 25.00
2. Ronald J. Brisco -----	45.85
3. Harold J. Blank -----	12.00

and on September 28, 1965, and March 15, 1966, on the following claim:

4. Ise Margaret Schmidt -----	\$ 2,500.00
-------------------------------	-------------

and on March 16, 1966, on the following claims:

5. Pauline Skrede -----	\$32,500.00
6. Stephen P. Roeder -----	187.50
7. City of Chilton -----	121.20
8. Adah Lellos -----	602.33
9. Mrs. William J. Pingel -----	100.00
10. Mary Margene Kastelic -----	4,500.00

The Commission Finds:

1. *Mrs. Rodney L. Bartsch*

Mrs. Rodney L. Bartsch claims \$25.00 for damages to a grounds on March 20, 1965. The Commission concludes that dress torn by ragged metal on a bench at the State Fair the damages were attributable to negligence on the part of employees of the State, but damages of only \$12.50 have been proved.

2. *Ronald J. Brisco*

Ronald J. Brisco claims \$45.85 for damages to a baby stroller being transported by a State Fair grounds bus on August 20, 1965. The Commission concludes that the damages were attributable to the negligence of State employees, but that damages of only \$15.42 have been proved.

3. *Harold J. Blank*

Harold J. Blank claims \$12.00 for damages incurred when his son, a student at La Crosse State College, cut the back of his heel on the nose of a stair tread in the college gymnasium on July 27, 1965. The Commission concludes that the damages were caused by the negligence of State employees.

4. *Ilse Margaret Schmidt*

Ilse Margaret Schmidt claims \$2,400.00 in damages because of the alleged breach of her contract to teach at Oshkosh State College during the spring, 1963, semester, and \$100 for alleged extra duties imposed upon her in the latter part of the previous semester. This claim discloses an almost appalling lack of understanding between the claimant and the College administration as to the duties of a teacher and the teacher's rights or privileges insofar as absence from the job is concerned.

The claimant was employed in September, 1962, as a faculty assistant at a salary of \$3,000.00 per semester, the normal salary for a "full" teaching load in that position. During the fall semester she was not given a full teaching load, but in January, 1963, was asked to take over a few days' work of another faculty member who was ill. The claimant contends that she was promised \$50 per day for the two days of extra duties she performed, and presents a statement to that effect signed by the Dean of Instructional Affairs. The Acting Dean of Business Affairs, how-

ever, contends that the claimant was not offered extra compensation for these additional duties and that those duties added to her partial teaching load did not exceed the normal teaching load for which she was paid. Also, it appears that it was customary for members of the faculty to take over one another's classes during brief illnesses, without extra compensation, and that the claimant had been absent from some of her own classes during brief illnesses.

The Commission finds that there was no enforceable contract between the claimant and the institution for payment of extra compensation for the extra duties performed in January, 1963, and that the State is not in good conscience obligated to pay such extra compensation.

A more difficult question arises with respect to the remainder of the claim. At about the end of February, 1963, the claimant received word that her father had died in Germany. She met the Acting Dean of Business Affairs on the street and informed him that she was making arrangements to fly to Europe to attend her father's funeral. Again, there is a conflict in the testimony. The claimant states that she already had called the school telephone operator, leaving word that the claimant could not meet her classes, and that the Acting Dean told her that he would inform the President and the Dean of Instructional Affairs and take care of everything, including the reassignment of teachers. The Acting Dean states that upon his inquiry the claimant said that she had already arranged for an absence with the Dean of Instructional Affairs. In any event, the claimant left for Europe and did not return for approximately five weeks. Shortly after her return she was informed that her position had been terminated as of March 1st. \$2,400.00 of her claim is for the salary of March through June, which she did not receive.

The arrangement or custom at the College for taking short leaves of absence without loss of pay appeared to have been very informal. The administration of the College contends that it was required that a teacher inform the Dean of Instructional Affairs whenever an absence was necessary, but it appears that in practice for short absences due to illness it was customary merely to telephone the College operator and let her pass the word along. The administration also contends that a faculty handbook was distributed to new faculty members, but the claimant testified that she did not receive a copy.

In view of the conflicting evidence as to what occurred immediately prior to the claimant's departure for Europe and the further conflict as to the customary procedure for arranging for absences and the permissible length thereof, the Commission concludes that on equitable principles the State is obligated to pay \$900 of the claim.

5. *Pauline Skrede*

Pauline Skrede claims \$32,500.00 as the result of the death of Laurence Skrede on October 22, 1965, when his automobile left State Trunk Highway 131, near La Farge, and plunged into the Kickapoo River. The affidavit of claim alleges that the river overflowed the highway the previous night, leaving a deposit of slippery silt on the road surface. Also, it is alleged, that warning signs, previously erected, were removed without inspecting the safety of the road; that guard rails had not been installed on a sharp curve; and that a county highway truck traversed this section of the highway a few hours before the fatal accident, without the driver of the truck taking appropriate steps to remove the silt or post warning signs.

It was apparently the theory of the claimant that no adequate relief would be obtained through the Commission and that it was unnecessary to offer evidence at the hearing. Consequently, the Commission has nothing before it but the bare affidavit of claim. Under these circumstances the Commission cannot find that the accident was caused by negligence of State employees or that on equitable principles the claim should be paid.

6. *Stephen P. Roeder and*

7. *City of Chilton*

Stephen P. Roeder claims \$187.50, and the City of Chilton claims \$121.20, as the result of acts committed on August 4, 1965, by an inmate who had escaped from the Green Bay Reformatory. The escapee took Mr. Roeder's automobile without permission and had an accident, causing damages of \$187.50. The Chilton police apprehended the escapee, who had been injured in the accident, and took him to a hospital for treatment and later returned him to the reformatory. The City's claim is based on the costs of transporting the escapee and the medical and hospital expenses incurred for him and paid by the City.

There is no evidence that the escape was attributable to negligence of State agents or employees, and the theft of

Mr. Roeder's automobile well might have been prevented had the keys not been left in the vehicle.

The City's claim for reimbursement for medical and hospital expenses incurred for the prisoner well might be made to the county, under section 53.38, Stats. The Commission recognizes that the application of that statute to this particular situation is not altogether clear; but if the statute applies, reimbursement should be obtained pursuant to the statute. If the statute is held inapplicable, the City may resubmit its claim here.

The City's claim for the costs of transporting the prisoner back to the reformatory present another question. The reformatory administration requested the City to return the prisoner. Had the sheriff been asked to do so, there would have been no problem involved in reimbursing the county, under section 16.51 (7), Stats.

The Commission is of the opinion that the City may claim from the county the transportation costs, as well as the medical and hospital expense reimbursement, and that neither the City's nor Mr. Roeder's claim is one on which the State is legally liable nor one which on equitable principles the State should pay.

#### 8. *Adah Lellos*

Adah Lellos claims \$602.33 as her share of the estate of Alice J. Philpott, deceased. Alice Philpott died intestate more than a decade ago, leaving no then known heirs, and her estate escheated, subject to being paid to any subsequently discovered heirs for a period of seven years. In 1959 the Clark County Court ordered payment of the estate to some 23 persons whose heirship had been established, including \$602.33 to one Ada Lilas. She could not be located at the time, and her share was not paid to her. It now appears that Ada Lilas and Adah Lellos are one and the same person and that she had been a patient at a Michigan state hospital for many years. The Commission finds that on equitable principles the State should pay the claim.

#### 9. *Mrs. William J. Pingel*

Mrs. William J. Pingel claims \$100 as the heir of the payee of a State check issued on July 15, 1958, to William J. Pingel in the amount of \$100. The check was mislaid and subsequently cancelled by the State Treasurer. It had been issued to the late William J. Pingel as compensation for a cow slaughtered under the Bangs disease program. The

## JOURNAL OF THE SENATE [May 2, 1966]

Commission concludes that on equitable principles the State should pay the claim.

### 10. *Mary Margene Kastelic*

Mary Margene Kastelic claims \$4,500.00 as the result of injuries suffered in an accident on a slippery sidewalk on the grounds of the University of Wisconsin-Milwaukee on February 2, 1965. The Commission finds that the accident was caused by negligence of State employees in not properly maintaining the walks, but that damages of only \$495.00 have been proved.

#### *The Commission Concludes:*

1. That the claims of the following claimants should be denied:

Pauline Skrede  
City of Chilton  
Stephen P. Roeder

2. That payment of the following amounts to the following claimants, respectively, is justified under the provisions of section 15.94, Statutes:

Mrs. Rodney L. Bartsch -----	\$ 12.50
Ronald J. Brisco -----	15.42
Harold J. Blank -----	12.00
Ilse Margaret Schmidt -----	900.00
Adah Lellos -----	602.33
Mrs. William J. Pingel -----	100.00
Mary Margene Kastelic -----	495.00

Mr. William P. Nugent  
Senate Chief Clerk  
State Capitol  
Madison, Wisconsin 53702

Dear Mr. Nugent: The State Claims Commission is submitting a report to you in accordance with the provisions of Section 15.94 of the statutes covering a claim heard by it on August 30, 1965.

The Claims Commission will appreciate your acceptance of the report and the spreading of it upon the Journal in the May 1966 session of the legislature to inform the members of the Senate as to the nature of the type of claims which come before the Commission for its consideration.

Sincerely,

WAYNE F. MCGOWN,  
Secretary,  
State Claims Commission.

BEFORE THE  
CLAIMS COMMISSION OF WISCONSIN

A hearing was held at Madison, Wisconsin, on August 30, 1965, on the claim of Mary Jendrzejczyk for \$1,500.00 for damages resulting from a fall sustained at the State Fair grounds on August 22, 1964. The claimant allegedly was caught in a crowd and stumbled and fell when the crowd pushed her against a curb in front of one of the exhibition buildings. The evidence as to the amount of damages suffered by the claimant is meager to say the least. More important is the absence of any clear evidence on the part of State officers or employees; and the Commission concludes that the claim is not one on which the State is legally liable nor one on which on equitable principles the State should pay.

MOTIONS UNDER JOINT RULE 26

Upon motion of Senator Hollander; co-sponsored by Assemblymen Schwefel and McEssy, the Legislative Reference Bureau was directed to prepare a certificate of Congratulations to Robert A. Bird, Town of Byron, Fond du Lac County Farmer, Registered Holstein Breeder, Member of Farm Organizations, Active Churchman, Town Officer, Director and Officer of the American Dairy Association for 15 years upon the occasion of his being appointed the chairman of June Dairy Month for Wisconsin for the year 1966.

The motion was read and adopted.

The senate's action was ordered immediately messaged to the assembly.

The State of Wisconsin \* \* \* Citation by the Legislature  
*Know you by these presents:*

Whereas, the City of La Crosse, Wisconsin, is an All-America City, the 2nd city of Wisconsin to be so honored by the National Municipal League (Green Bay was similarly honored in 1964); and

Whereas, the City of La Crosse was selected for this honor because it demonstrated that adversity can tie a community together, having overcome the serious 1960 blow to its economy caused by the loss of 2 major industries, and the ravages of the 1965 record flood, by a determined "bootstrap" operation, to wit:

Investments of \$30 million in new schools, a hospital, churches, industrial parks, fall festival, civic center and urban renewal; now, therefore,

The Members of the Wisconsin Legislature, on the motion of Senator Raymond C. Bice, co-sponsored by Assemblymen Norbert Nuttelman and D. Russell Wartinbee, under Joint Rule 26, extend to the City of La Crosse, Wisconsin, their congratulations and best wishes for this well-earned recognition.

The Legislative Reference Bureau to prepare said certificate.

Was read.

The motion was adopted.

Ordered immediately messaged to the assembly.

The State of Wisconsin \* \* \* Citation by the Legislature  
*Know you by these presents:*

Whereas, Messmer High School of Milwaukee, Wisconsin won the Catholic All-State Prep Basketball Championship in the Milwaukee Arena, Saturday, March 5, 1966.

The Members of the Wisconsin Legislature, on the motion of Senator Norman Sussman, co-sponsored by Assemblyman Ronald G. Parys, under Joint Rule 26, extend to the Messmer High School basketball team and Coach Robert Neja their sincere congratulations for winning their First Catholic All-State Prep Basketball Championship.

The Legislative Reference Bureau to prepare said certificate.

By The Entire Membership of the Senate; co-sponsored by Messrs. Bock, Galli and Azim.

Was read.

The joint resolution was adopted by unanimous rising vote.

Ordered immediately messaged to the assembly.

The president appointed Senators Knowles and Zabor-ski as senate members to wait upon the Governor.

Upon motion of Senator Knowles, with unanimous consent, the senate recessed subject to the call of the chair.

During this recess and the hour of 10:00 o'clock A.M. approaching the senate proceeded in a body to the assembly

chamber to meet in joint convention with the assembly to receive a special message by the Governor, the Governor having expressed a desire to address the two houses at that time.

IN ASSEMBLY CHAMBER  
IN JOINT CONVENTION

The lieutenant governor in the chair.

