36.27 Tuition. (1) BOARD OF REGENTS TO ESTABLISH. The board may establish for different classes of students differing tuition and fees incidental to enrollment in educational programs or use of facilities in the system. Except as otherwise provided in this section, the board may charge any student who is not exempted by this section a nonresident tuition. The board may establish special rates of tuition and fees for the extension and summer sessions and such other studies or courses of instruction as the board deems advisable.

(2) NONRESIDENT TUITION EXCEPTIONS. (a) Any person whose parent or guardian has been a resident of this state for 12 months next preceding the beginning of any semester or session for which such person registers at a university or center or whose last surviving parent was a resident at the time of death shall, while such person continues as a resident of the state, be entitled to exemption from nonresident tuition, but not from incidental or other fees.

(b) Nonresident members of the armed forces and persons engaged in alternative service who are stationed in this state and their spouses and children shall be entitled to the exemptions provided in par. (a) during the period that such person is stationed in this state.

(c) A person may claim residence for tuition purposes in such person’s own right. Any person claiming residence for tuition purposes in such person’s own right must have been a resident of the state for 12 months next preceding the beginning of any semester or session for which such person registers at a university or center and in addition must show by clear and convincing evidence that such person is self-supporting and has made a contribution to the economy of this state.

1. Students may demonstrate that they are self-supporting by showing both that they have not been claimed as exemptions for federal or state income tax purposes by
either parent or any person, except a spouse, for any of the 12 months prior to which they seek to establish that they are self-supporting, and that they have not received financial assistance, of any kind, including room and board, in excess of the resident fees established by the board for the preceding year, from one or both parents or from persons acting in loco parentis in the 12 months prior to the time they seek to establish that they are self-supporting. Students are considered to have received more than the maximum allowable assistance if they have resided with their parents for 2 months or more during such 12 months.

2. Students who are self-supporting must show that they have made a contribution to the economy of this state by demonstrating that the funds for their support during the prior 12 months have been derived from sources subject to income taxation by this state. If the application of this standard creates a serious inequity or hardship to the student, evidence of substantial recent contributions to the economy of this state in the form of employment, investments, spending or taxes paid by the student may be considered to satisfy this requirement.

(d) In determining residence, the intent of the person to establish and maintain a permanent home in this state shall be determinative. The following factors may be considered in determining that intent: eligibility for voting in this state, motor vehicle registration in this state, a Wisconsin driver’s license, filing of Wisconsin income tax returns as a resident taxpayer and employment in this state. Residence of a minor shall be presumed to be that of the minor’s parent or guardian.

(e) Any person who has not been a resident of the state for 12 months next preceding the beginning of any semester or session for which such person registers at a university or center except as provided in this subsection, shall not be exempt from the payment of the nonresident tuition.

3. Tuition Remissions. (a) The board may remit at each institution nonresident tuition either in whole or in part, but not other fees, to a number of needy and worthy nonresident students, not exceeding 8% of the number of nonresident students registered at that institution in the preceding year, excluding those students participating in interstate agreements under s. 39.42, upon the basis of merit, to be shown by suitable tests, examinations or scholastic records and continued high standards of scholastic attainment.

(b) The board may remit nonresident tuition in whole or in part, but no other fees, to additional individual students not exceeding 2% of the number of nonresident students registered in the preceding year, excluding those students participating in interstate agreements under s. 39.42, who, in the judgment of the board, are deserving of relief from the assessment of nonresident tuition because of extraordinary circumstances.

(c) The board may remit nonresident tuition, in whole or in part, but no other fees, except in special circumstances as approved by the chancellor, to worthy and needy foreign students and to students who are United States citizens but whose residence is not in the United States. The number of such remissions which may be awarded in any academic year at an institution shall not exceed 2% of the total full-time enrollment of students at that institution for the preceding academic year.

(e) In addition to the number of remissions of nonresident tuition authorized under this subsection, each state senator and each representative to the assembly may recommend a nonresident whose scholastic qualifications entitle such person to attend a university or center and whose nonresident tuition for the school year for which recommended shall be remitted by the board. Not more than one such remission shall be made for any one legislator and each nonresident whose tuition shall have been
remitted under this paragraph shall be entitled to continue in attendance for the period for which recommended if the nonresident continues to meet the system's general standards for continuance therein as a student. Such recommendations shall be submitted annually to the board in such manner as the board designates not later than the end of the first week of instruction of the semester in which the remission of tuition is to be effective, but a legislator who assumes office during a school year may make a recommendation for the 2nd semester of that year only when a recommendation of the legislator's predecessor is not effective for that term and should any nonresident student so recommended for any year fail to matriculate for any semester a successor for such semester may be recommended by such legislator.

(f) In addition to the remissions of nonresident tuition under this subsection, the board may, as athletic scholarships, grant full remission of fees and nonresident tuition, up to the maximum number allowed by the appropriate athletic conference as recommended by the chancellor of each university.

