The principles applicable to a determination by the state board of health as to the reasonableness of requirements for sufficient standards of plumbing installations are stated in Josu Mfg. Co. v. State Board of Health, 28 W. (2d) 547, 153 NW (2d) 301.

A rule made by the state board of health under 145.02 (4), Stats. 1931, amending an existing rule by extending the period of jour­neymanship from 3 to 5 years before an applicant is eligible to file an application for a master plumber's license, is valid and applies to all examinations to be taken for a master plumber's license after the rule was adopted. 22 Atty. Gen. 270.

The principles applicable to a determina­tion by the state board of health as to the reasonableness of requirements for sufficient standards of plumbing installations are stated in Josu Mfg. Co. v. State Board of Health, 28 W. (2d) 547, 153 NW (2d) 301.

All work dealing with providing safe, pure water for human consumption and disposition of water so used must be performed by a licensed plumber. 26 Atty. Gen. 187.

Experience gained by an employe in an establish­ment wherein work is limited to main­tenance and repair, who was neither indentured nor registered with the state board of health as an apprentice and who was neither indem­nified nor registered with the state board of health, is not eligible to the practical installation of plumbing in Wisconsin, and the experience need not necessarily be all in compliance with local and state laws. 57 Atty. Gen. 268.