The committee appointed to wait upon the Governor appeared with His Excellency, the Governor, who delivered his special message as follows:

Ladies and Gentlemen of the Legislature:

It is a pleasure for me to appear before you today for three particular reasons:

First of all, this affords me the opportunity to thank you both personally, and on behalf of the State, for the excellent record of accomplishment established by your legislative bodies in the sessions of 1965.

This Legislature served the people of this State *well in* broad areas of vital concern.

Secondly, this is the first such opportunity I have had to formally commend the hundreds of Wisconsin citizens who, *on a voluntary basis*, have done such a tremendous amount of work to assist the legislative and executive branches of government. I am referring to such voluntary groups as the Kellett Task Force, the Governor's Water Resource Committee, the Committee on the 1965 Social Security Amendments, and others.

During the course of your deliberations, you will have the opportunity to see the products of the dedicated work undertaken by these committees. And, I believe you will share my admiration and appreciation for this citizen-involvement in public affairs.

There was a time when the very fact that a problem was referred to a "committee" indicated that the issue was too difficult or too controversial to be resolved at all. *That is no longer true.*

*These committees delivered the goods.* They have advanced specific proposals and programs for your consideration and action.

And thirdly, I am pleased to have this opportunity to call to your particular attention a few of the most important legislative matters awaiting your action in this session.

In the interest of time, I will not discuss all of those matters. However, you will receive printed copies of this message which contains comments on additional topics of importance which are not included in my remarks.

## HIGHWAY ACCELERATION

### The Need

I firmly believe that there is a great demand and need for accelerating our highway construction, first to complete the "I" system as soon as possible, and secondly to accelerate construction on the state trunk system where the need is great. We do not have the funds for these projects under the present revenue program, and we will not have them for many years to come.

More than 30 groups have been in to see me over the past year to ask for help with their particular highway problems. Many of you have accompanied them. They came from all parts of Wisconsin and they have very real, very urgent problems. These people do not constitute a professional highway lobby. They are not concrete and asphalt dealers, or equipment suppliers, or road contractors. They are housewives, businessmen, city and county officials and state legislators. They comprise and represent the most important "lobby" of all, the citizens of the State of Wisconsin.

I have given each of these groups the same answer: "We have no funds."

Acceleration does not involve a new highway or "crash program." Our purpose is to speed up the construction of priority projects already listed by the Highway Commission, but projects on which we will not be able to start for five to ten years, and complete much later—unless additional funds are made available.

Other reasons for accelerating highway construction include increased opportunities for business, industry and tourism. Proximity to good highways is the single most important factor involving a favorable decision by industry to expand or locate new plants.

But even more important in our decision to meet the human needs of our society is the safety factor provided through the construction of freeway type highways. Our

state trunk system has a record of 8.3 deaths per 100 million miles of travel, while the Interstate System has only 2.3 deaths for the same miles of travel. *The freeway is almost four times as safe as other state trunk highways.*

### "I" System

One of our highest priorities is to complete the Interstate System in Wisconsin. Although Wisconsin's construction record on the "I" system is rated near the top, the construction record of 67% is completely misleading.

The reason is that we have relatively few miles of Interstate System allotted to Wisconsin—459 miles compared to 1,632 for Illinois, 1,082 for Michigan, 905 to Minnesota, and 705 for Iowa. Furthermore, Michigan and Illinois have already completed more than twice as many miles as has Wisconsin. *When all states have completed their "I" system construction, Wisconsin will rank 38th in the nation for total Interstate mileage, 44th in miles of rural Interstate, and 48th in miles of urban Interstate System!* Some of these states, notably Michigan, are also adding hundreds of freeway miles through bonding programs.

I am informed by the Chairman of the State Highway Commission that acceleration will allow us to complete the "I" system from Tomah to Eau Claire by 1968, and from Tomah to La Crosse by 1969, four to six years ahead of schedule. This early completion of the "I" system in Wisconsin will enable us to save lives on what is now termed "suicide alley."

### Available State Funds

Although highway user taxes have increased 3 to 4% per year, the additional funds have not been available for state arterial highway construction. For example, gross highway user taxes have increased \$38 million in the past ten years.

But of this \$38 million increase in the ten-year span, *only \$3 million of the increase was available for state trunk construction!* The remaining increase, along with the major share of highway user taxes, was distributed by statute to local units of government and used for maintenance, enforcement and administration.

So we just don't have the necessary funds to accelerate our state trunk system. Anyone who says we do is just uninformed. As a result of this shortage, many priority projects now recommended by the State Highway Commission

simply cannot be constructed for years to come. For example, at the present rate at which construction funds are available, it will take 40 years to rebuild Highway 15 in southeast Wisconsin. A number of bridges are in such critical need of repair and replacement that the situation is urgent.

#### Financing Acceleration

Therefore, I am convinced that a majority of our people and a majority of legislators, including majority and minority leaders in both the Senate and Assembly, believe that highway acceleration is necessary.

Our problem is how to finance highway acceleration.

As many of you know, I personally have favored a modest highway bonding program. The major objection to bonding is the interest cost. I honestly believe that inflationary costs due to delay would be almost as great as the interest charges.

The important consideration, however, is to start highway acceleration now.

Towards that major purpose, I have met with the Interim Highway Committee, and leaders of both parties in both houses of the Legislature, to arrive at a compromise highway acceleration program.

I wish to compliment the Interim Highway Committee and its chairman for holding additional meetings to meet this problem of highway acceleration head on, and to have ready for your consideration a bi-partisan compromise proposal.

Briefly, the bi-partisan recommendation for highway acceleration includes a bonding program for \$26 million to complete the Interstate System four to six years ahead of schedule. These funds would be repaid from the Federal Highway Trust Fund.

Secondly, the state gasoline tax would be increased 1 cent per gallon to produce about \$15 million per year earmarked for construction. These funds will be used to accelerate the state arterial system on priority projects already listed by the State Highway Commission.

Third, the measure will permit local units of government to bond for state trunk and connecting streets construction. The State will reimburse the cities and counties for any interest charges incurred for this purpose. This provision will

have special application to some of the State's bridge needs and will permit the cities and counties to undertake some projects of great importance to them.

I might note here that 30 states already have a gasoline tax higher than Wisconsin, 15 have the same 6¢ state gasoline tax, while only five states have a lower state gas tax. In addition some states have local gasoline taxes. Wisconsin certainly will not be out of line with a one cent increase of the gasoline tax.

I will support this program, and I am happy to note that the Democratic Speaker of the Assembly and the Lieutenant Governor, will support the compromise proposal. I am sure that each of us could find features of the compromise with which we could disagree, but if highway acceleration is to be accomplished, we must reconsider our personal philosophies to combine forces for the common good of the state.

There is no doubt that highway acceleration is an important issue. I urge your careful and diligent consideration of this program. I realize that you will be subjected to unusual pressures from special interests opposed to this measure, but I urge that you give consideration to the best interests of the state—its future growth, development, and safety—in which highways are such an essential part.

### SOCIAL SECURITY AMENDMENTS

Just as this Legislature served the people so well in 1965 through the passage of important bills relating to education, highway safety, and others, you will be again called upon during this session to consider *major proposals designed to meet human needs*.

Wisconsin has been a pioneer in the development of public assistance programs. Aid to dependent children, aid to the blind and old-age assistance were adopted here long before most of the other states recognized the need. These programs were initiated in Wisconsin one or two decades before the federal government began participating financially in them in the 1930's.

Now, we have a renewed opportunity and responsibility to assess the needs of our people in light of the 1965 amendments to the Social Security Act, including the Medicare provisions. The complexity of the program, which involves changes in federal, state and local aid systems demanded that Wisconsin's implementation of the new provisions be carefully and thoroughly planned.

Last November, I appointed a Task Force of qualified and competent men to study Wisconsin's new opportunities under the Social Security Amendments and to devise the best possible program to serve the public interest.

This was a monumental job, but the Task Force rose to the challenge and has recommended a program of improvements in our medical and public assistance program for your review.

I have personally acknowledged my appreciation in a letter to their chairman. I now want to express my thanks publicly for the tremendous job they have done in preparation of a significant report.

You will be gratified to observe the basic human needs which can be fulfilled through the implementation of some of the Social Security Amendments. They include: medical assistance for needy children; the blind, disabled and elderly; medical assistance for aged patients in mental hospitals; and broadened financial assistance to the aged, the blind and the disabled.

In addition to the humanitarian aspects of this program, it more equitably revised the categorical aid formulas. As a result of these deliberations the State and local governments have the opportunity to derive a financial benefit amounting to \$13.3 million.

The people of Wisconsin will be looking to this session of the Legislature for its careful consideration and prompt action on the Task Force recommendation so that the State can take full advantage of the benefits available through the federal program.

### TRAFFIC SAFETY

Now, let me draw your attention to a problem which continues to plague our officials and citizens to an alarming degree—the problem of the killing and maiming of our people in automobile accidents.

Last year Wisconsin traffic deaths totalled 1,033; a very slight improvement over the all-time record of 1,059 murdered by motor car in 1964. Today we are running ahead of last year's death toll.

Injuries in traffic mishaps last year totalled 29,215, or nearly 5,000 ahead of the injury toll in 1964.

I know, and I appreciate, that last year you gave approval to a good number of measures which I signed into law to improve our statewide accident-prevention efforts. It

takes time to inaugurate, develop and push the programs you have authorized and I am confident they will, in future months and years, make their impact for good in creating a safer Wisconsin.

However, I implore you—as thoughtful lawmakers responsive to the needs of our citizens—to consider very carefully in this spring session the addition of four more vitally-needed weapons in our arsenal for accident prevention.

#### Driver Education

One of these is the requirement of driver education for every youth who wants to secure his driver's license before the age of 18.

A state census of youth reaching driving age this school year places this total at over 78,000. However, only 37,737 of these eligible students will be completing a driver education course this year. It's good that nearly half of our new drivers are being instructed in safe-driving responsibilities, but it's disconcerting to know that *a little more than half of our youth are not being so instructed.*

Numerous studies in various states during the past decade attest to the value of driver education. The most recent coming to my attention is that in Illinois, where the records of more than a half million drivers 16 to 20 years old were studied. This screening showed that in the group which had taken driver education—a total of more than 176,000—there was a moving hazardous violation conviction rate of 171 per 1,000. This compared with a rate of 439 per 1,000, or nearly five times as many violations, in the non-driver educated group.

Young people who had taken driver education were involved in accidents at the rate of 56 per 1,000 while non-driver educated young people had an accident rate twice as high—111 per 1,000.

Is it *wise* to send our young people into today's traffic without the very best preparation we can provide?

I think not, and I urge you to give this matter careful attention and positive action.

#### Uniform Age

In addition to requiring driver education, we are in dire need of uniformity in a beer-drinking age. I have said it

before, and I say it again—the minimum limit *should* be 21. However, the most important objective is *uniformity*.

Our traffic problem is aggravated by the diversity of drinking regulations from one area to another. We have created a problem of “beer islands” inviting our youth to drive from desert regions to oasis spots, with their only means of returning home being by car. Many of these youngsters never get home alive.

Like the parents and friends of those who have been killed—like parents who are worried about their own children—I plead with you to approve a bill establishing a uniform minimum age for the purchase and consumption of beer.

#### Implied Consent

This problem of drinking is by no means limited to the young. It reaches to all ages. I urge this Legislature to adopt an implied consent law to deal with the problem.

Fifteen states have such a law. We need it badly in the Badger State, where last year the notation “had been drinking” was entered on 270 of our State’s 869 fatality-producing accidents on our streets and highways.

It ranked *third* as the cause of all accidents last year.

There’s been a lot of loose talk about implied consent laws depriving people of personal rights. Such assertions are unfounded.

The granting of a driver’s license is a privilege extended only to applicants who meet certain standards. One of the conditions of this privilege certainly should be willingness to take a scientific test for intoxication if arrested by an officer of the law on suspicion of drunk driving. It is a means of applying a scientific test to determine the alcoholic content of the blood—a standard which the Legislature has already set. The motorist who is sober has nothing to fear, but there is no excuse for drunk drivers on our highways. The situation demands legislative action.

#### Safety Inspection

Finally, may I urgently request that you members of this Legislature approve periodic automobile safety inspections.

It’s commendable, in my judgment, that Wisconsin last year conducted a voluntary safety-lane inspection program in which more than 207,000 vehicles were checked. 29,000

of those cars were found defective in some manner—and this was discovered in a *voluntary* program. The federal government is considering safety standards and we have the opportunity to again demonstrate our willingness to face up to our responsibility within our own State boundaries.

The fate of the measures I have proposed in this message now lies in your hands. If you give them your approval, I will sign those measures into law. The people you represent want better traffic safety. I believe the great majority will favor the measures I ask for today.

Good as you were to the cause of traffic safety in your deliberations last year, it's not enough if we are to win major victories in the fight against death on our highways.

