161.001 Declaration of Intent. The legislature finds that the abuse of controlled substances constitutes a serious problem for society. As a partial solution, these laws regulating controlled substances have been enacted with penalties. The legislature, recognizing a need for differentiation among those who would violate these laws makes this declaration of legislative intent:

(1) Persons who illicitly traffic commercially in controlled substances constitute a substantial menace to the public health and safety. The possibility of lengthy terms of imprisonment must exist as a deterrent to trafficking by such persons. Upon conviction for trafficking, such persons should be sentenced in a manner which will deter further trafficking by them, protect the public from their pernicious activities, and restore them to legitimate and socially useful endeavors.

(2) Persons who habitually or professionally engage in commercial trafficking in controlled substances and prescription drugs should, upon conviction, be sentenced to substantial terms of imprisonment to shield the public from their predatory acts. However, persons addicted to or dependent on controlled substances should, upon conviction, be sentenced in a manner most likely to produce rehabilitation.

(3) Upon conviction, persons who casually use or experiment with controlled substances should receive special treatment geared toward rehabilitation. The sentencing of casual users and experimenters should be such as will best induce them to shun further contact with controlled substances and to develop acceptable alternatives to drug abuse.

History: 1971 c. 219.

Ch. 161, the uniform controlled substances act, precludes the enactment of municipal ordinances regulating the sale and possession of such controlled substances as marijuana. 63 Atty. Gen. 107.

SUBCHAPTER II

STANDARDS AND SCHEDULES

161.11 Authority to control. (1) The controlled substances board shall administer this subchapter and may add substances to or delete or reschedule all substances enumerated in the schedules in ss. 161.14, 161.16, 161.18, 161.20 and 161.22 pursuant to the rule-making procedures of ch. 227. In making a determination regarding a substance, the board shall consider the following:

- (a) The actual or relative potential for abuse;
- (b) The scientific evidence of its pharmacological effect, if known;
- (c) The state of current scientific knowledge regarding the substance;
- (d) The history and current pattern of abuse;
- (e) The scope, duration and significance of abuse;
- (f) The risk to the public health;
- (g) The potential of the substance to produce psychic or physical dependence liability; and
- (h) Whether the substance is an immediate precursor of a substance already controlled under this chapter.

(2) After considering the factors enumerated in sub. (1), the controlled substances board shall

make findings with respect thereto and issue a rule controlling the substance if it finds the substance has a potential for abuse.

(3) If the controlled substances board designates a substance as an immediate precursor, substances which are precursors of the controlled precursor shall not be subject to control solely because they are precursors of the controlled precursor.

(4) If any substance is designated, rescheduled or deleted as a controlled substance under federal law and notice thereof is given to the controlled substances board, the board by affirmative action shall similarly control the substance under this chapter after the expiration of 30 days from this publication in the federal register of a final order designating a substance as a controlled substance or rescheduling or deleting a substance, unless within that 30-day period, the board objects to inclusion, rescheduling or deletion. In that case, the board shall publish the reasons for objection and afford all interested parties an opportunity to be heard. At the conclusion of the hearing, the board shall publish its decision, which shall be final unless altered by statute. Upon publication of objection to inclusion, rescheduling or deletion under this chapter by the board, control under this chapter is stayed until the board publishes its decision.

(5) Authority to control under this section does not extend to intoxicating liquors, as defined in s. 139.01 (4), to fermented malt beverages as defined in s. 66.054 (1) (j), or to tobacco.

(6) (a) The controlled substances board shall not have authority to control a nonnarcotic substance if the substance may, under the federal food, drug and cosmetic act and the laws of this state, be lawfully sold over the counter without a prescription.

(b) If the board finds that any nonnarcotic substance barred from control under this chapter by par. (a) is dangerous to or is being so used as to endanger the public health and welfare, it may request the department of justice in the name of the state to seek a temporary restraining order or temporary injunction under ch. 813 to either ban or regulate the sale and possession of the substance. The order or injunction shall continue until the adjournment of the legislature convened next following its issuance. In making its findings as to nonnarcotic substances under this paragraph, the board shall consider the items specified in sub. (1).

(b) A warrant shall issue only upon an affidavit of a designated officer or employe of the pharmacy examining board or the division of criminal investigation in the department of justice having knowledge of the facts alleged, sworn to before the judge and establishing the grounds for issuing the warrant. If property is seized pursuant to a warrant, a copy shall be given to the person from whom or from whose premises the property is taken, together with a receipt for the property taken. 1. If the owner, operator or agent in charge of the controlled premises consents;

2. In situations presenting imminent danger to health or safety;

3. In situations involving inspection of conveyances if there is reasonable cause to

believe that the mobility of the conveyance makes it impracticable to obtain a warrant;

4. In any other exceptional or emergency circumstance where time or opportunity to apply for a warrant is lacking; or

5. In all other situations in which a warrant is not constitutionally required.

(e) An inspection authorized by this section shall not extend to financial data, sales data, other than shipment data, or pricing data unless the owner, operator or agent in charge of the controlled premises consents in writing.