(g) The board may remit nonresident tuition, in whole or part, to graduate students who are fellows or who are employed within the system as assistants with an appointment equal to at least 33% of a full-time equivalent position.

36.29 Gifts. (1) All gifts, grants, bequests and devises for the benefit or advantage of the system or any of its institutions, departments or facilities or to provide any means of instruction, illustration or knowledge in connection therewith, whether made to trustees or otherwise, shall be valid notwithstanding any other provision of this chapter and shall be executed and enforced according to the provisions of the instrument making the same, including all provisions and directions in any such instrument for accumulation of the income of any fund or rents and profits of any real estate without being subject to the limitations and restrictions provided by law in other cases; but no such income accumulation shall be allowed to produce a fund more than 20 times as great as that originally given. When such gifts, grants, bequests or devises include common stocks or other investments which are not authorized by ch. 881, the board may continue to hold such common stocks or other investments and exchange, invest or reinvest the funds of such gift, grant, bequest or devise in similar types of investments without being subject to the limitations and restrictions provided by law in other cases. No such investment shall knowingly be made in any company, corporation, subsidiary or affiliate which practices or condones through its actions discrimination on the basis of race, religion, color, creed or sex. Except as otherwise provided in this section, the board may invest not to exceed 75% of trust funds held and administered by them in common stocks, the limitation of 50% in s. 881.01 (2) to the contrary notwithstanding.

(2) All such gifts, grants, devises or bequests may be made to the board, the president, a chancellor or any officer, or to any person as trustee, or may be charged upon any executor, trustee, heir, devisee or legatee, or made in any other manner indicating an intention to create a trust, and may be made as well for the benefit of the system or any of its institutions, colleges, schools, departments or facilities to provide any means of instruction, illustration or knowledge in connection therewith, or for the benefit of any students or any class or group of students whether by way of scholarship, fellowship or otherwise, or whether for the benefit of students or any class or group of students in any course, subcourse, special course, postgraduate course, summer school or teachers course, oratorical or debating course, laboratory, shop, lectureship, drill, gymnasium or any other like division or department of study, experiment, research, observation, travel or mental or physical improvement in any manner connected with the system, or to provide for the voluntary retirement of any of the faculty.

The board of vocational, technical and adult education shall not, without the approval of the board of regents, broaden its system's college parallel program offerings beyond those in existence during the 1972-73 academic year. In this section, "college parallel program offerings" means those courses approved and designated by the board of vocational, technical and adult education in compliance with s. 38.24 (1) which enables a student to continue education as a junior in a 4-year institution.

(2) The board of vocational, technical and adult education, in agreement with the board may designate courses other than those covered under sub. (1) as transferable for collegiate credit between the 2 systems.

36.33 Sale and relocation of agricultural lands. (1) LEGISLATIVE INTENT. The legislature finds and determines that, because of a) the problems resulting from the development of the city of Madison around certain agricultural lands of the university of Wisconsin-Madison; b) the desirability of consolidating lands used for agricultural instruction, research and extension purposes; c) the desirability of disposing of agricultural lands no longer needed by the university; and d) the need for land of better quality and of greater quantity for the purpose of improving and expanding agricultural research, it is in the public interest for the board to sell or lease, in whole or in part, the agricultural lands and improvements thereon owned by the board and located in sections 19 and 20, township 7 north, range 9 east, Dane county; section 27, township 7 north, range 8 east, Dane county; and section 22, township 22 north, range 8 east, Portage county; and to purchase other agricultural lands outside of the Madison urban area and to construct thereon the necessary buildings and improvements. The foregoing policy determination is made without reference to or intention of limiting the powers which the board may otherwise have.

(2) METHOD OF SALE: ASSESSMENTS. The board, in selling or leasing any part of the agricultural lands and improvements thereon, mentioned in sub. (1), shall sell or lease on the basis of either a) public bids, with the board reserving the right to reject any or all bids in the best interest of the state, or b) negotiated prices. Notwithstanding any provisions of law to the contrary, the lands in Dane county mentioned in sub. (1) shall be subject to special assessments for public improvements by the city of Madison, in the same manner and to the same extent as privately owned lands, if such public improvements are of direct and substantial benefit to such portions as have been platted for sale.

(3) BUILDING COMMISSION APPROVAL. The sale, lease and purchase of agricultural lands mentioned in sub. (1) shall be subject to the approval of the state building commission.
CHAPTER 335

The board shall adopt rules under ch. 227 governing student conduct and procedures for the administration of violations.

(2) AUTHORITY TO RESTRICT PRESENCE OF PERSONS ON CAMPUS. The chancellor of each institution or the chief security officer thereof during a period of immediate danger or disruption may designate periods of time during which the campus and designated buildings and facilities connected therewith are off-limits to all persons who are not faculty, academic staff, employees, students or any other personnel authorized by the above named officials. Any person violating such order shall be subject to the penalties provided by law for criminal trespass.