As an added step in the battle against those who violate traffic laws, I am preparing to call a conference of judges which will deal with the problem of uniform enforcement of Wisconsin's traffic laws.

#### WATER QUALITY MANAGEMENT

Few subjects have aroused so much public concern as the major task of protecting our State's water resources.

As the initial step toward providing new impetus for a comprehensive water quality management program in Wisconsin, I convened the first statewide water conference and created a Water Resource Committee to investigate our water problems and recommend a plan of action.

Faced with a challenging assignment, the committee has developed an imaginative program which is embodied in one legislative proposal. It is the most far-reaching anti-pollution program in Wisconsin's history.

Because of its importance to our welfare and the general economy of our State, I will address you again concerning this challenging problem later this week.

#### OUTDOOR RECREATION ACT PROGRAM

The Outdoor Recreation Act Program has been Wisconsin's bi-partisan contribution to the recreation and resource legislation of this era. It has been copied nationally at the state and federal level. In Wisconsin, it gave us land acquisition at a critical moment to help preserve properties that are part of the heritage of every citizen.

It gave us about 500 miles of stream frontage and 120,000 acres of land. It created whole new parks—nine of them—and rebuilt old ones. Camp grounds, picnic areas, swimming beaches, lakes, fish hatcheries, nature interpretive centers, boat docks, marinas, tourist information centers and a long list of other assets were developed because of it.

ORAP has done the preliminary job it was designed to accomplish. It has gone as far as it can in its present form and now needs updating to fit new needs.

Those first amounts have been spent on development, much remains unbuilt. Although acquisitions occurred at an unprecedented pace, unique and vital properties continue to move out of reach. And most critical of all is the problem created by ORAP itself—the need to perpetually operate, protect and maintain our multitude of new properties. The end of the biennium will exhaust park operation funds. There is no doubt that now is the time for transition.

Methods are manifold. The challenge is to make the change and keep the program going. We want the best ideas we can get. You have Senate Bill 260, with amendments before you for consideration. If this does not receive your favorable consideration at this session, I will, in the near future, name a special Governor's committee to consider every facet of present and future ORAP needs, and to draft for your next session a bill that will meet these needs.

### Wolf River

I would like to speak for a moment about Wisconsin's marvelous wild rivers. A recitation of the names alone is a white water chapter of Badger legend and reality—the Brule, the Wolf, the Flambeau, the Namekagon, the St. Croix, the Pine, the Pike, the Popple.

Long before the term "Wild River" was ever read in a federal memorandum, the *Wisconsin* legislature, the *Wisconsin* Conservation Department and *Wisconsin* courts had been busy preserving *Wisconsin* streams.

The wild river concept for the Pine, the Pike and the Popple is part of Wisconsin law, *thanks to you, not to Washington.*

The Wolf River is forever safe from dams thanks to *you, not to Washington.*

The Wisconsin Conservation Department fought the court battles that crystallized public opinion so that the Name-

kagon, the Wolf and the Popple could remain wild. *Our* department set up state forests to preserve the Brule and Flambeau and paid cash to save the Popple when the chips were down.

Wisconsin Conservation commissioners purchased 500 miles of stream banks under the Outdoor Recreation Program which was enacted *right here*, not in Washington.

Today the big noise from Washington involves the Wolf River, but Wisconsin waits in vain to hear the Treasury door open or even a few coins jingle. So far, we act *alone*.

I have been in touch with the Conservation commissioners and together we have worked out a plan. It will move *now*, not at some vague future date. Negotiations are already under way with large industrial firms which own those wild stretches of the Upper Wolf that cascade through Langlade County.

Next month I will inspect it on a float trip with commissioners, and shortly thereafter we hope to consummate its purchase.

Preservation of the Menomonee-Wolf, unfortunately, has intricate social and economic overtones involving the welfare of the Menomonee people.

The once proud promises of Federal termination have now turned to tragedy. There are no assurances that policies about preservation of the Wolf will be any different. So again, *we act alone*.

Our Menomonee Indian Study Committee has come up with a plan which aims at both preserving the River and helping the people. This bill has been introduced as their recommendations and is certainly deserving of your careful consideration and prompt action. National sports magazines have challenged us to save the Wolf. This legislation would meet that challenge.

Their bill would lease 200-foot wide strips along each bank for up to a three-year period. The cost, payable to Menomonee Enterprises, Inc., would be \$150,000 annually with a portion of the funds for installation of needed waste treatment facilities to preserve the Wolf River from contamination and pollution.

The *hope* is that sometime during the three years, the federal government will formally designate the Wolf as a wild river and finally start its own program. However, *there are no assurances that this will happen*. Good com-

mon sense and sound judgment indicates we should continue on our own to insure that we recognize the importance of this great natural resource.

So, I make these suggestions—that you consider a *permanent* program for preservation of the Menomonee-Wolf. Apply our money to a perpetual easement or require that the lease continue, not for a mere three years, but until the federal government actually makes a move to do the job which the Department of Interior and members of Congress have promised.

The 200-foot strip on each side is another item for careful analysis. Is it wide enough to accommodate anticipated public need? Will it adequately preserve the resources you want protected?

And, finally there is the business of full public access and use. *No agreement should limit this.* To do so would establish complicated precedence and build barriers to further understanding and agreement.

#### CLOSING REMARKS

I have confined my remarks to what I think are the major proposals before you in this session. Other important issues and recommendations are discussed in the printed version of this message, which I hope you will read and consider.

I recognize that many of you are anxious to complete your legislative activity by the end of this month. I realize, too, that there are hundreds of bills competing for your attention on the most vital issues.

Consideration of some proposals, such as the state meat inspection proposal and the Industrial Commission's intensified work-safety program, deserve consideration but must be delayed until later this month when dependable revenue estimates are available. That data will be available after May 16. Speculation as the dimensions of any surplus before then will serve no useful purpose and, certainly, there is no justification at this time for a spending spree.

The programs and proposals I have presented to you today are not political issues. They are public issues.

They are not partisan proposals. They are progressive programs.

## JOURNAL OF THE SENATE [May 3, 1966]

I stand ready during the coming weeks to work with you in trying to resolve differences of opinion and to assist in any way I can to promote responsible programs.

Everyone wants a short session, a businesslike session and a productive session. I wish you Godspeed in your deliberations.

Thank you.

MOTIONS

**Senate Bill 620**

Senator Leonard moved that the chief clerk procure 1,000 extra copies of the bill pursuant to Joint Rule 32.

The ayes and noes were required and the vote was: ayes, 32; noes, 0; absent or not voting, 1; as follows:

Ayes—Senators Benson, Bice, Busby, Christopherson, Dempsey, Dorman, Draheim, Hansen, Hollander, Kendzior-ski, Keppler, Knowles, Krueger, LaFave, Leonard, Leverich, Lorge, Lourigan, McParland, Meunier, Panzer, Rasmusen, Risser, Roseleip, Schreiber, Schuele, Smith, Sussman, Thompson, Warren and Zaborski—31.

Noes—None.

Absent or not voting—Senator Carr—1.

So the motion prevailed.

The State of Wisconsin \* \* \* Citation by the Legislature  
Know you by these presents:

Whereas, the director of the Appleton Vocational and Adult School, Carl Bertram, will retire July 1, 1966, after a lifetime of 41 years as an educator, including 25 years as director of the Appleton vocational school; and

Whereas, under Mr. Bertram's directorship the Appleton vocational school not only expanded into a new shop building and addition and a 3-story addition to the school itself, but also made a gradual transition from a vocational school for compulsory attendance age students to a school of diversified adult and post-high school programs; now, therefore,

The Members of the Wisconsin Legislature, on the motion of Senator Gerald D. Lorge, co-sponsored by Assemblyman Harold V. Froehlich, under Joint Rule 26, congratulate Director Carl Bertram on his many accomplishments as a teacher, and extend to him their best wishes for the years of his retirement.

The Legislative Reference Bureau to prepare said certificate.

Was read.

The motion was adopted.

The senate's action was ordered immediately messaged to the assembly.

Upon motion of Senators Leonard and Benson under Joint Rule 26 the Legislative Reference Bureau was directed to prepare a certificate of condolence to the family of Harold Muryphy, publisher, civic leader, champion of municipal self determination, and Christian gentleman who died at the age of 59.

"Murph," as he was affectionately called by his many friends, dedicated his life to freedom of the press, the common good of society, and the perpetuation of the private enterprise system of business.

He started his newspaper career in Madison as an ad man for the Capitol Times during the late 1920's.

From here, he joined the Milwaukee Sentinel in a similar capacity.

His strong belief in local and family news led him to Milwaukee's north shore area. In 1936 he bought an interest in the North Shore Publishing Company. Under his leadership and enterprise, along with his partner Harvey Kitz, the North Shore Publishing Company grew from publishing one weekly newspaper to five newspapers serving seven communities. These included the municipalities of Bayside, Shorewood, White Fish Bay, Fox Point, Glendale, River Hills, and Brown Deer.

Always a seeker of better ways to communicate with the public, "Murph" extended his efforts to radio broadcasting.

In his career, he owned radio stations at Ladysmith, Park Falls, Chippewa Falls; prior to his premature death, he owned Station WIGM at Medford, another station a Port Washington, was president of Great Lakes Broadcasting, was a vice president of Green Bay Broadcasting which operated Station WDUZ, and most recently was a vice president of Lake Shore Cable Television.

As a person with an abundance of energy, he devoted countless hours to the civic needs of his community. He was a violent opponent of secrecy in government, chastising municipal officials in his papers for closed door proceedings.

He was a member of the Wisconsin Press Association Legislative Committee for twenty years and served the com-

mittee as chairman for six years. In that capacity he was a frequent caller at this Capitol and appeared before committees numerous times.

He will be missed by all of us.

Was read.

The motion was adopted.

The senate's action was ordered immediately messaged to the assembly.

Upon motion of Senator Rasmusen, pursuant to Joint Rule 26, the Legislative Reference Bureau was directed to prepare a suitable certificate of Commendation to Mrs. Dorothy Branham of Rice Lake, Wisconsin on the occasion of being named the Wisconsin Mother of the year.

SPECIAL COMMITTEE REPORTS  
REPORT OF JOINT SURVEY COMMITTEE ON RE-  
TIREMENT SYSTEMS ON SENATE BILL 172, AND  
SUBSTITUTE AMENDMENT 1, S.

Recommendation

It must be recognized that the bill as presently drawn (as well as Substitute Amendment 1, S.) would have a significant effect on the total level of compensation (including salary *and* fringe benefits) of most state employes, in addition to achieving a potentially significant deferment of taxes. It is beyond the scope of authority of this committee to deal with the question of the total level of compensation of state employes, but it should be pointed out that the tax advantages can be obtained regardless of the total level of compensation. It would appear, therefore, that the solution to the total compensation aspects of the problem lies in adjusting present and/or future salary increases against the potential advantages which could accrue to employes under this proposal.

It is the opinion of this committee that passage of this bill would be in the public interest. If the bill should be passed however, it is the recommendation of this committee that Substitute Amendment 1, S., be adopted.

Respectfully submitted,

JOINT SURVEY COMMITTEE  
ON RETIREMENT SYSTEMS

Senator Reuben LaFave, Chairman.

Assemblyman Vincent R. Mathews,

Vice-Chairman.

Senate Bill 172

Was referred to the joint committee on Finance.

---

The president appointed Senators Knowles and Zaborski as senate members to wait upon the Governor.

Upon motion of Senator Knowles, with unanimous consent, the senate recessed subject to the call of the chair.

During this recess and the hour of 11:00 o'clock A.M. approaching the senate proceeded in a body to the assembly chamber to meet in joint convention with the assembly to receive a message by the Governor, the Governor having expressed a desire to address the two houses at that time.

IN ASSEMBLY CHAMBER  
IN JOINT CONVENTION

The lieutenant governor in the chair.

The committee appointed to wait upon the Governor appeared with His Excellency, the Governor, who delivered his message as follows:

GOVERNOR'S MESSAGE ON WATER RESOURCES

Ladies and Gentlemen of the Legislature:

I appreciate this opportunity to address you once again. The message is a very serious one. It relates to the preservation of our most precious natural resource—water.

But we Americans have developed a sense of humor that allows us to laugh in the face of tragedy. A few months ago, I had the occasion to hear a record made by a young Harvard mathematics professor named Tom Lehrer. Employing his sharp wit, he makes some telling points about the problems of pollution which are confronting Americans from coast to coast.

This particular record was performed in San Francisco and I'm sure you will recognize the local references.

This is Tom Lehrer, singing "Pollution."

(play tape)

I think you will agree that was a humorous, but painfully accurate commentary on the problems of pollution.

It would be even funnier if the situation were not so tragic.

Without water, life does not exist. More than three-fourths of the earth's surface is water. Seventy per cent of man is water. And a loss of just 15% of body fluid means death.

