State of Nevada  
Sixtieth Legislature

Requesting the Congress of the United States to submit to the state legislatures an amendment to the United States Constitution which would limit federal appropriations for any fiscal year to federal revenues estimated for that year, except during national emergencies.

Whereas, The national debt now amounts to hundreds of billions of dollars and is increasing enormously each year as federal expenditures grossly exceed federal revenues; and

Whereas, Payment of the increased interest on this ever-expanding debt imposes a tremendous burden on the taxpayers of this country; and

Whereas, Continuous deficit financing by the Federal Government supports inflationary conditions which adversely affect the national economy and all Americans, particularly those persons with fixed or low incomes; and

Whereas, Constantly increasing use of deficit financing has enabled the Federal Government to allocate considerable sums to programs which in many instances have proved to be wasteful and not beneficial to the public; and

Whereas, Limiting federal expenditures in each fiscal year to revenues available in that year, except during national emergencies, will result in greater selectivity of federal programs for the benefit of the public; and

## JOURNAL OF THE ASSEMBLY [April 26, 1979]

Whereas, The annual federal budgets continually reflect the unwillingness or inability of both the legislative and executive branches of the Federal Government to balance the budget and demonstrate the necessity for a constitutional restraint upon deficit financing; and

Whereas, Under article V of the Constitution of the United States, the Congress may propose amendments to the federal Constitution whenever two-thirds of both houses deem it necessary; now, therefore, be it

Resolved by the Assembly and Senate of the State of Nevada, jointly, That this legislature respectfully requests the Congress of the United States to submit to the legislatures of the several states an amendment to the United States Constitution which would require that, in the absence of a national emergency, the total of the appropriations made by the Congress for each fiscal year may not exceed the total of the estimated federal revenues for that year; and be it further

Resolved, That the legislature of the State of Nevada proposes that the legislatures of each of the several states request the Congress to submit the constitutional amendment proposed in this resolution; and be it further

Resolved, That a copy of this resolution be immediately transmitted by the legislative counsel to the President of the Senate and the Speaker of the House of Representatives of the United States, to each member of the Nevada congressional delegation and to the presiding officer of each house of the legislatures of the several states; and be it further

Resolved, That this resolution shall become effective upon passage and approval.
