JOURNAL OF THE ASSEMBLY (March 27, 1974)

POINT OF ORDER

Representative Shabaz rose to the point of order that **Assembly Bill 1480** was not properly before the assembly because it had not been placed on the calendar of February 5.

The speaker ruled the point of order not well taken.

Representative Shabaz asked unanimous consent that the journal of Tuesday, March 26, 1974 on page 4282 show that Representative Matty made and subsequently withdrew a motion to suspend the rules to make **Assembly Bill 1480** a special order of business at 10:12 A.M. on Wednesday, March 27. Granted.

Representative Shabaz asked unanimous consent that Representative Earl's request relating to **Assembly Bill 1480** on page 4282 of the journal of Tuesday, March 26 be deleted.

Representative Earl objected.

POINT OF ORDER

Representative Niebler rose to the point of order that **Assembly Bill 1480** was not properly before the assembly under 13.50 (6)(a) Wisconsin Statutes.

The speaker ruled that the point of order was not well taken for the reason that Sec. 13.50(6)(a), which requires bills that create or modify retirement systems or which make pension payments to public officers or employees be referred to the Joint Survey Committee on Retirement Systems before being acted upon, does not apply to **Assembly Bill 1480**.

Assembly Bill 1480 does not provide for the payment of pensions or retirement benefits within the meaning of those terms expressed in Section 13.50. The intent and purpose for enactment of Section 13.50 was to provide the legislature with accurate information on proposals which would affect the actuarial soundness of the Wisconsin Retirement Fund and other retirement funds. A similar question to that raised now was presented during consideration by the Joint Survey Committee on Retirement Systems of Senate Bill 512, which provides substantially identical payments to retired teachers as is proposed in **Assembly Bill 1480**. In its printed report on Senate Bill 512, the Joint Survey Committee stated, "The fact remains, however, that the payments proposed by this bill are not retirement or pension payments, nor do they affect any public employe retirement fund or system. The

JOURNAL OF THE ASSEMBLY (March 27, 1974)

Committee, therefore, makes no recommendation as none is required by law."

The payments proposed to be made by Assembly Bill 1480 do not affect in any way the actuarial soundness of the Wisconsin Retirement Fund or any other retirement fund. The payments are simply payments made to supplement retirement payments, paid directly from general purpose revenues and justified on the grounds of need. Such payments are a selective type of welfare benefit rather than pension payments, within the meaning of Sec 13.50. For these reasons, Assembly Bill 1480 need not be referred to the Joint Survey Committee on Retirement Systems, and the point of order is not well taken.

Representative Earl moved that assembly substitute amendment 1 to Assembly Bill 1480 be laid on the table.

The question was: Shall assembly substitute amendment 1 to Assembly Bill 1480 be laid on the table?

The roll was taken.