(3) REQUIRING PERMISSION FOR PRESENCE ON CAMPUS. Any person who is convicted of any crime involving danger to property or persons as a result of conduct by him which obstructs or seriously impairs activities run or authorized by an institution and who, as a result of such conduct, is in a state of suspension or expulsion from the institution, and who enters property of that institution without permission of the chancellor of the institution or the chancellor’s designee within 2 years, may for each such offense be fined not more than $500 or imprisoned not more than 6 months, or both.

36.37 Downer Woods preservation. (1) STATEMENT OF PURPOSE. The purpose of this section is to promote the permanent conservation and enhancement, by the university of Wisconsin-Milwaukee, of the area known as Downer Woods; to designate and protect, as a permanent conservancy area, at least 10 acres of the woods; and to permit limited modification, in a manner consistent with the aforesaid purposes, of that portion of the woods whose present character as park and woodland lends itself to utilization, by the university and the surrounding community, as essential recreational and aesthetic corridors.

(2) LEGISLATIVE FINDINGS. The legislature finds it in the public interest to recognize and foster the principle of environmental quality in the area known as Downer Woods by preserving it as a conservancy area and protecting it, consistent with sub. (4), from encroachment or disparate uses. The woods is the sole remaining natural area remaining on the campus of the university of Wisconsin-Milwaukee, and as such, its preservation and enhancement is consistent with the university’s recognition of its need to protect and enhance its own physical environment, and to serve the pressing human need of its faculty, students and staff, as well as the greater Milwaukee community, to live and work in an urban environment which respects those portions of unspoiled nature which yet exist. The woods is a unique asset; it provides
visual relief to the concentrated building pattern surrounding it, complements the urban landscape and affords aesthetically and psychologically attractive places for people to congregate and relax. In addition, the woods serves as a refuge for wildlife and vegetation, and is, therefore, an important educational, scientific and ecological resource to the university and the community. Its presence imparts priceless recreational and aesthetic values.

(3) DEFINITIONS. In this section, "Downer Woods" or "the woods" means those parcels of wood and parkland comprising 18.805 acres located on the campus of the university of Wisconsin-Milwaukee, and divided into 3 separate and distinct categories, which categories shall define the proper and permissible uses of the woods, as follows:

(a) Permanent conservation area, consisting of 11.101 acres, which is to be physically defined by means of fencing or other suitable means.

(b) Permanently reserved woodland, consisting of 3.018 acres.

(c) Park and woodland areas, consisting of 4.686 acres, which may be subject to limited modification, such as landscaping, but which are to be protected from disparate uses and encroachment.

(4) DOWNER WOODS CONSERVATION. (a) That portion of Downer Woods designated a permanent conservation area is to be forever protected from encroachment or disparate uses, and its boundaries are to be defined and protected by fencing or other suitable means.

(b) That portion of Downer Woods designated as permanently reserved woodland shall be set aside exclusively for purposes of community enhancement and relaxation, and any disparate uses to or encroachments upon such land is prohibited.

(c) That portion of Downer Woods designated as park and woodland areas may be used by the university of Wisconsin-Milwaukee as recreational and aesthetic corridors, if any modifications made to such portions of the woods do not significantly alter the present character of such land, and any disparate uses to or encroachments upon such land is prohibited.

36.39 University of Wisconsin-Parkside: nursery and prairie area preservation.

1) STATEMENT OF PURPOSE. The purpose of this section is to promote conservation and enhancement, by the university of Wisconsin-Parkside, of the area of the campus known as the nursery and prairie area located north and west of the existing bus service road, and to preserve that area as a conservancy district for essential recreational, ecological and aesthetic purposes.

2) PARKING LOTS PROHIBITED. The board may not authorize the development of any portion of the nursery and prairie area on the university of Wisconsin-Parkside campus for motor vehicle parking purposes.

SECTION 8. 115.31 (5) of the statutes is amended to read:

(46) "Private road or driveway" is every way or place in private ownership and used for vehicular travel only by the owner and those having express or implied permission from the owner and every road or driveway upon the grounds of public institutions other than those under the jurisdiction of the board of regents of the university of Wisconsin system under ch. 37 and a county board of public welfare created under s. 46.21, but does not include private roads or driveways as defined in sub. (46).

SECTION 11. Select committee on the university of Wisconsin system. (1) There is created a select committee on the university of Wisconsin system composed of 15 members selected as follows:

(2) It is the intent of the legislature to assure that the university system's structure, programs and financial support are administered in an effective and efficient manner that promotes to the maximum extent feasible the education needs and goals of the people of Wisconsin. To achieve such ends, it is the intent of the legislature that the select committee established under this section review and make recommendations regarding broad changes and fundamental reforms in the structure, programs and financing of the university of Wisconsin system.

(3) The board of regents of the university of Wisconsin system shall cooperate fully with the committee during the course of its studies.

(4) The select committee may expend funds for the purposes of this study from the appropriation under section 20.855 (9) (a) of the statutes.

(5) The select committee shall submit its report to the governor and the legislature by December 31, 1974.