Wisconsin has been blessed by nature with more than 8,700 lakes and 20,000 miles of rivers and streams. Its eye-filling scenery includes Great Lakes seascapes, time-carved towers of stone, beautiful moraine country, virgin forests, lush meadows and hidden valleys.

There are hills and plains, seashores and beaches, river rapids, water falls and springs.

Canoes can be paddled along 3,361 miles of water trails. 174 species of bait-biting fish can be tackled in 10,000 miles of fishing streams.

As one Wisconsin newspaperman put it: "Wisconsin is the kind of state a man would create—if he had a chance."

Our problem is not the creation of Wisconsin's magnificent natural resources, but their *preservation*.

The situation that brings me before you today is the immense task which we face in protecting our valuable water resources.

This is one of the most important challenges facing the State of Wisconsin today.

A productive economy and healthy society are vitally dependent upon the availability of abundant and suitable water supplies.

In addition to personal use and consumption, our industry and agriculture rely on great quantities of water.

Wisconsin farm livestock consumes about 32 billion gallons annually.

It has been estimated that an acre of alfalfa, to produce two good cuttings, will need nearly one million gallons; a pound of beef, 3,700 gallons; and it takes 37 gallons of water to produce a slice of bread.

Our problem is not the amount of water—or rain or snow that falls from the heavens above. It's what happens down here on earth to Wisconsin's waters.

The key word, of course, is pollution.

Modern day pollution has many forms:

1. sewage or domestic wastes;
2. industrial wastes;
3. silt or eroded soil; and
4. nutrients.

Water pollution in any of its forms is a serious problem.

Pollution can threaten your health by contamination; uncontrolled, it can cause death.

Pollution can stunt economic growth by discouraging tourists and industries and community residents who are offended by its presence.

Pollution can ruin recreation activities. Who wants to water ski, swim or dive into polluted water? Who wants to

fish where there are no fish? And who wants to catch fish that one cannot eat?

Most of you have seen, as I have, the powerful indictment of our stewardship which has been so dramatically portrayed in the past three Sunday editions of the Milwaukee Journal.

Color photographs of sludge, slime and sewerage invading our Wisconsin waters has caused a reaction of startled concern among our citizens. The Green Bay Press-Gazette, the Wisconsin State Journal, the Milwaukee Journal, the Milwaukee Sentinel, and other newspapers also have made a special effort to draw public attention to the problem.

We can all agree—*it is bad.*

But the brighter side of the picture is that *it is not too late.*

Municipalities, industries and public officials have recognized the seriousness of water pollution. A great deal has been done—a great deal *is being done*—but still more *can be done* to combat this menace.

In comparison to most other states, Wisconsin holds a favorable position in regard to both the quality and quantity of our waters. Many of our sister states realized too late the extreme costliness of trying to clean up their streams and lakes. New York, with water almost everywhere, had to resort to a billion dollar program.

We, in Wisconsin, have made a good start. Our laws already provide strong authority for controlling and abating pollution. Just last year you enacted an accelerated water research program. And, because of your action last year, we are armed with a new law not only to correct pollution, but to *prevent* it.

Our state water control agencies, although hampered by diffused authority and inadequate resources, have worked untiringly in an effort to keep up with the growing problem.

Despite determined efforts, there has been no appreciable statewide decrease in the level of pollution. Significant pollution abatement gains have been, for the most part, counter-balanced by pollution increases due to the rapid growth of our population and economy.

Our problem can be observed with a simple example. Suppose 10 or 15 years ago the committee on water pollution issued orders to bring pollution in a certain stream within tolerable limits. Is this pollution control, accomplished years ago for those conditions, effective now?

Certainly not if the population along the stream has doubled.

Today we are confronted with the sheer magnitude of the problems caused by rising population and industrial expansion.

Pollution did not happen overnight.

To view the pollution picture in its proper prospective, you should bear in mind that in 1925—about 40 years ago—Wisconsin had no pollution control. It was standard operating procedure every municipality and every industry to dump untreated waste into our beautiful Wisconsin streams, lakes and rivers. It was the easiest way, it was the least expensive way to get rid of our wastes.

The general public and officials were unaware of what would happen without a pollution control program.

As late as 1949, 63 municipalities were disposing untreated effluent into Wisconsin streams. Today only four do not have treatment facilities.

In that same period, the 15 sulphite pulp mills that were discharging untreated waste have been reduced to 3, and the 500 dairy plants that were discharging untreated waste have been reduced to 64.

Today we have 480 municipalities with sewage treatment systems serving 99.9% of the "sewered population", removing 76% of the pollution load from sewage.

*No other state can match that record.*

*But we are not satisfied with this 76% removal since this average is made up from municipalities which remove only 35% while others remove as much as 90% of the pollution load.*

During the 1930's many municipalities were assisted by the Federal government in the construction of sewage treatment plants. However, these were designed for a 20 to 25 year growth in population. These plants are now overloaded. As of the first of this year there were 63 existing municipality sewage treatment plants requiring additions or replacements.

Industry has made great strides in the past 15 years. Today all Wisconsin canneries have installed adequate waste disposal systems.

Sulphite paper pulp plants—which faced one of the most expensive pollution problems of all—now remove and utilize

40% of the pollution-causing spent sulphite liquor produced. *That percentage is double the national average.*

Between 1961-1963, Wisconsin's pulp and paper industry spent \$1,800,000 on pollution research and \$6.9 million for new equipment and plants to reduce pollution. Wisconsin water research experts tell me that spectacular improvements can be expected in 1967.

The Wisconsin legislative record of 1965—your record—has been most fruitful in the fight against water pollution. You passed eight separate bills last year relating to the State's water resources, including an appropriation of \$681,000 to carry on an accelerated water research and data collection program.

But the time has now come for Wisconsin to make a bold new move toward the protection of our water resources.

The public looks to us now for the necessary leadership to initiate a program of sufficient scope to preserve the waters of our state for our immediate and future needs.

As a start in that direction, I created a study committee last fall composed of outstanding water resource experts and legislators. That committee has completed an extensive investigation to evaluate our water programs, define problem areas and determine the proper direction for Wisconsin to pursue.

In preparation for its inquiry, the Committee sponsored the first state-wide Conference on Water Resources right here in the Capitol. Over 600 people participated.

Following months of further public hearings and deliberations, the Governor's Committee on Water Resources has formulated a comprehensive program which is now ready for your consideration. Its recommendations have been embodied into one legislative proposal, **Senate Bill 620**, which is the most far-reaching, significant anti-pollution program ever proposed in Wisconsin's history.

I am sure you join with me in commending the Committee for their outstanding work on a challenging and most difficult problem. Their *unanimous* vote for the recommendation of this program is significant. It demonstrates that the diverse interests share a common belief that the proposed program is a proper means to assure that we will save our valuable water resources from irreparable harm.

The detailed provisions of the bill will be discussed in committee deliberations and debate on the floor of the Legislature. However, let me briefly review them at this time :

### Financial Assistance

The State financial assistance program provides for interest free loans to municipalities for sewerage facility construction. As much as \$25 million per year will be available to communities for constructing, modernizing and expanding treatment facilities. These proposed bonds will be funded on a self-amortizing basis through a pay-as-you-go system. Most municipalities will establish charges on metered sewers and the establishment of a pricing system based on the amount of pollution released.

Many of the existing treatment facilities are overloaded or inadequate to meet the needs of our expanding population.

Many communities are unable to construct adequate sewerage systems and treatment facilities without financial assistance. The federal government has enacted a program of direct aids designed to assist communities with the construction of these facilities. But the allocations to Wisconsin have been so inadequate—only \$2.5 million last year—that it has actually served as a deterrent rather than an incentive. Of 43 communities which qualified last year, only 13 received funds. The great bulk of communities who were unable to secure any of these funds have understandably postponed their projects in the hope that they will eventually work up the priority ladder in years to come.

At a time when we need \$25 million per year to do the job, the Federal Government has provided one-tenth of that amount. And Wisconsin's needs are nowhere near as great as other States. We States, simply cannot look to the Federal Government to adequately do this job!

The *State* program will provide the necessary \$200 million *now* while our lakes and rivers can still be saved!

### Single Water Quality Agency

The bill consolidates state water quality programs into a single state agency. This question of proper organizational structure for water quality management has been studied independently by two different groups during the past few months. Both the Governor's Committee on Water Resources, and the Water Resources Subcommittee of the Temporary Reorganization Commission, have concurred that the "consolidation of services" is necessary.

### Expanded Operating Budget

We simply are not providing enough operating resources to adequately eliminate existing pollution and prevent new pollution from starting. This bill calls for a substantial increase in personnel and resources. We now are surveying our streams once every 7 years. This should be cut in half. We have no program for lake surveys. We must start one. We need professional sanitarians, laboratory staff and engineers. The committee has recommended that these increases be provided as soon as personnel can be recruited.

### Water Quality Standards

To further implement regional water quality management, the commission is empowered to establish standards of quality for all waters of the state. Water quality standards offer a means to guide the protection of the quality of our waters. However, it should be noted that such standards relate only to water quality and would not affect the rights or priorities to the use of water. In view of the recent passage of the Federal Water Quality Act which compels the states to set water quality standards for interstate waters or forfeit that right to the federal government, it is essential that Wisconsin's water pollution control agency have the authority to act now.

### Regional Water Quality Advisory Boards

The bill provides for utilizing our public citizen talent by creating regional water quality advisory boards to guide the development of our water quality management programs. You, the citizens of the state, have daily contact with the pollution problems in your region. The advisory board in each region would provide a forum for the discussion of regional water quality standards and would maintain continued public awareness and concern in our water quality problems.

### Incentive plans for Industries

A special effort to construct abatement facilities would be required by industry for the overall success of this program. The proposal recognizes that this effort is a costly proposition and, therefore, permits amortization of one year instead of the five year program we now have. Also, recognizing that this equipment will result in a substantial benefit to the whole community, the facilities will be permanently excluded from property taxes.

### Local Action

This bill encourages local action to meet the pollution problem. It provides for the formation of joint sewerage systems to encourage maximized efficiency and effectiveness. It strengthens the responsibilities of town sanitary districts to further their ability to deal with local water conditions.

### Great Lakes Conferences

As many of you know, I was requested by Senator Gaylord Nelson to call a federal-interstate conference on the pollution of the western shore of Lake Michigan and a separate conference on pollution of the western end of Lake Superior.

Let me make it clear that the request was not to deal with problems of our inland lakes. As Senator Nelson pointed out, we are still faced with the raising of funds necessary to build facilities to treat municipal and industrial waste, of separating out those dangerous chemicals which defy treatment and of enforcing orders once they are issued. Senator Nelson said: "Admittedly, we need much more generous federal aid programs to enable municipalities and industries to meet what they know to be their responsibilities."

At the National Governors' Conference on Water Pollution held at Lexington, Kentucky, in February, I proposed a resolution which was unanimously adopted urging the federal government to utilize additional support for water pollution by increasing the aids to 50%.

Further, we have called three conferences, two on the Lake Michigan water scheduled for June 28 at Milwaukee and June 30 at Green Bay, and one on Lake Superior scheduled for June 21.

I have directed the chairman of the Natural Resources Committee of State Agencies which is holding these meetings to request representatives of concerned federal agencies be invited to participate and present their data, facts, views and recommendations on Wisconsin's pollution problems.

These state conferences will provide information necessary to evaluate in which areas federal-state conferences may have to be initiated.

We welcome federal aid and assistance in the areas where it is beyond our capabilities to resolve the problems of pollution. We cannot, however, rely totally on the federal gov-

ernment to resolve those problems which specifically are of local and state character. These are our responsibilities.

#### Other Bills

In addition, the Water Resources Committee has recommended for passage several bills which are already before you. I have attached those recommendations in the addendum for your study and reference.

The program which I have briefly outlined offers a significant means to expand our efforts in pollution control to all of our state. With concerted effort and immediate action, I am confident we will achieve the goal of protecting our precious water resources.

We must clean up and prevent future pollution of our rivers and streams. We must take the necessary steps to eliminate the algae, weeds and slime from our lakes.

This is the single, most important matter before this Legislature. It is imperative that positive action be taken before the end of this legislative session.

State action is needed now to eliminate pollution from our waters before the problem reaches unmanageable proportions.

Rising costs of construction and vast future needs caused by increasing population and obsolescence of existing facilities mean that action now is essential before the costs soar beyond our reach.

The sooner we act, the sooner we will reap the benefits of our action—better health, better recreation, more jobs, higher property values—a finer Wisconsin in which to live and work.

Thank you.

WARREN P. KNOWLES,  
Governor.

Madison, Wisconsin,  
May 5, 1966.

#### OTHER RECOMMENDED LEGISLATION

The following bills were reviewed by the Governor's Committee on Water Resources and recommended for enactment by the Legislature:

**Assembly Bill 753**—Would enable counties to zone all navigable water shorelines and exercise subdivision control over shorelines. Would provide a division of water resources

## JOURNAL OF THE SENATE [May 5, 1966]

within the Department of Resource Development to guide the regulation of shorelines, however, the committee recommends that these responsibilities be given to the Water Quality Commission if **Senate Bill 620** is enacted.

