To the Honorable, the Senate:

The following bills, originating in the senate, have been approved, signed and deposited in the office of the Secretary of State:

Senate Bill	Chapter No.	Date Approved
134 (partial veto)-----	2 -----	February 18, 1977

Sincerely,
PATRICK J. LUCEY
Governor

State of Wisconsin
Office of the Governor
Madison, Wisconsin

February 18, 1977.

To the Honorable, the Senate:

I have approved **Senate Bill 134** as Chapter 2, Laws of 1977, and deposited it in the office of the Secretary of State.

This bill provides an emergency response to the crisis conditions caused by our unusually cold winter and the hardships experienced by poor people throughout the state.

I have exercised the partial veto in order to make the law workable and to clear up confusing language.

Section 22.13(3)(c), as created by the bill, allows the Department of Local Affairs and Development to make grants to local units of government, to counties and to community action agencies to alleviate life-threatening situations. The bill creates two appropriations: one will aid local agencies, including sheriff's departments and county emergency government directors which have spent money in assisting people, transporting them or giving them five or six gallons of fuel to get through the night; the second appropriation is for financial assistance to families in a last resort

JOURNAL OF THE SENATE

situation. Every county is guaranteed a minimum amount for its residents. This money will be administered by community action agencies. I have vetoed three references to counties in this section. These references would delay or confuse the administration of the bill.

Community action agencies have for three years administered a federal fuel crisis program. Every county in the state is covered by a community action fuel emergency program. The bill requires that the GPR be used in each county and I have instructed the Department of Local Affairs and Development to notify each county of its allocation. The community action agencies will check to see that the person needing assistance has not or cannot be helped by any other federal, state or local programs before making a loan or a grant. They have the administrative machinery to do this almost immediately, and time is our major concern.

Section 59.07(98) of the bill expands county powers by giving them authority to appropriate money for these crisis situations. This is a power counties should have. In Section 5 of the bill I have vetoed a confusing reference to counties which is apparently the result of a drafting error.

Respectfully submitted,
PATRICK J. LUCEY
Governor