**Assembly Bill 328**—Would enable the State to establish flood plain zoning ordinances where such local ordinances have not been established. The committee recommends that the provision granting state powers be amended to become effective on January 1, 1969.

**Assembly Bill 322**—Would enable the State to hold hearings and make findings on potential as well as alleged water pollution.

**Assembly Bill 741**—Would empower the State to compel the construction of facilities with a town where the absence of such facilities creates a nuisance or menace to health.

**Assembly Bill 326**—Would provide that no person may remove material from the bed of any lake or stream without first obtaining a permit from the Public Service Commission.

**Senate Bill 437**—Would provide that no marshlands adjacent to a navigable watercourse shall be filled in unless a permit has been obtained from the Public Service Commission.

Upon motion of Senator Panzer, the joint convention dissolved.

### PETITIONS AND COMMUNICATIONS

State of Wisconsin  
Department of Administration  
Bureau of Management  
State Office Building  
Madison, Wisconsin 53702

May 4, 1966.

Mr. William P. Nugent  
Senate Chief Clerk  
State Capitol  
Madison, Wisconsin 53702

Dear Mr. Nugent: The State Claims Commission is submitting a report to you in accordance with the provisions

JOURNAL OF THE SENATE [May 6, 1966]

of Section 15.94 of the statutes covering claims heard by it in August and September 1965 and March and April 1966.

The amounts recommended for payment under \$500 on claims included in these reports have, therefore, under the provisions of the statutes been paid directly by the Commission. The Commission will prepare the bills covering the claims over \$500 recommended for payment and will submit them to the Joint Finance Committee for legislative introduction. These reports are for the information of the legislature.

The Claims Commission will appreciate your acceptance of the reports and the spreading of them upon the Journal in the May 1966 session of the legislature to inform the members of the Senate as to the nature of the type of claims which comes before the Commission for its consideration.

Sincerely,

WAYNE F. McGOWN,  
Secretary,  
State Claims Commission.

BEFORE THE  
CLAIMS COMMISSION OF WISCONSIN

Hearing was held at Madison, Wisconsin on September 29, 1965 upon the following claim:

<i>Name of Claimant</i>	<i>Amount of Claim</i>
Highway Pavers, Inc. -----	\$16,379.43

The Commission Finds:

Highway Pavers, Inc. claims \$16,379.43 as the result of additional costs incurred in the erecting a cofferdam (pier 9) incident to the construction of a highway overhead bridge spanning the main line tracks of the Chicago, Milwaukee, St. Paul and Pacific Railroad in the vicinity of South 13th Street and Bolivar Avenue, in the City of Milwaukee. The contract between Highway Pavers, Inc. and the State of Wisconsin for construction of such bridge provided, among other things:

"Excavations in the proximity of the tracks shall be sheeted in a manner satisfactory to the chief engineer of the railroad company \* \* \*"

## JOURNAL OF THE SENATE [May 6, 1966]

The chief engineer of the railroad company rejected the plans submitted by Highway Pavers, Inc. for construction and sheeting of the cofferdam and insisted upon an ultra conservative plan which resulted in additional costs to the claimant amounting to \$14,402.54.

The time between the State's advertising for bids on August 22, 1963 and the letting of bids September 17, 1963 was not sufficient to enable the claimant to obtain approval of the railroad of plans for sheeting of the cofferdam prior to submitting its bid.

The Commission concludes that the State, by the terms of the contract placed the claimant in the position of being forced to accede to demands of the railroad, not a party to the contract, causing the claimant to incur additional cost not originally contemplated by either party to the contract, and that on equitable principles the State should pay to Highway Pavers, Inc. the sum of \$7,200.00 as its fair share of such additional costs.

### The Commission Concludes :

That the payment of \$7,200.00 to Highway Pavers, Inc. is justified under provisions of Sec. 15.94, Stats.

Dated at Madison, Wisconsin, this 27th day of April, 1966.

### BEFORE THE CLAIMS COMMISSION OF WISCONSIN

Hearings were held at Madison, Wisconsin, on March 16, 1966, upon the following claims :

<i>Name of Claimant</i>	<i>Amount of Claim</i>
1. Warner G. Rumlow -----	\$ 884.63
2. Pearl Wilber -----	1,509.15
3. Daniel Popuch -----	192.86

## JOURNAL OF THE SENATE [May 6, 1966]

and on September 28, 1965, on the following claims:

4. Hardware Dealers Mutual Fire Insurance Co. ----- 27,823.03
5. Frank Keegan ----- 12,058.64

and on April 14, 1966, on the following claim:

6. Robert M. Denny ----- 194.03

The Commission Finds:

1. *Warner G. Rumlow*

Warner G. Rumlow claims \$884.63 as a result of his being discharged from his position as an attendant at the Winnebago State Hospital.

The claimant and four other attendants became engaged in a scuffle with a hospital patient who had become violent, and the patient died from injuries received during the struggle. A coroner's jury investigating the death concluded that all five attendants had violated section 940.29, Stats., making it a crime to abuse inmates of institutions, and on November 12, 1963, all five were suspended from their jobs pending the outcome of the trial. The trial jury found the claimant guilty and the other four innocent of the charges on December 6, 1963. On the same day the claimant was discharged from his employment at the hospital. He moved for a new trial, which was granted, and was acquitted in 1965.

The claimant and three of the other defendants did not appeal from their suspensions, and the claimant did not appeal from his discharge. All four of the other defendants were reinstated in their employment, upon their acquittal, and received pay for the period of suspension. The claimant did receive pay for the amount of the unused vacation credits which he had earned at the time of his suspension. His claim is based upon loss of earnings in the latter part of 1963 and in 1964 up to the time when he obtained employment at a higher salary than he had been receiving at the Hospital.

The Commission concludes that the State is neither legally nor morally obligated to pay any part of the claim for loss of earnings subsequent to the last day for which the claimant was paid—December 13, 1963. This is because he took no appeal from his discharge. Having taken no steps to protect his job subsequent to his discharge, he cannot now be heard to complain. The period of his suspension, however, presents a different question.

Only one of the other four defendants in the initial criminal trial appealed from his suspension, yet all four of those defendants were reinstated with no loss of pay. The Commission concludes that on equitable principles the State in good conscience should pay that portion of the claim based upon loss of earnings during the period of suspension, which we have computed at \$268.00

2. *Pearl Wilber*

Pearl Wilber claims \$1,509.15 because of personal injuries sustained on May 21, 1964, when she was thrown to the floor by a disturbed patient while the claimant was on a conducted tour of Southern Colony. The Commission finds that the injuries were attributable at least in part to negligence of State employees, but that damages of only \$368.00 have been established.

3. *Daniel Popuch*

Daniel Popuch claims \$192.86 because of damages to his automobile on May 22, 1965. The claimant alleges that his vehicle was legally parked adjacent to property previously acquired by the State for expressway purposes and that a tree on State property was blown over, damaging his vehicle. The record establishes that the tree involved had considerable rot, and that it was blown over during high winds. The Commission finds that the damages were attributable in part to negligence of State employees, but that damages of only \$50 have been proved.

4. *Hardware Dealers Mutual Fire Insurance Co.*

5. *Frank Keegan*

Hardware Dealers Mutual Fire Insurance Co. and Frank Keegan claim \$27,823.03 and \$12,058.64, respectively, as compensation for damages resulting from a fire on the Keegan premises set by a Mendota State Hospital patient on March 4, 1963.

These claims first were made in 1963, and the Commission concluded that the claims should be denied. At that time the Commission concluded that the State, in the absence of negligence by its employees in allowing a mental patient to have considerable freedom, was not morally obligated to reimburse individuals damaged by acts of the patient. The claims were filed again, and the present Commission also finds that there was no causal negligence on the part of State agents or employees.

Upon the resubmission of these claims, the claimants have urged with considerable persuasiveness that the State should assume liability for damages to innocent persons, caused by mental patients who are in the custody of the State. It may be conceded in view of *Guardianship of Meyer* (1935), 218 Wis. 381, that insanity is no defense to a tort action unless intent is an essential element of the tort. It may even be conceded further that an individual who voluntarily assumes charge of a mental patient known to be dangerous to others has a duty to restrain the patient from damaging others. However, the foundation of this principle appears to lie partially in the public policy of inducing the patient's relatives or others interested in his estate to restrain him.

In the instant matter it is difficult to see how the State could profit by restraining the patient. The object of hospitalizing a mental patient is not just to protect society from the patient. It is also to rehabilitate the patient and to restore him to a useful position in society. To achieve this purpose it is necessary to allow the patient as much freedom and responsibility as, in the opinion of competent medical experts, is consistent with the interests of the patient and the public.

Since we are not persuaded that the State employees involved here were negligent by permitting the patient to have excessive freedom, we cannot conclude that on equitable principles or in good conscience the State should become the guarantor with respect to the damages caused by this patient.

6. *Robert M. Denny*

Robert M. Denny claims \$194.03 for travel expenses incurred as a member of the Great Lakes Compact Commission during the fiscal year ending June 30, 1963. He filed a claim for reimbursement of such expenses in September 1963, but the claim could not be paid since at that time there was no money available from the appropriation which could be expended for reimbursement of travel expenses during the prior fiscal year. The same situation has existed at the end of subsequent fiscal years. The Commission concludes that in equity and good conscience the State should pay this claim.

# JOURNAL OF THE SENATE [May 6, 1966]

## *The Commission Concludes:*

1. That the claims of the following claimants should be denied:

Hardware Dealers Mutual Fire Insurance Co.  
Frank Keegan

2. That payment of the following amounts to the following claimants, respectively, is justified under the provisions of section 15.94, Statutes:

Warner G. Rumlow -----	\$268.00
Pearl Wilber -----	368.00
Daniel Popuch -----	50.00

## BEFORE THE CLAIMS COMMISSION OF WISCONSIN

Karl Keel, Administrator of the Estate of Florence Kell,  
Deceased.

A hearing was held at Madison, Wisconsin, on August 30, 1965, on the claim of Karl Kell, Administrator of the Estate of Florence Kell, deceased, for \$25,000.00 as a result of the suicide of the decedent. The decedent was committed to Winnebago State Hospital in early April, 1964. Late in the same month she escaped from the hospital and two days later committed suicide.

The claimant contends that the decedent's escape was due to negligence of the hospital staff and that the staff also was negligent in not more promptly notifying members of her family or others who might be able to locate her in time

JOURNAL OF THE SENATE [May 6, 1966]

to prevent the tragedy. The Commission cannot agree and finds that the death of the decedent was not caused by negligence of State agencies or employees and that the claim is not one which on equitable principles the State should pay.

Dated at Madison, Wisconsin, this 27th day of April, 1966.

5. Edward A. Lang -----	52.00
6. Magnus M. Selbo -----	32.40

The Commission Finds:

1. *Leland N. Chapman*

Leland N. Chapman claims \$150.00 for loss of a Holstein heifer alleged to have been killed in a fall into a washout on the Wisconsin State Highway 35 right of way. State employees were unabel to find a washout in the right of way in the area indicated by the claim and there is no evidence as to fencing of the farm of the claimant. The Commission concludes that there is insufficient evidence to determine liability of the State or any negligence on the part of state employees.

2. *Employers Mutuals of Wausau*

Employers Mutuals of Wausau claims \$50.00 for reimbursement of deductible portion of payments made to George Tietje and S. H. Wall for damages to automobiles owned by them caused by negligence of employees of the State. The Commission concludes that the claim is one which on equitabel principles the State should pay.

3. *Peter P. Farmer, Jr.*

Peter P. Farmer claims \$12.26 for damages to his automobile on October 23, 1965 as the result of leaving the keys locked inside of the automobile by a University parking lot attendant. The Commission concludes that the damage was caused by negligence of a State employee.

4. *Leonard Geiger*

Leonard Geiger claims \$48.41 for damages to his automobile on February 6, 1966, while it was parked in University parking lot 20. The Commission concludes that the damage was caused by negligence of State employees.

5. *Edward A. Lang*

Edward A. Lang claims \$52.00 for costs of a trencher used to locate drainage tile broken by road construction equipment. The Commission concludes that the claim is one which upon equitable principles the State should pay.

JOURNAL OF THE SENATE [May 17, 1966]

6. *Magnus M. Selbo*

Magnus M. Selbo claims \$32.40 because of damage to his automobile on February 1, 1966 while it was being driven by a University parking lot attendant. The Commission concludes that the damage was caused by negligence of State employees.

*The Commission Concludes:*

1. That the claim of Leland N. Chapman should be denied.

2. That payment of the following amounts to the following claimants, respectively, is justified under the provisions of sec. 15.94, Wis. Stats.:

Employers Mutuals of Wausau -----	\$50.00
Peter P. Farmer, Jr. -----	12.26
Leonard Geiger -----	48.41
Edward A. Lang -----	52.00
Magnus M. Selbo -----	32.40

**SPECIAL COMMITTEE REPORTS**

The State of Wisconsin  
Legislative Council  
State Capitol  
Madison

Mr. William Nugent  
Senate Chief Clerk  
State Capitol  
Madison, Wisconsin

Dear Mr. Nugent: The joint Survey committee on Tax Exemptions reports out the following bill:

Senate Bill 619 and reports on amendment 1, S., to Senate Bill 331.

Respectfully submitted,

**JOINT SURVEY COMMITTEE  
ON TAX EXEMPTIONS.**

Alex J. Meunier,  
Chairman.

Adrian J. Manders,  
Vice-Chairman.

REPORT OF JOINT SURVEY COMMITTEE ON TAX  
EXEMPTIONS ON SENATE BILL 619

Purpose of the Bill

This bill would exempt from both income and sales taxes all receipts of every kind by any nonprofit conservation organization, club or association which devotes its efforts to furthering conservation of natural resources, conservation education and recreation.

Legality of the Proposal

The bill presents no question of legality.

Fiscal Effect on the State and Its Subdivisions

It is extremely difficult to estimate accurately the loss in revenue since it is not known how many organizations would be affected by the bill nor the extent of their income and sales.

Public Policy Involved

The bill is not desirable as a matter of public policy. The language "club or association which devotes its efforts to furthering conservation" is too general since there is no requirement that this be exclusively its activity. It would qualify if just some part of its activities were of that flavor even though other substantial activities were those normally taxable. "Furthering conservation" again would cover almost anything of a promotional nature no matter how slight. Finally, "conservation of natural resources, conservation education and recreation" is so broad that a golf or country club, which obviously "furthers recreation", would qualify if it included some programs urging "conservation of natural resources and conservation education" or used its funds for such purposes. In view of the vagueness of the language, it would be extremely difficult to effectively administer.

Respectfully submitted,

JOINT SURVEY COMMITTEE  
ON TAX EXEMPTIONS

Alex J. Meunier,  
Chairman.  
Adrian J. Manders,  
Vice-Chairman.

**Senate Bill 619**

The bill was referred to the committee on Labor, Taxation, Insurance and Banking.

**REPORT OF JOINT SURVEY COMMITTEE ON TAX  
EXEMPTIONS ON AMENDMENT 1, S. TO  
SENATE BILL 331**

**Purpose of the Bill**

This bill with amendment 1, S. exempts from sales tax the gross receipts from the sale of tickets or admissions to any activity conducted by a bona fide veteran's organization or its auxiliary and also the gross receipts from the occasional sale of intoxicating liquors, fermented malt beverages, meals or lunches by such organizations.

**Legality of the Proposal**

No question of legality appears.

Bill initially proposed language which would exempt from sales tax all sales of commodities (which would include intoxicating liquors, fermented malt beverages, meals and lunches) by bona fide veteran's organizations or auxiliaries. Amendment 1, S. strikes out the word "commodities" and then inserts a new sentence at the end of the proposal which says that the exemption thus granted by the paragraph does not apply to the proceeds from other than occasional sales of intoxicating liquors, fermented malt beverages, meals or lunches. What it says by this sentence is that the exemption applies only to occasional sales of intoxicating liquors, fermented malt beverages, meals or lunches. But, mechanically the paragraph grants no exemption from the tax to proceeds from the sale of intoxicating liquors, fermented malt beverages, meals or lunches. This is an inept amendment in that respect, but it also adds confusion and difficulty to the administrative enforcement of the sales tax as it does not define what is an occasional sale and would lead to extreme difficulty in enforcement because of laxity or lack of adequate record keeping involved.

**Fiscal Effect on the State and Its Subdivisions**

No data are available on which computations can be made to determine the loss of revenue to the state.

**Public Policy Involved**

Section 77.54 (9) presently grants an exemption from the selective sales tax for gross receipts from sales of tick-

ets or admissions to public and private elementary and secondary school activities and religious or charitable activities, *where the entire net proceeds therefrom are expended for educational, religious or charitable purposes*. This bill would grant a similar exemption to veterans' organizations on their admissions or ticket sales for various events, *where the entire net proceeds therefrom are expended for civic, patriotic, charitable and community projects*. In addition, although the bill is an amendment to the section relating to sales of tickets or admissions, it proposes to exclude from tax, occasional sales of commodities by veterans' organizations which would include intoxicating liquor, fermented malt beverages, meals or lunches.

The amendment is no more desirable than the original bill as there is no logical reason for exempting a veterans' organization from the responsibility of collecting a sales tax on the sales of items where such sales are in competition with other taxpayers not exempt from the tax. In addition, the state appropriates substantial sums of money for the welfare of Wisconsin veterans—there should be no objection by Wisconsin veteran organizations to assume the responsibility of collecting some of the revenue necessary to care for needy veterans.

Respectfully submitted,

JOINT SURVEY COMMITTEE  
ON TAX EXEMPTIONS.

Alex J. Meunier,  
Chairman.  
Adrian J. Manders,  
Vice-Chairman.

**SPECIAL COMMITTEE REPORTS**

**REPORT OF THE JOINT SURVEY COMMITTEE ON  
TAX EXEMPTIONS ON SENATE BILL 620**

**Public Policy Involved**

The bill is desirable as a matter of public policy as it will promote enhancement of the value of property—so much so, that the exemption of private installations from property taxation and the write off of plant and facilities' costs in 12 months will not upset the local tax revenue base.

Respectfully submitted,

**JOINT SURVEY COMMITTEE  
ON TAX EXEMPTIONS.**

Alex J. Meunier,  
Chairman.  
Adrian J. Manders,  
Vice-Chairman.

**Senate Bill 620**

The bill was re-referred to the committee on Conservation, upon motion of Senator Knowles, with unanimous consent.

REPORT OF JOINT SURVEY COMMITTEE ON RE-  
TIREMENT SYSTEMS ON SENATE BILL 663.  
(1966 SESSION.)

Public Policy Involved

The underlying purpose of this bill is simply to point out that the intent of the legislature, as expressed in Chapter 489, laws of 1965, cannot be complied with in full, due to a conflict with Federal law and regulations, and thus to offer to the legislature an opportunity for reconsideration of its action on Chapter 489, laws of 1965. It is apparent, however, that even the limited application of Chapter 489 which is possible will result in some improvement and simplification in the matter of determining the Social Security coverage status of teaching employes.

Recommendation

It is the opinion of this committee that passage of this bill would be in the best public interest.

Respectfully submitted,

JOINT SURVEY COMMITTEE  
ON RETIREMENT SYSTEMS

Senator Reuben LaFave,

Chairman.

Assemblyman Vincent R. Mathews,

Vice-Chairman.

Senate Bill 663

Was referred to the calendar, upon motion of Senator Knowles, with unanimous consent.

REPORT OF JOINT SURVEY COMMITTEE ON RE-  
TIREMENT SYSTEMS ON SENATE BILL 678.  
(1966 SESSION)

Public Policy Involved

As indicated, this bill is primarily a technical clarification bill. In a few instances, minor substantive changes are proposed; such changes can be justified, if necessary, on the grounds that they will serve to carry out the intent of Chapters 242, 248, 250 and 251, laws of 1965, to guarantee a reasonable level of retirement income to all members of the

various retirement programs affected by such changes, in proportion to the creditable service of each such member.

It is the opinion of this committee that passage of this bill would be in the best public interest.

PETITIONS AND COMMUNICATIONS

State of Wisconsin  
Department of Administration  
Bureau of Management  
State Office Building  
Madison, Wisconsin 53702

May 16, 1966.

Mr. William P. Nugent  
Senate Chief Clerk  
State Capitol  
Madison, Wisconsin 53702

Dear Mr. Nugent: The State Claims Commission is submitting a report to you in accordance with the provisions of

Section 15.94 of the statutes covering a claim heard by it on February 25, 1964.

A bill has been prepared making an appropriation to the claimant for the amount recommended by the Claims Commission, and has been submitted to the Joint Finance Committee for legislative introduction.

The Claims Commission will appreciate your acceptance of this report and the spreading of it upon the Journal in the May 1966 session of the legislature to inform the members of the Senate as to the nature of the type of claims which comes before the Commission for its consideration.

Sincerely,

WAYNE F. MCGOWN,  
Secretary,  
State Claims Commission.

BEFORE THE  
CLAIMS COMMISSION OF WISCONSIN

Community Memorial Hospital, Oconto Falls

The Community Memorial Hospital of Oconto Falls presented a claim which was heard on February 25, 1964, for \$13,730.51, for services provided to patients who were receiving various kinds of welfare aids. The care was furnished between March, 1957, and December, 1961, but through omissions on the part of members of the claimant's staff, no claim for reimbursement was made to the county within the statutory period therefor. Had the statutory procedures been followed the claimant would have been reimbursed by the county, which in turn would have been entitled to partial reimbursement from the State.

This Commission by its report dated October 15, 1964, recommended that the claim be disallowed because the State, in any event, would not have been liable for the entire amount and because the county had not audited the individual items of the claim nor paid any part of the county's share.

The claimant has now requested that the matter be reconsidered in light of the fact that the county has reimbursed the claimant for the net amount of what would have been the county's liability had the statutory procedures been followed within the prescribed time limits. The Commission has further investigated the amount of the claim

## JOURNAL OF THE SENATE [May 18, 1966]

now made by the hospital—\$4,670.78. We are satisfied that the State would have been liable for this amount had the statutory procedures been followed, and further, that no federal aids would have been applicable to the services performed by the hospital for the welfare patients here involved. The Commission finds that on equitable principles the claim should be paid in the amount of \$4,670.78.

Dated at Madison, Wisconsin, this 12th day of May, 1966.

WALTER G. HOLLANDER,  
Chairman, Senate Committee  
on Finance.

GEORGE MOLINARO,  
Chairman, Assembly Committee  
on Finance.

WARREN D. EXO,  
Representative of Commissioner of  
Administration.

E. WESTON WOOD,  
Representative of Attorney General.

The report of the Claims Commission was received and referred to the joint committee on Finance.

Ordered spread upon the journal.

SPECIAL COMMITTEE REPORTS

REPORT OF JOINT SURVEY COMMITTEE ON TAX  
EXEMPTIONS ON SENATE BILL 660

Public Policy Involved

This bill is desirable as a matter of public policy if it is amended to allow individual taxpayers this deduction as well as corporations and is further amended to limit the deduction to the amount paid for the purchase of machinery used in a trade or business for the prevention or abatement of pollution of the air or water. The fiscal note covers individual as well as corporate taxpayers and is limited by the above suggested amendments.

Respectfully submitted,

#### Senate Bill 620

Senator Knowles asked unanimous consent that his motion pending on the bill be withdrawn.

Senator Risser objected.

#### Assembly Bill 943

Senator Risser asked unanimous consent that the bill which had been laid aside temporarily earlier today be considered at this time.

Senator Knowles objected.

**Senate Bill 620**

Senator Knowles again asked unanimous consent that his motion pending on the bill be withdrawn.

Senator Zaborski objected.

Senator Knowles moved that his motion pending on the bill be withdrawn.

Senator Zaborski rose to a point of order that the motion by Senator Knowles was not proper, as it was out of order while the bill was under advisement by the chair on a point of order.

The president took the point of order under advisement.

Senator Knowles moved that all pending measures on past calendars and today's calendar be laid over until Friday, May 27th.

Senator Zaborski rose to a point of order that this in effect was advancing the measures and would require a two-third's vote, and further that this also in effect was advancing future calendars and would also require a two-third's vote.

The president took the point of order under advisement.

Senator Schreiber asked unanimous consent to speak on special privilege.

Senator Knowles objected.

Senator Zaborski rose to a point of order that the presiding officer had the right to grant special privilege under Senate Rule 61.

The president ruled the point of order well taken and allowed Senator Schreiber to speak for 10 minutes.

Senator Schreiber suggested the absence of a quorum.

The clerk was directed to call the roll.

The roll was called and the following senators answered to their names:

RULING OF THE CHAIR ON A POINT OF ORDER  
RELATIVE TO A MOTION TO SET A  
SPECIAL ORDER

On May 24, 1966, the Senator from the 10th District asked unanimous consent that **Senate Bill 620** be taken from the calendar of Thursday, May 26 and made a special order for 9:00 a.m. on Friday, May 27.

The Senator from the 11th District objected.

The Senator from the 10th District then moved that **Senate Bill 620** be taken from the calendar of Thursday, May 26 and made a special order for 9:00 a.m. on Friday, May 27.

The Senator from the 11th District rose to the point of order that the motion would require a two-thirds vote.

The President deferred ruling on the point of order.

The Senate rules do not specify the stature of a motion to set a special order, but, *after the motion is approved*, the rules grant precedence over the regular order of business to the special order at the fixed time.

The Senate rules provide that in all points of parliamentary practice not covered by the rules, Jefferson's Manual shall apply and where Jefferson's Manual is not applicable, Mason's Manual shall apply.

Jefferson's Manual is not helpful on this point.

However, Mason's Manual, Sec. 264 (1), holds:

"The purpose of a special order is to expedite important business and set a definite time for its consideration, which gives such a special order privilege over other pending business. Whenever the making of a special order sets aside the general rules regarding the order of business it requires the same vote as would be required to specifically suspend the rules."

In support of this rule, Mason cites the revised edition of Hughes' American Parliamentary Guide, Sec. 157, the Clerk's Manual, State of New York, p. 499 and Sturgas Standard Code of Parliamentary Procedure, 1951, p. 175.

There is a 1939, Wisconsin, precedent that might have some bearing on the point of order, but Mason's Manual, as published in 1962, clearly supercedes this precedent, especially in view of the wholesale revision of the rules of the Wisconsin Senate in the 1963 session and the specific instructions of Senate Rule 93, 1965 Manual to consult Mason's Manual if the point of procedure is not covered by either the Senate Rules or Jefferson's Manual.

It should also be noted that the Senate of the United States requires a two-thirds vote on a motion setting a special order of business.

Mason's Manual is especially applicable in this case since the rules of the Wisconsin Senate do give a special order precedence over other pending business and the making of such a special order does set aside the general rules regarding the order of business.

That the purpose of such a special order is to expedite important business is implicit in the Senate Rules. This purpose can be clearly illustrated in the point under advisement.

Senate Bill 620 was on the calendar of Thursday, May 26. On Tuesday, May 24, the Senate was still on the calendar

JOURNAL OF THE SENATE [May 25, 1966]

of Monday, May 2, the day on which the session was reconvened after a recess. The current backlog of pending work and the deliberate pace of the Senate since reconvention make it extremely unlikely that the calendar of Thursday, May 24 would be reached by the date of May 25. Therefore, to set a bill from the calendar of May 24 on special order for May 25 would be to assure its consideration on that day by giving it precedence over other pending matters, clearly a case of expediting important business.

The President holds, consonant with Mason's Manual, that, because a motion to set a special order is a motion to expedite important business by setting aside the general rules regarding the order of business, it requires a suspension of the rules and, therefore, a two-thirds vote.

The President holds that the point of order is well-taken.

PATRICK J. LUCEY,  
President of the Senate.

May 25, 1966.

Senator Knowles appealed the decision of the chair.

The question was: Shall the decision of the chair stand as the judgment of the senate?

Senator Knowles secured unanimous consent to have his appeal of the decision of the chair be laid over until 5:00 o'clock Friday afternoon, May 27th.

**Senate Bill 620**

Relative to the point of order raised at yesterday's session by Senator Zaborski that the motion by Senator Knowles was not proper, as it was out of order while the bill was under advisement by the chair on a point of order;

The president ruled the point of order well taken.

With unanimous consent, Senator Zaborski withdrew his point of order raised at yesterday's session on a motion by Senator Knowles. (Page 2340 of the senate journal.)

With unanimous consent, Senator Knowles withdrew his motion. (Page 2340 of the senate journal.)

### Assembly Bill 368

Was recalled from the committee on Public Welfare and referred to the calendar, upon motion of Senator Keppler, with unanimous consent.

## MOTION UNDER JOINT RULE 26

Know You By Those Present:

Whereas, the United Service Organization (USO) was established 25 years ago to fill the many extra needs of the men and women of the Armed Forces of the United States; and

Whereas, the USO brings comfort, assistance and aids in keeping a high state of morale amongst the members of our

Armed Forces, particularly those far away from their homes, in unfamiliar cities and countless foreign lands; and

Whereas, the needs of the men and women of the Armed Forces are always of concern to all loyal Americans, and regardless of many difficulties encountered along the way the USO is always at their side to provide recreation, entertainment, places of relaxation and many other facilities vitally needed by our fighting men both at home and abroad, and;

Whereas, these needs are ever increasing and today are of great concern to all the mothers, fathers, wives, children and other relatives of members of the Armed Forces, many of them from our own State of Wisconsin; now, therefore,

The members of the Wisconsin Legislature, on the motion of Senator Ernest C. Keppler, co-sponsored by Assemblyman Kenneth Kunde, under Joint Rule 26, congratulates the United Service Organizations, all its many loyal workers and entertainers and ask all citizens of the State of Wisconsin to support them in their most worthy efforts on this, their 25th Anniversary of Service to the millions of men and women of our Armed Forces.

Was read.

The motion was adopted.

Of Alfred Wall, of Sparta, a member of the Banking Review Board, to succeed Bernard J. Lontkowski, for the term ending the first Monday in January, 1971,

Of Harry J. Blakeman, of Hudson, a member of the Minnesota-Wisconsin Boundary Commission, in accordance with and subject to the limitations contained in Chapter 274, Laws of 1965, for the term ending September 25, 1969,

Of John Bosshard, of La Crosse, a member of the Minnesota-Wisconsin Boundary Area Commission, in accordance with and subject to the limitations contained in Chapter 274, Laws of 1965, for the term ending September 25, 1970,

Of Walter Jensen, of Grantsburg, a member of the Minnesota-Wisconsin Boundary Area Commission, in accordance with and subject to the limitations contained in Chapter 274, Laws of 1965, for the term ending September 25, 1968,

Of Alan Kirchner, of Alma, a member of the Minnesota-Wisconsin Boundary Area Commission, in accordance with and subject to the limitations contained in Chapter 274, Laws of 1965, for the term ending September 25, 1967,

And of Ralph Most, Jr., of Prescott, a member of the Minnesota-Wisconsin Boundary Area Commission, in accordance with and subject to the limitations contained in Chapter 274, Laws of 1965, for the term ending September 25, 1966, be confirmed?

The ayes and noes were required and the vote was: ayes, 32; noes, 0; absent or not voting, 0; as follows:

Ayes—Senators Benson, Bice, Busby, Carr, Christopher-son, Dempsey, Dorman, Draheim, Hansen, Hollander, Kendziorski, Keppler, Knowles, Krueger, LaFave, Leonard, Leverich, Lorge, Lourigan, McParland, Meunier, Panzer, Rasmusen, Risser, Roseleip, Schreiber, Schuele, Smith, Sussman, Thompson, Warren and Zaborski—32.

Noes—None.

Absent or not voting—None.

So the appointments by the Governor were confirmed.

The question was: Shall the appointment by the Governor of James R. Morgan, as Commissioner of Taxation, to succeed himself, for the term ending July 1, 1971, be confirmed?

Senator Risser rose to a point of order that under senate rule 22 the appointment was not properly before the senate for consideration at this time.

The president took the point of order under advisement.

Mr. William P. Nugent  
Senate Chief Clerk  
State Capitol  
Madison, Wisconsin

Dear Mr. Nugent: The State Claims Commission is submitting a report to you in accordance with the provisions of

## JOURNAL OF THE SENATE [June 2, 1966]

Section 15.94 of the statutes covering a claim heard by it on April 14, 1966.

The Claims Commission will appreciate your acceptance of the report and the spreading of it upon the Journal in the next session of the legislature to inform the members of the Senate as to the nature of the type of claims which come before the Commission for its consideration.

Sincerely,

WAYNE F. MCGOWN,  
Secretary,  
State Claims Commission.

### BEFORE THE CLAIMS COMMISSION OF WISCONSIN

Hearing was held at Madison, Wisconsin, on April 14, 1966 upon the claim of Earl Elfers in the amount of \$7,295.97.

#### The Commission Finds:

Earl Elfers claims \$7,295.97 as compensation as assemblyman for the second district of Kenosha County for the term January 1963 through January 13, 1965. The foregoing amount consists of unpaid salary from February 1, 1963 through December 31, 1963 in the amount of \$3,300.00; unpaid salary from January 1, 1964 through December 31, 1964 in the amount of \$3,600.00; unpaid salary from January 1, 1965 through January 13, 1965 in the amount of \$120.97, and out of session expenses for 11 months at \$25 per month totalling \$275.00.

Mr. Earl Elfers had been a candidate for assemblyman for the second district of Kenosha County and had received a certificate of election from the county clerk of said county following a canvass of the November 1962 election. On January 9, 1963 upon the convening of the 1963 legislative session the assembly received notice of an election contest for the second district filed by Russell A. Olson with the Secretary of State on December 28, 1962. Mr. Elfers took the oath of office, signed the role, and was assigned a seat and corresponding voting number in the assembly.

On February 5, 1963 the assembly adopted Resolution 9, A., declaring Olson the winner by one vote over Elfers in the November election. Subsequently on February 7, 1963 following defeat of the reconsideration motion, Olson took his oath, signed the role and was assigned Elfer's seat and

number on the voting board. Elfers commenced a quo warranto action against Olson in the circuit court for Kenosha County alleging that the assembly action in adopting Resolution 9, A., was void in that the resolution was adopted by a bare majority rather than a two-thirds vote of the members of the assembly as is required by sec. 8, art. IV, of the Wisconsin Constitution for the expulsion of a member.

The circuit court entered judgment for Elfers and the matter was taken to the Wisconsin Supreme Court on appeal. The Supreme Court in reversing the circuit court determined that the assembly in adopting Resolution 9, A., was not attempting expulsion of a member but was acting to settle an election contest. The court found that;

“\* \* \* As a matter of law, it is clear that under these circumstances Elfers did not achieve the status of a member so that he could assert the provisions of sec. 8, art. IV, which authorizes removal for one of the stated causes and upon a two-thirds vote of all members.”

Having determined that the action of the assembly was one to settle an election contest, the court then concluded that it was without jurisdiction to review the assembly's action. The court based this decision on sec. 7, art. IV of the Wisconsin Constitution which provides:

“Each house shall be the judge of the elections, returns and qualifications of its own members; \* \* \*”

#### The Commission Concludes

The only question before us is the matter of compensation of Mr. Elfers for the 1963 legislative session. In view of the fact that the assembly seated someone other than Mr. Elfers and the Supreme Court has upheld this action, we must accept the fact that Mr. Olson was the legally seated assemblyman from the second district for Kenosha County for the 1963 legislative session. In arriving at this conclusion we have not reviewed the action of the assembly in seating Mr. Olson. In view of the Supreme Court decision there is no need for our so doing. We, therefore, express no opinion as to the action of the assembly.

The only basis upon which Mr. Elfers could claim compensation for the term in dispute is that he was a de facto officer representing the people of the second district of Kenosha County. The Attorney General for the State of Wisconsin in reply to a request from the Commissioner of the

department of administration relative to the payment of salary in this case pointed out the following:

“\* \* \* By the decided weight of authority, a de facto officer cannot maintain an action to recover the salary, fees, or ther emoluments attached to the office, even though he has performed the duties thereof. Sec. 488, p. 237 [43 Am. Jur. ‘Public Officers,'] \* \* \*.”

And further:

“There cannot be two persons in the possession of an office at the same time, even when the two are an officer de jure and an officer de facto. 43 Am. Jur. ‘Public Officers,’ sec. 473, pp. 226-7.” (52 O.A.G. 19)

The Attorney General concludes that:

“Accordingly, it is concluded that the payments already made to Mr. Elfers are not improper but that he is entitled to no further payments \* \* \*” (52 O.A.G. 21)

The Commission concludes therefor that the claim of Earl Elfers is not one which the State is legally liable nor one which involves a causal negligence of the employes of the state, nor one which on equitable principles the state should pay. The claim of Earl Elfers is, therefore, denied.

### SPECIAL COMMITTEE REPORTS

#### REPORT OF JOINT SURVEY COMMITTEE ON TAX EXEMPTIONS ON SENATE BILL 699

##### Public Policy Involved

As all servicemen are required to maintain a state of residence during their stay in military service the Wisconsin serviceman, at the time of his departure, indicates our state as his domicile. These Wisconsin servicemen may be away from this state for one year or many years with their point of service in other states or in any of a number of foreign countries. If married, their families likewise are out of state. During their military duties they are subject to forms of taxation for which they have no offset against their Wisconsin income tax liability; for example, sales taxes paid in a state or country that represents their post of duty. The right to vote and the residency tuition feature of children who might attend schools of higher education in Wisconsin are the only real privileges retained by them. It would be

## JOURNAL OF THE SENATE [June 2, 1966]

simple for them to adopt a new state of residence and secure the right to vote and the residency tuition feature in the state of duty.

As the state of Wisconsin and the subdivisions are not burdened with any costs during the absence, an exemption from income tax liability would be just from the equity viewpoint.

Respectfully submitted,

### EXECUTIVE COMMUNICATIONS

To the Honorable, the Senate:

Pursuant to the provisions of the statutes governing, and by and with the advice and consent of the Senate, I hereby nominate and appoint Clair L. Finch, of Madison, as a member of the Wisconsin Board of Tax Appeals, to succeed himself, for the term ending on the first Monday in May, 1967.

Respectfully submitted,

WARREN P. KNOWLES,

June 7, 1966.

Governor.

The foregoing appointment by the Governor was considered at this time, upon motion of Senator Knowles, with unanimous consent.

The appointment was read.

The question was: Shall the appointment by the Governor of Clair L. Finch, of Madison, as a member of the Wisconsin Board of Tax Appeals, to succeed himself, for the term ending on the first Monday in May, 1967, be confirmed?

The ayes and noes were required and the vote was: ayes, 29; noes, 0; absent or not voting, 3; as follows:

Ayes—Senators Benson, Bice, Busby, Carr, Christopher, Dempsey, Dorman, Draheim, Hansen, Kendziorski, Keppler, Knowles, Krueger, LaFave, Leverich, Lourigan, McParland, Meunier, Panzer, Rasmusen, Risser, Roseleip, Schreiber, Schuele, Smith, Sussman, Thompson, Warren and Zaborski—29.

Noes—None.

Absent or not voting—Senators Hollander, Leonard and Lorge—3.

So the appointment by the Governor was confirmed.

### **Assembly Joint Resolution 163**

Relating to recessing and reconvening the 1965 regular session of the Wisconsin legislature.

*Resolved by the assembly, the senate concurring, That:*

(1) When the 2 houses adjourn on Friday, June 10, 1966 (hereafter cited as the recess date), the 1965 regular ses-

JOURNAL OF THE SENATE [June 10, 1966]

sion of the Wisconsin legislature shall be recessed until Wednesday, January 11, 1967, at 11 a.m. (hereafter cited as the reconvening date);

(2) On petition signed by a majority of the members elected to each house, the legislature may reconvene the 1965 regular session prior to the reconvening date;

(3) In order to complete, as rapidly as possible, the work on the acts which received final approval during the spring 1966 session, the governor is authorized to sign typewritten or printed copies, whichever are available sooner, of such acts;

(4) After the recess date and prior to the reconvening date, the chief clerks and the sergeants at arms of the 2 houses shall retain, at the compensation provided by law, only such employes as are necessary to the completion of the business pending at the recess date and to the conduct of such new business as will occur prior to the reconvening date;

(5) After the recess date, the chief clerks of the respective houses shall message to the other house all measures emanating from such other house on which their respective houses have taken final action, and shall enter on the records of their respective houses all messages received from the other house or from the executive office after the recess date;

(6) After the recess date, the chief clerks may call upon the legislative reference bureau and the statutory revision bureau for such help as will speed up the enrolling of all acts which received final approval during the spring 1966 session;

(7) After the recess date, any motion under joint rule 26 adopted by one house and already signed by the co-sponsor from the other house at the time of introduction, shall be treated as though it had passed both houses; and

(8) The joint committee on finance and the joint committee on legislative organization may meet during the interim between recess date and reconvening date for the purpose of reviewing proposals relating to and taking any appropriate action regarding the establishment of legislative salaries pursuant to chapter , laws of 1965 (Senate Bill 583).

Was read.

The joint resolution was concurred in.

Ordered immediately messaged to the assembly.

## JOURNAL OF THE SENATE [June 10, 1966]

The senate was informed by Senators Zaborski and Dorman of the presence of Congressman and former State Senator, the Honorable Lynn E. Stalbaum.

Upon invitation of the senate, the Congressman briefly addressed the senate from the rostrum.

---

Upon motion of Senator Knowles, with unanimous consent, the senate proceeded to consider the assembly message with actions taken under Joint Rule 26.

Respectfully submitted,

WARREN P. KNOWLES,  
Governor.

June 27, 1966.

To the Honorable, the Senate:

This communication is to inform the Legislature that I have approved in part (Chapter 592) and vetoed in part **Senate Bill 583** and deposited it in the office of the Secretary of State.

I have approved **Senate Bill 583** except I have disapproved by partial veto the last two sentences of s. 20.930 (1m) (e) 4m as created by Section 5 of the bill, and disapproved also the figure "\$9,600" where it appears as part of Group V. in Section 13 of the bill.

Section 1m of the bill repeals the existing section of the law which established present legislative salaries. Section 5 of the bill establishes the basic salary for legislators as the minimum of the range for positions assigned to Group V. However, by eliminating the figure "\$9,600" in Section 13 of the bill there is no minimum amount established for the salary range for positions in that group. In this situation, the provisions of the opening paragraph of Section 5 of the bill, and the procedures set forth in s. 16.105 (2), (3) and (4) become operative immediately. These procedures provide that the dollar amounts of the salary ranges for positions covered by the act will be fixed by the Joint Committee on Finance based upon recommendations by the Bureau of Personnel, in the same manner as salaries for civil service personnel are established.

In a message to the Legislature on June 9, 1966 I informed your body of my intention to take this action. The effect of this partial veto, of course, is to set aside that portion of the bill which would establish legislative salaries at \$9,600 beginning with the new term of office on January 11, 1967, and to set aside also the companion provision

which grants extra compensation to certain legislative leaders.

My reasons for disapproving these parts of the bill were fully stated in that message. To summarize them briefly, they are as follows: I believe that the Legislature acted too hurriedly, without public hearing and almost no debate on an issue of major public interest. I am concerned that this type of action not become a precedent in Wisconsin, with our great tradition of free and open discussion of the issues. In my judgment, the process of establishing a salary level for legislators which is commensurate with the current responsibilities of that office and the amount of time required to carry them out, is one which should be conducted with a full public discussion and weighing of all factors involved, and should include opportunity for legislators themselves as well as the public to be heard.

Fortunately, the parts of the bill which I have signed into law set up specific procedures to carry out that process. The new law will enable the Bureau of Personnel to make studies of comparative salaries for legislators in other states and determine in an objective manner the nature of the duties and responsibilities of Wisconsin legislators and the amount of time they require. I have asked the Bureau of Personnel to seek independent counsel from citizen groups, such as the Kellett Task Force, in making these studies. Next, the Personnel Board will conduct public hearings to enable all viewpoints to be expressed. Finally, the Joint Committee on Finance will hold public hearings and establish what they believe to be a fair and equitable salary level consistent with the state's financial status.

I disapproved that part of the bill which would grant differential pay to legislative leaders because I believe this is a significant new concept which deserves more careful consideration. It is very apparent that some of the major leadership positions require substantially greater amounts of time. I think we should exercise caution, however, in making these positions of financial reward to be sought for the added compensation alone. Therefore, I believe this subject should be studied thoroughly and acted upon in a more deliberate manner at a later date.

I am in sympathy with increasing the compensation of the members of the State Legislature. The scope and complexity of the business of state government requires that you remain in session longer than ever before. Legislative

## JOURNAL OF THE SENATE

sessions in recent years have extended to twice the length of those less than a decade ago. In addition, the work of interim committees, special study committees, task forces and statutory commissions requires substantial additional time of many of you. And, finally, the increased complexity of government means that more time is required to adequately serve your constituents and listen to their views on public problems.

I firmly believe that the privilege of serving in the legislature should be open to any responsible person regardless of his financial means. It should not be a financial reward. But when the compensation for public office bears no equitable relationship to the time, effort and magnitude of responsibility, we can weaken our entire system of democratic government by discouraging responsible, public-spirited citizens who may wish to serve but cannot afford the financial sacrifice.

I am confident that the procedures established by this bill will assure that the proud Wisconsin tradition for honest, democratic government will be preserved and enhanced.

Respectfully submitted,

WARREN P. KNOWLES,

June 27, 1966.

Governor.

WARREN P. KNOWLES,

Governor.

To the Honorable, the Senate:

I am returning Senate Bill 240 without my approval.

This bill is similar to Chapter 132, Laws of 1965, which became effective on July 1, 1965. Chapter 132 altered the commitment procedure for defendants for mental observation and for the detention and treatment of defendants until they are able to stand trial.

Senate Bill 240 establishes virtually an identical procedure to that implemented under Chapter 132. Therefore, no purpose would be served by signing 240, S., into law. The procedure established under Chapter 132 has proven effective and has been well received by the courts. To sign Senate Bill 240 at this time would only confuse the implementation of the new procedure without providing any practical benefits.

Respectfully submitted,

WARREN P. KNOWLES,

July 1, 1966.

Governor.

To the Honorable, the Senate:

I have approved Senate Bill 620 with the exception of the exercise of the line item veto in reference to "(1) (c) and (d) set forth in Section 59 (3) (a)."

## JOURNAL OF THE SENATE

This is merely a technical correction and in no way substantively effects this bill.

This portion of the bill relates to the transfer of funds from section 20.705 (1) of the Wisconsin Statutes to section 20.706 (1) and this line item veto will not prevent this transfer as originally intended by the Legislature.

Respectfully submitted,

WARREN P. KNOWLES,

July 1, 1966.

Governor.

To the Honorable, the Senate:

I have signed Senate Bill 24 and deposited it with the Secretary of State.

This bill makes certain changes in section 66.433 Wisconsin Statutes relating to the establishment and functioning of community relations-social development commissions.

Section 4 of this bill provides that pursuant to section 66.433 (7) a community relations-social development commission may be designated as the official agency to accept assistance under title II of the Federal Economic Opportunity Act of 1964. It further provides that the legislative bodies creating the commissions may prevent the acceptance of assistance under a federal program by objecting to the receipt of such assistance.

It is apparent that this authority to object is intended to relate only to the participation in a federal program and is not intended to relate to assistance for various projects under a program for which the Commission has been designated the cooperating agency.

The author of this bill and other legislators have indicated that this was the interpretation they intended in enacting this legislation. It would appear the more reasonable interpretation since the authority to object is granted in that section relating to the designation of the commission as a cooperating agency.

However, to insure that this provision is not subject to misinterpretation, it would seem appropriate that a clarifying amendment be enacted during the next legislative session.

Respectfully submitted,

WARREN P. KNOWLES,

July 1, 1966.

Governor.

# JOURNAL OF THE SENATE

## EXECUTIVE COMMUNICATIONS

To the Honorable, the Senate:

I am returning **Senate Bill 239** without my approval.

This bill relates to the collection of more than \$60 a month for the treatment of a minor in a colony when the minor has his own means and resources and for treatment in a colony or training school when the parent has purchased insurance which would pay more than that amount.

I believe **239, S.**, which was concurred in by the Assembly on June 6, 1966, is desirable legislation and I support the principle it sets forth. However, to sign this bill would repeal the effect of **Bill 934, A.**, which you passed unanimously on June 3, 1966, and which I have signed into law.

Both **934, A.** and **239, S.** relate to section 51.22 (2m) Wis. Stats. although they were enacted for primarily different purposes. If both bills had been signed into law and **239, S.** had the earlier effective date, then **934, A.** would have been in effect repealed, or if **239, S.** had the later effective date then a serious conflict in the statutes would have resulted.

Both bills affect certain citizens with respect to their financial liability for treatment of minor children in colonies and training schools. Public policy dictates that a statute of this nature remain clear and unambiguous.

For the foregoing reasons I am returning this bill to enable its enactment in a manner consistent with **934, A.** which was enacted earlier in this session.

Governor.

### COMMITTEE REPORTS

The joint committee on Finance reports and recommends:

Wisconsin Legislature  
Joint Committee on Finance  
113 South, State Capitol  
Madison, 53702

September 15, 1966.

Honorable Warren P. Knowles  
Governor, State of Wisconsin  
State Capitol  
Madison, Wisconsin

Dear Governor Knowles: Pursuant to public notice, a meeting of the joint committee on Finance, was held on September 15, 1966, at 9:30 A.M., on the matter of legislative salaries.

Appearances both in favor and in opposition to the proposal were heard.

After all parties were heard the committee went into Executive Session.

A motion was made by Mr. Barland, seconded by Mr. Lipscomb, that the recommendations of the Kellett Committee and the State Personnel Board that the base salary for members of the Wisconsin Legislature shall be \$8400.00 per year effective January, 1967, and that \$8400.00 will become the minimum of Group V salary range, be approved.

Roll call was then taken as follows:

Ayes: (9) Senators Hollander, Leonard, Warren; Assemblymen Molinaro, Obey, Lipscomb, Barbee, Barland and Terry.

Noes: (5) Senators Meunier and Risser; Assemblymen Riehle, Mato and Mittness.

Motion carried.

Respectfully submitted,

JOINT COMMITTEE ON  
FINANCE

Walter G. Hollander,  
Senate Chairman.

George Molinaro,  
Assembly Chairman.

### CHIEF CLERK'S ENTRY

The members of the 1967 Legislature elected on November 8, 1966 took their oaths of office on or before January 2, 1967 to be effective on January 2, 1967 pursuant to Article XIII, Section 1 and Article XIV, Section 14 of the Wisconsin Constitution. This caused the terms of the members of the 1965 Legislature to expire and made moot the provisions of Assembly Joint Resolution 163 to meet at 11:00 o'clock A.M. on Wednesday, January 11, 1967.

Therefore there was no further action on the following measures pending in the senate:
