Every natural person domiciled in the state shall be deemed to be residing within the state for the purposes of determining liability for income taxes and surtaxes. In determining whether or not an individual resides within this state for purposes of this section contributions made to charitable organizations in this state are not relevant. (2) Persons required to file; other requirements. The following shall report in accordance with this section:

(a) Natural persons. Except as provided in sub. (6) (b):

1. Every natural person domiciled in this state during the entire taxable year having gross income of $5,200 or more if under 65 years of age, or $5,700 or more if 65 years of age or over, and every married person who files jointly and is domiciled in this state during the entire taxable year having gross income during the year when the joint gross income of the married person and his or her spouse is $7,200 or more if both are under 65 years of age; $7,700 or more if one spouse is under 65 years of age and the other spouse is 65 years of age or over; or $8,200 or more if both are 65 years of age or over; and every married person who files separately and is domiciled in this state during the entire taxable year and has gross income of $3,420 or more. The department of revenue shall annually adjust the dollar amounts of the filing requirements so as to reflect changes in the standard deduction, the rates under s. 71.06 or the exemption under s. 71.07 (8) (a).

2. Every nonresident person and every person who changes domicile into or out of this state during the taxable year shall file a return if the person is unmarried and has gross income of $2,000 or more, or if the person is married and the combined gross income of the person and his or her spouse is $2,000 or more.

3. Every natural person for whom a deduction from tax under s. 71.07 (8) (b) is allowable to another taxpayer for the taxable year shall file a return if that nat-
ural person has gross income, not including earned income, of $1,000 or more.

(b) **Deceased person.** The executor, administrator or other person charged with the property of a decedent shall file a return of such individual required under this section.

(c) **Person to make return for individual unable to file.** The guardian, custodian or other person charged with the care of the person or property of an individual who is unable to make a return required under this section shall file a return for such individual.

(d) **Husband and wife joint filing.** 1. Except as provided in subs. 2 and 3 and par. (e), a husband and a wife may file a joint return for income tax purposes even though one of the spouses has no gross income or no deductions.

2. No joint return may be filed if either the husband or wife at any time during the taxable year is a nonresident alien, unless an election in effect for the taxable year under section 6013 (g) or (h) of the internal revenue code.

3. No joint return may be filed if the husband and wife have different taxable years, except that if their taxable years begin on the same day and end on different days because of the death of either or both the joint return may be filed with respect to the taxable year of each unless the surviving spouse remarries before the close of his or her taxable year or unless the taxable year of either spouse is a fractional part of a year under section 443 (a) (1) of the internal revenue code.

(e) **Death of a spouse; joint returns.** For the taxable year in which the death of one spouse or both spouses occurs:

1. A joint return may be filed and shall be signed by both the decedent's personal representative and the surviving spouse, if any, if a personal representative is appointed before the last day prescribed by law, including extensions, for filing the return of the surviving spouse.

2. A joint return may be filed by the surviving spouse with respect to both that spouse and the decedent if no return for the taxable year has been filed by the decedent and no personal representative is appointed at the time the joint return is filed or before the last day prescribed by law, including extensions, for filing the return of the surviving spouse.

3. If a personal representative of the decedent is appointed after the filing of the joint return by the surviving spouse, the personal representative may disaffirm the joint return by filing, within one year after the last day prescribed by law for filing the return of the surviving spouse, a separate return for the taxable year of the decedent with respect to which the joint return was filed. If the joint return is disaffirmed, the return filed by the survivor is the survivor's separate return and the tax on the return shall be determined by excluding all items properly includable in the return of the decedent spouse.

(f) **Election by a spouse.** The election under par. (d) may be made by a spouse if the requirements of section 6013 (f) of the internal revenue code are met.

(g) **Joint return following separate return.** Except as provided in par. (i), if an individual has filed a separate return for a taxable year for which a joint return could have been filed by the individual and the individual's spouse under par. (d) or (e) and the time prescribed by law for timely filing the return for that taxable year has expired, the individual and the individual's spouse may file a joint return for that taxable year. A joint return filed by the husband and wife under this paragraph is their return for that taxable year, and all payments, credits, refunds or other repayments made or allowed with respect to the separate return of each spouse for that taxable year shall be taken into account in determining the extent to which the tax based upon the joint return has been paid. If a joint return is filed under this paragraph, any election, other than the election to file a separate return, made by either spouse in that spouse's separate return for that taxable year with respect to the treatment of any income, deduction or credit of that spouse may not be changed in the filing of the joint return if that election would have been irrevocable if the joint return had not been filed.

(h) **Death of a spouse after separate return.** In the taxable year in which the death of one or both spouses occurs, a joint return may be filed by the decedent's personal representative and the surviving spouse, if any, under this paragraph if one or both spouses filed a separate return for a taxable year for which a joint return could have been filed. If any condition under par. (i) occurs before a personal representative is appointed, a joint return may not be filed under this paragraph.

(i) **Election precluded.** The election under par. (g) or (h) may not be made if any of the following conditions applies:

1. The amount shown as tax upon that joint return is not paid in full at or before the time the joint return is filed.

2. Four or more years from the last date prescribed by law for filing the return for that taxable year have elapsed, determined without regard to any extension of time granted to either spouse.

3. There has been mailed to either spouse, with respect to that taxable year, a notice of adjustment under ss. 71.74 to 71.77 and the spouse, as to that notice, files a petition for redetermination under subch. XIV.

4. Either spouse has commenced a suit in any court for the recovery of any part of the tax for that taxable year.

5. Either spouse has entered into a closing agreement with respect to that taxable year or if any civil or criminal case arising against either spouse with respect to that taxable year has been compromised.
(j) Joint return assumed. For purposes of subchs. XII and XIII, a joint return is deemed to have been filed under this section if any of the following conditions applies:

1. Both spouses filed separate returns before filing the joint return, on the date when the last separate return was filed, but not earlier than the last date prescribed by law for filing the return of either spouse.

2. Only one spouse filed a separate return before filing the joint return and the other spouse had less than $3,420 of gross income for that taxable year, on the date of the filing of that separate return, but not earlier than the last date prescribed by law for the filing of that separate return.

3. Only one spouse filed a separate return before filing the joint return and the other spouse had $3,420 or more of gross income for that taxable year, on the date the joint return was filed.

(k) Filing date assumed. For purposes of s. 71.75, a joint return filed under this section is deemed to be filed on the last date prescribed by law for filing the return for that taxable year, determined without regard to any extension of time granted to either spouse.

(L) Limits extended. If a joint return is filed under this section, the periods of limitations under ss. 71.74 to 71.77 and subch. XV on the making of assessments and the beginning of levy or of a proceeding in court for collection shall, with respect to the return, be extended to the extent necessary to include one year immediately after the date of the filing of the joint return, computed without regard to any extension of time granted to either spouse.

(m) Separate return following joint return. 1. Except as provided in subds. 3 and 5, for a taxable year for which a joint return has been filed, separate returns may be filed by the spouses on or before the last date prescribed by law for timely filing the return of either has elapsed.

2. If a husband and wife change from a joint return to separate returns within the time prescribed in subd. 1, the tax paid on the joint return shall be allocated between them in proportion to the tax liability shown on each separate return.

3. In the taxable year in which the death of one or both spouses occurs, a separate return may be filed under this paragraph within the time prescribed in subd. 1, or as provided for a personal representative under par. (e) if a joint return has been filed under par. (e) by the surviving spouse or by the decedent's personal representative and the surviving spouse. If a separate return is filed by the surviving spouse or by the decedent's personal representative under this paragraph, the joint return previously filed shall be the separate return of the surviving spouse or the decedent for whom the separate return was not filed, unless both the surviving spouse and the decedent's personal representative file a separate return under this paragraph. The tax on the separate return of the surviving spouse shall be determined by excluding all items properly includable in the separate return of the decedent, and the tax on the separate return of the decedent shall be determined by excluding all items properly includable in the return of the surviving spouse.

4. The time allowed the personal representative to disaffirm the joint return by the filing of a separate return does not establish a new due date for the return of the deceased spouse, and sub. (8) and ss. 71.91 and 71.92 apply to that return.

5. A separate return may not be filed unless the amount shown upon that separate return is paid in full on or before the date when the separate return is filed.

(3) Fractional part of year. (a) Where a natural person or fiduciary files a federal income tax return for a fractional part of the year or where a Wisconsin income tax return for a fractional part of the year is necessary in making transition to reporting on the basis of income reported for federal tax purposes, the person shall file a Wisconsin income tax return for such fractional year, and such fractional year shall constitute an income year.

(b) The Wisconsin taxable income, in case of reporting income for a fractional part of a year under par. (a), shall be placed on an annual basis by multiplying the amount thereof by 12 and dividing by the number of months included in the period for which the return is made. The tax payable shall be such proportion of the tax computed on such annual basis, after deduction of personal exemptions, as the number of months in such short period is to 12. If the person's personal exemption status changed during the short period, such status shall be determined as of the end of such short period.

(4) Election to have department compute tax. (a) Natural persons whose total income is not in excess of $10,000 and consists entirely of wages subject to withholding for Wisconsin tax purposes and not more than $200 total of dividends, interest and other wages not subject to Wisconsin withholding, and who have elected the Wisconsin standard deduction and have not claimed either the credit for homestead property tax relief or deductions for expenses incurred in earning such income, shall, at their election, not be required to report on their income tax returns the amount of the tax imposed on their Wisconsin taxable income. Married persons shall be permitted this election only if the joint income of the husband and wife does not exceed $10,000, if both report their incomes on the same joint income tax return form, and if both make this election.

(b) The tax on income reported by persons making the election under par. (a) shall be computed by the department of revenue. After applying all known applicable credits, the department shall notify the taxpayer by mail of the amount of taxes due or the amount of taxes to be refunded.

(5) Copy of federal return. To the extent necessary for the administration of the tax imposed by this...
chapter, when required under rules prescribed or orders issued by the department or upon the written request of the department, natural persons and fiduciaries subject to this chapter shall file with the department a true and complete copy of their federal income tax return and any other return or statement filed with, or made to, or any document received from, the internal revenue service.

(6) **Time return required.** (a) Reports required under this section shall be made on or before April 15 following the close of a year referred to in sub. (2) (a) (or when such person's fiscal year is other than the calendar year, then on or before the 15th day of the 4th month following the close of such fiscal year) to the department of revenue, in the manner and form prescribed by the department of revenue, whether notified to do so or not. Such persons shall be subject to the same penalties for failure to report as those who receive notice. If the taxpayer is unable to make his or her own return, the return shall be made by a duly authorized agent or by the guardian or other person charged with the care of the person or property of such taxpayer.

(b) Nothing in this section precludes the department of revenue from requiring any person other than a corporation to file an income tax return when in the judgment of the department a return should be filed.

(7) **Extension of time to file.** In the case of returns of natural persons and fiduciaries which require a statement of amounts or information contained or entered on a corresponding return under the internal revenue code, such returns shall be filed within the time fixed under said code for filing of the corresponding federal return. Any extension of time granted by law or by the internal revenue service for the filing of such corresponding federal return shall extend the time for filing under this chapter provided a copy of any extension granted by the internal revenue service is filed with the return under this chapter or at such earlier date as the department by rule prescribes. Extensions for periods of 30 days may also be granted by the department in any case for cause satisfactory to it and if, in the case of a joint return, a request for an extension is signed by both spouses or authorized representatives. Taxes payable upon the filing of the return shall not become delinquent during the period of an extension but shall be subject to interest at the rate of 12% per year during such period.

(8) **Payment of tax.** (a) All income and franchise taxes shall be paid to the department of revenue, at its office at Madison or at such other place the department designates.

(b) The final payment of taxes on incomes of persons other than corporations who file on a calendar year basis shall be made on or before April 15 following the close of the calendar year, except for persons electing to have the department compute their tax under sub. (4). If the return of a person other than a corporation is made on the basis of a fiscal year, such final payment shall be made on or before the 15th day of the 4th month following the close of such fiscal year, except for persons electing to have the department compute their tax under sub. (4).

(c) If the taxpayer elects under sub. (4) (a) to have the department compute the tax on his or her income and the taxpayer files his or her return on or before the date on which such return is required to be filed, the amount of taxes due thereon, as stated in the notice from the department under sub. (4) (b), shall become delinquent if not paid on or before the due date stated in the notice to the taxpayer. Such amounts of taxes due shall not be subject to any interest, other than extension interest, prior to the date of delinquency. Taxes due on returns filed after the date on which returns are required to be filed shall be deemed delinquent as of the due date of the return.

(d) The department of revenue shall accept in advance income taxes and surtaxes from taxpayers desirous of making such payments before the same shall become due and payable. Advance payment of taxes under this provision shall not relieve the taxpayer from additional taxes which may result from subsequent legislation or from additional taxable income disclosed or discovered subsequent to such payment.

(e) No person is required to pay a balance due of less than $1.

71.04 Situs of income; allocation and apportionment.

(1) **Situs.** (a) All income or loss of resident individuals and resident estates and trusts shall follow the residence of the individual, estate or trust. Income or loss of nonresident individuals and nonresident estates and trusts from business, not requiring apportionment under sub. (4), (10) or (11), shall follow the situs of the business from which derived. All items of income, loss and deductions of nonresident individuals and nonresident estates and trusts derived from a tax-option corporation not requiring apportionment under sub. (9) shall follow the situs of the corporation from which derived. Income or loss of nonresident individuals and nonresident estates and trusts derived from rentals and royalties from real estate or tangible personal property, or from the operation of any farm, mine or quarry, or from the sale of real property or tangible personal property shall follow the situs of the property from which derived. Income from personal services of nonresident individuals, including income from professions, shall follow the situs of the services. Income of nonresident individuals from the state lottery under ch. 565 is taxable by this state. All other income or loss of nonresident individuals and nonresident estates and trusts, including income or loss derived from land contracts, mortgages, stocks, bonds and securities or from the sale of similar intangible personal property, shall follow the residence of such persons, except as provided in par. (b) and sub. (9).
(b) For purposes of determining the situs of income under this section:

1. The situs of income derived by any taxpayer as the beneficiary of the estate of a decedent or of a trust estate shall be determined as if such income had been received without the intervention of a fiduciary.

2. The situs of income derived by a trustee, which income, under the internal revenue code, is taxable to the grantor of the trust or to any person other than the trust, shall be determined as if such income had actually been received directly by such grantor or such other person, without the intervention of the trust.

3. The residence of an estate or trust shall be as provided under s. 71.14.

(2) PART-YEAR RESIDENT LIABILITY DETERMINATION. Liability to taxation for income which follows the residence of the recipient, in the case of persons other than corporations, who move into or out of the state within the year, shall be determined for such year on the basis of the income received (or accrued, if on the accrual basis) during the portion of the year that any such person was a resident of Wisconsin. The net income of such person assignable to the state for such year shall be used in determining the income subject to assessment under this chapter.

(3) PARTNERS. (a) Part-year residents, time of residence. Partners who are residents of this state for less than a full taxable year shall compute taxes for that year on their share of partnership income or loss under this chapter on the part of the taxable year during which they are residents in the following manner:

1. Assign an equal portion of each item of income, loss or deduction to each day of the partnership’s taxable year.

2. Multiply each daily portion of those items of income, loss or deduction by a fraction that represents the partner’s portion, on that day, of the total partnership’s taxable year.

3. Net the items of income, loss or deduction, after the calculation under subd. 2, for all of the days during which the partner was a resident of this state.

(b) Part-year residents, nonresidents. 1. General partners who are residents of this state for less than a full taxable year or who are nonresidents shall compute taxes for that year on their share of partnership income or loss under this chapter on the part of the taxable year during which they are nonresidents by recognizing their proportionate share of all items of income, loss or deduction attributable to a business in, services performed in, or rental of property in, this state.

2. Limited partners who are precluded from management of the partnership and who may not act for the partnership may not recognize any items of income, loss or deduction of the partnership in computing taxes on their share of partnership income or loss under this chapter for the part of the taxable year during which they are nonresidents of this state.

(c) Disregarding agreements. In computing taxes under this chapter a partner shall disregard all provisions in partnership agreements that do any of the following:

1. Characterize the consideration for payments to the partner as services or the use of capital.

2. Allocate to the partner, as income from or gain from sources outside this state, a greater proportion of the partner’s distributive share of partnership income or gain than the ratio of partnership income or gain from sources outside this state to partnership income or gain from all sources.

3. Allocate to a partner a greater proportion of a partnership item of loss or deduction from sources in this state than the partner’s proportionate share of total partnership loss or deduction.

4. Determine a partner’s distributive share of an item of partnership income, gain, loss or deduction for federal income tax purposes if the principal purpose of that determination is to avoid or evade the tax under this chapter.

(4) NONRESIDENT ALLOCATION AND APPORTIONMENT FORMULA. Nonresident individuals and nonresident estates and trusts engaged in business within and without the state shall be taxed only on such income as is derived from business transacted and property located within the state. The amount of such income attributable to Wisconsin may be determined by an allocation and separate accounting thereof, when the business of such nonresident individual or nonresident estate or trust within the state is not an integral part of a unitary business, but the department of revenue may permit an allocation and separate accounting in any case in which it is satisfied that the use of such method will properly reflect the income taxable by this state. In all cases in which allocation and separate accounting is not permissible, the determination shall be made in the following manner: for all businesses except financial organizations and public utilities there shall first be deducted from the total net income of the taxpayer the part thereof (less related expenses, if any) that follows the situs of the property or the residence of the recipient. The remaining net income shall be apportioned to Wisconsin by use of an apportionment fraction composed of a sales factor representing 50% of the fraction, a property factor representing 25% of the fraction and a payroll factor representing 25% of the fraction.

(5) PROPERTY FACTOR. For purposes of sub. (4):

(a) The property factor is a fraction, the numerator of which is the average value of the taxpayer’s real and tangible personal property owned or rented and used in this state during the tax period and the denominator of which is the average value of all the taxpayer’s real and tangible personal property owned or rented and used during the tax period. Cash on hand or in the bank, shares of stock, notes, bonds, accounts receivable, or other evidence of indebtedness, special privileges, franchises, goodwill, or property the
income of which is not taxable or is separately allocated, shall not be considered tangible property nor included in the apportionment.

(b) Property used in the production of nonapportionable income or losses shall be excluded from the numerator and denominator of the property factor. Property used in the production of both apportionable and nonapportionable income or losses shall be partially excluded from the numerator and denominator of the property factor so as to exclude, as near as possible, the portion of such property producing the nonapportionable income or loss.

(c) Property owned by the taxpayer is valued at its original cost. Property rented by the taxpayer is valued at $8$ times the net annual rental. Net annual rental is the annual rental paid by the taxpayer less any annual rental received by the taxpayer from sub-rentals.

(d) The average value of property shall be determined by averaging the values at the beginning and ending of the tax period but the secretary of revenue may require the averaging of monthly values during the tax period if reasonably required to reflect properly the average value of the taxpayer's property.

(6) PAYROLL FACTOR. For purposes of sub. (4):

(a) The payroll factor is a fraction, the numerator of which is the total amount paid in this state during the tax period by the taxpayer for compensation, and the denominator of which is the total compensation paid everywhere during the tax period.

(b) Compensation is paid in this state if:

1. The individual's service is performed entirely within this state;
2. The individual's service is performed within and without this state, but the service performed without this state is incidental to the individual's service within this state;
3. A portion of the service is performed within this state and the base of operations of the individual is in this state;
4. A portion of the service is performed within this state and, if there is no base of operations, the place from which the individual's service is directed or controlled is in this state;
5. A portion of the service is performed within this state and neither the base of operations of the individual nor the place from which the service is directed or controlled is in any state in which some part of the service is performed, but the individual's residence is in this state; or
6. The individual is neither a resident of nor performs services in this state but is directed or controlled from an office in this state and returns to this state periodically for business purposes and the state in which the individual resides does not have jurisdiction to impose income or franchise taxes on the employer.

(c) Compensation related to the operation, maintenance, protection or supervision of property used in the production of both apportionable and nonapportionable income or losses shall be partially excluded from the numerator and denominator of the payroll factor so as to exclude, as near as possible, the portion of pay related to the operation, maintenance, protection and supervision of property used in the production of nonapportionable income.

(d) Payments made to an independent contractor or any person not properly classified as an employee are excluded from the payroll factor.

(e) If the taxpayer has no employees or the department determines that employees are not a substantial income-producing factor, the department may order or permit the elimination of the payroll factor and use only the arithmetical average of the other 2 factors to arrive at the Wisconsin apportionment percentage.

(7) SALES FACTOR. For purposes of sub. (4):

(a) The sales factor is a fraction, the numerator of which is the total sales of the taxpayer in this state during the tax period, and the denominator of which is the total sales of the taxpayer everywhere during the tax period. With respect to sales of tangible personal property the numerator of the sales factor is the sales of the taxpayer during the tax period under par. (b) other than sales deemed to be in this state because the taxpayer is not within the jurisdiction of the destination state for income tax purposes plus 50% of the sales deemed to be in this state because the taxpayer is not within the jurisdiction of the destination state for income tax purposes.

(b) Sales of tangible personal property are in this state if: the property is delivered or shipped to a purchaser, other than the U.S. government, within this state regardless of the f.o.b. point or other conditions of the sale; or the property is shipped from an office, store, warehouse, factory or other place of storage in this state and the purchaser is the U.S. government or the taxpayer is not within the jurisdiction, for income tax purposes of the destination state.

(c) Sales of tangible personal property by an office in this state to a purchaser in another state and not shipped or delivered from this state are in this state if the taxpayer is not within the jurisdiction for income tax purposes of either the state from which the property is delivered or shipped or of the destination state.

(d) Sales, other than sales of tangible personal property, are in this state if the income-producing activity is performed in this state. If the income-producing activity is performed both in and outside this state the sales shall be divided between those states having jurisdiction to tax such business in proportion to the direct costs of performance incurred in each such state in rendering this service. Services performed in states which do not have jurisdiction to tax the business shall be deemed to have been performed in the state to which compensation is allocated by sub. (6).
(e) In this subsection, “sales” includes, but is not limited to, the following items related to the production of business income:
1. Gross receipts from the sale of inventory.
2. Gross receipts from the operation of farms, mines and quarries.
3. Gross receipts from the sale of scrap or by-products.
5. Gross receipts from personal and other services.
6. Gross rents from real property or tangible personal property.
7. Interest on trade accounts and trade notes receivable.
8. A general partner’s share of the partnership’s gross receipts.
10. Gross royalties from income-producing activities.
11. Gross franchise fees from income-producing activities.
(f) The following items are among those that are not included in “sales” in this subsection:
1. Gross receipts and gain or loss from the sale of tangible business assets, except those under par. (e) 1, 2 and 3.
2. Gross receipts and gain or loss from the sale of nonbusiness real or tangible personal property.
3. Gross rents and rental income or loss from real property or tangible personal property.
4. Royalties from nonbusiness real property or nonbusiness tangible personal property.
5. Proceeds and gain or loss from the redemption of securities.
6. Interest, except interest under par. (e) 7, and dividends.
7. Gain or loss from the sale of intangible assets.
8. Dividends deductible by corporations in determining net income.
9. Gross receipts and gain or loss from the sale of securities.
10. Proceeds and gain or loss from the sale of receivables.
11. Refunds, rebates and recoveries of amounts previously expended or deducted.
12. Other items not includable in apportionable income.
13. Foreign exchange gain or loss.
14. Royalties and income from passive investments in the property under s. 71.25 (5) (a) 21.
15. A limited partner’s share of income or loss from a partnership.

(8) **Financial organizations and public utilities.** (a) “Financial organization”, as used in this section, means any bank, trust company, savings bank, industrial bank, land bank, safe deposit company, private banker, savings and loan association, credit union, cooperative bank, small loan company, sales finance company, investment company, brokerage house, underwriter or any type of insurance company.

(b) “Public utility”, as used in this section, means any business entity which owns or operates any plant, equipment, property, franchise, or license for the transmission of communications or the production, transmission, sale, delivery, or furnishing of electricity, water or steam, the rates of charges for goods or services of which have been established or approved by a federal, state or local government or governmental agency. “Public utility” also means any business entity providing service to the public and engaged in the transportation of goods and persons for hire, as defined in s. 194.01 (4), regardless of whether or not the entity’s rates or charges for services have been established or approved by a federal, state or local government or governmental agency.

(c) The net business income of financial organizations and public utilities requiring apportionment shall be apportioned pursuant to rules of the department of revenue, but the income taxed is limited to the income derived from business transacted and property located within the state.

(9) **Nonresident income from multistate tax-option corporation.** Nonresident individuals and nonresident estates and trusts deriving income from a tax-option corporation which is engaged in business within and without this state shall be taxed only on the income of the corporation derived from business transacted and property located in this state and losses and other items of the corporation deductible by such shareholders shall be limited to their proportionate share of the Wisconsin loss or other item. For purposes of this subsection, all intangible income of tax-option corporations passed through to shareholders is business income that follows the situs of the business.

(10) **Department may waive factor.** Where, in the case of any nonresident individual or nonresident estate or trust engaged in business within and without the state of Wisconsin and required to apportion its income as provided in this section, it shall be shown to the satisfaction of the department of revenue that the use of any one of the 3 factors provided under sub. (4) gives an unreasonable or inequitable final average ratio because of the fact that such nonresident individual or nonresident estate or trust does not employ, to any appreciable extent in its trade or business in producing the income taxed, the factors made use of in obtaining such ratio, this factor may, with the approval of the department of revenue, be omitted in obtaining the final average ratio which is to be applied to the remaining net income.

(11) **Department may apportion by rule.** If the income of any such nonresident individual or nonresident estate or trust properly assignable to the state of Wisconsin cannot be ascertained with reasonable cer-
tainty by the methods under this section, then the same shall be apportioned and allocated under such rules as the department of revenue may prescribe.

71.05 Income computation. (1) Exempt and excludable income. There shall be exempt from taxation under this chapter the following:

(a) Milwaukee city and county employee retirement systems. All payments received from the employee's retirement system of the city of Milwaukee, Milwaukee county employees' retirement system, sheriff's annuity and benefit fund of Milwaukee county, police officer's annuity and benefit fund of Milwaukee, fire fighter's annuity and benefit fund of Milwaukee, or the public employee trust fund as successor to the Milwaukee public school teachers' annuity and retirement fund and to the Wisconsin state teachers retirement system, which are paid on the account of any person who was a member of the paying or predecessor system or fund on or before December 31, 1963, or was retired from any of the systems or funds as of December 31, 1963, but such exemption shall not exclude from gross income tax sheltered annuity benefits.

(b) State legislature allowance for expenses. All amounts received in accordance with s. 13.123 (1) (a) which are spent for the purposes specified in s. 13.123 (1) (a) if the person does not claim a deduction for travel expenses away from home on legislative days. In this chapter, the place of residence of a member of the state legislature within the legislative district which the member represents shall be considered the member's home.

(2) Nonresident reciprocity. All payments received by natural persons domiciled outside Wisconsin who derive income from the performance of personal services in Wisconsin shall be excluded from Wisconsin gross income to the extent that it is subject to an income tax imposed by the state of domicile; provided that the law of the state of domicile allows a similar exclusion of income from personal services earned in such state by natural persons domiciled in Wisconsin, or a credit against the tax imposed by such state on such income equal to the Wisconsin gross income to the extent that it is subject to tax.

(3) Menominee Indian tribe; distribution of assets. No distribution of assets from the United States to the members of the Menominee Indian tribe as defined in s. 49.085 or their lawful distributees, or to any corporation, or organization, created by the tribe or at its direction pursuant to section 8, P.L. 83-399, as amended, and no issuance of stocks, bonds, certificates of indebtedness, voting trust certificates or other securities by any such corporation or organization, or voting trust, to such members of the tribe or their lawful distributees shall be subject to income taxes under this chapter; provided, that so much of any cash distribution made under said P.L. 83-399 as consists of a share of any interest earned on funds deposited in the treasury of the United States pursuant to the supplemental appropriation act, 1952, (65 Stat. 736, 754) shall not by virtue of this subsection be exempt from the individual income tax of this state in the hands of the recipients for the year in which paid. For the purpose of ascertaining the gain or loss resulting from the sale or other disposition of such assets and stocks, bonds, certificates of indebtedness and other securities under this chapter, the fair market value of such property, on termination date as defined in s. 70.057 (1), 1967 stats., shall be the basis for determining the amount of such gain or loss.

(5) Fractional year. When an income tax return is required to be filed for a fractional part of a year under s. 71.03 (3) (a), the Wisconsin taxable income shall be placed on an annual basis as provided under s. 71.03 (3) (b).

(6) Modifications and transitional adjustments. Some of the modifications referred to in s. 71.01 (13), (14) and (15) are:

(a) Additions. To federal adjusted gross income add:

1. The amount of any interest, except interest under par. (b) 1, less related expenses, which is not included in federal adjusted gross income.
2. Losses not allocable or apportionable to this state under s. 71.04.
3. Any amount deducted as a capital loss carryover from any taxable year prior to the 1965 taxable year.
4. The amount of any lump sum distribution taxable under section 402 (e) (1) of the internal revenue code (relating to distributions from employee benefit plans).
5. Any amount deducted as a capital loss carryover from any taxable year prior to the 1975 taxable year if the capital asset which generated the loss had a situs outside of Wisconsin.
6. Any amount received in taxable year 1979 or thereafter by a Wisconsin resident shareholder as a proportionate share of the earnings and profits of a tax-option corporation which was accumulated prior to the beginning of its 1979 taxable year and not considered a dividend when received under section 1375 (d) (1) of the internal revenue code as amended to December 31, 1978.
7. Any amount deducted under section 170 (i) of the internal revenue code (relating to the deduction of charitable contributions by individuals who do not itemize deductions).
8. Wages paid to an entertainer or entertainment corporation unless the taxpayer complies with ss. 71.63 (3) (b), 71.64 (4) and (5) and 71.80 (15) (b).
9. Any amount excluded from adjusted gross income under section 641 (e) (1) of the internal revenue code (relating to gain on the sale of any property by a trust within 2 years of acquisition).
10. For the taxable year, combined net losses, exclusive of net gains from the sale or exchange of capital or business assets and exclusive of net profits,
from businesses, from rents, from partnerships, from S corporations, from estates or from trusts, under section 165 of the internal revenue code, except losses allowable under sections 1211 and 1231 of the internal revenue code, otherwise includable in calculating Wisconsin income if those losses are incurred in the operation of a farming business, as defined in section 464 (e) 1 of the internal revenue code to the extent that those combined net losses exceed $20,000 if nonfarm Wisconsin adjusted gross income exceeds $55,000 but does not exceed $75,000, exceed $17,500 if nonfarm Wisconsin adjusted gross income exceeds $75,000 but does not exceed $100,000, exceed $15,000 if nonfarm Wisconsin adjusted gross income exceeds $100,000 but does not exceed $150,000, exceed $12,500 if nonfarm Wisconsin adjusted gross income exceeds $150,000 but does not exceed $200,000, exceed $10,000 if nonfarm Wisconsin adjusted gross income exceeds $200,000 but does not exceed $250,000, exceed $7,500 if nonfarm Wisconsin adjusted gross income exceeds $250,000 but does not exceed $300,000, exceed $5,000 if nonfarm Wisconsin adjusted gross income exceeds $300,000 but does not exceed $400,000 and exceed $0 if nonfarm adjusted gross income exceeds $400,000, except that the amounts applicable to married persons filing separately are 50% of the amounts specified in this subdivision.

11. Expenses paid by a fiduciary that have been deducted under section 212 of the internal revenue code and also have been deducted or will be deducted under s. 72.14 (1) (c). The modification under this subdivision applies only to the extent of the fiduciary’s nondistributable income.

12. All alimony deducted for federal income tax purposes and paid while the individual paying the alimony was a nonresident of this state; all penalties for early withdrawals from time savings accounts and deposits deducted for federal income tax purposes and paid while the individual charged with the penalty was a nonresident of this state; all repayments of supplemental unemployment compensation benefits deducted for federal income tax purposes and made while the individual making the repayment was a nonresident of this state; all reforestation expenses related to property not in this state, deducted for federal income tax purposes and paid while the individual paying the expense was not a resident of this state; all contributions to individual retirement accounts, simplified employee pension plans and self-employment retirement plans and all deductible employee contributions, deducted for federal income tax purposes and in excess of that amount multiplied by a fraction the numerator of which is the individual’s total wages and net earnings from a trade or business taxable by this state and the denominator of which is the individual’s total wages and net earnings from a trade or business; and the contributions to a Keogh plan deducted for federal income tax purposes and in excess of that amount multiplied by a fraction the numerator of which is the individual’s net earnings from a trade or business taxable by this state, and the denominator of which is the individual’s total net earnings from a trade or business.

13. The amount claimed by a fiduciary as an itemized deduction under section 164 of the internal revenue code on the federal fiduciary return.

14. Any proportionate share of the earnings and profits of a corporation that is an S corporation for federal income tax purposes if those earnings and profits accumulated during a year for which the shareholders have elected under s. 71.365 (4) not to be a tax-option corporation, to the extent not included in federal adjusted gross income for the current year.

(b) Subtractions. From federal adjusted gross income subtract to the extent included in federal taxable or adjusted gross income unless the modification is an item, other than a capital gain deduction under s. 71.36 or interest on U.S. obligations, that is passed through to an individual from a tax-option corporation and would be included in that corporation’s income if it were not a tax-option corporation:

1. The amount of any interest or dividend income which is by federal law exempt from taxation by this state.

2. Net income not allocated or apportioned to this state under s. 71.04.

3. Any other amount not subject to taxation under this chapter, less any amount allocable thereto which has been deducted in the computation of federal taxable or adjusted gross income except amounts used to calculate the credit under s. 71.07 (5).

4. Disability payments, if the individual either is single or is married and files a joint return, to the extent those payments are excludable under section 105 (d) of the internal revenue code as it existed immediately prior to its repeal in 1983 by section 122 (b) of P.L. 98-21, except that if an individual is divorced during the taxable year that individual may subtract an amount only if that person is disabled and the amount that may be subtracted then is $100 for each week that payments are received or the amount of disability pay reported as income, whichever is less. If the exclusion under this subdivision is claimed on a joint return and only one of the spouses is disabled, the maximum exclusion is $100 for each week that payments are received or the amount of disability pay reported as income, whichever is less.

5. Any amounts that are recoveries of federal itemized deductions for which no tax benefit was received for Wisconsin purposes.

6. The amount of net capital gains on small business stock otherwise subject to the tax under s. 71.02 if the taxpayer has not acquired the stock by gift and submits with the taxpayer’s return a copy of the certification under s. 71.01 (10).

7. Expenses paid by a fiduciary that the fiduciary irrevocably specifies in writing have not been
determined under section 212 of the internal revenue code and have not been, and will not be, determined under s. 72.14 (1) (c). The modification under this subdivision applies only to the extent of the fiduciary's nondistributable income.

8. The difference between the amount included in federal adjusted gross income for the current year and the amount calculated under section 85 of the internal revenue code (relating to unemployment compensation) as that section existed on December 31, 1985.

9. On assets held more than one year 60% of the capital gain as computed under the internal revenue code, not including amounts treated as ordinary income for federal income tax purposes because of the recapture of depreciation or any other reason. For purposes of this subdivision, the capital gains and capital losses for all assets shall be netted before application of the percentage.

(7) Addition or subtraction of transitional adjustments. Add or subtract, as appropriate, any transitional adjustments computed under sub. (13).

(8) Losses. (a) The carry back of losses to reduce income of prior years shall not be permitted. There shall be added any amount deducted as a federal net operating loss carry-over and there shall be subtracted for the first taxable year for which the subtraction may be made any Wisconsin net operating loss carry-forward allowable under par. (b) in an amount not in excess of the Wisconsin taxable income computed before the deduction of the Wisconsin net operating loss carry-forward.

(b) A Wisconsin net operating loss may be carried forward against Wisconsin taxable incomes of the next 15 taxable years to the extent not offset against other income of the year of loss and to the extent not offset against Wisconsin modified taxable income of any year between the loss year and the taxable year for which the loss carry-forward is claimed. In this paragraph, "Wisconsin modified taxable income" means Wisconsin taxable income with the following exceptions: a net operating loss deduction or offset for the loss year or any taxable year thereafter is not allowed, the deduction for long-term capital gains under section 1202 of the internal revenue code is not allowed, the amount deductible for losses from sales or exchanges of capital assets may not exceed the amount includable in income for gains from sales or exchanges of capital assets and "Wisconsin modified taxable income" may not be less than zero.

(9) Partners. In determining Wisconsin adjusted gross income or Wisconsin taxable income of a partner, any applicable modification described in this section which relates to an item of partnership income, gain, loss or deduction shall be made in accordance with the partner's distributive share, for federal income tax purposes of the item to which the modification relates. Where a partner's distributive share of any such item is not required to be taken into account separately for federal income tax purposes or the modification relates to no ascertainable item of the partnership income of the current year, each partner's share of such modification shall be proportional to his or her distributive share for federal income tax purposes of partnership taxable income or loss generally.

(10) Other adjustments. Add to or subtract from federal adjusted gross income, as appropriate:

(b) Except as provided in sub. (21), the shareholder's proportionate share of the amount by which any item of income, loss or deduction of a tax-option corporation subject to taxation under this chapter differs from federal taxable income, loss or deduction of the corporation for the same year attributed to its shareholders, and any amount necessary to prevent the double inclusion or omission of any item of income, loss, deduction or basis, except that credits against gross tax may not be subtracted under this paragraph.

(c) The amount required so that the net capital loss, after netting capital gains and capital losses to arrive at total capital gain or loss, is offset against ordinary income only to the extent of $500. Losses in excess of $500 shall be carried forward to the next taxable year and offset against ordinary income up to the limit under this paragraph. Losses shall be used in the order in which they accrue.

(d) Any item of income, loss or deduction passed through from a corporation that is an S corporation for federal income tax purposes and is, under s. 71.365 (4), not a tax-option corporation.

(e) On sale, exchange, abandonment or other disposition in a transaction in which gain or loss is recognized to the owner of property acquired from a decedent, as described in section 1014 of the internal revenue code, exclusive of property constituting income under section 102 (b) of the internal revenue code, the difference between the federal basis and the Wisconsin basis. The Wisconsin basis of property acquired from a decedent shall be determined under the internal revenue code, but the value used for property is the value properly includable for Wisconsin inheritance tax purposes instead of the value of property includable for federal estate tax purposes. In this paragraph, the exclusion under s. 72.12 (6) (b) shall not be deemed property properly includable for inheritance tax purposes, but the transfer of property exempt under s. 72.15 (5) shall be deemed property properly includable for inheritance tax purposes and, if at least 50% of the marital property held by a decedent and the decedent's surviving spouse at the time of the decedent's death is includable for purposes of computing the federal estate tax on the decedent's estate, all of the decedent's property and all of the decedent's spouse's marital property shall be deemed property properly includable for inheritance tax purposes.

(f) The amount necessary to reflect the inapplicability of section 66 (a) of the internal revenue code to the computation of income under this chapter.
(g) The amount necessary to reflect the applicability of s. 71.10 (6) (b) to (d) to the computation of income under this chapter.

(h) The amount necessary to reflect any other differences between the treatment of marital income for federal income tax purposes and the treatment of marital income under this chapter or under rules promulgated under this chapter.

(11) Waste treatment plant; pollution abatement equipment. (a) The federal adjusted basis at the end of the calendar year 1968 or corresponding fiscal year of waste treatment plant or pollution abatement equipment acquired pursuant to order or recommendation of the committee on water pollution, state board of health, city council, village board or county board pursuant to s. 59.07 (53) or (85), 1971 stats., may be treated as a subtraction modification on the return of the calendar year 1969 or corresponding fiscal year but not in later years. In case of such election, appropriate add modifications shall be made in 1969 and later taxable years to reverse federal depreciation or amortization of such basis or to correct gain or loss on disposition. The cost of such plant or equipment acquired in 1969 or thereafter pursuant to order, recommendation or approval of the committee on water pollution, department of resource development, department of natural resources, state board of health, city council, village board, or county board pursuant to s. 59.07 (53) or (85), 1971 stats., (less any federal depreciation or amortization taken) may be deducted as a subtraction modification or as subtraction modifications in the year or years in which paid or accrued, dependent on the method of accounting employed. In case of such election, appropriate add modifications shall be made in subsequent years to reverse federal depreciation or amortization or to correct gain or loss on disposition. This paragraph is intended to apply only to depreciable property except that where wastes are disposed of through a lagoon process, lagooning costs and the cost of land containing such lagoons may be treated as depreciable property for purposes of this paragraph. In no event may any amount in excess of cost be deducted. Paragraph (a) applies to all property purchased prior to July 31, 1975, or purchased and constructed in fulfillment of a written construction contract or formal written bid, which contract was entered into or which bid was made prior to July 31, 1975.

(12) Basis. (a) Except as provided in pars. (b) and (c), the Wisconsin basis of an asset owned by an individual, estate or trust and acquired before the individual became a resident of this state or before the estate or trust became subject to taxation under this chapter is the federal adjusted basis.

(b) Whenever an individual acquires a new residence, as defined in section 1034 (a) of the internal revenue code, in this state, the adjusted basis of the new residence is not required to be reduced as required under sections 1016 (a) (7) and 1034 (e) of the internal revenue code upon the sale or exchange of an old residence located outside this state if:

1. The sale or exchange of the old residence occurred in taxable year 1975 or thereafter and the individual was not a resident of this state at the time of sale or exchange of the old residence; or

2. The sale or exchange of the old residence occurred before taxable year 1975, regardless of whether the individual was a resident of this state at the time of sale or exchange of the old residence.

(c) Whenever a resident of this state sells or exchanges a principal residence located outside this state and the nonrecognition of gain provision of section 1034 (a) of the internal revenue code does not apply to that sale or exchange, the adjusted basis of the residence sold or exchanged is not required to be reduced as required by sections 1016 (a) (7) and 1034 (e) of the internal revenue code for any nonrecognized gain on the sale or exchange of any old principal residence located outside this state if:

1. The sale or exchange of the old residence occurred in taxable year 1975 or thereafter and the individual was not a resident of this state at the time of sale or exchange of the old residence; or

2. The sale or exchange of the old residence occurred before taxable year 1975, regardless of whether the individual was a resident of this state at the time of sale or exchange of the old residence.

(13) Transitional adjustments. It is the purpose of this subsection to prevent the double inclusion or omission of any item of income, deduction or basis by
reason of change to reporting on the basis of federal taxable income or federal adjusted gross income.

(a) DEFINITIONS. In this subsection:

1. “Adjusted basis” of a liability or reserve account created by accruals or other charges deducted from income for federal or Wisconsin income tax purposes is the current balance of such account on the transitional date.

2. “Changing basis assets” means inventories and assets or accounts, including liability and reserve accounts created by accruals or other charges deducted from income, other than annuity contracts or constant basis assets. “Changing basis assets” include property subject to depreciation, depletion or amortization of cost, premium or discount; capitalized intangible expenses such as trademark expense, research and development expense and loan expense if the same are being amortized for federal income tax purposes; and accruals, reserves and deferrals of either income or expense.

3. “Constant basis assets” means assets, other than inventories, the federal adjusted basis of which does not affect and is not affected by the computation of the taxpayer’s federal taxable income except when such asset is sold, exchanged, abandoned or otherwise disposed of.

4. “Federal adjusted basis” means the adjusted basis of the asset or account for the purpose of determining gain on the sale or other disposition thereof computed as of the transitional date for federal income tax purposes.

5. “Owner” means successively the owner of changing basis assets or constant basis assets as of the transitional date and any subsequent owner whose basis for such assets is found by reference to the basis thereafter of another person.

6. “Transitional date” means the first day of the taxpayer’s 1965 taxable year.

7. “Wisconsin adjusted basis” means the adjusted basis of the asset or account which would have been applicable in determining gain on the sale or other disposition thereof on the day preceding the transitional date.

(b) With respect to a constant basis asset any excess of federal adjusted basis over Wisconsin adjusted basis shall be added to income, and any excess of Wisconsin adjusted basis over federal adjusted basis shall be subtracted from income in the year in which such asset is sold, exchanged, abandoned or otherwise disposed of by the owner in a transaction in which gain or loss is recognized to the owner.

(14) TRANSITIONAL ADJUSTMENT; LOSS CARRY-FORWARDS. The amount of any long-term capital loss carry-forward from any taxable year prior to the 1982 taxable year which is not allowed as a deduction under section 1211 (b) of the internal revenue code may be deducted, subject to the annual limitations provided in section 1211 (b) of the internal revenue code. A deduction is authorized under this subsection only when the amount of capital loss or capital loss carry-forward deducted in determining federal adjusted gross income for the taxable year is less than the limitations provided in section 1211 (b) of the internal revenue code. For taxable years 1982 to 1985 for married persons, the annual limitation referred to in this subsection shall be determined under the separate return provisions of section 1211 (b) (2) of the internal revenue code. For taxable year 1986 and thereafter for married persons, the annual limitation shall be determined under section 1211 (b) of the internal revenue code.

(15) TRANSITION. In regard to property that, under s. 71.02 (2) (d) 12, 1985 stats., is required to be depreciated for taxable year 1986 under the internal revenue code as amended to December 31, 1980, and that was placed in service by the taxpayer during taxable year 1986 and thereafter but before the property is used in the production of income subject to taxation under this chapter, the property’s adjusted basis and the depreciation or other deduction schedule are not required to be changed from the amount allowable on the owner’s federal income tax returns for any year because the property is used in the production of income subject to taxation under this chapter.

(16) DEPRECIATION CONTINUATION. Property that, under s. 71.02 (2) (d) 12, 1985 stats., is required to be depreciated for taxable year 1986 under the internal revenue code as amended to December 31, 1980, shall continue to be depreciated under the internal revenue code as amended to December 31, 1980.

(17) DIFFERENCE IN BASIS. With respect to depreciable property that, under s. 71.02 (2) (d) 12, 1985 stats., is required to be depreciated for taxable year 1986 under the internal revenue code as amended to December 31, 1980, and that was disposed of in taxable year 1986 and thereafter, any difference between the adjusted basis for federal income tax purposes and the adjusted basis under this chapter shall be taken into account in determining net income or loss in the year or years that the gain or loss is reportable under this chapter.

(18) CARRY-OVER BASIS PRECLUDED. With respect to property that, under s. 71.02 (2) (d) 12, 1985 stats., is required to be depreciated for taxable year 1986 under the internal revenue code as amended to December 31, 1980, and that was acquired in a transaction occurring in taxable year 1986 and thereafter in which the adjusted basis of the property in the hands of the transferee is the same as the adjusted basis of the property in the hands of the transferor, the Wisconsin adjusted basis of that property on the date of transfer is the adjusted basis allowable under the depreciation provisions of the internal revenue code as defined for Wisconsin purposes for the property in the hands of the transferor.

(19) MODIFICATION OF FEDERAL ADJUSTED GROSS INCOME. Whenever a person other than a corporation acquires, after the transitional date, as defined in sub.
(13) (a) 6, a constant basis asset, the federal basis of which is different from the Wisconsin basis, an appropriate modification of federal adjusted gross income shall be made in the year of sale, exchange, abandonment or other disposition of such asset properly to reflect the income consequences of such difference. Whenever such a person acquires, after said transitional date, a changing basis asset the federal basis of which is different from the Wisconsin basis, appropriate modifications of federal adjusted gross income shall be made each year properly to reflect the income consequences of such difference; in any such case the secretary of revenue or his or her delegate may agree with the taxpayer for an amortization of such difference in basis over a period of 5 years or less.

(20) Partnership interests. Whenever a person other than a corporation sells, exchanges or otherwise disposes of an ownership interest in a partnership in a transaction in which gain or loss is recognized, an appropriate modification to federal adjusted gross income may be made in the year of disposition to reflect an increase or decrease in the basis of the partnership interest equal to any reductions or additions in such basis occurring in calendar or fiscal years prior to 1975 as a result of losses or gains relating to business or property which had a situs outside of this state under the provisions of s. 71.07, 1985 stats., in effect for years prior to 1975.

(21) Capital gain and loss treatment for adjustments for difference in Wisconsin and federal basis of capital assets. Notwithstanding the provisions of subs. (7), (10) (b) and (e), (13), (19) and (20), the amount of any adjustment relating to the basis of a capital asset shall be combined with other long-term or short-term capital gains and losses reportable for the taxable year or carry-over year, as appropriate. The provisions of sections 1202, 1211 and 1212 of the internal revenue code, to the extent recognized or allowed by this chapter (including any addition required by s. 71.05 (1) (a) 2, 1983 stats., for the taxable year 1983), apply to the resulting net gain or loss determined. Add or subtract, as appropriate, from federal adjusted gross income of the taxable year or a carry-over year an amount to reflect the income consequences of making the amount of a basis adjustment required under this subsection subject to capital gain and loss treatment.

(22) Standard deduction. (a) Election of deductions; husband and wife deductions. Natural persons who have not elected the federal standard deduction, or tax tables based on adjusted gross income, in filing their federal income tax return, may elect the Wisconsin standard deduction in reporting Wisconsin's taxable income of the same year.

(b) Deduction precluded. The standard deduction shall not be allowed in computing the taxable income of:

1. A nonresident alien individual.

2. A U.S. citizen entitled to the benefits of section 931 of the internal revenue code for federal income tax purposes, applicable with respect to taxation of individuals on 1973 income, and income of subsequent years.

3. An individual making a return for a period of less than 12 months because of a change in his or her annual accounting period.

4. An estate or trust, common trust fund or partnership.

(c) Deduction limits; 1987. For taxable year 1987, the Wisconsin standard deduction is whichever of the following amounts is appropriate. For a single individual who has a Wisconsin adjusted gross income of less than $7,500, the standard deduction is $5,200. For a single individual who has a Wisconsin adjusted gross income of at least $7,500 but not more than $50,830, the standard deduction is the amount obtained by subtracting from $5,200 12% of Wisconsin adjusted gross income in excess of $7,500 but not less than $0. For a single individual who has a Wisconsin adjusted gross income of more than $50,830, the standard deduction is $0. For a married couple filing jointly that has an aggregate Wisconsin adjusted gross income of less than $10,000, the standard deduction is $7,560. For a married couple filing jointly that has an aggregate Wisconsin adjusted gross income of at least $10,000 but not more than $70,480, the standard deduction is the amount obtained by subtracting from $7,560 12.5% of aggregate Wisconsin adjusted gross income in excess of $10,000 but not less than $0. For a married couple filing jointly that has an aggregate Wisconsin adjusted gross income of more than $70,480, the standard deduction is $0. For a married individual filing separately who has a Wisconsin adjusted gross income of less than $4,750, the standard deduction is $3,590. For a married individual filing separately who has a Wisconsin adjusted gross income of at least $4,750 but not more than $33,470, the standard deduction is the amount obtained by subtracting from $3,590 12.5% of Wisconsin adjusted gross income in excess of $4,750 but not less than $0. For a married individual filing separately who has a Wisconsin adjusted gross income of more than $33,470, the standard deduction is $0. The secretary of revenue shall prepare a table under which deductions under this paragraph shall be determined. That table shall be published in the department's instructional booklets.

(d) Deduction limits; 1988 and thereafter. For taxable year 1988 and thereafter, the Wisconsin standard deduction is whichever of the following amounts is appropriate. For a single individual who has a Wisconsin adjusted gross income of less than $7,500, the standard deduction is $5,200. For a single individual who has a Wisconsin adjusted gross income of at least $7,500 but not more than $50,830, the standard deduction is the amount obtained by subtracting from $5,200 12% of Wisconsin adjusted gross income in
excess of $7,500 but not less than $0. For a single individual who has a Wisconsin adjusted gross income of more than $50,830, the standard deduction is $0. For a married couple filing jointly that has an aggregate Wisconsin adjusted gross income of less than $10,000, the standard deduction is $8,900. For a married couple filing jointly that has an aggregate Wisconsin adjusted gross income of at least $10,000 but not more than $55,000, the standard deduction is the amount obtained by subtracting from $8,900 19.778% of aggregate Wisconsin adjusted gross income in excess of $10,000 but not less than $0. For a married couple filing jointly that has an aggregate Wisconsin adjusted gross income of more than $55,000, the standard deduction is $0. For a married individual filing separately who has a Wisconsin adjusted gross income of less than $4,750, the standard deduction is $4,230. For a married individual filing separately who has a Wisconsin adjusted gross income of at least $4,750 but not more than $26,140, the standard deduction is the amount obtained by subtracting from $4,230 19.778% of Wisconsin adjusted gross income in excess of $4,750 but not less than $0. For a married individual filing separately who has a Wisconsin adjusted gross income of more than $26,140, the standard deduction is $0. The secretary of revenue shall prepare a table under which deductions under this paragraph shall be determined. That table shall be published in the department's instructional booklets.

(e) Proration for fiscal year filer. For a fiscal year taxpayer, any increase in the standard deduction over the standard deduction permissible in the previous calendar year must be prorated by taking into account the number of days of the taxpayer's fiscal year falling in each calendar year.

(f) Limitation for dependent who files return. In the case of a taxpayer with respect to whom a deduction under s. 71.07 (8) is allowable to another person, the Wisconsin standard deduction shall not exceed the taxpayer's earned income, as defined in section 911 (b) of the internal revenue code as of December 31, 1976, that is taxable under this chapter.

(g) Nonresidents. With respect to nonresident natural persons deriving income from property located, business transacted or personal or professional services performed in this state, including natural persons changing their domicile into or from this state, the Wisconsin standard deduction and itemized deductions are based on federal adjusted gross income and are limited by such fraction of that amount as Wisconsin adjusted gross income is of federal adjusted gross income. In this paragraph, for married persons filing separately "adjusted gross income" means the separate adjusted gross income of each spouse, and for married persons filing jointly "adjusted gross income" means the total adjusted gross income of both spouses.

(h) Part-year residents. If a person and that person's spouse are not both domiciled in this state during the entire taxable year, the Wisconsin standard deduction or itemized deduction on a joint return is determined by multiplying the Wisconsin standard deduction or itemized deduction, each calculated on the basis of federal adjusted gross income, by a fraction the numerator of which is their joint Wisconsin adjusted gross income and the denominator of which is their joint federal adjusted gross income. For a married person who is not domiciled in this state for the entire taxable year and who files a separate return, the Wisconsin standard deduction and itemized deduction are determined under par. (g).

71.06 Rates of taxation. (1) Fiduciaries and single individuals. The tax to be assessed, levied and collected upon the taxable incomes of all fiduciaries, except fiduciaries of nuclear decommissioning trust or reserve funds, and single individuals for calendar year 1987 and corresponding fiscal years and for calendar and fiscal years thereafter shall be computed at the following rates:

(a) On all taxable income from $0 to $7,500, 4.9%.
(b) On all taxable income exceeding $7,500 but not exceeding $15,000, 6.55%.
(c) On all taxable income exceeding $15,000, 6.93%.

(2) Married persons. The tax to be assessed, levied and collected upon the taxable incomes of all married persons for calendar year 1987 and corresponding fiscal years and for calendar and fiscal years thereafter shall be computed at the following rates:

(a) For joint returns:
1. On all taxable income from $0 to $10,000, 4.9%.
2. On all taxable income exceeding $10,000 but not exceeding $20,000, 6.55%.

(b) For married persons filing separately:
1. On all taxable income from $0 to $5,000, 4.9%.
2. On all taxable income exceeding $5,000 but not exceeding $10,000, 6.55%.
3. On all taxable income exceeding $10,000, 6.93%.

(3) Tax Table. The secretary of revenue shall prepare a table from which the tax in effect on taxable personal income of less than $10,000 shall be determined. Such table shall be published in the department's appropriate instructional booklets. The form and the tax computations of the table shall be substantially as follows:

(a) The title thereof shall be "Tax Table".
(b) The first 2 columns shall contain the minimum and the maximum amounts, respectively, of taxable income in brackets of not more than $100. Computation of tax on taxable income of $10,000 and over may be set forth at the foot of such table.
(c) The 3rd column shall show the amount of the tax payable for each bracket before the allowance of any deduction for personal exemptions or exemptions for dependents. The tax shall be computed at the rates in effect, which rates shall be applied to the amount of
income at the middle of each bracket. The amount of tax for each bracket shall be computed only to the nearest 10 cents.

71.07 Credits. (1) Claim of right credit. Any natural person may credit against taxes otherwise due under this chapter the decrease in tax under this chapter for the prior taxable year that would be attributable to subtracting income taxed for that year under the claim of right doctrine but repaid, as calculated under section 1341 of the internal revenue code, if the income repaid is greater than $3,000 and the amount is not subtracted in computing Wisconsin adjusted gross income or used in computing the credit under sub. (5) (a). If the allowable amount of the claim exceeds the claimant’s taxes due under this chapter the amount of the claim not used to offset those taxes shall be certified to the department of administration for payment to the claimant by check, share draft or other draft drawn on the general fund.

(2) Community development finance authority credit. Any individual receiving a credit under s. 71.09 (12m), 1985 stats., may carry forward to the next succeeding 15 taxable years the amount of the credit not offset against taxes for the year of purchase to the extent not offset by those taxes otherwise due in all intervening years between the year for which the credit was computed and the year for which the carryforward is claimed.

(3) Farmland preservation credit. The farmland preservation credit under subch. IX may be claimed against taxes otherwise due.

(4) Homestead credit. The homestead credit under subch. VIII may be claimed by individuals against taxes otherwise due.

(5) Itemized deductions credit. For taxable year 1986 and thereafter, single persons, married persons filing separately and married persons filing jointly may claim as a deduction for inheritance tax purposes an amount of, Wisconsin net income taxes due an amount calculated as follows:

(a) Add the amounts allowed as itemized deductions under the internal revenue code except:

1. Interest paid to purchase or hold securities issued by the federal government or by any of its instrumentalities the interest on which is exempt from taxation under s. 71.05 (6) (b) 1.

2. Taxes under section 164 of the internal revenue code.

3. Casualty and theft deductions under section 165 (c) (3) of the internal revenue code.

4. Expenses to move from this state under section 217 of the internal revenue code.

5. Interest incurred to purchase or refinance a residence that is not a principal residence and is not in this state, and interest incurred to purchase or refinance a residence that is a boat.

6. The amount claimed for repayment of income previously taxed under this chapter if that amount is used in calculating the credit under sub. (1).

7. The amount of interest in excess of $1,200, or $600 for a married person filing separately, not paid on a loan to purchase or refinance a residence and not paid on a land contract.

8. Expenses that are deductible under section 212 of the internal revenue code (relating to the administrative expenses of estates) and that have been or will be claimed as a deduction for inheritance tax purposes under s. 72.14 (1) (c).

(b) Subtract the standard deduction under s. 71.05 (22) from the amount under par. (a).

(c) Multiply the amount under par. (b) by .05.

(d) With respect to persons who change their domicile into or from this state during the taxable year and nonresident persons, the credit under this subsection shall be limited to the fraction of the amount so determined that Wisconsin adjusted gross income is of federal adjusted gross income. In this paragraph, for married persons filing separately “adjusted gross income” means the separate adjusted gross income of each spouse and for married persons filing jointly “adjusted gross income” means the total adjusted gross income of both spouses. If a person and that person’s spouse are not both domiciled in this state during the entire taxable year, their credit under this subsection on a joint return shall be limited to the fraction of the amount so determined that their joint Wisconsin adjusted gross income is of their joint federal adjusted gross income.

(6) Married persons credit. (a) Married persons filing a joint return, except those who reduce their gross income under section 911 or 931 of the internal revenue code, may claim as a credit against, but not to exceed the amount of, Wisconsin net income taxes due an amount calculated as follows:

For taxable year 1986 and thereafter, single persons, married persons filing separately and married persons filing jointly may claim as a credit against, but not to exceed the amount of, Wisconsin net income taxes due an amount calculated as follows:

(a) Add the amounts allowed as itemized deductions under the internal revenue code except:

1. Interest paid to purchase or hold securities issued by the federal government or by any of its instrumentalities the interest on which is exempt from taxation under s. 71.05 (6) (b) 1.

2. Taxes under section 164 of the internal revenue code.

3. Casualty and theft deductions under section 165 (c) (3) of the internal revenue code.

4. Expenses to move from this state under section 217 of the internal revenue code.

5. Interest incurred to purchase or refinance a residence that is not a principal residence and is not in this state, and interest incurred to purchase or refinance a residence that is a boat.

6. The amount claimed for repayment of income previously taxed under this chapter if that amount is used in calculating the credit under sub. (1).

7. The amount of interest in excess of $1,200, or $600 for a married person filing separately, not paid on a loan to purchase or refinance a residence and not paid on a land contract.

8. Expenses that are deductible under section 212 of the internal revenue code (relating to the administrative expenses of estates) and that have been or will be claimed as a deduction for inheritance tax purposes under s. 72.14 (1) (c).

(b) Subtract the standard deduction under s. 71.05 (22) from the amount under par. (a).

(c) Multiply the amount under par. (b) by .05.

(d) With respect to persons who change their domicile into or from this state during the taxable year and nonresident persons, the credit under this subsection shall be limited to the fraction of the amount so determined that Wisconsin adjusted gross income is of federal adjusted gross income. In this paragraph, for married persons filing separately “adjusted gross income” means the separate adjusted gross income of each spouse and for married persons filing jointly “adjusted gross income” means the total adjusted gross income of both spouses. If a person and that person’s spouse are not both domiciled in this state during the entire taxable year, their credit under this subsection on a joint return shall be limited to the fraction of the amount so determined that their joint Wisconsin adjusted gross income is of their joint federal adjusted gross income.

(7) Other state tax credit. (a) In this subsection, “state” includes the District of Columbia, but does not include the commonwealth of Puerto Rico or the several territories organized by Congress.
(b) If a resident individual, estate or trust pays a net income tax to another state, that resident individual, estate or trust may claim as a credit under this subsection that Wisconsin adjusted gross income is of federal gross income or the denominator of which is their joint Wisconsin adjusted gross income during the entire taxable year, their personal exemptions shall be deemed a net income tax paid to that other state only in the year in which the income tax return for that state was required to be filed. Income and franchise taxes paid to another state by a tax-option corporation may be claimed as a credit under this paragraph by that corporation's shareholders who are residents of this state and who otherwise qualify under this paragraph.

(8) PERSONAL EXEMPTIONS CREDIT FOR NATURAL PERSONS. On income of calendar year 1986 and corresponding fiscal years and thereafter, there may be deducted from the tax after it has been computed according to the rates of this section personal exemptions for natural persons as follows:

(a) An exemption of $25 if the taxpayer has reached the age of 65 prior to the close of the calendar or fiscal year.

(b) An exemption of $50 for each person for whom the taxpayer is entitled to an exemption for the taxable year under section 151 (c) of the federal internal revenue code.

(c) With respect to persons who change their domicile into or from this state during the taxable year and nonresident persons, personal exemptions shall be limited to the fraction of the amount so determined that Wisconsin adjusted gross income is of federal adjusted gross income. In this paragraph, for married persons filing separately "adjusted gross income" means the separate adjusted gross income of each spouse and for married persons filing jointly "adjusted gross income" means the total adjusted gross income of both spouses. If a person and that person's spouse are not both domiciled in this state during the entire taxable year, their personal exemptions on a joint return are determined by multiplying the personal exemption that would be available to each of them if they were both domiciled in this state during the entire taxable year by a fraction the numerator of which is their joint Wisconsin adjusted gross income and the denominator of which is their joint federal adjusted gross income.

(9) SCHOOL PROPERTY TAX CREDIT. (a) In this subsection:

1. "Claimant" means a natural person who files a claim or on whose behalf a claim is filed under this subsection but does not include an estate, fiduciary or trust.

2. "Principal dwelling" means any dwelling, whether owned or rented, and the land surrounding it that is reasonably necessary for use of the dwelling as a primary dwelling of the claimant and may include a part of a multidwelling or multipurpose building and a part of the land upon which it is built that is used as the claimant's primary dwelling.

3. "Property taxes" means real and personal property taxes, exclusive of special assessments, delinquent interest and charges for service, paid by a claimant on the claimant's principal dwelling during the taxable year for which credit under this subsection is claimed, less any property taxes paid which are properly includable as a trade or business expense under section 162 of the internal revenue code. If the principal dwelling on which the taxes were paid is owned by 2 or more persons or entities as joint tenants or tenants in common or is owned by spouses as marital property, "property taxes" is that part of property taxes paid that reflects the ownership percentage of the claimant. If the principal dwelling is sold during the taxable year the "property taxes" for the seller and buyer shall be the amount of the tax prorated to each in the closing agreement pertaining to the sale or, if not so provided for in the closing agreement, the tax shall be prorated between the seller and buyer in proportion to months of their respective ownership. "Property taxes" includes monthly parking permit fees in respect to a principal dwelling collected under s. 66.058 (3) (c).

4. "Rent constituting property taxes" means 25% of rent if heat is not included, or 20% of rent if heat is included, paid during the taxable year for which credit is claimed under this subsection, at arm's length, for the use of a principal dwelling and contiguous land, excluding any payment for domestic, food, medical or other services which are unrelated to use of the dwelling as housing, less any rent paid that is properly includable as a trade or business expense under the internal revenue code. "Rent" includes space rental paid to a landlord for parking a mobile home. Rent shall be apportioned among the occupants of a principal dwelling according to their respective contribution to the total amount of rent paid. "Rent" does not include rent paid for the use of housing which was exempt from property taxation, except housing for which payments in lieu of taxes were made under s. 66.40 (22).

(b) Subject to the limitations under this subsection, a claimant may claim as a credit against, but not to exceed the amount of, taxes under s. 71.02, 6.9% of the first $2,000 of property taxes or rent constituting property taxes, or 6.9% of the first $1,000 of property taxes or rent constituting property taxes of a married person filing separately.

(c) For an unmarried person or a married person filing a separate return who is a part-year resident of this state, the credit under this subsection is limited to that fraction of the amount determined under this subsection that Wisconsin adjusted gross income is of
jointly, trust or estate under s. 71.02, not considering
the joint return is determined by multiplying the school
property tax credit that would be available to them if
both spouses were domiciled in this state during the
total amount by a fraction the numerator of
which is their joint Wisconsin adjusted gross income
and the denominator of which is their joint federal
adjusted gross income. No credit is allowed under this
subsection on a joint return if both spouses are non-
residents of this state.

(d) No credit may be allowed under this subsection
unless it is claimed within the period specified in s.
71.75 (2).

(e) In any case in which a principal dwelling is
rented by a person from another person under circum-
stances deemed by the department of revenue to be not
at arm’s length, the department may determine
rent at arm’s length, and, for purposes of this subsection,
such determination shall be final.

(f) The department of revenue, on its forms and
instructions, shall refer to the credit under this subsection
as the school property tax credit.

(10) CREDITS NOT ALLOWED. (a) The shareholders
of a tax-option corporation may not claim the credit
attributable to that corporation under s. 71.28 (3).

(b) The credits under s. 71.28 (4) and (5) may not be
claimed by partners or shareholders of a tax-option
corporation.

71.08 Minimum tax. (1) IMPOSITION. If the tax
imposed on a natural person, married couple filing
jointly, trust or estate under s. 71.02, not considering
the credits under s. 71.07 (6) and subs. VIII and IX
and payments to other states under s. 71.07 (7), is less
than the tax under this section, there is imposed on
that natural person, married couple filing jointly, trust
or estate, instead of the tax under s. 71.02, an alter-
native minimum tax computed as follows:

(a) Adjust the alternative minimum taxable
income, as defined in section 55 (b) (2) of the internal
revenue code, by the amounts under s. 71.05 (6) to
(21), except s. 71.05 (6) (b) 5 and (8) (b), by the
amounts needed to modify federal alternative tax net
operating loss deductions to reflect differences
between Wisconsin net operating loss deductions and
federal net operating loss deductions for minimum tax
purposes. The department of revenue shall by rule
define Wisconsin net operating loss deductions for
minimum tax purposes.

(b) Subtract the amount under section 57 (a) (5) of
the internal revenue code from the amount under par.
(a).

(c) For nonresidents and part-year residents, adjust
the amount under par. (b) so that itemized deductions
and personal exemptions are prorated on the basis of
the ratio of Wisconsin adjusted gross income to federal
adjusted gross income.

(d) Subtract from the amount under par. (c) the
appropriate amount under section 55 (d) (1) and (3) of
the internal revenue code; except that surviving
spouses shall be treated as single individuals; except
that the amount under par. (e), not the federal alterna-
tive minimum taxable income, shall be used in calcu-
lating the phase-out and except that for nonresidents
and part-year residents the amount under section 55
(d) (1) and (3) of the internal revenue code shall be
prorated on the basis of the ratio of Wisconsin
adjusted gross income to federal adjusted gross income.

(e) Multiply the amount under par. (d) by 6.5%.

(2) JOINT LIABILITY. If the requirements under sub.
(1) are applicable and the spouses file a joint income
tax return, they shall file a joint minimum tax return
and are jointly and severally liable for the tax imposed
under sub. (1) and for the interest, penalties, fees,
additions to tax and additional assessments with
respect to the tax.

(3) ADMINISTRATION. The department of revenue
shall have full power to impose, enforce and collect
the minimum tax provided in this section and may
take any action, conduct any proceeding and in all
respects proceed as it is authorized in respect to
income taxes imposed in this chapter. The income tax
provisions in this chapter relating to assessments,
refunds, appeals, collection, interest and penalties
shall apply to the minimum tax.

(4) TAX BENEFIT RULE. The department of revenue
shall promulgate rules to provide that the amount
under sub. (1) (c) may be reduced to prevent the inclu-
sion of any amounts that do not reflect a benefit in
respect to the tax imposed under s. 71.02.

71.09 Payment of estimated taxes. (1) DEFINITIONS.
In this section:

(a) “Farmers or fishers” are individuals, estates or
trusts whose estimated gross income from farming or
fishing for the taxable year is at least two-thirds of the
total estimated gross income from all sources for the
taxable year or individuals, estates or trusts whose
gross income from farming or fishing for the preced-
ing taxable year was at least two-thirds of the total
gross income from all sources shown on that return. If
a person files a joint return, the income of both that
person and that person’s spouse shall be considered in
determining whether the person is a farmer or fisher.

(3) In any case in which a principal dwelling is
rented by a person from another person under circum-
stances deemed by the department of revenue to be not
at arm’s length, the department may determine
rent at arm’s length, and, for purposes of this subsection,
such determination shall be final.

(f) The department of revenue, on its forms and
instructions, shall refer to the credit under this subsection
as the school property tax credit.

(10) CREDITS NOT ALLOWED. (a) The shareholders
of a tax-option corporation may not claim the credit
attributable to that corporation under s. 71.28 (3).

(b) The credits under s. 71.28 (4) and (5) may not be
claimed by partners or shareholders of a tax-option
corporation.
the addition to tax under s. 71.84 (1) is less than $300, "return" means the first return filed after the due date or after the due date as extended.

(b) "Tax shown on the return" and "tax for the taxable year" mean the net tax imposed under s. 71.02 after reduction for exemptions to, and credits against, that tax but before reduction by amounts withheld under subch. X and before reduction for amounts paid as estimated tax under this section for that tax plus the tax imposed under s. 71.08 before reduction for amounts paid as estimated tax under this section for that tax.

(2) WHO SHALL PAY. Every individual, estate and trust deriving income subject to taxation under this chapter, other than wages as defined in s. 71.63 (6) upon which taxes are withheld by the individual's employer under subch. X, shall pay estimated income tax and alternative minimum tax. This section does not apply to the first or 2nd taxable year of an estate or to any person on active duty with the U.S. armed forces while stationed outside the continental United States.

(3) FARMERS OR FISHERS. Payments of estimated income tax required by sub. (2) from farmers or fishers may be made at any time on or before the 15th day of the first month of the succeeding taxable year.

(4) FARMERS OR FISHERS EXCEPTION. Except as provided in sub. (1) (am), if on or before the first day of the 3rd month of the succeeding taxable year a farmer or a fisher files a return for the taxable year, for which estimated taxes were required on or before the 15th day of the first month of the succeeding taxable year under sub. (3), and pays in full the amount computed on the return as payable, then that payment satisfies any required estimated tax instalments.

(5) AMOUNT. The amount of the estimated income tax shall be the total estimated tax, including surtaxes, if any, reduced by the amount, if any, the individual, estate or trust determines will be withheld from wages pursuant to subch. X.

(6) PLACE OF PAYMENT. All payments of estimated tax shall be made to the department at its offices in Madison unless the department, by rule, prescribes another place of payment.

(7) REFUND CARRY-FORWARD. If the taxpayer claims a refund on any tax return and, concurrent with or subsequent to the filing of the return upon which such refund is claimed, is required to pay an estimated tax, and at the time of paying that tax the refund has not been paid, he or she may deduct the amount of such refund from the first instalment of estimated taxes, and any excess from the succeeding instalments. If a refund is paid after the due date of the last instalment, its receipt shall be reflected on the income tax return covering the year. If the refund is disallowed in whole or in part after the due date of the last instalment, that disallowance must be reflected on the income tax return covering the year.

(8) PREPAYMENTS. Any instalment of the estimated tax under this section may be paid prior to the date prescribed for its payment.

(9) SHORT YEAR. Application of this section to taxable years of less than 12 full months shall be made pursuant to rules of the department.

(10) OVERPAYMENT. When the amount of an instalment payment of estimated tax exceeds the amount determined to be the correct amount of such instalment payment, the overpayment shall be credited against the unpaid instalment, if any.

(11) EXCEPTIONS TO THE ADDITION TO THE TAX. No addition to tax is required under s. 71.84 (1) if any of the following conditions apply:

(a) The tax shown on the return or, if no return is filed, the tax, minus amounts withheld under subch. X, is less than $200.

(b) The preceding taxable year was 12 months, the taxpayer had no liability under s. 71.02 or 71.08 for that year and the taxpayer was a resident of this state for all of that year.

(c) The secretary of revenue determines that because of casualty, disaster or other unusual circumstances it is not equitable to impose an addition to tax.

(d) The secretary of revenue determines that the taxpayer retired during the taxable year or during the preceding taxable year after having attained age 62 or becoming disabled and that the underpayment was due to reasonable cause and not due to willful neglect.

(12) INSTALMENT DUE DATES. Taxpayers shall make estimated payments in 4 instalments, on or before the 15th day of each of the following months:

(a) The 4th month of the taxable year.

(b) The 6th month of the taxable year.

(c) The 9th month of the taxable year.

(d) The first month of the next taxable year.

(13) INSTALMENT AMOUNTS. (a) Except as provided in pars. (b), (c) and (d), the amount of each instalment required under sub. (12) is 25% of the lower of the following amounts:

1. Ninety percent of the tax shown on the return for the taxable year or, if no return is filed, 90% of the tax for the taxable year.

2. The tax shown on the return for the preceding year.

(b) Paragraph (a) 2 does not apply if the preceding taxable year was less than 12 months or if the taxpayer did not file a return for the preceding taxable year.

(c) Paragraph (a) 2 does not apply if the taxpayer is an estate or trust and has a taxable income of $20,000 or more.

(d) If 22.5% for the first instalment, 45% for the 2nd instalment, 67.5% for the 3rd instalment and 90% for the 4th instalment of the tax for the taxable year computed by annualizing, under methods prescribed by the department of revenue, the taxpayer's income for the months in the taxable year ending before the instalment's due date is less than the instalment
required under par. (a), the taxpayer may pay the amount under this paragraph rather than the amount under par. (a). Any taxpayer who pays an amount calculated under this paragraph shall increase the next instalment computed under par. (a) by an amount equal to the difference between the amount paid under this paragraph and the amount that would have been paid under par. (a).

(14) **Exception to final instalment.** If a taxpayer files a return for a calendar year on or before January 31 of the succeeding calendar year (or if a taxpayer on a fiscal year basis files a return on or before the last day of the first month immediately succeeding the close of such fiscal year) and pays in full at the time of such filing the amount computed on the return as payable, then, if estimated taxes are not required to be paid on or before the 15th day of the 9th month of the income year but are required to be paid on or before January 15 of the succeeding income year (or the date corresponding thereto in the case of a fiscal year), such return shall be considered as such payment.

(15) **Exemption from withholding.** (a) Any individual deriving income from wages, as defined in s. 71.63 (6), which is subject to taxation under this chapter who pays 100% of the estimated tax for the following calendar or income year on or before the last day of the current calendar or income year is entitled to complete exemption from payroll withholding under subch. X for such following calendar or income year.

(b) No employer shall recognize exemption from payroll withholding for any employee who does not furnish a certificate prepared by the department of revenue satisfactorily showing that the employee has paid the estimated tax within the time and manner prescribed in this subsection with respect to the calendar or income year for which such exemption is sought.

(c) So far as applicable the additions to tax prescribed in this section shall apply to estimated taxes paid under this subsection.

(d) No employer shall force or attempt to coerce an employee into estimating and prepaying his or her income taxes. The penalty under s. 71.83 (2) (a) 4 applies to any employer who violates this paragraph.

(16) **Joint payments.** Married persons may jointly pay estimated taxes unless either spouse is a nonresident alien or the spouses have different taxable years. If they do pay jointly, the provisions under this section applicable to individuals are applicable to the married persons jointly. If a married person files a separate return for a taxable year for which a joint payment was made, the payments may be allocated between themselves as they choose, but if they do not agree on an allocation the department of revenue shall allocate the payments to each spouse on the basis of the ratio of taxes shown on their separate returns or pursuant to default assessment under s. 71.74 (3). If either spouse pays separately, no part of the payment may be allocated to the other spouse.

### 71.10 General provisions

(1) **Allocation of gross income, deductions, credits between 2 or more businesses.** In any case of 2 or more organizations or businesses (whether or not incorporated, whether or not organized in the United States and whether or not affiliated) owned or controlled directly or indirectly by the same interests, the secretary or the secretary's delegate may distribute, apportion or allocate gross income, deductions, credits or allowances between or among such organizations, trades or businesses, if the secretary determines that such distribution, apportionment or allocation is necessary in order to prevent evasion of taxes or clearly to reflect the income of any of such organizations, trades or businesses.

(2) **Assessment of income distributable to a non-resident beneficiary.** The income of a trust distributable or distributed to a nonresident beneficiary shall be assessed as the income of other nonresidents is assessed. No personal exemptions shall be allowed in assessing the income of such nonresident beneficiary unless that person makes a complete return under this chapter.

(3) **Campaign fund.** (a) Every individual filing an income tax return who has a tax liability or is entitled to a tax refund may designate $1 for the Wisconsin election campaign fund for the use of eligible candidates under s. 11.50. If the individuals filing a joint return have a tax liability or are entitled to a tax refund, each individual may make a designation of $1 under this subsection.

(b) The secretary of revenue shall provide a place for those designations on the face of the individual income tax return and shall provide next to that place a statement that a designation will not increase tax liability. Annually on August 15, the secretary of revenue shall certify to the elections board, the department of administration and the state treasurer under s. 11.50 the total amount of designations made during the preceding fiscal year. If any individual attempts to place any condition or restriction upon a designation, that individual is deemed not to have made a designation on his or her tax return.

(c) The names of persons making designations under this subsection shall be strictly confidential.

(4) **Computation order.** Notwithstanding any other provisions in this chapter, all persons other than corporations computing liability for the tax under s. 71.02 shall make computations in the following order:

(c) The credit under s. 71.07 (5).

(d) School property tax credit under s. 71.07 (9).

2. “Endangered resources program” means purchasing or improving land or habitats for any native Wisconsin endangered or threatened species as defined in s. 29.415 (2) (a) or (b) or for any nongame species as defined in s. 29.01 (3) (e), conducting wildlife and resource research and surveys and providing wildlife management services, providing for wildlife damage control or the payment of claims for damage associated with endangered or threatened species, repaying the general fund for amounts expended under s. 20.370 (1) (fb) in fiscal year 1983-84 and the payment of administrative expenses related to the administration of this subsection.

(b) **Voluntary payments.** 1. ‘Designation on return.’ Any individual filing an income tax return may designate on the return any amount of additional payment or any amount of a refund due that individual for the endangered resources program.

2. ‘Designation added to tax owed.’ If the individual owes any tax, the individual shall remit in full the tax due and the amount designated on the return for the endangered resources program when the individual files a tax return.

3. ‘Designation deducted from refund.’ Except as provided under par. (d) if the individual is owed a refund for that year after crediting under ss. 71.75 (9) and 71.80 (3), the department of revenue shall deduct the amount designated on the return for the endangered resources program from the amount of the refund.

(c) **Errors; failure to remit correct amount.** If an individual who owes taxes fails to remit an amount equal to or in excess of the total of the actual tax due, after error corrections, and the amount designated on the return for the endangered resources program:

1. The department shall reduce the designation for the endangered resources program to reflect the amount remitted in excess of the actual tax due, after error corrections, if the individual remitted an amount in excess of the actual tax due, after error corrections, but less than the total of the actual tax due, after error corrections, and the amount originally designated on the return for the endangered resources program.

2. The designation for the endangered resources program is void if the individual remitted an amount equal to or less than the actual tax due, after error corrections.

(d) **Errors; insufficient refund.** If an individual who is owed a refund which does not equal or exceed the amount designated on the return for the endangered resources program, after crediting under ss. 71.75 (9) and 71.80 (3) and after error corrections, the department shall reduce the designation for the endangered resources program to reflect the actual amount of the refund the individual is otherwise owed, after crediting under ss. 71.75 (9) and 71.80 (3) and after error corrections.

(e) **Conditions.** If an individual places any conditions on a designation for the endangered resources program, the designation is void.

(f) **Void designation.** If a designation for the endangered resources program is void, the department of revenue shall disregard the designation and determine amounts due, owed, refunded and received without regard to the void designation.

(g) **Tax return.** The secretary of revenue shall provide a place for the designations under this subsection on the individual income tax return.

(h) **Certification of amounts.** Annually, on or before September 15, the secretary of revenue shall certify to the department of natural resources, the department of administration and the state treasurer:

2. The total amount of the data processing costs incurred by the department of revenue in administering this subsection during the previous fiscal year.

3. The total amount received from all designations for the endangered resources program made by taxpayers during the previous fiscal year.

4. The net amount remaining after the administrative and data processing costs under subds. 1 and 2 are subtracted from the total received under subd. 3.

5. From the moneys received from designations for the endangered resources program, an amount equal to the sum of administrative expenses certified under subds. 1 and 2 shall be deposited in the general fund and credited to the appropriations under s. 20.566 (1) (hp) and (3) (gp), respectively, and the net amount remaining certified under subd. 4 shall be deposited in the conservation fund and credited to the appropriation under s. 20.370 (1) (fs).

6. Amounts designated for the endangered resources program under this subsection are not subject to refund to the taxpayer unless the taxpayer submits information to the satisfaction of the department within 18 months after the date taxes are due or the date the return is filed, whichever is later, that the amount designated is clearly in error. Any refund granted by the department of revenue under this subdivision shall be deducted from the moneys received under this subsection in the fiscal year that the refund is certified.

(6) **MARRIED PERSONS.** (a) **Joint returns.** Persons filing a joint return are jointly and severally liable for the tax, interest, penalties, fees, additions to tax and additional assessments under this chapter applicable...

to the return. A person shall be relieved of liability in regard to a joint return in the manner specified in section 6013 (c) of the internal revenue code, notwithstanding the amount or percentage of the understatement.

(b) Separate returns. A spouse filing a separate return may be relieved of liability for the tax, interest, penalties, fees, additions to tax and additional assessments under this chapter with regard to unreported marital property income in the manner specified in section 66 (c) of the internal revenue code. The department may not apply ch. 766 in assessing a taxpayer with respect to marital property income the taxpayer did not report if that taxpayer failed to notify the taxpayer's spouse about the amount and nature of the income before the due date, including extensions, for filing the return for the taxable year in which the income was derived. The department shall include all of that marital property income in the gross income of the taxpayer and exclude all of that marital property income from the gross income of the taxpayer's spouse.

(c) Marital property agreements. The department of revenue shall notify a taxpayer whose separate return is under audit that a marital property agreement or unilateral statement under ch. 766 is effective for tax purposes for any period during which both spouses are domiciled in this state only if it is filed with the department before any assessment resulting from the audit is issued. A marital property agreement or unilateral statement under ch. 766 does not affect the determination of the income that is taxable by this state, or of the person who is required to report taxable income to this state, during the period that one or both spouses are not domiciled in this state or if it was not filed with the department before an assessment was issued.

(d) Part-year residents and nonresidents. If a spouse is not domiciled in this state for the entire taxable year, the tax liability and reporting obligation of both spouses during the period a spouse is not domiciled in this state shall be determined without regard to ch. 766 except as provided in this chapter.

(7) MINNESOTA INCOME TAX RECIPROCITY. (a) For purposes of income tax reciprocity reached with the state of Minnesota under s. 71.05 (2), whenever the income taxes on residents of one state which would have been paid to the 2nd state without reciprocity exceed the income taxes on residents of the 2nd state which would have been paid to the first state without reciprocity, the state with the net revenue loss shall receive from the other state the amount of the loss. Interest shall be payable on all delinquent balances relating to taxable years beginning after December 31, 1977. The secretary of revenue may enter into agreements with the state of Minnesota specifying the reciprocity payment due date, conditions constituting delinquency, interest rates and the method of computing interest due on any delinquent amounts.

(b) The data used for computing the loss to either state shall be determined by the respective departments of revenue of both states on or before November 1 of the year following the close of the previous calendar year. If an agreement cannot be reached as to the amount of the loss, the secretary of revenue of this state and the commissioner of taxation of the state of Minnesota shall each appoint a member of a board of arbitration and these members shall appoint a 3rd member of the board. The board shall select one of its members as chairman. The board may administer oaths, take testimony, subpoena witnesses and require their attendance, require the production of books, papers and documents and hold hearings at such places as it deems necessary. The board shall then make a determination as to the amount to be paid the other state which shall be conclusive. This state shall pay no more than one-half of the cost of such arbitration.

(8) Penalties. Unless specifically provided in this subchapter, the penalties under subch. XIII apply for failure to comply with this subchapter unless the context requires otherwise.

(9) Publication of standard deduction and tax brackets. The department of revenue shall annually publish notice of the standard deduction amounts and the brackets for the individual income tax in the administrative register.

SUBCHAPTER II
SPECIAL PROVISIONS APPLICABLE TO FIDUCIARIES

71.12 Conformity. Unless specifically provided in this subchapter, fiduciaries shall be subject to all of the provisions, requirements and liabilities of this chapter, so far as applicable, unless the context requires otherwise.

71.125 Imposition of tax. The tax imposed by this chapter on individuals and the rates under s. 71.06 (1) and (2) shall apply to the Wisconsin taxable income of estates or trusts, except nuclear decommissioning trust or reserve funds, and that tax shall be paid by the fiduciary.

71.13 Filing returns. (1) Estate or trust. Annual returns of income of an estate or a trust shall be made to the department by the fiduciary thereof at or before the time such income is required to be reported to the internal revenue service under the internal revenue code. Under such rules as the department prescribes, a return made by one of 2 or more joint fiduciaries shall be sufficient compliance with the requirements of this section. A return made pursuant to this subsection shall contain a statement that the fiduciary has sufficient knowledge of the affairs of the person for whom the return is made to enable him or her to make the return, and that the return is, to the best of his or her knowledge and belief, true and correct.

(2) Returns required prior to closing estate or trust. (a) An executor, administrator, personal representative or trustee applying to a court having juris-
The hearing to transfer jurisdiction shall be held only at the place to which jurisdiction is transferred.

1. Returns of income received by the deceased, any previous guardian, executor, administrator, personal representative or trustee, during each of the years open to assessment under s. 71.77, if such returns had not theretofore been filed, including a return of income for the year of death to the date of death.

2. Returns of income received during the period of his or her administration or trust except for the final income tax year of the estate or trust.

3. Gift tax returns or reports, sales and use tax returns, and withholding returns or reports which were required to be filed, if not theretofore filed.

(b) Upon receipt of such returns, the department shall immediately determine the amount of taxes including interest, penalties and costs to be payable, as well as any delinquent income, withholding, sales, use and gift taxes, penalties, interest and costs due, and shall certify such amounts to the court. The court shall thereupon enter an order directing the executor, administrator, personal representative or trustee to pay the amounts found to be due by the department and take its receipt therefor. The receipt shall be evidence of the payment and shall be filed with the court before a final distribution of the estate or trust is ordered and the executor, administrator, personal representative or trustee is discharged. The filing of such receipt shall in no manner affect the obligation of the executor, administrator, personal representative or trustee to file income, sales and withholding returns covering transactions reportable during the final income year of the estate or trust and to pay income, sales, use and withholding taxes, penalties, interest and costs due as the result of such transactions.

3) REQUIRED FILING MAY BE DISPENSED WITH BY COURT. Returns of income required to be made by sub. (2) may be dispensed with by order of the court having jurisdiction in cases where it is clearly evident to the court that no income tax is due or to become due from the trust or estate.

71.14 Situs of Income. For purposes of determining the situs of income under this subchapter:

1) The estate of a decedent shall be considered resident at the domicile of the decedent at the time of his or her death.

2) A trust created by a decedent at death by will, contract, declaration of trust or implication of law shall be considered resident at the domicile of the decedent at the time of the decedent's death until transferred by the court having jurisdiction under s. 72.27 to another court's jurisdiction. After jurisdiction is transferred, the trust shall be considered resident at the place to which jurisdiction is transferred.

3) Except as provided in sub. (2) and s. 71.04 (1) (b) 2, trusts created by contract, declaration of trust or implication of law shall be considered resident at the place where the trust is being administered. The following trusts shall be considered to be administered in the state of domicile of the corporate trustee of the trust at any time that the grantor of the trust is not a resident of this state:

(a) Trusts that have any assets invested in a common trust fund, as defined in section 584 of the internal revenue code, maintained by a bank or trust company domiciled in this state that is a member of the same affiliated group, as defined in section 1504 of the internal revenue code, as the corporate trustee.

(b) Trusts the assets of which in whole or in part are managed, or about which investment decisions are made, by a corporation domiciled in this state if that corporation and the corporate trustee are members of the same affiliated group, as defined in section 1504 of the internal revenue code.

71.15 Income Computation. (1) The standard deduction shall not be allowed in computing the taxable income of an estate, a trust or a common trust fund.

(a) A personal exemption for the decedent under s. 71.07 (8) shall not be allowed the executor or administrator, except against the tax on income of the decedent in the year of death. If the decedent would have been entitled to an exemption for the decedent's spouse or a dependent under s. 71.07 (8), had the decedent lived, such exemption shall be allowed to the executor or administrator so long as over one-half of the support of the spouse or dependent is supplied by the decedent or by the executor or administrator from the decedent's estate and the gross income of the spouse or dependent for the calendar year in which the taxable year of the executor or administrator begins is less than $500.

(b) Except as provided in sub. (2) and s. 71.04 (1) (b) 2, trusts created by contract, declaration of trust or implication of law shall be considered resident at the place where the trust is being administered. The following trusts shall be considered to be administered in the state of domicile of the corporate trustee of the trust at any time that the grantor of the trust is not a resident of this state:

(c) Trusts that have any assets invested in a common trust fund, as defined in section 584 of the internal revenue code, maintained by a bank or trust company domiciled in this state that is a member of the same affiliated group, as defined in section 1504 of the internal revenue code, as the corporate trustee.

71.16 Allocation of Modifications. The Wisconsin modifications applicable to the Wisconsin taxable income or Wisconsin adjusted gross income of estates, trusts and beneficiaries thereof with respect to income derived from such estates or trusts shall be computed and allocated as follows:

(1) A modification or portion thereof which relates to an item of income, gain, loss or deduction which affects the computation of the federal distributable net income of the estate or trust for the current year shall be apportioned among and taken into account by the fiduciary and the beneficiary or beneficiaries in the same proportion that the item to which it relates is considered as distributed among them for federal income tax purposes.

(2) Any remaining modifications or portions thereof shall be taken into account by the fiduciary.

(3) If an additional assessment is made against the fiduciary or any beneficiary as a result of correction of an erroneous allocation of the modifications applicable to the income of an estate or trust, any overpay-
ment resulting from consistent application of such correction to all other taxpayers interested in such estate or trust shall be refunded notwithstanding any rule of law which would otherwise bar such refund.

71.17 General provisions. (1) Assessment of trust income distributable to nonresident beneficiary. The income of a trust distributable or distributed to a nonresident beneficiary shall be assessed as the income of other nonresidents is assessed. No personal exemptions shall be allowed in assessing the income of such nonresident beneficiary unless that beneficiary makes a complete return under this chapter.

(2) Lien on trust estate; income taxes levied against beneficiary. All income taxes levied against the income of beneficiaries shall be a lien on the portion of the trust estate or interest therein from which the income taxed is derived, and such taxes shall be paid by the fiduciary, if not paid by the distributee, before the same become delinquent. Every person who, as a fiduciary under the provisions of this subchapter, pays an income tax shall have all the rights and remedies of reimbursement for any taxes assessed against him or her or paid by him or her in such capacity, as provided in s. 70.19 (1) and (2).

(3) Liability for payment of taxes due from decedent. Any income, withholding, sales, use or gift taxes, penalties, interest and costs found to be due from a decedent, an estate or a trust for any of the years open to assessment under s. 71.77 and any delinquent income, withholding, sales, use or gift taxes, penalties, interest and costs found to be due shall be assessed against and paid by the executor, administrator, personal representative or trustee; any of such items found to be due after the executor, administrator, personal representative or trustee is discharged shall be assessed against and paid by the beneficiaries in the same ratio that their interest in the estate or trust bears to the total estate or trust.

(4) Trusts established or maintained out-of-state; grantor liable for tax. The establishment or maintenance of a trust outside Wisconsin by a Wisconsin resident as grantor, the income from which trust is taxable to the grantor or to any person other than the trust under the internal revenue code, is hereby declared to be a tax avoidance device designed to avoid the legal application of the Wisconsin income tax to income properly taxable to the grantor or such other person. Any Wisconsin resident who is the grantor of such a trust shall be liable for the Wisconsin income tax on the income of such trust which is federally taxable to such grantor or other person under the internal revenue code.

(5) Trusts that are exempt from federal income tax. Trusts exempt from federal income tax pursuant to subtitle A, chapter I, subchapter F of the internal revenue code shall to the same extent be exempt from taxation under this chapter.

Subchapter III
Partnerships

71.19 Conformity. Unless specifically provided in this subchapter, partnerships shall be subject to all of the provisions, requirements and liabilities of this chapter, so far as applicable, unless the context requires otherwise.

71.20 Filing returns. (1) Every partnership shall furnish to the department a true and accurate statement, on or before April 15 of each year, except that returns for fiscal years ending on some other date than December 31 shall be furnished on or before the 15th day of the 4th month following the close of such fiscal year, in such manner and form and setting forth such facts as the department deems necessary to enforce this chapter. The statement shall be subscribed by one of the members of the partnership.

(2) Nothing in this section precludes the department of revenue from requiring any person other than a corporation to file an income tax return when in the judgment of the department a return should be filed.

71.21 Computation. (1) The net income of a partnership shall be computed in the same manner and on the same basis as provided for computation of the income of persons other than corporations.

(2) The standard deduction shall not be allowed in computing the taxable income of a partnership.

(3) The credits under s. 71.28 (4) and (5) may not be claimed by a partnership or by partners.

(3) “Gain” means gain as computed under the internal revenue code.

(4) Except as provided in sub. (5) and ss. 71.26 (2) and 71.42 (2), “internal revenue code”, for taxable year 1987 and subsequent years, means the federal internal revenue code as amended to December 31, 1986, as it applies to taxable year 1987 and subsequent years, except that that code does not include amendments to the federal internal revenue code enacted after December 31, 1986, and except that that code is modified as provided in s. 71.26 (2) and (3).

(5) Notwithstanding s. 71.26 (2) and (3), for corporations, at the taxpayer’s option, “internal revenue code”, for taxable year 1986 and subsequent taxable years, includes any revisions to the federal internal revenue code adopted after January 1, 1986, that relate to the taxation of income derived from any source as a direct consequence of participation in the
milk production termination program created by section 101 of P.L. 99-198.

(6) “Loss” means loss as computed under the internal revenue code.

(7) “Nuclear decommissioning reserve fund” and “nuclear decommissioning trust fund” have the meanings under section 468A of the internal revenue code.

The taxable year of a corporation that keeps its accounting records on the basis of a 52-53 week period ends on the last day of the month closest to the end of the 52-53 week period.

(11) Except as provided in s. 71.45 (2), “Wisconsin net income”, for corporations engaged in business wholly within this state, means net income and, for corporations engaged in business both within and outside this state, means the amount assigned to this state under s. 71.25 (6) or by a separate accounting or allocation, if allowed under s. 71.25 (6), or by another method approved under s. 71.25 (11) or (12).

For the purpose of raising revenue for the state and the counties, cities, villages and towns, there shall be assessed, levied, collected and paid a tax as provided under this chapter on all Wisconsin net incomes of corporations which are not subject to the franchise tax under sub. (2) and which own property within this state or whose business within this state during the taxable year, except as provided under sub. (3), consists exclusively of foreign commerce, interstate commerce, or both; except as exempted under s. 71.26 (1). This section shall not be construed to prevent or affect the correction of errors or omissions in the assessments of income for former years under s. 71.74 (1) and (2).

(2) FRANCHISE TAX. For the privilege of exercising its franchise or doing business in this state in a corporate capacity, except as provided under sub. (3), every domestic or foreign corporation, except corporations specified in s. 71.26 (1), and every nuclear decommissioning trust or reserve fund shall annually pay a franchise tax according to or measured by its entire Wisconsin net income for the taxable year during which the corporation ceases doing business in this state or the nuclear decommissioning trust or reserve fund is terminated at the rates under s. 71.27 (2). Every corporation organized under the laws of this state shall be deemed to be residing within this state for the purposes of this franchise tax. All provisions of this chapter and ch. 73 relating to income taxation of corporations shall apply to franchise taxes imposed under this subsection, unless the context requires otherwise. The tax imposed by this subsection on national banking associations shall be in lieu of all taxes imposed by this state on national banking associations to the extent it is not permissible to tax such associations under federal law.

(3) ACTIVITIES THAT DO NOT CREATE NEXUS. A foreign corporation may do business, exercise its franchise and own property in this state to the limited extent referred to in the following activities, in addition to those activities permitted under P.L. 86-272, without subjecting itself to the imposition of the income or franchise tax under subs. (1) and (2):

(a) The storage for any length of time in this state in or on property owned by a person other than the foreign corporation of its tangible personal property and the delivery of its tangible personal property to another person in this state when such storage and delivery is for fabricating, processing, manufacturing or printing by that other person in this state.

(b) The storage for any length of time in this state in or on property owned by a person other than the foreign corporation, and the shipment or delivery outside this state by another person in this state, of the entire amount of the foreign corporation’s tangible personal property fabricated, processed, manufactured or printed in this state.

(c) If the foreign corporation is a publisher, the purchase from a printer of a printing service or of tangible personal property printed in this state for the publisher and the storage of the printed material for any length of time in this state in or on property owned by a person other than the publisher, whether or not the tangible personal property is subsequently resold or delivered in this state or shipped or delivered outside this state.

71.24 Filing returns; extensions; payment of tax. (1) FILING RETURNS. Every corporation, except corporations all of whose income is exempt from taxation, shall furnish to the department a true and accurate statement, on or before March 15 of each year (except that returns for fiscal years ending on some other date than December 31 shall be furnished on or before the 15th day of the 3rd month following the close of such fiscal year) in such manner and form and setting forth such facts as the department deems necessary to enforce this chapter. Such statement shall be subscribed by the president, vice president, treasurer, assistant treasurer, chief accounting officer or any other officer duly authorized so to act. In the case of a
return made for a corporation by a fiduciary such fiduciary shall subscribe the return. The fact that an individual’s name is subscribed on the return shall be prima facie evidence that such individual is authorized to subscribe the return on behalf of the corporation.

(2) Copies of Federal Return. Each corporation that is required to file a return under this section shall file with that return a copy of its federal income tax return for the same taxable year.

(3) Inactive Corporations. Whenever a corporation has been completely inactive for an entire taxable year, in lieu of filing the statements and information otherwise required by this section, it may file a declaration, on a form to be provided by the department, subscribed by its president, if a resident of this state, and, if not a resident, then by another officer residing in this state, attesting to such inactivity. Such declaration must be filed prior to the otherwise due date for its Wisconsin return for such taxable year. Thereafter the corporation need not file such statements or information for any subsequent year unless specifically requested to do so by the department or unless in a subsequent year the corporation has been activated or reactivated.

(4) Filing Returns by Receiver, Trustee in Bankruptcy or Assignee. If a receiver, trustee in bankruptcy or assignee, by order of a court, by operation of law or otherwise, has possession of all or substantially all of the property or business of a corporation, whether or not such property or business is being operated, such receiver, trustee or assignee shall make the return of income for such corporation in the manner and form that corporations are required to make such returns.

(5) Department May Require Filing. Nothing contained in this section shall preclude the department from requiring any corporation to file a return when in the judgment of the department a return should be filed.

(6) Changing Reporting Period. (a) Corporations may not change their basis of reporting from a calendar year to a fiscal year, from a fiscal year to a calendar year, or from one fiscal year to another without first obtaining the approval of the department of revenue unless the internal revenue service has approved the change or unless the change, including a change to a short taxable year, is required by the internal revenue code before approval by the internal revenue service and the reason for the change is explained in the first return filed for the new taxable year. Corporations that make changes on the basis of federal changes shall submit a copy of the internal revenue service’s notice of approval, if prior federal approval, other than expeditious approval, was required, or requirement, if prior federal approval was not required or if the corporation qualifies for expeditious approval, to the department of revenue along with the return for the first taxable year for which the change applies.

(b) If a corporation changes its basis of reporting from a calendar year to a fiscal year a separate return shall be made for the period between the close of the last calendar year and the date designated as the close of the fiscal year. If the change is from a fiscal year to a calendar year, a separate return shall be made for the period between the close of the last fiscal year and the following December 31. If the change is from one fiscal year to another fiscal year a separate return shall be made for the period between the close of the former fiscal year and the date designated as the close of the new fiscal year. In no case shall a separate income tax return be made for a period of more than 12 months.

(c) When a separate corporation income tax return is made for a fractional part of a year the income shall be computed and reported on the basis of the period for which the separate return is made, and such fractional part of a year shall constitute an income year, except that if a corporation terminates, under section 1362 (d) (1) or (2) of the internal revenue code, its election to be treated as an S corporation for federal income tax purposes the corporation may allocate its items of income, loss or deduction between its short taxable year as a tax-option corporation and its short taxable year as a nontax-option corporation according to the method under section 1362 (e) (2) of the internal revenue code.

(d) If a separate income tax return is made for a short period under par. (b) on account of a change in the income year, the net income for such short period shall be placed on an annual basis by multiplying the amount thereof by 12 and dividing by the number of months included in the period for which the separate return is made. The tax shall be such part of the tax computed on such annual basis as the number of months in such short period is of 12 months.

(7) Extensions. In the case of a corporation required to file a return, when sufficient reason is shown, the department of revenue may on written request allow such further time for making and delivering the return as is considered necessary, not to exceed 30 days or in the case of a cooperative filing a return or a domestic international sales corporation, as defined in s. 71.30 (5), not to exceed 6 months. Any extension of time granted by law or by the internal revenue service for the filing of corresponding federal returns shall extend the time for filing under this chapter if a copy of any extension requested of the internal revenue service is filed with the return. Termination of an automatic extension by the internal revenue service, or its refusal to grant such automatic extension, shall similarly require that any returns due under this chapter are due on or before the date for termination fixed by the internal revenue service. Except for payments of estimated taxes, income taxes payable upon the filing of the tax return shall not become delinquent during such extension period, but shall be subject to interest at the rate of 12% per year during such period.
(8) **Payment of tax.** All income and franchise taxes shall be paid to the department of revenue, at its office at Madison or at such other place the department designates.

(9) **Delinquencies.** (a) Corporation franchise and income taxes not paid on or before the 15th day of the 3rd month following the close of the income year shall be deemed delinquent.

(b) Additional income taxes assessed under s. 71.74 (1) to (5), (7) and (8) shall become delinquent if not paid on or before the due date stated in the notice to the taxpayer.

(10) **Advance payments.** The department of revenue shall accept in advance income taxes and surtaxes from taxpayers desirous of making such payments before the same shall become due and payable. Advance payment of taxes under this subsection shall not relieve the taxpayer from additional taxes which may result from subsequent legislation or from additional taxable income disclosed or discovered subsequent to such payment.

(11) **Small balances.** No person is required to pay a balance due of less than $1.

### 71.25 Situs of income; allocation and apportionment.

For purposes of determining the situs of income under this section:

1. **Beneficiaries.** The situs of income derived by any taxpayer as the beneficiary of the estate of a decedent or of a trust estate shall be determined as if such income had been received without the intervention of a fiduciary.

2. **Grantor trusts.** The situs of income received by a trustee, which income, under the internal revenue code, is taxable to the grantor of the trust or to any person other than the trust, shall be determined as if such income had been actually received directly by such grantor or such other person, without the intervention of the trust.

3. **Corporations engaged in business wholly within this state.** For corporations engaged in business wholly within this state, all income is subject to, or included in the measure of, the Wisconsin income or franchise tax.

4. **Corporations engaged in business both within and without the state.** (a) **Apportionable income.** Except as provided in sub. (6), corporations engaged in business both within and without this state are subject to apportionment. Apportionable income includes all income or loss of corporations, other than nonapportionable income as specified in par. (b), including, but not limited to, income, gain or loss from the following sources:

   1. **Sale of inventory.**
   2. Farms, mines and quarries.
   3. **Sale of scrap and by-products.**
   4. Commissions.
   5. **Sale of real property or tangible personal property used in the production of business income.**

(b) **Nonapportionable income.** 1. Income, gain or loss from the sale of nonbusiness real property or nonbusiness tangible personal property, rental of nonbusiness real property or nonbusiness tangible personal property and royalties from nonbusiness real property or nonbusiness tangible personal property
are nonapportionable and shall be allocated to the situs of the property.

2. All income, gain or loss from intangible property that is earned by a personal holding company, as defined in section 542 of the internal revenue code, as amended to December 31, 1974, shall be allocated to the residence of the taxpayer.

(6) Allocation and separate accounting and apportionment formula. Corporations engaged in business within and without the state shall be taxed only on such income as is derived from business transacted and property located within the state. The amount of such income attributable to Wisconsin may be determined by an allocation and separate accounting thereof, when the business of such corporation within the state is not an integral part of a unitary business, but the department of revenue may permit an allocation and separate accounting in any case in which it is satisfied that the use of such method will properly reflect the income taxable by this state. In all cases in which allocation and separate accounting is not permissible, the determination shall be made in the following manner: for all businesses except financial organizations and public utilities there shall first be deducted from the total net income of the taxpayer the part thereof (less related expenses, if any) that follows the situs of the property or the residence of the recipient. The remaining net income shall be apportioned to Wisconsin by use of an apportionment fraction composed of a sales factor under sub. (9) representing 50% of the fraction, a property factor under sub. (7) representing 25% of the fraction and a payroll factor under sub. (8) representing 25% of the fraction.

(7) Property factor. For purposes of sub. (5):
(a) The property factor is a fraction, the numerator of which is the average value of the taxpayer’s real and tangible personal property owned or rented and used in this state during the tax period and the denominator of which is the average value of all the taxpayer’s real and tangible personal property owned or rented and used during the tax period. Cash on hand or in the bank, shares of stock, notes, bonds, accounts receivable, or other evidence of indebtedness, special privileges, franchises, goodwill, or property the income of which is not taxable or is separately allocated, shall not be considered tangible property nor included in the apportionment.
(b) Property used in the production of nonapportionable income or losses shall be excluded from the numerator and denominator of the property factor. Property used in the production of both apportionable and nonapportionable income or losses shall be partially excluded from the numerator and denominator of the property factor so as to exclude, as near as possible, the portion of such property producing the nonapportionable income or loss.
(c) Property owned by the taxpayer is valued at its original cost. Property rented by the taxpayer is valued at 8 times the net annual rental. Net annual rental is the annual rental paid by the taxpayer less any annual rental received by the taxpayer from subrentals.
(d) The average value of property shall be determined by averaging the values at the beginning and ending of the tax period but the secretary of revenue may require the averaging of monthly values during the tax period if reasonably required to reflect properly the average value of the taxpayer’s property.

(8) Payroll Factor. For purposes of sub. (5):
(a) The payroll factor is a fraction, the numerator of which is the total amount paid in this state during the tax period by the taxpayer for compensation, and the denominator of which is the total compensation paid everywhere during the tax period.
(b) Compensation is paid in this state if:
1. The individual’s service is performed entirely within this state;
2. The individual’s service is performed within and without this state, but the service performed without this state is incidental to the individual’s service within this state;
3. A portion of the service is performed within this state and the base of operations of the individual is in this state;
4. A portion of the service is performed within this state and, if there is no base of operations, the place from which the individual’s service is directed or controlled is in this state;
5. A portion of the service is performed within this state and neither the base of operations of the individual nor the place from which the service is directed or controlled is in any state in which some part of the service is performed, but the individual’s residence is in this state; or
6. The individual is neither a resident of nor performs services in this state but is directed or controlled from an office in this state and returns to this state periodically for business purposes and the state in which the individual resides does not have jurisdiction to impose income or franchise taxes on the employer.
(c) Compensation related to the operation, maintenance, protection or supervision of property used in the production of both apportionable and nonapportionable income or losses shall be partially excluded from the numerator and denominator of the payroll factor so as to exclude, as near as possible, the portion of pay related to the operation, maintenance, protection and supervision of property used in the production of nonapportionable income.
(d) In this subsection, compensation includes deductible management or service fees paid to a related corporation as consideration for the performance of personal services, and the situs of those fees is in this state if the services fulfill one of the requirements under par. (b). The recipient of the fees may not include the compensation paid to its employees with respect to personal services in either the numer-
tor or denominator of its payroll factor. Except for management or service fees, payments made to a related corporation, an independent contractor or any person not properly classifiable as an employee are excluded. In this paragraph, “related corporation” means a corporation which is part of a controlled group as defined in section 267 (f) (1) of the internal revenue code.

(c) If the company has no employees and pays no management or service fees or the department determines that employees are not a substantial income-producing factor and that the management or service fees paid are insubstantial, the department may order or permit the elimination of the payroll factor and use only the arithmetical average of the other 2 factors to arrive at the Wisconsin apportionment percentage.

(9) SALES FACTOR. For purposes of sub. (5):
(a) The sales factor is a fraction, the numerator of which is the total sales of the taxpayer in this state during the tax period, and the denominator of which is the total sales of the taxpayer everywhere during the tax period. For calendar year 1979 or corresponding fiscal year, and thereafter, with respect to sales of tangible personal property the numerator of the sales factor is the sales of the taxpayer during the tax period under par. (b) other than sales deemed to be in this state because the taxpayer is not within the jurisdiction of the destination state for income tax purposes plus 50% of the sales deemed to be in this state because the taxpayer is not within the jurisdiction of the destination state for income tax purposes.
(b) Sales of tangible personal property are in this state if: the property is delivered or shipped to a purchaser, other than the United States government, within this state regardless of the f.o.b. point or other conditions of the sale; or the property is shipped from an office, store, warehouse, factory or other place of storage in this state and the purchaser is the United States government or the taxpayer is not within the jurisdiction, for income tax purposes of the destination state.
(c) Sales of tangible personal property by an office in this state to a purchaser in another state and not shipped or delivered from this state are in this state if the taxpayer is not within the jurisdiction for income tax purposes of the state from which the property is delivered or shipped of the destination state.
(d) Sales, other than sales of tangible personal property, are in this state if the income-producing activity is performed in this state. If the income-producing activity is performed both in and outside this state the sales shall be divided between those states having jurisdiction to tax such business in proportion to the direct costs of performance incurred in each such state in rendering this service. Services performed in states which do not have jurisdiction to tax the business shall be deemed to have been performed in the state to which compensation is allocated by sub. (8).

(e) Sales defined. In this subsection, “sales” includes, but is not limited to, the following items related to the production of business income:
1. Gross receipts from the sale of inventory.
2. Gross receipts from the operation of farms, mines and quarries.
3. Gross receipts from the sale of scrap or by-products.
5. Gross receipts from personal and other services.
6. Gross rents from real property or tangible personal property.
7. Interest on trade accounts and trade notes receivable.
8. A general partner's share of the partnership's gross receipts.
10. Gross royalties from income-producing activities.
11. Gross franchise fees from income-producing activities.
(f) Items that are not sales. The following items are among those that are not included in “sales” in this subsection:
1. Gross receipts and gain or loss from the sale of tangible business assets, except those under par. (e) 1, 2 and 3.
2. Gross receipts and gain or loss from the sale of nonbusiness real or tangible personal property.
3. Gross rents and rental income or loss from real property or tangible personal property if that real property or tangible personal property is not used in the production of business income.
4. Royalties from nonbusiness real property or nonbusiness tangible personal property.
5. Proceeds and gain or loss from the redemption of securities.
6. Interest, except interest under par. (e) 7, and dividends.
7. Gain or loss from the sale of intangible assets.
8. Dividends deductible by corporations in determining net income.
9. Gross receipts and gain or loss from the sale of securities.
10. Proceeds and gain or loss from the sale of receivables.
11. Refunds, rebates and recoveries of amounts previously expended or deducted.
12. Other items not includable in apportionable income.
13. Foreign exchange gain or loss.
14. Royalties and income from passive investments in the property under sub. (5) (a) 21.
15. A limited partner's share of income or loss from a partnership.
(10) FINANCIAL ORGANIZATIONS AND PUBLIC UTILITIES. (a) In this section, “financial organization"
means any bank, trust company, savings bank, industrial bank, land bank, safe deposit company, private banker, savings and loan association, credit union, cooperative bank, small loan company, sales finance company, investment company, brokerage house, underwriter or any type of insurance company.

(b) In this section, "public utility" means any business entity which owns or operates any plant, equipment, property, franchise, or license for the transmission of communications or the production, transmission, sale, delivery, or furnishing of electricity, water or steam the rates of charges for goods or services of which have been established or approved by a federal, state or local government or governmental agency. "Public utility" also means any business entity providing service to the public and engaged in the transportation of goods and persons for hire, as defined in s. 194.01 (4), regardless of whether or not the entity's rates or charges for services have been established or approved by a federal, state or local government or governmental agency.

(c) The net business income of financial organizations and public utilities requiring apportionment shall be apportioned pursuant to rules of the department of revenue, but the income taxed is limited to the income derived from business transacted and property located within the state.

(11) DEPARTMENT MAY WAIVE FACTOR. Where, in the case of any corporation engaged in business within and without the state of Wisconsin and required to apportion its income as provided in sub. (6), it shall be shown to the satisfaction of the department of revenue that the use of any one of the 3 factors provided in sub. (6) gives an unreasonable or inequitable final average ratio because of the fact that such corporation does not employ, to any appreciable extent in its trade or business in producing the income taxed, the factors made use of in obtaining such ratio, this factor may, with the approval of the department of revenue, be omitted in obtaining the final average ratio which is to be applied to the remaining net income.

(12) DEPARTMENT MAY APportion BY RULE. If the income of any such corporation properly assignable to the state of Wisconsin cannot be ascertained with reasonable certainty by the methods under this section, then the same shall be apportioned and allocated under such rules as the department of revenue may prescribe.

71.26 Income computation. (1) Exempt and excludable income. There shall be exempt from taxation under this subchapter income as follows:

(a) Certain corporations. Income of railroad corporations and sleeping car companies, of car line companies from operation of car line equipment as defined in s. 76.39, and corporations organized under ch. 185 or operating under subch. I of ch. 616 which are bona fide cooperatives operated without pecuniary profit to any shareholder or member, or operated on a cooperative plan pursuant to which they determine and distribute their proceeds in substantial compliance with s. 185.45, and of all religious, scientific, educational, benevolent or other corporations or associations of individuals not organized or conducted for pecuniary profit. This paragraph does not apply to the income of mutual savings banks, mutual loan corporations or savings and loan associations. This paragraph applies to the income of credit unions except to the income of any credit union that is derived from public deposits for any taxable year in which the credit union is approved as a public depository under ch. 34 and acts as a depository of state or local funds under s. 186.113 (20). For purposes of this paragraph, the income of a credit union that is derived from public deposits is the product of the credit union's gross annual income for the taxable year multiplied by a fraction, the numerator of which is the average monthly balance of public deposits in the credit union during the taxable year, and the denominator of which is the average monthly balance of all deposits in the credit union during the taxable year.

(b) Political units. Income received by the United States, the state and all counties, cities, villages, school districts, vocational, technical and adult education districts or other political units of this state.

(c) Cooperative associations or corporations. Income of cooperative associations or corporations engaged in marketing farm products for producers, which turn back to such producers the net proceeds of the sales of their products; provided that such corporations or associations have at least 25 stockholders or members delivering such products and that their dividends have not, during the preceding 5 years, exceeded 8% per year; also income of associations and corporations engaged solely in processing and marketing farm products for one such cooperative association or corporation and which do not charge for such marketing and processing more than a sufficient amount to pay the cost of such marketing and processing and 8% dividends on their capital stock and to add 5% to their surplus.

(d) Bank in liquidation. Income of any bank placed in the hands of the commissioner of banking for liquidation under s. 220.08, if the tax levied, assessed or collected under this chapter on account of such bank will so diminish the assets thereof that full payment of all depositors cannot be made. Whenever the commissioner of banking certifies to the department of revenue that the tax or any part thereof levied and assessed under this chapter against any such bank will so diminish the assets thereof that full payment of all depositors cannot be made, the department shall cancel and abate such tax or part thereof, together with any penalty thereon. This paragraph shall apply to unpaid taxes which were levied and assessed subsequent to the time the bank was taken over by the commissioner of banking.

(e) Menominee Indian tribe; distribution of assets. No distribution of assets from the United States to the
members of the Menominee Indian tribe as defined in s. 49.085 or their lawful distributees, or to any corporation, or organization, created by the tribe or at its direction pursuant to section 8 of P.L. 83-399, as amended, and no issuance of stocks, bonds, certificates of indebtedness, voting trust certificates or other securities by any such corporation or organization, or voting trust, to such members of the tribe or their lawful distributees shall be subject to income taxes under this chapter; provided that so much of any cash distribution made under said P.L. 83-399 as consists of a share of any interest earned on funds deposited in the treasury of the United States pursuant to the supplemental appropriation act, 1952, (65 Stat. 736, 754) shall not by virtue of this paragraph be exempt from the individual income tax of this state in the hands of the recipients for the year in which paid. For the purpose of ascertaining the gain or loss resulting from the sale or other disposition of such assets and stocks, bonds, certificates of indebtedness and other securities under this chapter, the fair market value of such property, on termination date as defined in s. 70.057 (1), 1967 stats., shall be the basis for determining the amount of such gain or loss.

(2) Net income. (a) Corporations in general. The “net income” of a corporation means the gross income as computed under the internal revenue code as modified under sub. (3) plus the amount of credit computed under s. 71.28 (1) and (3) to (5) plus the amount of losses from the sale or other disposition of assets the gain from which would be wholly exempt income, as defined in sub. (3) (L), if the assets were sold or otherwise disposed of at a gain and minus deductions, as computed under the internal revenue code as modified under sub. (3), plus or minus, as appropriate, an amount equal to the difference between the federal basis and Wisconsin basis of any asset sold, exchanged, abandoned or otherwise disposed of in a taxable transaction during the taxable year, except as provided in par. (b) and s. 71.45 (2).

(b) Regulated investment companies, real estate mortgage investment conduits and real estate investment trusts. For taxable year 1987 and subsequent years, for a corporation, conduit or common law trust which qualifies as a regulated investment company, real estate mortgage investment conduit or real estate investment trust under the internal revenue code as amended to December 31, 1986, as it applies to taxable year 1987 and subsequent years, “net income” means the federal regulated investment company taxable income, federal real estate mortgage investment conduit taxable income or federal real estate investment trust taxable income of the corporation, conduit or trust as determined under the internal revenue code as amended to December 31, 1986, as it applies to taxable year 1987 and subsequent years, without regard to sub. (3) and s. 71.22 (4), except that property that, under s. 71.02 (1) (c) 8 to 11, 1985 stats., is required to be depreciated for taxable years 1983 to 1986 under the internal revenue code as amended to December 31, 1980, shall continue to be depreciated under the internal revenue code as amended to December 31, 1980. Amendments to the internal revenue code enacted after December 31, 1986, do not apply to this paragraph with respect to taxable year 1987 and thereafter.

(3) Modifications. The income of a corporation shall be computed under the internal revenue code, except a corporation under sub. (2) (b), as modified in the following ways:

(a) Section 78 (relating to treating taxes as dividends) is excluded.
(b) Section 103 (relating to an exemption for interest) is excluded.
(c) Section 108 (b) (relating to reduction of tax attributes) is modified so that the net operating loss under sub. (4), not the federal net operating loss, and Wisconsin credits, not federal credits, are applied.
(d) Section 133 (relating to an exclusion for interest) is excluded.
(e) Section 162 (relating to trade or business expenses) is modified so that payments for wages, salaries, commissions and bonuses of employees and officers may be deducted only if the name, address and amount paid to each resident of this state to whom compensation of $600 or more has been paid during the taxable year is reported or if the department of revenue is satisfied that failure to report has resulted in no revenue loss to this state and so that payments for rent may be deducted only if the amount paid, together with the names and addresses of the parties to whom rent has been paid, is reported as provided under s. 71.70 (2).
(f) Section 164 (a) is modified so that foreign taxes are not deductible unless the income on which the tax is based is taxable under this chapter and so that gross receipts taxes assessed in lieu of property taxes, the license fees under ss. 76.28 and 76.38 and the tax under s. 70.375 are deductible.
(g) Section 164 (a) (3) is modified so that state taxes and taxes of the District of Columbia on or measured by all or a portion of net income, gross income, gross receipts or capital stock are not deductible.
(h) Section 164 (a) (4) (relating to a deduction for the windfall profits tax) is excluded.
(i) Section 172 is excluded and replaced by the treatment of business loss carry-forwards under sub. (4).
(j) Sections 243, 244, 245, 246 and 246A are excluded and replaced by the rule that corporations may deduct from income dividends received from a corporation with respect to its common stock if the corporation receiving the dividends owns, directly or indirectly, during the entire taxable year at least 80% of the total combined voting stock of the payor corporation and dividends received from a corporation that filed a return under this chapter, that is subject to tax under this chapter, that did not deduct the dividends under this chapter and 50% or more of the net income...
or loss of which, after adjustment for tax purposes, was used in computing taxable income under this chapter. In this paragraph, "dividends received" means gross dividends minus taxes on those dividends paid to a foreign nation and claimed as a deduction under this chapter.

(k) Section 247 (relating to dividends on preferred stock of public utilities) is excluded.

(L) Section 265 is excluded and replaced by the rule that any amount otherwise deductible under this chapter that is directly or indirectly related to income wholly exempt from taxes imposed by this chapter or to losses from the sale or other disposition of assets the gain from which would be exempt under this paragraph if the assets were sold or otherwise disposed of at a gain is not deductible. In this paragraph, "wholly exempt income", for corporations subject to franchise or income taxes, includes amounts received from affiliated or subsidiary corporations for interest, dividends or capital gains that, because of the degree of common ownership, control or management between the payor and payee, are not subject to taxes under this chapter. In this paragraph, "wholly exempt income", for corporations subject to income taxation under this chapter, also includes interest on obligations of the United States. In this paragraph, "wholly exempt income" does not include income excludable, not recognized, exempt or deductible under specific provisions of this chapter. If any expense or amount otherwise deductible is indirectly related both to wholly exempt income or loss and to other income or loss, a reasonable proportion of the expense or amount shall be allocated to each type of income or loss, in light of all the facts and circumstances.

(m) Section 267 (relating to transactions between related taxpayers) is modified so that gains may be reduced only if the corresponding loss was incurred while the corporation was subject to tax under this chapter.

(n) Sections 381, 382 and 383 (relating to carryovers in certain corporate acquisitions) are modified so that they apply to losses under sub. (4) and credits under s. 71.28 (3) to (5) instead of to federal credits and federal net operating losses.

(o) Section 468A (relating to nuclear decommissioning trust and reserve funds) is modified so that the deduction under section 468A (a) is allowed only if the fund is subject to tax under this chapter.

(g) Administration. The department of revenue has full power to administer the credit provided in this subsection and may take any action, conduct any proceeding and proceed as it is authorized in respect to income and franchise taxes imposed in this chapter. The income and franchise tax provisions in this chapter relating to assessments, refunds, appeals, collection, interest and penalties apply to the credit under this subsection.
(b) **Timely claim.** No credit may be allowed under this subsection unless it is claimed within the period specified in s. 71.75 (2).

(a) If no return is filed, or a return is filed the tax computed on which is less than 75% of the tax properly due and the addition to tax under s. 71.84 (2) is $300 or more, “return” means a return that would show the tax properly due. If a return is timely filed and if either the tax computed on it is at least 75% of the tax properly due or the addition to tax under s. 71.84 (2) is less than $300, “return” means that timely return. If a return is filed late and if either the tax computed on it is at least 75% of the tax properly due or the addition to tax under s. 71.84 (2) is less than $300, “return” means the first return filed after the due date or after the due date as extended.

(b) “Tax shown on the return” and “tax for the taxable year” mean the net taxes imposed under s. 71.23 (1) or (2) after reduction for credits against those taxes but before reduction for amounts paid as estimated tax under this section.

(2) **Who shall pay.** Every corporation subject to tax under s. 71.23 (1) or (2) shall pay an estimated tax to the department of revenue at its offices in Madison unless the department, by rule, prescribes another place of payment.

(3) **Refund carry-forward.** If a corporation claims a refund on any tax return and, concurrent with or subsequent to filing the return upon which that refund is claimed, is required to pay an estimated tax, and at the time of paying that tax the refund has not been paid, the corporation may deduct the amount of that refund from the first instalment of estimated taxes and may deduct any excess from the succeeding instalments.

(4) **Prepayments.** Any instalment of the estimated tax under this section may be paid before the due date.

(5) **Short year.** Application of this section to taxable years of less than 12 full months shall be made under the department of revenue’s rules.

(6) **Overpayments.** If the amount of an instalment payment of estimated tax exceeds the amount determined to be the correct amount of that payment, the overpayment shall be credited against the next unpaid instalment.

(7) **Exception to the addition to tax.** No addition to tax is required under s. 71.84 (2) for a corporation if any of the following conditions apply:

(a) The tax shown on the return or, if no return is filed, the tax is less than $500.

(b) The preceding taxable year was 12 months and the corporation had no liability under s. 71.23 (1) or (2) for that year.

(8) **Instalment due dates.** Taxpayers shall make estimated payments in 4 instalments, on or before the 15th day of each of the following months:

(a) The 3rd month of the taxable year.

(b) The 6th month of the taxable year.

(c) The 9th month of the taxable year.

(d) The 12th month of the taxable year.

(9) **Instalment amounts; income of less than $250,000.** (a) For corporations that have Wisconsin net incomes of less than $250,000, except as provided in pars. (b) and (c), the amount of each instalment required under sub. (8) is 25% of the lower of the following amounts:

1. Ninety percent of the tax shown on the return for the taxable year or, if no return is filed, 90% of the tax for the taxable year.

2. The tax shown on the return for the preceding year.

(b) Paragraph (a) 2 does not apply if the preceding taxable year was less than 12 months or if the corporation did not file a return for the preceding year.

(c) If 22.5% for the first instalment, 45% for the 2nd instalment, 67.5% for the 3rd instalment and 90% for the 4th instalment of the tax for the taxable year computed by annualizing, under methods prescribed by the department of revenue, the corporation’s income for the months in the taxable year ending before the instalment’s due date is less than the instalment required under par. (a), the corporation may pay the amount under this paragraph rather than the amount under par. (a). For purposes of computing annualized income under this paragraph, the apportionment percentage computed under s. 71.25 (6) and (10) to (12) from the return filed for the previous taxable year may be used if that return was filed with the department of revenue on or before the due date of the instalment for which the income is being annualized and if the apportionment percentage on that previous year’s return was greater than zero. Any corporation that pays an amount calculated under this paragraph shall increase the next instalment computed under par. (a) by an amount equal to the difference between
the amount paid under this paragraph and the amount that would have been paid under par. (a).

(10) **Instalment amounts; income of $250,000 or more. (a)** Except as provided in par. (c), for corporations that have Wisconsin net incomes of $250,000 or more, the amount of each instalment required under sub. (8) is 25% of the amount under par. (b).

(b) Ninety percent of the tax shown on the return for the taxable year or, if no return is filed, 90% of the tax for the taxable year.

(c) If 22.5% for the first instalment, 45% for the 2nd instalment, 67.5% for the 3rd instalment and 90% for the 4th instalment of the tax for the taxable year computed by annualizing, under methods prescribed by the department of revenue, the corporation's income for the months in the taxable year ending before the instalment's due date is less than the instalment required under par. (a), the corporation may pay the amount under this paragraph rather than the amount under par. (a). For purposes of computing annualized income under this paragraph, the apportionment percentage computed under s. 71.25 (6) and (10) to (12) from the return filed for the previous taxable year may be used if that return was filed with the department of revenue on or before the due date of the instalment for which the income is being annualized and if the apportionment percentage on that previous year's return was greater than zero. Any corporation that pays an amount calculated under this paragraph shall increase the next instalment computed under par. (a) by an amount equal to the difference between the amount paid under this paragraph and the amount that would have been paid under par. (a).

(11) **Exception to final instalment.** If a corporation files a return for a calendar year on or before January 31 of the succeeding calendar year (or if a corporation on a fiscal year basis files a return on or before the last day of the first month immediately succeeding the close of such fiscal year) and pays in full at the time of such filing the amount computed on the return as payable, then, if estimated taxes are not required to be paid on or before the 15th day of the 9th month of the income year but are required to be paid on or before the 15th day of the 12th month of the income year, such return shall be considered as payment.

71.30 **General provisions.** (1) **Accounting method.** (a) A corporation shall use a method of accounting authorized under the internal revenue code and shall use the same method used for federal income tax purposes if that method is authorized under the internal revenue code.

(b) A corporation that changes its method of accounting under this chapter shall make the adjustments required under the internal revenue code, except that in the last year that a corporation is subject to taxation under this chapter it shall take into account all of the remaining adjustments required by this chapter because of a change in method of accounting.

(2) **Allocation of gross income, deductions, credits between 2 or more businesses.** In any case of 2 or more organizations, trades or businesses (whether or not incorporated, whether or not organized in the United States and whether or not affiliated) owned or controlled directly or indirectly by the same interests, the secretary or his or her delegate may distribute, apportion or allocate gross income, deductions, credits or allowances between or among such organizations, trades or businesses, if he or she determines that such distribution, apportionment or allocation is necessary in order to prevent evasion of taxes or clearly to reflect the income of any of such organizations, trades or businesses.

(3) **Computations order.** Notwithstanding any other provisions in this chapter, corporations computing liability for the tax under s. 71.23 (1) or (2) shall make computations in the following order:

(a) Tax under s. 71.23 (1) or (2).

(b) Manufacturing sales tax credit under s. 71.28 (3).

(c) Research credit under s. 71.28 (4).

(d) Research facilities credit under s. 71.28 (5).

(e) Community development finance authority credit under s. 71.28 (1).

(f) The total of farmland preservation credit under subch. IX and estimated tax payments under s. 71.29.

(4) **Defense contract renegotiation.** If the renegotiation or price redetermination of any corporation defense contract or subcontract by the government of the United States or any agency thereof or the voluntary adjustment of prices, costs or profits on any such contract or subcontract results in a reduction of income, the amount of any repayment or credit pursuant to such renegotiation, price redetermination or adjustment, including any federal income taxes credited as a part thereof, shall be allowed as a deduction from the corporate taxable income of the year in which said income was reported for taxation. Any federal income tax previously paid upon any income so repaid or credited shall be disallowed as a deduction from income of the year in which such tax was originally deducted, to the extent that such tax constituted an allowable deduction for said year. Any corporate taxpayer affected by such renegotiation, price redetermination or voluntary adjustment may within one year after the final determination thereof file a claim for refund and secure the same without interest, and the department of revenue shall make appropriate adjustments on account of said tax deductions without interest, notwithstanding the limitations of s. 71.75 or other applicable statutes.

(5) **DISC income combining.** In the case of a parent corporation, its DISC or affiliate, the net income of a DISC derived from business transacted with its parent shall be combined with the income of the parent corporation and the net income of a DISC derived from
business transacted with the parent’s affiliated corporation shall be combined with the net income of the affiliated corporation to determine the amount of income subject to taxation under this chapter for the DISC, the parent corporation or the affiliate of the parent corporation as separate taxable entities. The net income of the parent corporation shall not include dividends received from the DISC paid from income previously combined for taxation under this subsection. “DISC” (domestic international sales corporation) has the meaning specified in section 992 of the internal revenue code as amended to December 31, 1979. For purposes of this subsection, a corporation is affiliated if at least 50% of its total combined voting stock is owned directly or indirectly by its parent corporation.

6) Installment Method; Distributions and Final Year. A corporation entitled to use the installment method of accounting shall take the unreported balance of gain on all installment obligations into income in the taxable year of their distribution, transfer or acquisition by another person or for the final taxable year for which it files or is required to file a return under this chapter, whichever year occurs first.

7) Penalties. Unless specifically provided in this subchapter, the penalties under subch. XIII apply for failure to comply with the provisions of this subchapter unless the context requires otherwise.

(8) Pricing Effect on Taxable Income. (a) When any corporation liable to taxation under this chapter conducts its business in such a manner as either directly or indirectly to benefit the members or stockholders thereof or any person interested in such business, by selling its products or the goods or commodities in which it deals at less than the fair price which might be obtained therefor, or where a corporation, a substantial portion of whose capital stock is owned either directly or indirectly by another person or persons interested in such business, by selling its products or the goods or commodities in which it deals at less than the fair price which might be obtained therefor, or where a corporation, a substantial portion of whose capital stock is owned either directly or indirectly by another corporation, acquires and disposes of the products of the corporation so owning a substantial portion of its stock in such a manner as to create a loss or improper net income, the department may determine the amount of taxable income to such corporation for the calendar or fiscal year, having due regard to the reasonable profits which but for such arrangement or understanding might or could have been obtained from dealing in such products, goods or commodities.

(b) For the purpose of this chapter, if a corporation which is required to file an income tax return is affiliated with or related to any other corporation through stock ownership by the same interests or as parent or subsidiary corporations or has income that is regulated through contract or other arrangement, the department of revenue may require such consolidated statements as in its opinion are necessary in order to determine the taxable income received by any one of the affiliated or related corporations.

9) Reserve Account Transfer to Surplus. If any transfer of a reserve or other account or portion thereof is in effect a transfer to surplus, so much of such transfer as had been accumulated through deductions from the gross or taxable income of the years open to audit under s. 71.74 (1) and (2) shall be included in the gross or taxable income of such years, and so much of such transfer as has been accumulated through deductions from the gross or taxable income of the years following January 1, 1911, and not open to audit under s. 71.74 (1) and (2) shall be included in the gross or taxable income of the year in which such transfer was effected.

Subchapter V

Tax-option Corporations

71.32 Conformity. Unless specifically provided in this subchapter, tax-option corporations shall be subject to all of the provisions, requirements and liabilities of this chapter, so far as applicable, unless the context requires otherwise.

71.33 Intent. It is the intent of this subchapter and other subchapters relating to the treatment of tax-option corporations and their shareholders to prevent the double inclusion or omission of any item of income, deduction or basis.

71.34 Definitions. In this subchapter:

(1) “Net income or loss” of a tax-option corporation means net income or loss computed under this chapter as if section 1363 (a), (b) and (c) of the internal revenue code did not apply, plus any deduction for dividends received that is claimed in computing net income or loss.

(2) “Tax-option corporation” means a corporation which is entitled to use the installment method of accounting, as defined in section 1363 (d) (3) of the internal revenue code, during a recognition period, as defined in section 1374 (d) (2) of the internal revenue code, and which is treated as an S corporation under subchapter S of the internal revenue code and has not elected out of tax-option corporation status under s. 71.365 (4) (a) for the current taxable year.

(3) “Tax-option item” means an item of income, loss or deduction.

(4) “Wisconsin net income”, for tax-option corporations engaged in business wholly within this state, means net income and, for tax-option corporations engaged in business both within and outside this state, means the amount assigned to this state under s. 71.25.

71.35 Imposition of additional tax on tax-option corporations. In addition to the other taxes imposed under this chapter, there is imposed on every tax-option corporation, except those under section 1374 (c) (1) of the internal revenue code, that has recognized built-in gain, as defined in section 1374 (d) (2) of the internal revenue code, during a recognition period, as defined in section 1374 (d) (3) of the internal revenue code, a tax computed under section 1374 of the internal revenue code except that the rate is that under s. 71.27 (2), the recognized built-in gain is computed using the Wisconsin basis of the assets and the Wisconsin apportionment percentage for the current taxable year, the taxable income is the Wisconsin taxable income and the credit and net operating losses are those under this chapter rather than the federal credits.
and net operating losses. The tax under this section does not apply if the return is filed pursuant to a federal S corporation election made before January 1, 1987, and the corporation has not elected to change its status under s. 71.365 (4) (a) for any intervening year.

71.36 Tax-option items. (1) It is the intent of this section that shareholders of tax-option corporations include in their Wisconsin adjusted gross income their proportionate share of the corporation's tax-option items unless the corporation elects under s. 71.365 (4) (a) not to be a tax-option corporation.

(1m) A tax-option corporation may deduct from its net income all amounts included in the Wisconsin adjusted gross income of its shareholders, the capital gain deduction under s. 71.05 (6) (b) 9 and all amounts not taxable to nonresident shareholders under ss. 71.04 (1) and (4) to (9) and 71.362. For purposes of this subsection, interest on federal obligations is not included in shareholders' income. The proportionate share of the net loss of a tax-option corporation shall be attributed and made available to shareholders on a Wisconsin basis but subject to the limitation and carry-over rules as prescribed by section 1366 (d) of the internal revenue code. Net operating losses of the corporation to the extent attributed or made available to a shareholder may not be used by the corporation for further tax benefit. For purposes of computing the Wisconsin adjusted gross income of shareholders, tax-option items shall be reported by the shareholders and those tax-option items, including capital gains and losses, shall retain the character they would have if attributed to the corporation, including their character as business income. In computing the tax liability of a shareholder, no credit against gross tax that would be available to the tax-option corporation if it were a nontax-option corporation may be claimed.

(2) A tax-option corporation shall separately state all tax-option items the separate treatment of which may affect the liability of any shareholder for tax under this chapter.

(3) (a) The tax treatment of all tax-option items shall be determined at the corporate level.

(b) All shareholders of tax-option corporations shall treat tax-option items on their returns under this chapter in a manner consistent with the manner in which those tax-option items are treated on the corporation's Wisconsin income or franchise tax return or shall notify the department of revenue of any inconsistency and the reason for it.

71.362 Situs of income. (1) All tax-option items of nonresident individuals, nonresident estates and nonresident trusts derived from a tax-option corporation not requiring apportionment under sub. (2) shall follow the situs of the business of the corporation from which they are derived.

(2) Nonresident individuals, nonresident estates and nonresident trusts deriving income from a tax-option corporation which is engaged in business within and without this state shall be taxed only on the income of the corporation derived from business transacted and property located in this state and losses and other items of the corporation deductible by such shareholders shall be limited to their proportionate share of the Wisconsin loss or other item. For purposes of this subsection, all intangible income of tax-option corporations passed through to shareholders is business income that follows the situs of the business.

71.365 General provisions. (1) Adjusted basis of shareholders' stock in tax-option corporation. For purposes of this chapter, the adjusted basis of a shareholder in the stock and indebtedness of a tax-option corporation shall be determined in the manner prescribed by the internal revenue code for a shareholder of an S corporation, except that the nature and amount of items affecting that basis shall be determined under this chapter. This subsection does not apply to 1978 and earlier taxable years of corporations which were S corporations for federal income tax purposes or to taxable years of corporations for which an election has been made under sub. (4) (a).

(2) Corporation business loss carry-forward prohibition. The corporation net business loss carry-forward provided by s. 71.26 (4) may not be claimed by a tax-option corporation.

(3) Credits not allowed. (a) The credits under s. 71.28 (4) and (5) may not be claimed by a tax-option corporation or shareholders of a tax-option corporation.

(b) The shareholders of a tax-option corporation may not claim the credit attributable to that corporation under s. 71.28 (3).

(4) Election to change from tax-option status. (a) If persons who hold more than 50% of the shares on the day on which this election is made consent, a corporation that is an S corporation for federal income tax purposes may elect, on or before the due date or extended due date of its return under this chapter, not to be a tax-option corporation for that taxable year and for later taxable years until its status is again changed.

(b) If persons who, on the day on which the election occurs, hold more than 50% of the shares of a corporation that has elected out under par. (a) consent, a corporation that is an S corporation for federal income tax purposes may elect, on or before the due date or extended due date of its return under this chapter, to be a tax-option corporation for that taxable year, except that no corporation electing under par. (a) and no successor of such a corporation may be a tax-option corporation for any of the next 4 taxable years after the taxable year to which its election under par. (a) first applies.

(5) Federal return copy. A tax-option corporation shall file with its state franchise or income tax return an exact copy of its federal income tax return for the same year and shall file any other return or statement filed with or made to, or any document received from, the U.S. internal revenue service, and
any form required of that corporation and prescribed by the department of revenue, affecting the taxation of its shareholders.

(6) **NOTICE TO SHAREHOLDERS OF APPEALS AND OTHER PROCEEDINGS.** Any notice of determination by the department of any tax-option item may be contested by a tax-option corporation under subch. XIV. A tax-option corporation shall timely notify all shareholders of any administrative or judicial proceeding about the determination of any tax-option item. Each shareholder may participate in any such proceeding and shall be bound by the final determination in that proceeding.

**SUBCHAPTER VI**

**URBAN TRANSIT COMPANIES**

71.37 **Conformity.** Unless otherwise provided in this subchapter or the context requires otherwise, urban transit companies are subject to this chapter.

71.38 **Definition.** In this subchapter, “urban mass transportation of passengers” means the transportation of passengers by means of vehicles having a passenger-carrying capacity of 10 or more persons including the operator, such capacity to be determined by dividing by 20 the total seating space measured in inches, when such transportation takes place entirely within contiguous incorporated cities or villages and in municipalities contiguous to that in which the carrier has its principal place of business, or within or between municipalities located within a radius of 10 miles of the municipality in which the carrier has its principal place of business, or entirely within one municipality or municipalities contiguous thereto, or within a county having a population of 500,000 or more or within such county and the counties contiguous thereto, or suburban operations classified as such by the office of the commissioner of transportation.

71.385 **Determination of cost.** The cost of property used and useful in providing urban mass transportation of passengers and the depreciation accrued on such property shall be determined on the basis of the reports and orders on file with the office of the commissioner of transportation.

71.39 **Imposition of tax.** (1) **SPECIAL TAX; COMPUTATION.** In lieu of the income and franchise tax rates prescribed in s. 71.27, there shall be assessed, levied and collected upon the taxable income of every corporation whose principal source (defined for purposes of this subchapter as being 50% or more) of gross income is the urban mass transportation of passengers a special income tax of 50% determined in accordance with this chapter, except that:

(a) United States income, excess or war profits and defense taxes shall be allowed as a deduction from gross income to the extent of the total payment actually made during the tax year.

(b) A deduction shall be allowed from such taxable income before the imposition of the special tax levied by this section, in an amount equivalent to 8% of the amount by which the cost of the property of such corporation used and useful in providing its urban mass transportation of passengers exceeds the cumulated amount of the depreciation accrued against such property as of the end of the fiscal year for which the income tax return is filed.

(c) An amount shall be added to such taxable income, before imposition of the special tax levied by this section, which amount shall be equivalent to the interest paid during the year in the operation of the business from which its income is derived.

(2) **DETERMINATION OF NET BUSINESS LOSS.** The addition to and deductions from income of urban transit companies under sub. (1) shall be used in determining the Wisconsin net business loss of such companies to be offset against the Wisconsin net business income as determined under this section for purposes of s. 71.26 (4).

71.40 **Filing of returns.** The special income tax assessed under this subchapter shall be reported in an income tax return filed in accordance with this chapter, except as modified by this subchapter. The tax so reported and assessed shall be payable to the department of revenue.

**SUBCHAPTER VII**

**TAXATION OF INSURANCE COMPANIES**

71.42 **Definitions.** In this subchapter:

(1) “Corporation” means insurance corporations, insurance joint stock companies, insurance associations and insurance common law trusts organized or conducted for profit, unless the context requires otherwise.

(2) For taxable year 1987 and subsequent years, “internal revenue code” means the federal internal revenue code as amended to December 31, 1986, as it applies to taxable year 1987 and subsequent years. Amendments to the internal revenue code enacted after December 31, 1986, do not apply to this subsection with respect to taxable year 1987 and thereafter.

(3) “Life insurance” includes annuities.

(4) “Person” includes corporations, unless the context requires otherwise.

71.43 **Imposition of tax.** (1) **INCOME TAX.** For the purpose of raising revenue for the state and the counties, cities, villages and towns, there shall be assessed, levied, collected and paid a tax as provided under this chapter on all Wisconsin net incomes of corporations which are not subject to the franchise tax under sub. (2) and which own property within this state or whose business within this state during the taxable year, except as provided under s. 71.23 (3), consists exclusively of foreign commerce, interstate commerce, or both; except as exempted under ss. 71.26 (1) and 71.45 (1). This section shall not be construed to prevent or affect the correction of errors or omissions in the assessments of income for former years under s. 71.74 (1) and (2).

(2) **FRANCHISE TAX ON CORPORATIONS.** For the privilege of exercising its franchise or doing business in this state in a corporate capacity, except as provided...
(a) Every corporation, except corporations specified in ss. 71.26 (1) and 71.45 (1), shall annually pay a franchise tax according to or measured by its entire Wisconsin net income of the preceding taxable year at the rates set forth in s. 71.46 (2). In addition, except as provided in ss. 71.23 (3), 71.26 (1) and 71.45 (1), a corporation that ceases doing business in this state shall pay a special franchise tax according to or measured by its entire Wisconsin net income for the taxable year during which the corporation ceases doing business in this state at the rate under s. 71.46 (2). Every corporation organized under the laws of this state shall be deemed to be residing within this state for the purposes of this franchise tax. All provisions of this chapter and ch. 73 relating to income taxation of corporations shall apply to franchise taxes imposed under this subsection, unless the context requires otherwise. The tax imposed by this subsection on insurance companies subject to taxation under this chapter, except societies, organizations or corporations under ch. 613 operating by virtue of s. 148.03, 447.13, 449.15 or 613.80, shall be based on Wisconsin net income computed under s. 71.45, and no other provision of this chapter relating to computation of taxable income for other corporations shall apply to such insurance companies. All other provisions of this chapter shall apply to insurance companies subject to taxation under this chapter unless the context clearly requires otherwise. The tax imposed upon societies, organizations or corporations under ch. 613 operating by virtue of s. 148.03, 447.13, 449.15 or 613.80 shall be upon such Wisconsin net income as is determined by application to such companies of those provisions of the internal revenue code applicable to mutual insurance companies, other than life insurance companies or mutual marine insurance companies, having total receipts over $500,000 subject to any applicable addition or subtraction as provided in s. 71.45 (2) (a).

71.44 Filing returns; extensions; payment of tax. (1) FILING RETURNS. (a) Every corporation, except corporations all of whose income is exempt from taxation, shall furnish to the department a true and accurate statement on or before March 15 of each year (except that returns for fiscal years ending on some other date than December 31 shall be furnished on or before the 15th day of the 3rd month following the close of such fiscal year) in such manner and form and setting forth such facts as the department deems necessary to enforce this chapter. Such statement shall be subscribed by the president, vice president, treasurer, assistant treasurer, chief accounting officer or any other officer duly authorized so to act. In the case of a return made for a corporation by a fiduciary such fiduciary shall subscribe the return. The fact that an individual’s name is subscribed on the return shall be prima facie evidence that such individual is authorized to subscribe the return on behalf of the corporation.

(b) Each corporation that is required to file a return under this section shall file with that return a copy of its federal income tax return for the same taxable year.

(c) Whenever a corporation has been completely inactive for an entire taxable year, in lieu of filing the statements and information otherwise required by this section, it may file a declaration, on a form to be provided by the department, subscribed by its president, if a resident of this state, and, if not a resident, then by another officer residing in this state, attesting to such inactivity. Such declaration must be filed prior to the otherwise due date for its Wisconsin return for such taxable year. Thereafter the corporation need not file such statements or information for any subsequent year unless specifically requested to do so by the department or unless in a subsequent year the corporation has been activated or reactivated. If a corporation files a false declaration of complete inactivity, or, after filing a declaration, becomes activated or reactivated and fails to file timely statements and information hereunder covering such year or years of activity or reactivity its officers at the time of such filing or failure shall be jointly and severally liable for a civil penalty of $25 for such filing or each such failure, which penalty may be assessed and collected as income taxes are assessed and collected.

(d) Nothing contained in this subsection shall preclude the department from requiring any corporation to file a return when in the judgment of the department a return should be filed.

(2) CHANGING ACCOUNTING PERIODS. (a) Corporations may not change their basis of reporting from a calendar year to a fiscal year, from a fiscal year to a calendar year, or from one fiscal year to another without first obtaining the approval of the department of revenue unless the internal revenue service has approved the change or unless the change, including a change to a short taxable year, is required by the internal revenue code before approval by the internal revenue service and the reason for the change is explained in the first return filed for the new taxable year. Corporations that make changes on the basis of federal changes shall submit a copy of the internal revenue service’s notice of approval, if prior federal approval, other than expedientious approval, was required, or requirement, if prior federal approval was not required or if the corporation qualifies for expeditious approval, to the department of revenue along with the return for the first taxable year for which the change applies.

(b) If a corporation changes its basis of reporting from a calendar year to a fiscal year a separate return shall be made for the period between the close of the last calendar year and the date designated as the close of the fiscal year. If the change is from a fiscal year to a calendar year, a separate return shall be made for the period between the close of the last fiscal year and the following December 31. If the change is from one fiscal year to another fiscal year a separate return shall
be made for the period between the close of the former fiscal year and the date designated as the close of the new fiscal year. In no case shall a separate income tax return be made for a period of more than 12 months.

(c) When a separate corporation income tax return is made for a fractional part of a year the income shall be computed and reported on the basis of the period for which the separate return is made, and such fractional part of a year shall constitute an income year, except that if a corporation terminates, under section 1362 (d) (1) or (2) of the internal revenue code, its election to be treated as an S corporation for federal income tax purposes the corporation may allocate its items of income, loss or deduction between its short taxable year as a tax-option corporation and its short taxable year as a nontax-option corporation according to the method under section 1362 (e) (2) of the internal revenue code.

(d) If a separate income tax return is made for a short period under par. (b) on account of a change in the income year, the net income for such short period shall be placed on an annual basis by multiplying the amount thereof by 12 and dividing by the number of months included in the period for which the separate return is made. The tax shall be such part of the tax computed on such annual basis as the number of months in such short period is of 12 months.

(3) EXTENSIONS. In the case of a corporation required to file a return, when sufficient reason is shown, the department of revenue may on written request allow such further time for making and delivering the return as is considered necessary, not to exceed 30 days or in the case of a cooperative filing a return or a domestic international sales corporation, as defined in s. 71.30 (5), not to exceed 6 months. Any extension of time granted by law or by the internal revenue service for the filing of corresponding federal returns shall extend the time for filing under this chapter if a copy of any extension requested of the internal revenue service is filed with the return. Termination of an automatic extension by the internal revenue service is filed with the return. Termination of an automatic extension by the internal revenue service, or its refusal to grant such automatic extension, shall similarly require that any returns due under this chapter are due on or before the date for termination fixed by the internal revenue service. Except for payments of estimated taxes, income taxes payable upon the filing of the tax return shall not become delinquent during such extension period, but shall be subject to interest at the rate of 12% per year during such period.

(4) PAYMENT OF TAX. (a) All income and franchise taxes shall be paid to the department of revenue, at its office at Madison or at such other place the department designates.

(b) Corporation franchise and income taxes not paid on or before the 15th day of the 3rd month following the close of the income year shall be deemed delinquent.

(c) The department of revenue shall accept in advance income taxes and surtaxes from taxpayers desirous of making such payments before the same shall become due and payable. Advance payment of taxes under this provision shall not relieve the taxpayer from additional taxes which may result from subsequent legislation or from additional taxable income disclosed or discovered subsequent to such payment.

(d) No person is required to pay a balance due of less than $1.

71.45 Income computation. (1) EXEMPT AND EXCLUDABLE INCOME. There shall be exempt from taxation under this subchapter income of mutual insurers exempt from federal income taxation pursuant to section 501 (c) (15) of the internal revenue code, town mutuals organized under or subject to ch. 612, foreign insurers, and domestic insurers engaged exclusively in life insurance business, domestic insurers insuring against financial loss by reason of nonpayment of principal, interest and other sums agreed to be paid under the terms of any note or bond or other evidence of indebtedness secured by a mortgage, deed of trust or other instrument constituting a lien or charge on real estate and corporations organized under ch. 185 or operating under subch. I of ch. 616 which are bona fide cooperatives operated without pecuniary profit to any shareholder or member, or operated on a cooperative plan pursuant to which they determine and distribute their proceeds in substantial compliance with s. 185.45. This subsection does not apply to the income of insurers under ch. 613 operating by virtue of s. 148.03, 447.13, 449.15 or 613.80. Tax on the income of such insurers shall be payable under s. 71.44 (1).

(2) DETERMINATION OF NET INCOME. (a) Insurers subject to taxation under this chapter, except insurers under ch. 613 operating by virtue of s. 148.03, 447.13, 449.15 or 613.80, shall pay a tax according to or measured by net income. Such tax is payable under s. 71.44 (1). “Net income” of an insurer subject to taxation under this chapter means federal taxable income as determined in accordance with the provisions of the internal revenue code adjusted as follows:

1. By adding to federal taxable income the amount of any loss carry-forward or carry-back, including any capital loss carry-forward or carry-back, deducted in the calculation of federal taxable income.

2. By adding to federal taxable income, if not already included therein, the amount of any federal tax refund or portion thereof previously applied to reduce the amount of tax payable under this chapter.

3. By adding to federal taxable income an amount equal to interest income received or accrued during the taxable year to the extent such interest income was used as a deduction in determining the company’s federal taxable income.

4. By adding to federal taxable income an amount equal to dividend income received during the taxable year to the extent such dividend income was used as a deduction in determining federal taxable income.
5. By adding to federal taxable income the amount of taxes imposed by this or any other state, or the District of Columbia, on or measured by net income, gross income, gross receipts or capital stock, if any, deducted in the calculation of federal taxable income except that gross receipts taxes assessed in lieu of property taxes are deductible from gross income.

6. By adding or subtracting, as appropriate, the difference between the federal basis and the Wisconsin basis of any asset sold, exchanged, abandoned or otherwise disposed of in a taxable transaction during the taxable year.

7. By adding or subtracting, as appropriate, the amount required to reflect the fact that property that, under s. 71.01 (4) (g) 7 to 10, 1985 stats., is required to be depreciated for taxable years 1983 to 1986 under the internal revenue code as amended to December 31, 1980, shall continue to be depreciated under the internal revenue code as amended to December 31, 1980.

8. By subtracting from federal taxable income dividends received from Wisconsin corporations that are deductible under s. 71.26 (3) (j) and are included in federal taxable income.

9. By subtracting from federal taxable income any net capital losses not offset against capital gains to the extent that subtraction is allowed to other corporations in computing net income under s. 71.26 (2).

(b) 1. With respect to any domestic insurer engaged in the sale of life insurance and also other insurance, the net income figure derived by application of par. (a) shall be multiplied by a fraction, the numerator of which is the total net gain from operations on insurance, other than life insurance, and the denominator of which is the total net gain from operations; except that the multiplier is zero if the numerator is zero or the numerator is negative and the adjusted federal taxable income is positive or the numerator is positive and the adjusted federal taxable income is negative, and except that the multiplier is one if the numerator is positive and the denominator is zero or negative and the adjusted federal taxable income is positive or the numerator is negative and the denominator is zero or negative and the adjusted federal taxable income is negative or the numerator is greater than the denominator, and except that if the numerator and denominator are both negative and the adjusted federal taxable income is negative the multiplier is positive but may not be more than one.

2. For purposes of the numerator, "net gain from operations on insurance, other than life insurance" includes net income, after dividends to policyholders, but before federal and foreign income taxes, from fire and casualty insurance; net gain from operations, after dividends to policyholders and before federal income taxes, from accident and health insurance; and net realized capital gains or losses on investments from accident and health insurance operations, said net realized capital gains or losses to be apportioned among life and accident and health insurance lines in the same manner as net investment income is required to be apportioned by the commissioner of insurance. "Net gain from operations", "net income", "net realized capital gains or losses", and "net investment income" shall be calculated and reported as required under rules adopted by the commissioner of insurance.

3. For purposes of the denominator, "total net gain from operations" includes net income, after dividends to policyholders, but before federal and foreign income taxes, from fire and casualty insurance; net gain from operations after dividends to policyholders and before federal income taxes, from accident and health and life insurance; and net realized capital gains or losses on investments from accident and health and life insurance operations. "Net income", "net gain from operations", and "net realized capital gains or losses" shall be calculated and reported as required under rules adopted by the commissioner of insurance.

4. The resultant figure shall constitute Wisconsin net income for purposes of the Wisconsin franchise tax measured by net income except with respect to such of said insurers as had, in the taxable year, premiums written on insurance other than life insurance where the subject of such insurance was resident, located or to be performed outside this state.

(3) APPORTIONMENT. With respect to domestic insurers not engaged in the sale of life insurance or not operating under ch. 613 by virtue of s. 148.03, 447.13, 449.15 or 613.80 but which, in the taxable year, have collected premiums written on subjects of insurance resident, located or to be performed outside this state, there shall be subtracted from the net income figure derived by application of sub. (2) (a) to arrive at Wisconsin income constituting the measure of the franchise tax an amount calculated by multiplying such adjusted federal taxable income by the arithmetic average of the following 2 percentages:

(a) The percentage of total premiums written on all property and risks other than life insurance, wherever located during the taxable year, as reflects premiums written on insurance, other than life insurance, where the subject of insurance was resident, located or to be performed outside this state.

(b) The percentage of total payroll, exclusive of life insurance payroll, paid everywhere in the taxable year as reflects such compensation paid outside this state. Compensation is paid outside this state if the individual's service is performed entirely outside this state; or the individual's service is performed both within and without this state, but the service performed within is incidental to the individual's service without this state; or some service is performed without this state and the base of operations, or if there is no base of operations, the place from which the service is directed or controlled is without this state, or the base of operations
or the place from which the service is directed or controlled is not in any state in which some part of the service is performed, but the individual's residence is outside this state.

(3m) **Arithmetic average.** The arithmetic average of the 2 percentages referred to in sub. (3) shall be applied to the net income figure arrived at by the successive application of sub. (2) (a) and (b) with respect to Wisconsin insurers to which sub. (2) (a) and (b) applies and which have collected premiums written upon insurance, other than life insurance, where the subject of such insurance was resident, located or to be performed outside this state, to arrive at Wisconsin income constituting the measure of the franchise tax.

(4) **Net business loss carry-forward.** Insurers computing tax under this subchapter may subtract from Wisconsin net income any Wisconsin net business loss sustained in any of the next 15 preceding income years to the extent not offset by Wisconsin net business income of any year between the loss year and the income year for which an offset is claimed and computed without regard to sub. (2) (a) 8 and 9 and this subsection and limited to the amount of net income, but no loss incurred by a nonprofit service plan of sickness care under ch. 148, dental care under s. 447.13 or prepaid optometric service plans under s. 449.15 may be treated as a net business loss of the successor service insurer under ch. 613 operating by virtue of s. 148.03, 447.13 or 449.15.

**71.46 Rates of taxation.** (1) The taxes to be assessed, levied and collected upon Wisconsin net incomes of corporations shall be computed at the rate of 7.9%.

(2) The corporation franchise tax imposed under s. 71.43 (2) and measured by Wisconsin net income shall be computed at the rate of 7.9%.

(3) The tax imposed under this subchapter on each domestic insurer on or measured by its entire net income attributable to lines of insurance in this state may not exceed 2% of the gross premiums, as defined in s. 76.62, received during the taxable year by the insurer on all policies on those lines of insurance if the subject of that insurance was resident, located or to be performed in this state.

**71.47 Credits.** (1) **Community development finance authority credit.** (a) Any corporation which contributes an amount to the community development finance authority under s. 233.03, and in the same year purchases common stock or partnership interests of the community development finance company issued under s. 233.05 (2) in an amount no greater than the contribution to the authority, may credit against taxes otherwise due an amount equal to 75% of the purchase price of the stock or partnership interests. The credit received under this paragraph may not exceed 75% of the contribution to the community development finance authority.

(b) Any corporation receiving a credit under this subsection may carry forward to the next succeeding 15 taxable years the amount of the credit not offset against taxes for the year of purchase to the extent not offset by those taxes otherwise due in all intervening years between the year for which the credit was computed and the year for which the carry-forward is claimed.

(c) A claimant who has filed a timely claim under this subsection may file an amended claim with the department of revenue within 4 years of the last day prescribed by law for filing the original claim.

(2) **Farmland preservation credit.** The farmland preservation credit under subch. IX may be claimed against taxes otherwise due.

(2b) **Manufacturing sales tax credit.** (a) In this subsection:

1. “Manufacturing” has the meaning given in s. 77.54 (6m).

2. “Sales and use tax under ch. 77 paid by the corporation” includes use taxes paid directly by the corporation and sales and use taxes paid by the corporation’s supplier and passed on to the corporation whether separately stated on the invoice or included in the total price.

(b) The tax imposed upon or measured by corporation Wisconsin net income under s. 71.43 (1) or (2) shall be reduced by an amount equal to the sales and use tax under ch. 77 paid by the corporation in such taxable year on fuel and electricity consumed in manufacturing tangible personal property in this state.

(c) If the credit computed under par. (b) is not entirely offset against Wisconsin income or franchise taxes otherwise due, the unused balance shall be carried forward and credited against Wisconsin income or franchise taxes otherwise due for the following 15 taxable years to the extent not offset by these taxes otherwise due in all intervening years between the year in which the expense was incurred and the year in which the carry-forward credit is claimed.

(d) The shareholders of a tax-option corporation may not claim the credit attributable to that corporation under this subsection.

(3) **Research credit.** (a) **Credit.** For taxable year 1986 and subsequent years, any corporation may credit against taxes otherwise due under this chapter an amount equal to 5% of the amount obtained by subtracting from the corporation’s qualified research expenses, as defined in section 41 of the internal revenue code, except that “qualified research expenses” includes only expenses incurred by the claimant, incurred for research conducted in this state for the taxable year the corporation’s base period research expenses, as defined in section 41 of the internal revenue code.

(b) **Adjustments.** For taxable year 1985 and subsequent years, adjustments for acquisitions and dispositions of a major portion of a trade or business shall be made under section 41 of the internal revenue code as limited by this subsection.
(c) **Annualization.** In the case of any short taxable year, qualified research expenses shall be annualized as prescribed by the department of revenue.

(d) **Proration.** If a portion of qualified research expenses is incurred partly within and partly outside this state and the amount incurred in this state cannot be accurately determined, a portion of the qualified expenses shall be reasonably allocated to this state. Expenses incurred entirely outside this state for the benefit of research in this state are not allocable to this state under this paragraph.

(e) **Change of business or ownership.** In the case of a change in ownership or business of a corporation, section 383 of the internal revenue code, as limited by this subsection, applies to the carry over of unused credits.

(f) **Carry-over.** If the credit computed under par. (a) is not entirely offset against Wisconsin income or franchise taxes otherwise due, the unused balance may be carried forward and credited against Wisconsin income or franchise taxes otherwise due for the following 15 taxable years to the extent not offset by these taxes otherwise due in all intervening years between the year in which the expense was incurred and the year in which the carry-forward credit is claimed.

(g) **Administration.** The department of revenue has full power to administer the credit provided in this subsection and may take any action, conduct any proceeding and proceed as it is authorized in respect to income and franchise taxes imposed in this chapter. The income and franchise tax provisions in this chapter relating to assessments, refunds, appeals, collection, interest and penalties apply to the credit under this subsection.

(h) **Timely claim.** No credit may be allowed under this subsection unless it is claimed within the period specified in s. 71.75 (2).

(i) **Nonclaimants.** The credit under this subsection may not be claimed by a partnership or tax-option corporation or by partners or shareholders of a tax-option corporation.

Eligible amounts include only amounts paid or incurred for tangible, depreciable property but do not include amounts paid or incurred for replacement property.

(b) **Calculation and administration.** Subsection (3) (b) to (i) as it relates to the credit under that subsection applies to the credit under this subsection.

(b) If any person in a household has claimed or will claim credit under subch. VIII, all persons from that household are ineligible to claim any credit under this subchapter for the year to which the credit under subch. VIII pertained.

(c) For partnerships, “claimant” means each individual partner.

(d) For purposes of filing a claim under this subchapter, the personal representative of an estate and the trustee of a trust shall be deemed owners of farmland. “Claimant” does not include the estate of a person who is a nonresident of this state on the person’s date of death, a trust created by a nonresident person, a trust which receives Wisconsin real property from a nonresident person or a trust in which a nonresident settlor retains a beneficial interest.

(e) For purposes of filing a claim under this subchapter, when land is subject to a land contract, the claimant shall be the vendee under the contract.

(b) For a corporate claimant, except a tax-option corporation, means the same as for an individual claimant except that net income plus any farm business loss carry-forward allowed under s. 71.26 (4) shall be included instead of income under s. 71.52 (6) and “income” of a corporate claimant shall include all household income of each of its corporate shareholders of record at the end of its income year, plus nonfarm business losses and depreciation expenses of the corporate claimant, except the first $25,000 of depreciation expenses in respect to the farm.

(h) For services performed by an individual in, and at the time of, the sale of newspapers or magazines to ultimate consumers, under an arrangement under which the newspapers or magazines are to be sold by him or her at a fixed price, his or her compensation being based on the retention of the excess of such price over the amount at which newspapers or magazines are charged to him or her, whether or not he or she is guaranteed a minimum amount of compensation for such services, or is entitled to be credited with the unsold newspapers or magazines turned back.

(i) For services not in the course of the employer’s trade or business to the extent paid in any medium other than cash.

(j) To, or on behalf of, an employe or his or her beneficiary from a trust created or organized in the United States and forming part of a stock bonus, pension or profit sharing plan of an employer for the exclusive benefit of his or her employees or their beneficiaries and which trust is exempt from taxation, unless such payment is made to an employe of the trust as remuneration for services rendered as such employe and not as a beneficiary of the trust.

(k) For personal services performed in Wisconsin in the form of retirement, pension and profit-sharing benefits, received by nonresidents after retirement from the employ of the employer for whom such personal services were performed.

(L) To, or on behalf of, an employe or beneficiary from a plan described in s. 815.18 (31) (a) under which the benefits are fully funded by life insurance or annuities.

(m) If the remuneration paid by an employer to an employe for services performed during one-half or more of any payroll period of not more than 31 consecutive days constitutes wages, all the remuneration paid by such employer to such employe for such period shall be deemed to be wages; but if the remuneration paid by an employer to an employe for services performed during more than one-half of any such payroll period does not constitute wages, then none of the remuneration paid by such employer to such employe for such period shall be deemed to be wages.

(n) In the form of tips paid to employees if:
1. The tips are paid in a medium other than cash; or
2. The cash tips received by an employe in any calendar month in the course of employment by an employer are less than $20. However, if such cash tips received in a calendar month amount to $20 or more none of such cash tips are excepted from wages under this section.

71.64 Employers required to withhold. (1) Withholding from wages. (a) Every employer at the time of payment of wages to an employe shall deduct and withhold from such wages, without regard for federal insurance contributions act deductions therefrom, an amount determined in accordance with tables to be prepared by the department under sub. (9). The secretary may grant permission to employers who do not desire to use the withholding tax tables provided by the department to determine the amount of tax to be withheld by use of a method of withholding other than the withholding tax tables, provided such method will withhold from each employe substantially the same amount as would be withheld by use of the withholding tax tables. Employers who desire to determine the amount of tax to be withheld by a method other than by use of the withholding tax tables shall obtain permission from the secretary before the beginning of a payroll period for which the employer desires to withhold the tax by such other method. Applications for use of such other method must be accompanied by evidence establishing the need for the use of such method.

(b) An employer may, at his or her discretion, deduct and withhold from any one payment of wages in a month, in the case of an employe paid more often than once during any month, the total amount which the employer reasonably estimates he or she will be required to withhold under this section from such employe during that month. Permission from the secretary under par. (a) is not needed by any employer acting under this paragraph.

(c) Withholding from marital income shall be allocated between taxpayers in the same manner that income is allocated or would be allocated.

(2) Changing amount of withholding by written agreement between employer and employe. (a) Additional amount. In addition to the amount required to be deducted and withheld, an employer and employe may agree in writing that an additional amount shall be withheld from the employe’s wages. The amount deducted and withheld pursuant to such an agreement shall be considered as an amount required to be deducted and withheld for all purposes of this subchapter.

(b) Lesser amount. In lieu of the amount required to be deducted and withheld under this section, an employer and employe may agree in writing on a form prescribed and provided by the department that a lesser amount be withheld from the employe’s wages if:
1. The employe determines that the lesser amount approximates the employe’s anticipated income tax liability for the year.
2. The employe sends a copy of the completed agreement form to the department within 10 days after it is filed with the employer.
3. The agreement expires on April 30 of the following year, for calendar year taxpayers, or 4 months following the close of their fiscal year, for fiscal year taxpayers.

(c) Department may void agreement. If the department determines that an agreement under par. (b) would result in an insufficient amount of tax being
withheld, the department may void the agreement by notification to the employer and employee.

(3) WITHHOLDING FROM PENSION OR SICK PAY PLAN. If a payee furnishes written notification to a payor of any pension or to a 3rd-party payor of any sick pay plan that the payee desires to have Wisconsin income tax withheld from the pension or sick pay plan, the payor shall withhold from each pension payment or sick pay payment an amount in accordance with the withholding tables or the amount that the payee designates to the payor. The amount withheld from each payment may not be less than $5. For purposes of this subsection, “pension” includes any retirement payment plan, and “sick pay” includes any amount paid to an employee as remuneration or paid instead of remuneration for any period when the employee is temporarily absent from work because of sickness or personal injuries. Payors withholding under this subsection are employers for all purposes of this section and shall withhold, remit and be subject to the other requirements of an employer in withholding Wisconsin income tax from employees.

(4) WITHHOLDING FROM PAYMENTS MADE TO ENTERTAINERS. For purposes of this section, all payments made to entertainers and entertainment corporations are presumed subject to withholding unless the recipient provides to the person making the payment a written statement, on a form prescribed by the department, certifying that the payment is exempt under sub. (6) (b) or s. 71.05 (2).

(5) WITHHOLDING FROM ENTERTAINER IN ABSENCE OF BOND OR CASH DEPOSIT. If no bond or cash deposit is made under s. 71.80 (15) (b) by an entertainer or entertainment corporation at the time of payment of wages to an entertainer, the employer shall either withhold the amount for which a bond should have been provided under s. 71.80 (15) (b) or deduct and withhold the tax reflected by the proper withholding table. If the entertainer establishes to the department’s satisfaction that a lower rate is more appropriate, the department shall notify the employer to withhold at the lower rate. The department may notify the employer that it waives the withholding requirement on the amount specified. Payments to an entertainment corporation shall be withheld at the rate of 6% unless the payee establishes to the satisfaction of the department that a lower rate is appropriate, in which case the department may notify the employer to withhold at a lower rate.

(6) WITHHOLDING FROM PAYMENTS MADE TO NONRESIDENTS. (a) At the time of payment of wages to a nonresident employee which wages were derived from the performance of services both within and without the state, the employer shall deduct and withhold from the wages derived from the performance of services within the state the amount as reflected by the proper withholding table.

(b) No amount shall be withheld from the wages paid to a nonresident employee for services performed in this state if the employer reasonably estimates that during that calendar year the employee will earn less than $1,500; but whenever it appears that the employee will earn more than $1,500 in this state during the calendar year, the employer shall withhold, from wages paid thereafter, such additional amounts as the employer reasonably estimates will be required to offset the amounts not withheld from previous payments.

(7) SPECIAL WITHHOLDING ARRANGEMENTS. The secretary of revenue, acting within his or her discretion, may authorize special withholding arrangements in hardship cases resulting from situations in which persons, domiciled in Wisconsin, are subjected to withholding in some other state by reason of the performance of substantial personal services in such other state, pursuant to s. 71.07 (7).

(8) EXCEPTIONS. (a) The employer of any employee domiciled in a state with which Wisconsin has reciprocity under s. 71.05 (2) is not required to withhold under this subchapter from the wages earned by such employee in this state.

(b) This subchapter shall not apply to any county fair association in regard to any employee receiving less than $100 annually in wages or salary from the association.

(c) The department of health and social services is not required to withhold under sub. (1) from wages paid to an inmate working in a prison listed in s. 53.01, and if the inmate’s wages do not exceed $2,000 per year the department of health and social services is not required under s. 71.65 (3) to file reports relating to those wages.

(9) WITHHOLDING TABLES. (a) The department shall prepare, promulgate and publish in the official state paper, without regard to the requirements of ch. 227, rules establishing withholding tables prepared on a weekly, biweekly, semimonthly, monthly, and daily or miscellaneous pay period basis. Those rules shall also provide instructions for withholding with respect to quarterly, semiannual and annual pay periods.

(b) The department shall from time to time adjust the withholding tables to reflect any changes in income tax rates, any applicable surtax or any changes in dollar amounts in s. 71.06 (1) and (2) resulting from statutory changes. The tables shall be extended to cover from zero to 10 withholding exemptions, shall assume that the payment of wages in each pay period will, when multiplied by the number of pay periods in a year, reasonably reflect the annual wage of the employee from the employer and shall be based on the further assumption that the annual wage will be reduced for allowable deductions from gross income. The department may determine the length of the tables and a reasonable span for each bracket. In preparing the tables the department shall adjust all withholding amounts not an exact multiple of 10 cents to the next highest figure that is a multiple of 10 cents. The department shall also provide instructions with
the tables for withholding with respect to quarterly, semiannual and annual pay periods.

71.65 Filing returns or reports. (1) EMPLOYER MUST FURNISH STATEMENT TO EMPLOYEE. (a) Every person or partnership required to deduct and withhold from an employee under the general withholding provisions of this subchapter shall furnish to each such employee in respect of the remuneration paid by such person or partnership to such employee during the calendar year, on or before January 31 of the succeeding year, or if his or her employment is terminated before the close of any such calendar year on the day on which the last payment of remuneration is made, 2 legible copies of a written statement showing the following:

1. The name of such person or partnership, and that person’s or partnership’s Wisconsin income tax identification number, if any.
2. The name of such employee, and his or her social security number, if any.

(2) EMPLOYERS MUST FURNISH STATEMENT TO THE DEPARTMENT. (a) Every person required to deduct and withhold from an employee under this subchapter shall furnish to the department of revenue at its offices in Madison, in respect to remuneration paid by such person to such employee during the calendar year, on or before January 31 of the succeeding year, one legible copy of the written statement under sub. (1).

(b) Every resident of this state and every nonresident carrying on activities within this state, whether taxable or not under this chapter, who pays in any calendar year for services performed within this state by an individual remuneration which is excluded from the definition of wages, in the amount of $600 or more, shall, on or before January 31 of the succeeding year, furnish the department of revenue at its offices in Madison a written statement in such form as required by the department, disclosing the name of the payor, the name and address of the recipient and the total amount paid in such year to such recipient. In any case in which an individual receives wages and also remuneration for services which remuneration is excluded from such definition, both from the same payor, the wages and the excluded remuneration shall both be reported in the report required under this subsection in a manner satisfactory to the department, regardless of the amount of the excluded remuneration.

(3) FILING REPORTS AND MAKING DEPOSITS OF WITHHELD TAXES. (a) Every employer who deducts and witholds any amount under this subchapter shall deposit such amount on a quarterly basis, except that if the amount deducted and withheld in any quarter exceeds $300, the department may require by written notice to the employer, that amounts deducted and withheld on and after the date indicated on such notice be deposited on a monthly basis. Employers who are required to file reports and deposit withheld taxes on a monthly, quarterly or annual basis, as the case may be, shall file such reports and deposit such taxes on or before the last day of the month next succeeding the withholding period. If the amount deducted and withheld in any quarter exceeds $5,000, the department may require by written notice to the employer, that for amounts deducted and withheld from the first day of the month through the 15th day of the month, the employer shall file reports and deposit such taxes on or before the last day of such month and that for amounts deducted and withheld from the 16th day of the month through the last day of the month the employer shall file reports and deposit such taxes on or before the 15th day of the next succeeding month. Employers shall file reports and deposit taxes with such public depository in Wisconsin as the department of administration designates a public depository therefor under s. 34.05 to the credit of the general fund. With each deposit the employer shall include a deposit report on a form to be provided by the department. The department may, when satisfied that the revenues will be adequately safeguarded, permit an employer whose withheld taxes do not exceed $50 per month to deposit withheld taxes and reports for other than quarterly periods. The department may revoke such permission at any time. The department, if it deems it necessary in order to ensure payment to or facilitate the collection by the state of the amount of taxes, may require reports or payments of the amount of withheld taxes for other than quarterly periods. The public depository shall record on such deposit report the amount deposited and shall then forward such report to the department in such manner and at such time as the department by rule prescribes. On or before January 31 of each year every employer shall file with the department at its offices in Madison, or at such other place as the department by rule prescribes, a withholding report on a form to be provided by the department showing the amount withheld from the wages paid each employee in the previous calendar year, the amount deposited in respect to each employee on wages paid in the previous calendar year and a reconciliation of the aggregate of the amounts deposited in respect to each employee on wages paid in the previous calendar year with the aggregate of the amounts shown on the semimonthly, monthly and quarterly deposit reports filed in respect to such withholding. Every employer who discontinues business prior to the end of a calendar year shall, within 30 days of such discontinuance, deposit withheld taxes not previously deposited and submit a deposit report concerning such deposit with the public depository and file a withholding report with the department covering the period from the beginning of the calendar year to the date of discontinuance. No
employe shall have any right of action against an employer in regard to money deducted from wages and deposited with the public depository in compliance or intended compliance with this subchapter.

(b) Upon not less than 6 months’ notice to the public depository designated under par. (a), the secretary of revenue may direct that withheld taxes required to be reported and remitted by employers on and after a date specified be reported and remitted directly to the department of revenue. Every employer who deducts and withholds any amount under this subchapter required to be reported and remitted on or after such date shall report and remit directly to the department. Amounts withheld shall be paid over a quarterly basis but if the amount deducted and withheld in any quarter exceeded $300, the department may require, by written notice to the employer, that amounts deducted and withheld after the date indicated on such notice be paid over a monthly basis. Employers who are required to file reports and pay over withheld taxes on a monthly, quarterly or annual basis shall file such reports and pay over such taxes on or before the last day of the month next succeeding the withholding period. If the amount deducted and withheld in any quarter exceeded $5,000, the department may require by written notice to the employer, that for amounts deducted and withheld from the first day of the month through the 15th day of the month, the employer shall file such reports and pay over such taxes on or before the last day of such month; for amounts deducted and withheld from the 16th day of the month through the last day of the month, the employer shall file such reports and pay over such taxes on or before the 15th day of the next succeeding month.

(c) With each payment the employer shall include a withholding report on forms provided by the department. Such permission may be revoked at any time. The department, if it deems it necessary in order to ensure payment or to facilitate the collection by the state of the amount of withheld taxes for shorter than quarterly periods. (e) Every employer who discontinues his or her business prior to the end of a calendar year shall, within 30 days of such discontinuance, pay over withheld taxes not previously deposited or paid over, and shall file a withholding report with the department covering the period from the beginning of the calendar year to the date of discontinuance.

(f) No employe shall have any right of action against his or her employer in regard to money deducted from his or her wages and paid over to the department in compliance or intended compliance with this subchapter.

(g) If the secretary of revenue elects to discontinue use of the public depository, reasonable notice of the change shall be communicated to employers subject to withholding.

(4) Self-insurers. A person who is required to file an annual withholding report under sub. (3) (a) and who is a self-insurer for the purposes of subch. II of ch. 619 shall indicate on the return that the person is such a self-insurer.

(5) Time extension. For good cause shown upon application by an employer, the department may grant an extension of time not exceeding 30 days in which to furnish employees the written statements required by sub. (1) or to file the copies of such written statements as required by sub. (2) (a) or (b), or in which to file a withholding report as required by sub. (3) (a) or (b), but no such extension shall extend the time for deposit with the public depository or payment to the department of amounts required to be deducted and withheld pursuant to this subchapter.

71.66 Employee exemption certificates. (1)(a) On or before the date on which an employe commences employment with an employer each employe shall furnish his or her employer with a signed withholding exemption certificate relating to the number of withholding exemptions he or she claims, which shall not exceed the number to which he or she is entitled. If the employee fails to furnish such certificate, such employe, for withholding purposes, shall be considered as claiming no withholding exemptions.

(b) If the number of withholding exemptions to which the employe is entitled is less than the number of withholding exemptions claimed by him or her on the withholding exemption certificate then in effect, the employe shall within 10 days after the change occurs furnish the employer with a new withholding exemption certificate, which shall not exceed the number to which he or she is entitled.

(c) If the number of withholding exemptions to which the employe is entitled is more than the number of withholding exemptions claimed by him or her on the withholding exemption certificate then in effect, the employe may furnish the employer with a new withholding exemption certificate on which the employe must not claim more than the number of withholding exemptions to which he or she is entitled on such day.
(d) A withholding exemption certificate furnished to the employer shall take effect as of the beginning of the first payroll period ending after the date on which such certificate is furnished.

(e) Any employee who willfully supplies his or her employer with false or fraudulent information regarding his or her withholding exemption or who willfully fails to supply information which would increase the amount to be withheld may be fined not more than $200.

(f) Whenever the internal revenue code or regulations or rulings of the internal revenue service require an employer to submit copies of, or information taken from, an employee's withholding allowance certificate to the internal revenue service, the employer shall also furnish copies of the certificate to the department within 15 days after the employer is required to file the certificate or information with the internal revenue service.

(2) An employee receiving wages shall be entitled to either the number of withholding exemptions allowable for federal withholding tax purposes or the following withholding exemptions that apply:
   (a) An exemption for himself or herself.
   (b) If the employee is married, an exemption to which his or her spouse is entitled, or would be entitled if such spouse were an employee receiving wages, but which his or her spouse is entitled, or would be entitled to receive, an employee's withholding allowance certificate.
   (c) An exemption for each individual with respect to whom, on the basis of the facts existing, there may reasonably be expected to be allowable an exemption under s. 71.07 (8) for the taxable year.
   (d) An exemption as head of a family when on the basis of the facts existing such an exemption may reasonably be expected to be allowable under s. 71.07 (8) for the taxable year.
   (e) Any employee who wilfully supplies his or her employer with false or fraudulent information which he or she is entitled, or would be entitled to receive, an employee's withholding allowance certificate claiming such exemption.

(c) An exemption for each individual with respect to whom, on the basis of the facts existing such an exemption may reasonably be expected to be allowable under s. 71.07 (8) for the taxable year.

(3) An employer is not required to deduct and withhold any tax whenever an employee certifies to the department to verify the correctness of the certificate, form or agreement claiming such exemption.

If an employee fails to furnish information requested by the department to verify the correctness of the certificate, form or agreement, the employee shall be considered as claiming no withholding exemptions and the employer shall withhold on that basis upon notification by the department to the employer and the employee.

71.67 General provisions. (1) Agreement with U.S. Secretary of Treasury. The secretary of revenue is authorized to enter into an agreement with the secretary of the treasury of the United States pursuant to P.L. 82-587 enacted July 17, 1952.

The amount of such fund may be assessed and collected from such person by the department as income taxes are assessed and collected, and such collection shall not abate any penalty imposed.

(4) Withholding from lottery winnings. The executive director of the lottery under ch. 565 shall withhold from any lottery prize of $2,000 or more an amount determined by multiplying the amount of the prize by the highest rate applicable to individuals under s. 71.06 (1). 71.74 Department audits, additional assessments and refunds. (1) Office audit. The department of revenue shall, as soon as practicable, office audit such returns as it deems advisable and if it is found from such office audit that a person has been over or under assessed, or found that no assessment has been made when one should have been made, the department of revenue shall correct or assess the income of such person. Any assessment, correction or adjustment made as a result of such office audit shall be presumed to be the result of an audit of the return only, and such office audit shall not be deemed a verification of any item in said return unless the amount of such item and the propriety thereof shall have been determined after hearing and review as provided in s. 71.88 (1) (a) and (2) (a). Such office audit shall not preclude the department of revenue from making field audits of the books and records of the taxpayer and from making further adjustment, correction and assessment of income.

(2) Field audit. (a) Whenever the department deems it advisable to verify any return directly from the books and records of any person, or from any other sources of information, the department may direct any return to be so verified.

(b) For the purpose of ascertaining the correctness of any return or for the purpose of making a determination of the taxable income of any person, the department may examine or cause to be examined by any agent or representative designated by it, any
books, papers, records or memoranda bearing on the income of the person, and may require the production of the books, papers, records or memoranda, and require the attendance of any person

having knowledge in the premises, and may take testimony and require proof material for its information. Upon such information as it may be able to discover, the department shall determine the true amount of income received during the year or years under investigation.

(c) If it appears upon such investigation that a person has been over or under assessed, or that no assessment has been made when one should have been made, the department shall make a correct assessment in the manner provided in this chapter.

(3) DEFAULT ASSESSMENT. Any person required to make an income or franchise tax return, who fails, neglects or refuses to do so in the manner and form and within the time prescribed by this chapter, or makes a return that does not disclose the person’s entire net income, shall be assessed by the department according to its best judgment.

(4) ASSESSMENT FOR FAILURE OF NATURAL PERSONS AND FIDUCIARIES TO FILE INFORMATION RETURNS. The department may assess as an addition to taxable income the amount of deductions taken in arriving at federal adjusted gross income or federal taxable income by natural persons and fiduciaries for wages, rent or royalties, upon failure to file information returns concerning such payments where required under s. 71.65 (1) and (2) (a) or (b) and 71.70 (1). Such assessments shall be made and reviewed in the same manner as other income tax assessments.

(5) ASSESSMENT WHEN PRICES AFFECT TAXABLE INCOME. When any corporation liable to taxation under this chapter conducts its business in such a manner as either directly or indirectly to benefit the members or stockholders thereof or any person interested in such business, by selling its products or the goods or commodities in which it deals at less than the fair price which might be obtained therefor, or where a corporation, a substantial portion of whose capital stock is owned either directly or indirectly by another corporation, acquires and disposes of the products of the corporation so owning a substantial portion of its stock in such a manner as to create a loss or improper net income, the department may determine the amount of taxable income to such corporation for the calendar or fiscal year, having due regard to the reasonable profits which but for such arrangement or understanding might or could have been obtained from dealing in such products, goods or commodities.

(6) CONSOLIDATED STATEMENTS. For the purpose of this chapter, whenever a corporation which is required to file an income tax return is affiliated with or related to any other corporation through stock ownership by the same interests or as parent or subsidiary corporations, or whose income is regulated through contract or other arrangement, the department of revenue may require such consolidated statements as in its opinion are necessary in order to determine the taxable income received by any one of the affiliated or related corporations.

(7) ADDITIONAL ASSESSMENTS AGAINST DISSOLVED CORPORATION. If all or substantially all of the business or property of a corporation is transferred to one or more persons and the corporation is liquidated, dissolved, merged, consolidated or otherwise terminated, any tax imposed by this chapter on such corporation may be assessed and collected as prescribed in this section against the transferee or transferees of such business or property. Notice shall be given to such transferee or transferees under s. (11) within the time specified in s. 71.77 irrespective of any other limitations imposed by law. If such corporation has dissolved, such notice may be served on any one of the last officers or members of the board of directors of such corporation.

(8) ADJUSTMENT OF CREDITS. (a) Whenever an audit of any claim filed under s. 71.07 (6), 71.28 or 71.47 or subch. VIII or IX indicates that an incorrect claim was filed, the department of revenue shall make a determination of the correct amount and notify the claimant of the determination and the reasons therefor under sub. (11) within 4 years of the last day prescribed by law for filing the claim. If the claim has been paid, or credited against income taxes otherwise payable, the credit shall be reduced or canceled, and the proper portion of any amount paid shall be similarly recovered by assessment as income taxes are assessed.

(b) In any case in which it is determined that a claim for a credit under s. 71.07 (1), (2) or (5) to (8), 71.28 (1), (4) or (5) or 71.47 (1), (3) or (4) or subch. VIII or IX is false or excessive and was filed with fraudulent intent, the claim shall be disallowed in full and, if the claim has been paid or a credit has been allowed against income taxes otherwise payable, the credit shall be canceled and the amount paid may be recovered by assessment as income taxes are assessed.

(c) In any case in which it is determined that a claim under s. 71.07 (1), (2) or (5) to (8), 71.28 (1), (4) or (5) or 71.47 (1), (3) or (4) or subch. VIII or IX is excessive and was negligently prepared, 10% of the corrected claim shall be disallowed and, if the claim has been paid or credited against income taxes otherwise payable, the credit shall be reduced or canceled and the proper portion of any amount paid shall be similarly recovered by assessment as income taxes are assessed.

(9) LIABILITY MAY BE ASSESSED TO MORE THAN ONE PERSON. If the department of revenue determines that a liability exists under this chapter and that the liability may be owed by more than one person, the department may assess the entire amount to each person, specifying that it is assessing in the alternative.

(10) NOTICE TO TAXPAYER OF ADJUSTMENT. The department shall notify the taxpayer, as provided in
(11) Notice of Additional Assessment. The department shall notify the taxpayer in writing of any additional assessment by office audit or field investigation. That notice shall be served as are circuit court summonses, or by registered mail, or by regular mail if the person assessed admits receipt or there is satisfactory evidence of receipt. In the case of joint returns, notice of additional assessment may be a joint notice and service on one spouse is proper notice to both spouses. If the spouses have different addresses at the time the notice of additional assessment is served and if either spouse notifies the department of revenue in writing of those addresses, the department shall serve a duplicate of the original notice on the spouse who has the address other than the address to which the original notice was sent, if no request for a redetermination or a petition for review has been commenced or finalized. For the spouse who did not receive the original notice, redetermination and appeal rights begin upon the service of a duplicate notice.

(12) Taxes Delinquent After Due Date. Additional income taxes assessed under subs. (1) to (5), (7) and (8) shall become delinquent if not paid on or before the due date stated in the notice to the taxpayer.

(13) Collection of Additional Tax and Issuance of Refunds. (a) If the tax is increased the department shall proceed to collect the additional tax in the same manner as other income taxes are collected. If the income taxes are decreased upon direction of the department the state treasurer shall refund to the tax-manner as other income taxes are collected. If the warrant of the department of revenue shall not issue if the taxpayer within 10 days after such notice furnishes a bond in such amount, not exceeding double the amount of the tax, and with such sureties as the department of revenue shall approve, conditioned upon the payment of so much of the additional taxes as shall finally be determined to be due, together with interest thereon as provided by s. 71.82 (1) (a). Nothing in this subsection shall affect the review of additional assessments provided by ss. 71.88 (1) (a) and (2) (a), 71.89 (2), 73.01 and 73.015, and any amounts collected under this subsection shall be deposited with the state treasurer and disbursed after final determination of the taxes as are amounts deposited under s. 71.90 (2).

(15) Payments. All nondelinquent payments of additional amounts owed shall be applied in the following order: penalties, interest, tax principal.

71.75 Claims for refund. (1) Except as provided in ss. 46.255, 71.77 (5) and (7) (b) and 71.93, the provisions for refunds and credits provided in this section shall be the only method for the filing and review of claims for refund of income and surtaxes, and no person may bring any action or proceeding for the recovery of such taxes other than as provided in this section.

(2) With respect to income taxes and franchise taxes, except as otherwise provided in sub. (5) and (9) and ss. 71.30 (4) and 71.77 (7) (b), refunds may be made if the claim therefor is filed within 4 years of the unextended date under this section on which the tax return was due.

(3) No refund shall be made on the over-withholding or overpayment of estimated income taxes or franchise taxes with respect to any person for any income year in an amount less than $1.

(4) Except as provided in sub. (5), no refund shall be made and no credit shall be allowed for any year, the income of which was assessed as a result of a field audit, and which assessment has become final under s. 71.88 (1) (a) or (2) (a), 71.89 (2), 73.01 or 73.015, and no refund shall be made and no credit shall be allowed on any item of income or deduction, assessed as a result of an office audit, the assessment of which shall have become final under s. 71.88 (1) (a) or (2) (a), 71.89 (2), 73.01 or 73.015.

(5) A claim for refund may be made within 2 years after the assessment of a tax or an assessment to recover all or part of any tax credit under this chapter, assessed by office audit or field audit and paid if the assessment was not protested by the filing of a petition for redetermination. No claim may be allowed under this subsection for any tax paid with respect to any item of income, credit or deduction self-assessed or

sub. (11), of any adjustment, correction and assessment made under sub. (1).

has been given under sub. (11) and before the same shall have become delinquent, when it has reasonable grounds to believe that the collection of such additional assessment will be jeopardized by delay. In such cases notice of the intention to so proceed shall be given by registered mail to the taxpayer, and the warrant of the department of revenue shall not issue if the taxpayer within 10 days after such notice furnishes a bond in such amount, not exceeding double the amount of the tax, and with such sureties as the department of revenue shall approve, conditioned upon the payment of so much of the additional taxes as shall finally be determined to be due, together with interest thereon as provided by s. 71.82 (1) (a).
determined by the taxpayer or assessed as the result of any assessment made by the department with respect to which all the conditions specified in this subsection are not met. If a claim is filed under this subsection, the department of revenue may make an additional assessment in respect to any item of income or deduction that was a subject of the prior assessment. This subsection does not extend the time to file under s. 71.53 (2) or 71.59 (2), and it does not extend the time period during which the department of revenue may assess, or the taxpayer may claim a refund, in respect to any item of income or deduction that was not a subject of the prior assessment.

(6) Every claim for refund or credit of income or surtaxes shall be filed with the department of revenue and signed by the person or, in the case of joint returns, by both persons who filed the return on which the claim is based and shall set forth specifically and explain in detail the reasons for and the basis of the claim. After the claim has been filed it shall be considered and acted upon in the same manner as are additional assessments made under ss. 71.74 (1) and (2). No marital property agreement or unilateral statement under ch. 766 affects claims for refund or credit under this section.

(7) The department of revenue is directed to act on any claim for refund or credit within one year after receipt and failure to act shall have the effect of allowing the claim and the department shall certify the refund or credit.

(8) A refund payable on the basis of a separate return shall be issued to the person who filed the return. A refund payable on the basis of a joint return shall be issued jointly to the persons who filed the return.

(9) All refunds under this chapter are subject to attachment under ss. 46.255 and 71.93.

(10) If an income tax refund or tax credit check is payable to a person who dies, the department shall pay the refund or credit check to the decedent’s personal representative. If there is no personal representative, the department shall pay the refund or credit check either to a surviving relative, giving preference to relatives in the following order: surviving spouse, child, parent, brother or sister, or to a creditor of the decedent, as determined by the department.

71.76 Internal revenue service and other state adjustments. If the amount of taxable income for any year of any taxpayer as reported to the internal revenue service is changed or corrected by the internal revenue service or other officer of the United States, such taxpayer shall report such changes or corrected income to the department within 90 days after its final determination and shall concede the accuracy of such determination or state how the determination is erroneous. Such changes or corrections need not be reported unless they affect the amount of income reportable or tax payable under this chapter. Any taxpayer filing an amended return with the internal revenue service, or with another state if there has been allowed a credit against Wisconsin taxes for taxes paid to that state, shall also file, within 90 days of such filing date, an amended return with the department if any information contained on the amended return affects the amount of income reportable or tax payable under this chapter.

71.77 Statutes of limitations, assessments and refunds; when permitted. (1) Additional assessments and corrections of assessments by office audit or field investigation may be made of income of any taxpayer if notice under s. 71.74 (11) is given within the time specified in this section.

(2) With respect to assessments of income received in any calendar year or corresponding fiscal year, notice shall be given within 4 years of the date the income tax or franchise tax return was filed.

(3) Irrespective of sub. (2), if any person has made an incorrect income tax or franchise tax return for any of the years since January 1, 1911, with intent to defeat or evade the income tax or franchise tax assessment provided by law, or has failed to file any income tax or franchise tax return for any of such years, income of any such year may be assessed when discovered by the proper assessing authority.

(4) Irrespective of sub. (3), if additional assessments are made for any period more than 6 years before the year in which the assessment is made, the burden of proof shall rest with the state to prove its case by a preponderance of the evidence.

(5) The limitation periods provided in this section may be extended by written agreement between the taxpayer and the department of revenue entered into prior to the expiration of such limitation periods or any extension of such limitation periods. During any such extension period, the department may issue an assessment or a refund relating to the year which the extension covers. Subsection (4) shall not apply to any assessment made in any such extended period.

(6) Section 990.06 shall have no application to the provisions of this section.

(7) Notwithstanding any other limitations expressed in this chapter, an assessment or refund may be made:

(a) If notice of assessment is given within 6 years after a return was filed and if the taxpayer reported for taxation on his or her return, or the taxpayers jointly reported, less than 75% of the net income properly assessable, except that no assessment of additional income may be made under this subsection for any year beyond the period specified in sub. (2) unless the aggregate of the taxes on the additional income of such year is in excess of $100 in the case of an individual or a separate return or $200 in the case of a joint return.

(b) If notice of assessment or refund is given to the taxpayer within 90 days of the date on which the department receives a report from the taxpayer under s. 71.76 or within such other period specified in a writ-
ten agreement entered into prior to the expiration of such 90 days by the taxpayer and the department. If the taxpayer does not report to the department as required under s. 71.76, the department may make an assessment against the taxpayer or refund to the taxpayer within 4 years after discovery by the department.

(8) For purposes of this section, a return filed before the last day prescribed by law for the filing thereof shall be considered as filed on such last day.

71.78 Confidentiality provisions. (1) DIVULGING INFORMATION. Except as provided in sub. (4), no person may divulge or circulate or offer to obtain, divulge or circulate any information derived from an income, franchise, withholding, fiduciary, partnership or gift tax return or tax credit claim, including information which may be furnished by the department of revenue as provided in this section. This subsection does not prohibit publication by any newspaper of information lawfully derived from such returns or claims for purposes of argument or prohibit any public speaker from referring to such information in any address. This subsection does not prohibit the department of revenue from publishing statistics classified so as not to disclose the identity of particular returns, or claims or reports and the items thereof. This subsection does not prohibit employees or agents of the department of revenue from offering or submitting any return, including joint returns and combined individual income tax returns, claim, schedule, exhibit, writing or audit report or a copy of, and any information derived from, any of those documents as evidence into the record of any contested matter involving the department in proceedings or litigation on state tax matters if that evidence has reasonable probative value.

(2) DISCLOSURE OF NET TAX. The department shall make available upon suitable forms prepared by the department information setting forth the net Wisconsin income tax, Wisconsin franchise tax or Wisconsin gift tax reported as paid or payable in the returns filed by any individual or corporation for any individual year upon request. Before the request is granted, the person desiring to obtain the information shall prove his or her identity and shall be required to sign a statement setting forth the person’s address and reason for making the request and indicating that the person understands the provisions of this section with respect to the divulgement, publication or dissemination of information obtained from returns as provided in sub. (1). The use of a fictitious name is a violation of this section. Within 24 hours after any information from any such tax return has been so obtained, the department shall mail to the person from whose return the information has been obtained a notification which shall give the name and address of the person obtaining the information and the reason assigned for requesting the information. The department shall collect from the person requesting the information a fee of $4 for each return.

(3) DISCLOSURE LIMITATION. The information described in sub. (2) shall not be made available to any nonresident or to any resident who is making the request for such information for the use or benefit, directly or indirectly, of a nonresident person or firm or a foreign corporation except to the extent that similar information in the state of residence of such person or firm or the state of incorporation of such foreign corporation is made available to residents of Wisconsin or Wisconsin corporations. As part of the statement required by sub. (2), the department shall require any person desiring to obtain such information to declare whether the person is a nonresident of the state and whether the information is desired for the use or benefit of a nonresident person or firm or a foreign corporation. No copy of any return shall be supplied to any person except as permitted by sub. (4).

(4) PERSONS QUALIFIED TO EXAMINE RETURNS FOR SPECIFIED PURPOSES. Subject to subs. (5) and (6) and to rules of the department, any returns or claims specified under sub. (1) or any schedules, exhibits, writings or audit reports pertaining to the returns or claims on file with the department shall be open to examination by only the following persons and the contents thereof may be divulged or used only as follows:

(a) The secretary of revenue or any officer, agent or employe of the department.

(b) The attorney general and department of justice employees.

(c) Members of any legislative committee on organization or its authorized agents provided the examination is approved by a majority vote of a quorum of its members and the tax return or claim information is disclosed only in a meeting closed to the public. The committee may disclose tax return or claim information to the senate or assembly or to other legislative committees if the information does not disclose the identity of particular returns, claims or reports and the items thereof. The department of revenue shall provide assistance to the committees or their authorized agents in order to identify returns and claims deemed necessary by them to accomplish the review and analysis of tax policy.

(d) Public officers of the federal government or other state governments or the authorized agents of such officers, where necessary in the administration of the tax laws of such governments, to the extent that such government accords similar rights of examination or information to officials of this state.

(e) The person who filed or submitted the return or claim, or to whom the return or claim relates or by the person’s authorized agent or attorney.

(f) Any person examining a return or claim pursuant to a court order duly obtained upon a showing to the court that the information contained in the return or claim is relevant to a pending court action or pursuant to a subpoena signed by a judge of a court of record ordering the department’s custodian of returns
or claims to produce a return or claim in open court in a court action pending before the judge.

(g) Employes of this state, to the extent that the department of revenue deems the examination necessary for the employes to perform their duties under contracts or agreements between the department and any other department, division, bureau, board or commission of this state relating to the administration of tax laws or child and spousal support enforcement under s. 46.25.

(h) A member of the board of arbitration established under s. 71.10 (7) or a consultant under joint contract with the states of Minnesota and Wisconsin for the purpose of determining the reciprocity loss to which either state is entitled.

(i) The office of the commissioner of insurance with respect to information compiled under s. 71.80 (13).

(j) Employes of the legislative fiscal bureau to the extent that the department of revenue deems the examination necessary for those employes to perform their duties under contracts or agreements between the department and the bureau relating to the review and analysis of tax policy and the analysis of state revenue collections.

(k) The spouse or former spouse of the person who filed the return or claim if the spouse or former spouse may be liable, or the property of the spouse or former spouse is subject to collection, for the delinquency.

(L) The executive director of the lottery board for the purpose of withholding lottery winnings under s. 565.30 (5).

(5) AGREEMENT WITH DEPARTMENT. Copies of returns and claims specified in sub. (1) and related schedules, exhibits, writings or audit reports shall not be furnished to the persons listed under sub. (4), except persons under sub. (4) (e) or under an agreement between the department of revenue and another agency of government.

(6) RESTRICTION ON USE OF INFORMATION. The use of information obtained under sub. (4) or (5) is restricted to the discharge of duties imposed upon the persons by law or by the duties of their office or by order of a court as provided under sub. (4) (f).

(7) CHARGE FOR COSTS. The department of revenue may charge for the reasonable cost of divulging information under this section.

(8) DISTRICT ATTORNEYS. District attorneys may examine tax and claim information of persons on file with the department of revenue as follows:

(a) Such information may be examined for use in preparation for any judicial proceeding or any investigation which may result in a judicial proceeding involving any of the taxes or tax credits specified in sub. (1) if:

1. The taxpayer is or may be a party to such proceeding;

2. The treatment of an item reflected in such information is or may be related to the resolution of an issue in the proceeding or investigation; or

3. The information relates or may relate to a transactional relationship between the taxpayer or credit claimant and a person who is or may be a party to the proceeding which affects or may affect the resolution of an issue in such proceeding or investigation.

(b) When the department of revenue allows examination of information under par. (a):

1. If the department has referred the case to a district attorney, the department may make disclosure on its own motion.

2. If a district attorney requests examination of tax or tax credit information relating to a person, the request must be in writing, clearly identify the requester and the person to whom the information relates and explain the need for the information. The department may then allow the examination of information so requested and the information may be examined and used solely for the proceeding or investigation for which it was requested.

(c) Such information may be examined for use in preparation for any administrative or judicial proceeding or an investigation which may result in such proceeding pertaining to the enforcement of a specifically designated state criminal statute not involving tax administration to which this state or a governmental subdivision thereof is a party. Such information may be used solely for the proceeding or investigation for which it is requested.

(d) The department of revenue may allow an examination of information under par. (c) only if a district attorney petitions a court of record in this state for an order allowing the examination and the court issues an order after finding:

1. There is reasonable cause to believe, based on information believed to be reliable, that a specific criminal act has been committed;

2. There is reason to believe that such information is probative evidence of a matter in issue related to the commission of the criminal act; and

3. The information sought to be examined cannot reasonably be obtained from any other source, unless it is determined that, notwithstanding the reasonable availability of the information from another source, the information constitutes the most probative evidence of a matter in issue relating to the commission of such criminal act.

(e) If the department determines that examination of information ordered under par. (d) would identify a confidential informant or seriously impair a civil or criminal tax investigation, the department may deny access and shall certify the reason therefor to the court.

(9) DISCLOSURE OF DEBTOR ADDRESS TO STATE AGENCY. The department of revenue may supply the address of a debtor to an agency certifying a debt of that debtor under s. 71.93.

Such share shall possess all powers now or hereafter granted by law to the department in the assessment of personal property and also the power to estimate incomes.

(c) The department of revenue may make such regulations as it shall deem necessary in order to carry out this chapter.

(e) Representatives of the department of revenue directed by it to accept payment of income taxes shall file bonds with the state treasurer in such amount and with such sureties as the state treasurer shall direct and approve. (2) Notice to taxpayer by department. The department of revenue shall notify each taxpayer by mail of the amount of income taxes assessed against him or her and of the date when the taxes become delinquent.

(3) Overpayment may be credited against any liability. In the case of any overpayment, the department of revenue, within the applicable period of limitations, may credit the amount of overpayment, including any interest allowed, against any liability, in respect to any tax collected by the department, on the part of the person who made the overpayment, and shall refund any balance resulting from joint returns under this chapter:

(a) Against the liability of a spouse or both spouses in respect to an amount due the department that was incurred before January 1, 1986, or before marriage, whichever is later, to the extent that the overpayment or refund was based on taxable income and the deductions and credits associated with the taxable income, which would have been the property of that spouse but for the marriage and except as provided in s. 71.10 (6) (a) and (b).  

(b) Against the liability of a spouse in respect to an amount due the department that was incurred before January 1, 1986, or before marriage, whichever is later, to the extent that the overpayment or refund was based on taxable income and the deductions and credits associated with the taxable income, which would have been the property of that spouse but for the marriage and except as provided in s. 71.10 (6) (a) and (b).

(4) Penalties. Unless specifically provided in this subchapter, the penalties under subch. XIII apply for failure to comply with this subchapter unless the context requires otherwise.

(5) Penalties not deductible. No penalty imposed by this chapter, or by subch. III of ch. 77 or amounts added to the tax under s. 71.84 (1) or (2) may be deducted from gross income in arriving at net income taxable under this chapter.

(6) Prosecutions by attorney general. The attorney general is authorized, upon the request of the secretary of revenue, to represent the state or to assist the district attorney in the prosecution of any case arising under s. 71.83 (2) (a) 1 and (b) 1 and 2.

(8) Receipt for payment of taxes. The department of revenue shall accept payments of income taxes in accordance with this chapter, and upon request shall give a printed or written receipt therefor.

(9) Records may be required of taxpayer. Whenever the department deems it necessary that a person subject to an income tax should keep records to show whether or not the person is liable to tax, the department may serve notice upon the person and require such records to be kept as will include the entire net income of the person and will enable the department to compute the taxable income.

(10) Refusal to file; court order. (a) If any person, including an officer of a corporation, required by law to file a return fails to file the return within 60 days after the time required and refuses to file the return within 30 days after a request by the department to do so, the circuit court, upon petition by the department, shall issue a court order requiring that person to file a return. Any person upon whom a court order has been served shall file a return within 20 days after the service of the court order. The petition shall be heard and determined on the return day or on a later date that the court fixes, having regard for the speediest possible determination of the case consistent with the rights of the parties.

(b) The department shall file a petition for a court order in a circuit court for the county in which the respondent in the action resides.

The transaction of business, the performance of personal services or derivation of income from such property in this state shall be a signification of that person's agreement that any such notice, order, pleading or process which is so served shall be of the same legal force and validity as if served on that person personally, or upon that person's executor, administrator or personal representative.

(b) The transaction of business in this state or the derivation of income which has a situs in this state under the provisions of this chapter by any person while a resident of this state shall be deemed an irrevocable appointment by such person, binding upon that person, that person's executor, administrator or personal representative, effective upon that person becoming a nonresident of this state, of the secretary of state to be that person's true and lawful attorney upon whom may be served any notice, order, pleading or process (including without limitation by enumeration any notice of assessment, denial of application for abatement or denial of claim for refund) by any administrative agency or in any proceeding by or before an administrative agency, or in any proceeding or action in any court, to enforce or effect full compliance with or involving the provisions of this chapter. And the transaction of such business or the derivation of such income shall be a signification of that person's agreement that any such notice, order, pleading or process which is so served shall be of the same legal force and validity as if served on that person personally, or upon that person's executor, administrator or personal representative.

(c) Service under par. (a) or (b) shall be made by serving a copy upon the secretary of state or by filing such copy in the secretary of state's office, and such service shall be sufficient service upon such person, or that person's executor, administrator or personal representative if notice of such service and a copy of the notice, order, pleading or process are within 10 days thereafter sent by mail by the state department, officer or agency making such service to such person, or that person's executor, administrator or personal representative, at that person's last-known address, and that an affidavit of compliance herewith is filed with the secretary of state. The secretary of state shall keep a record of all such notices, orders, pleadings, processes and affidavits and shall note in such record the day and hour of service upon the secretary.

(13) **SELF-INSURERS.** The department shall compile and maintain a current list of names and addresses of persons who indicate they are self-insurers as required by s. 71.65 (4). The list shall be furnished to the office of the commissioner of insurance on request.

(14) **SIGNATURES REQUIRED.** (a) Except as otherwise provided by par. (b) and ss. 71.03 (2) (b) and (c), 71.13 (1), 71.20 (1), 71.21 (1), and 71.24 (4), any return, statement or other document required to be made under this chapter shall be signed in accordance with rules promulgated by the department.

(b) The fact that an individual's name is signed to a return, statement or other document shall be prima facie evidence for all purposes that the return, statement or other document was actually signed by that person.

(15) **SURETY BOND; ENTERTAINER.** (a) In this subsection, "employer" means the resident person or firm which engages the services of an entertainer, as defined in s. 71.01 (2), or an entertainment corporation or, in the absence of that person or firm, the resident person last having receipt, custody or control of the proceeds of the entertainment event. (b) All entertainers, except entertainers who work for an entertainment corporation, and entertainment corporations not otherwise employed or regularly engaged in business in this state shall file a surety bond with the department of revenue at least 2 days before a performance. That bond shall be payable to the department to guarantee payment of income, franchise, sales and use taxes, income taxes withheld under subch. X, penalties and interest. The amount of the bond shall be 6% of either the total contract price on all contracts that exceed $3,200 or, if the total contract price is not readily determinable and the department's estimate of the total remuneration to be received by the entertainer or entertainment corporation exceeds $3,200, 6% of the department's estimate. Amounts previously earned in this state by an entertainer or entertainment corporation during the same calendar year for which no bond or cash deposit has been filed under this paragraph or for which no amounts have been withheld under s. 71.64 (5) shall be added together to determine the total contract price. The department shall approve the form and content of
the bond. The bond shall remain in force until the liability under the bond is released by the department.

(c) In place of the bond under par. (b) and with the department's approval, an entertainer or entertainment corporation may deposit with the department money equal to the face value of the bond required under par. (b). The department shall retain the money until it determines the depositor's liability for state income, franchise, sales and use taxes and income tax withheld under subch. X. If the deposit exceeds the liability, the department shall refund the difference to the depositor without interest.

(d) If the department concludes that a bond or money deposit is not necessary to protect the revenues of the state, it may waive the requirements of pars. (b) and (c).

(e) Each person who is an employer of an entertainer or entertainment corporation, as defined in s. 71.63 (3), shall, before paying for those services, require proof that the bond required by par. (b) or the money deposit required by par. (c) has been provided or that the department has waived those requirements. If proof is not provided, the person shall withhold and immediately transmit to the department from that person's payment the amount for which a bond should have been provided under par. (b). Failure to withhold or transmit the amount required under this paragraph or under s. 71.64 (5) shall make the person required to withhold it personally liable for the amount required under this paragraph.

(f) An employer of an entertainer or entertainment corporation under s. 71.63 (3) (b) who is required to withhold moneys under par. (e) or s. 71.64 (5) and who has no direct knowledge of the total contract price to be paid an entertainer or entertainment corporation is not liable under par. (e) if the employer withholds moneys based upon a signed statement provided by the entertainer, the entertainment corporation or the promoter attesting to the amount of the total contract price. The employer shall deliver the signed statement to the department within 30 days after the date of the performance. Statements under this paragraph are subject to s. 71.83 (2) (b) 1 and 2.

(16) Surety Bond; Nonresident Contractor. (a) All nonresident persons, whether incorporated or not, engaging in construction contracting in this state as contractor or subcontractor and not otherwise regularly engaged in business in this state, shall file a surety bond with the department, payable to the department of revenue, to guarantee the payment of income taxes, required unemployment compensation contributions, sales and use taxes and income taxes withheld from wages of employees, together with any penalties and interest thereon. The department shall approve the form and contents of such bond. The amount of the bond shall be 3% of the aggregate amount of such contracts. Such surety bond must be filed within 60 days after construction is begun in this state by any such contractor or subcontractor on any contract the price of which is $50,000 or more (or the estimated cost-and-profit of which is $50,000 or more), or within 60 days after construction is begun in this state on any contract for less than $50,000, when the amount of such contract, when aggregated with any other contracts, construction on which was begun in this state in the same calendar year, equals or exceeds $50,000. If the department concludes that no bond is necessary to protect the tax revenues of the state, including contributions under ch. 108, the requirements under this subsection may be waived by the secretary of revenue or the secretary's designated departmental representative. The bond shall remain in force until the liability thereunder is released by the secretary or the secretary's designated departmental representative.

(b) A construction contractor required to file a surety bond under par. (a) may, in lieu of such requirement, but subject to approval by the department, deposit with the state treasurer an amount of cash equal to the face of the bond that would otherwise be required. A copy of such certificate shall be mailed to the contractor who shall, within the time fixed by the department, pay such amount to said treasurer. A copy of the receipt of the state treasurer shall be filed with the department. Upon final determination by the department of such contractor's liability for state income taxes, required unemployment compensation contributions, sales and use taxes and income taxes withheld from wages of employees, interest and penalties, by reason of such contract or contracts, the department shall certify to the state treasurer the amount of taxes, penalties and interest as finally determined, shall instruct the treasurer as to the proper distribution of such amount, and shall state the amount, if any, to be refunded to such contractor. The state treasurer shall make the payments directed by such certificate within 30 days after receipt thereof. Amounts refunded to the contractor shall be without interest.

(c) All persons subject to this subsection shall notify the department of revenue of the completion of a construction project in this state within 30 days after such completion.

(b) **Election not to use whole dollar amounts.** Any person making a return, statement or other document required by this chapter shall be allowed to make such return, statement or other document without regard to par. (a).

(c) **Inapplicability to computation of amount.** Paragraph (a) does not apply to items which must be taken into account in making the computations necessary to determine the total amount required to be shown on a form, statement or other document but applies only to such final amount.

**SUBCHAPTER XIII**

**INTEREST, PENALTIES AND ADDITION TO TAX**

71.82 Interest. (1) **Normal.** (a) In assessing taxes interest shall be added to such taxes at 12% per year from the date on which such taxes if originally assessed would have become delinquent if unpaid, to the date on which such taxes when subsequently assessed would become delinquent if unpaid.

(b) Except as otherwise specifically provided, in crediting overpayments of income and surtaxes against underpayments or against taxes to be subsequently collected and in certifying refunds of such taxes interest shall be added at the rate of 9% per year from the date on which such taxes when assessed would have become delinquent if unpaid to the date on which such overpayment was certified for refund except that if any overpayment of tax is certified for refund within 90 days after the last date prescribed for filing the return of such tax or 90 days after the date of actual filing of the return of such tax, whichever occurs later, no interest shall be allowed on such overpayment. For purposes of this section the return of such tax shall not be deemed actually filed by an employee unless and until the employee has included the written statement required to be filed under s. 71.65 (1). However when any part of a tax paid on an estimate of income, whether paid in connection with a tentative return or not, is refunded or credited to a taxpayer, such refund or credit shall not draw interest.

(c) Any assessment made as a result of the adjustment or disallowance of a claim for credit under s. 71.07 (6), 71.28 (1) or 71.47 (1) or subch. VIII or IX, except as provided in sub. (2) (c), shall bear interest at 12% per year from the due date of the claim.

(2) **Delinquent.** (a) **Income and franchise taxes.** Income and franchise taxes shall become delinquent if not paid when due under ss. 71.03 (8), 71.24 (9) and 71.44 (4), and when delinquent shall be subject to interest at the rate of 1.5% per month until paid.

(b) **Department may reduce delinquent interest.** The department shall provide by rule for reduction of interest under par. (a) to 12% per year in stated instances wherein the secretary of revenue determines that reduction is fair and equitable.

(c) **Adjustment to credits.** Any assessment made as a result of the disallowance of a claim for credit made under s. 71.07 (6), 71.28 (1) or 71.47 (1) or subch. VIII or IX with fraudulent intent, or of a portion of a claim made under said subchapters or sections that was excessive and was negligently prepared, shall bear interest from the due date of the claim, until refunded or paid, at the rate of 1.5% per month.

(d) **Withholding tax.** Of the amounts required to be withheld any amount not deposited or paid over to the department within the time required shall be deemed delinquent and deposit reports or withholding reports filed after the due date shall be deemed late. Delinquent deposits or payments shall bear interest at the rate of 1.5% per month from the date deposits or payments are required under this section until deposited or paid over to the department. The department shall provide by rule for reduction of interest on delinquent deposits or payments to 12% per year in stated instances wherein the secretary of revenue determines reduction fair and equitable. In the case of a timely filed deposit or withholding report, withheld taxes shall become delinquent if not deposited or paid over on or before the due date of the report. In the case of no report filed or a report filed late, withheld taxes shall become delinquent if not deposited or paid over by the due date of the report. In the case of an assessment under s. 71.83 (1) (b), the amount assessed shall become delinquent if not paid on or before the first day of the calendar month following the calendar month in which the assessment becomes final, but if the assessment is contested before the tax appeals commission or in the courts, it shall become delinquent on the 30th day following the date on which the order or judgment representing final determination becomes final.

71.83 Penalties. (1) CIVIL. (a) **Negligence.** 1. "Failure to file." In case of failure to file any return required under s. 71.03, 71.24 or 71.44 on the due date prescribed therefor, including any extension of time for filing, unless it is shown that the failure is due to reasonable cause and not due to willful neglect, there shall be added to the amount required to be shown as tax on the return 5% of the amount of the tax if the failure is for not more than one month, with an additional 5% for each additional month or fraction thereof during which the failure continues, not exceeding 25% in the aggregate. For purposes of this subdi-
vision, the amount of tax required to be shown on the return shall be reduced by the amount of any part of the tax which is paid on or before the due date prescribed for payment and by the amount of any credit against the tax which may be claimed upon the return.

2. "Incomplete or incorrect return." If any person required under this chapter to file an income or franchise tax return files an incomplete or incorrect return, unless it is shown that such filing was due to good cause and not due to neglect, there shall be added to such person's tax for the income year 25% of the amount otherwise payable on any income subsequently discovered or reported. The amount so added shall be assessed, levied and collected in the same manner as additional normal income or franchise taxes, and shall be in addition to any other penalties imposed by this chapter. In this subdivision, "return" includes a separate return filed by a spouse with respect to a taxable year for which a joint return is filed under s. 71.03 (2) (g) to (L) after the filing of that separate return, and a joint return filed by the spouses with respect to a taxable year for which a separate return is filed under s. 71.03 (2) (m) after the filing of that joint return.

3. "Incomplete or incorrect deposit or withholding report." If any person required under subch. X to file a deposit report or withholding report files an incomplete or incorrect report, or fails to properly withhold or fails to properly deposit or pay over withheld funds, unless it can be shown that the filing or failure was due to good cause and not due to neglect, there shall be added to the tax 25% of the amount not reported or not withheld, deposited or paid over. The amount so added shall be assessed, levied and collected in the same manner as additional income taxes, and shall be in addition to any other penalties imposed in this subchapter. "Person", in this subdivision, includes an officer or employee of a corporation or other responsible person or a member or employee of a partnership or other responsible person who, as such officer, employee, member or other responsible person, is under a duty to perform the act in respect to which the violation occurs.

In case of failure to file any withholding deposit or payment report required under s. 71.65 (3) on the due date prescribed therefor, unless it is shown that the failure is due to reasonable cause and not due to willful neglect, there shall be added to the amount required to be shown as withheld taxes on the report 5% of the amount if the failure is not for more than one month, with an additional 5% for each additional month or fraction thereof during which the failure continues, not exceeding 25% in the aggregate.

The penalty shall be in addition to all other penalties provided in this chapter.

8. "Joint return replacing separate returns." If the amount shown as the tax by the husband and wife on a joint return filed under s. 71.03 (2) (g) to (L) exceeds the sum of the amounts shown as the tax upon the separate return of each spouse and if any part of that excess is attributable to negligence or intentional disregard of this chapter, but without intent to defraud, at the time of the filing of that separate return, then 25% of the total amount of that excess shall be added to the tax.

(b) Intent to defeat or evade. 1. "Income and franchise; all persons." With respect to calendar year 1985 or corresponding fiscal year and subsequent calendar or fiscal years, any person making an incorrect, or failing to make a, report, including a separate return filed by a spouse with respect to a taxable year for which a joint return is filed under s. 71.03 (2) (g) to (L) after the filing of that separate return, and including a joint return filed by the spouses with respect to a taxable year for which a separate return is filed under s. 71.03 (2) (m) after the filing of that joint return, with intent, in either case, to defeat or evade the income or franchise tax assessment required by law, shall have added to the tax an amount equal to 100% of the tax on the entire underpayment. No amount paid under this subdivision may be deducted from gross income and assessments hereunder may be made with respect to decedents. 71.88 Time for filing an appeal. (1) APPEAL TO THE DEPARTMENT OF REVENUE. (a) Contested assessments and claims for refund. Except for refunds set off under s. 71.93 in respect to which appeal is to the agency to which the debt is owed and except for refunds set off under s. 46.255 in respect to which a hearing is held before the circuit court, any person feeling aggrieved by a notice of additional assessment, refund, or notice of denial of refund may, within 60 days after receipt of the notice, petition the department of revenue for redetermination. A petition or an appeal by one spouse is a petition or an appeal by both spouses. The department shall make a redetermination on the petition within 6 months after it is filed.

(b) Contested adjustments to credits. Any person feeling aggrieved by the determination made by the department to adjust the credit claimed under s. 71.07 (6), 71.28 (1) or 71.47 (1) or subch. VIII or IX may, within 60 days after receipt, petition the department for redetermination. The department shall make a redetermination on the petition within 6 months after it is filed.

(2) APPEAL TO THE WISCONSIN TAX APPEALS COMMISSION. (a) Appeal of the department’s redetermination of assessments and claims for refund. A person feeling aggrieved by the department’s redetermination may appeal to the tax appeals commission by filing a petition with the clerk of the commission as provided by law and the rules of practice promulgated by the commission. If a petition is not filed with the commission within the time provided in s. 73.01 or, except as provided in s. 71.75 (5), if no petition for redetermination is made within the time provided the assessment, refund, or denial of refund shall be final and conclusive.
(b) **Appeal of department's redetermination of credits.** Any person aggrieved by the department of revenue's redetermination under s. 71.07 (6), 71.28 (1) or 71.47 (1) or subch. VIII or IX, except when the denial is based upon late filing of claim for credit or is based upon a redetermination under s. 71.55 (8) of rent constituting property taxes accrued as at arm's length, may appeal the redetermination to the tax appeals commission by filing a petition with the commission within 60 days after the redetermination, as provided under s. 73.01 (5) with respect to income tax cases, and review of the commission's decision may be had under s. 73.015. For appeals brought under this paragraph, the filing fee required under s. 73.01 (5) (a) does not apply.

**71.89 Appeal procedures.** (1) If the taxpayer requests a hearing, the additional tax or overpayment shall not become due and payable until after hearing and determination of the tax by the tax appeals commission or disposition of the appeal pursuant to stipulation and order under ss. 73.01 (4) (a) and 73.03 (25).

(2) No person against whom an assessment of income tax has been made shall be allowed in any action either as plaintiff or defendant or in any other proceeding to question such assessment unless the requirements of ss. 71.88 and 71.90 (1) shall first have been complied with, and unless such person shall have made full disclosure under oath at the hearing before the tax appeals commission of any and all income received by him or her. The requirement of full disclosure under this subsection may be waived by the department of revenue.

(3) As soon as the appellant shall have filed a petition with the tax appeals commission, all collection proceedings, except proceedings under s. 71.74 (14), shall be stayed until final determination of the appeal and any review thereof.

(4) Any person who contests an assessment before the tax appeals commission or in court shall state in his or her petition or notice of appeal what portion if any of the tax is admitted to be legally assessable and correct. Within 5 days after notice by the department, the appellant shall pay to the department the whole amount of the admitted tax and such tax shall be appropriated in accordance with s. 25.20. Any such payment shall be considered an admission of the legality of the tax thus paid, and such tax so paid cannot be recovered in the pending appeal or in any other action or proceeding.

(5) After final decision or other disposition, the record shall be returned to the department of revenue, and the department shall proceed to collect the taxes in the same manner as other income taxes are collected.

**71.90 Depositing contested amounts.** (1) **DEPOSIT WITH THE DEPARTMENT.** The department shall notify any person who files a petition for redetermination that the person may deposit the amount of an additional assessment, including any interest or penalty, with the department at any time before the department makes its redetermination. The department shall notify spouses jointly except that, if the spouses have different addresses and if either spouse notifies the department in writing of those addresses, the department shall serve a duplicate of the original notice on the spouse who has the address other than the address to which the original notice was sent. Amounts deposited under this subsection shall be subject to the interest provided by s. 71.82 only to the extent of the interest accrued prior to the first day of the month succeeding the date of deposit. Any deposited amount which is refunded shall bear interest at the rate of 9% per year during the time the funds were on deposit. A person may also pay any portion of an assessment which is admitted to be correct and the payment shall be considered an admission of the validity of that portion of the assessment and may not be recovered in an appeal or in any other action or proceeding.

(2) **DEPOSIT WITH THE STATE TREASURER.** At any time while the petition is pending before the tax appeals commission or an appeal in regard to that petition is pending in a court, the taxpayer may offer to deposit the entire amount of the additional taxes, together with interest, with the state treasurer. If an offer to deposit is made, the department of revenue shall issue a certificate to the state treasurer authorizing the treasurer to accept payment of such taxes together with interest and to pay over the same to the department at any time before the department's redetermination. The department shall, upon final determination of the appeal, certify to the state treasurer any portion of such payment which has been found to have been improperly assessed, including interest. The state treasurer shall make the refunds directed by the certificate within 30 days after receipt. Taxes paid to the state treasurer under this subsection shall be subject to the interest provided by ss. 71.82 and 71.91 (1) (c) only to the extent of the interest accrued on the taxes prior to the first day of the month succeeding the application for hearing. (b) Withholding. Any amount not deposited or paid over to the department within the time required shall be deemed delinquent and deposit reports or withholding reports filed after the due date shall be deemed late. In the case of a timely filed deposit or withholding report, withheld taxes shall become delinquent if not deposited or paid over on or before the due date of the report. In the case of no report filed or a report filed late, withheld taxes shall become delinquent if not deposited or paid over by the due date of the report. In the case of an assessment under s. 71.83 (1) (b) 2, the amount assessed shall become delinquent if not paid on or before the first day of the calendar month following the calendar month in which the assessment becomes final, but if the assessment is contested before the tax appeals commission or in the courts, it shall become delinquent on the 30th day following the date on which the order or judgment representing final determination becomes final.

(c) Contested income and franchise tax assessments. Any additional income or franchise tax assessment contested before the tax appeals commission or in the courts, which is finally determined to be correct, shall become delinquent if not paid on or before the 30th day following the date on which the order or judgment representing such final determination becomes final and conclusive. Any additional income or franchise tax assessment so contested shall be subject to s. 71.74 (14).

(2) Time tax obligation incurred. Any tax obligation, including interest, penalties and costs thereon, to the department of revenue is incurred on the date of the department’s initial assessment or notice of the amount due of that tax.

(3) Marital obligations. All tax obligations to this state, including interest, penalties and costs thereon, incurred during marriage by a spouse after December 31, 1985, or after the establishment of a marital domicile in this state, whichever is later, are incurred in the interest of the marriage or family and may be satisfied only under ss. 766.55 (2) (b) and 859.18. However, if one spouse is relieved of liability under s. 71.10 (6) (a) or (b), the tax obligation to this state of the other spouse may be satisfied only under ss. 766.55 (2) (b) and 859.18. However, if one spouse is relieved of liability under s. 71.10 (6) (a) or (b), the tax obligation to this state of the other spouse may be satisfied only under s. 766.55 (2) (d).

(4) Unpaid tax is perfected lien on property. If any person liable to pay any income or franchise tax neglects, fails or refuses to pay the tax, the amount, including any interest, addition to tax, penalty or costs, shall be a perfected lien in favor of the department of revenue upon all property and rights to property. The lien is effective at the time taxes are due or at the time an assessment is made and shall continue until the liability for the amount to be paid or for the amount so assessed is satisfied. The perfected lien does not give the department of revenue priority over lienholders, mortgagees, purchasers for value, judgment creditors and pledges whose interests have been recorded before the department’s lien is recorded.

(5) Warrant shall be issued. (a) If any income or franchise tax is not paid when due, the department of revenue shall issue a warrant to the sheriff of any county of the state commanding the sheriff to levy upon and sell enough of the taxpayer’s real and personal property found within the county to pay the tax with the penalties, interest and costs, and to proceed upon the property in the same manner as upon an execution against property issued out of a court of record, and to return the warrant to the department and pay to it the money collected, or the part of it that is necessary to pay the tax, penalties, interest and costs within 60 days after the receipt of the warrant, and deliver the balance, if any, after deduction of lawful charges, to the taxpayer.

(b) The sheriff shall, within 5 days after the receipt of the warrant, file with the clerk of the circuit court of his or her county a copy of the warrant, unless the taxpayer makes satisfactory arrangements for payment with the department, in which case, the sheriff shall, at the direction of the department, return the warrant to it. The clerk shall docket the warrant as required by s. 806.11, and upon docketing the amount of the warrant, together with interest required by s. 71.82 (2), shall be considered in all respects as a final judgment. The clerk of circuit court shall accept, file and docket the warrant without prepayment of any fee, but the clerk shall submit a statement of the proper fee semi-annually to the department covering the periods from January 1 to June 30 and July 1 to December 31. The fees shall then be paid by the state as provided by par. (h), but the fees provided by s. 814.61 (5) for filing and docketing the warrants shall be added to the amount of the warrant and collected from the taxpayer when satisfaction or release is presented for entry. The sheriff shall be entitled to the same fees for executing upon such warrant as upon an execution against property issued out of a court of record, to be collected in the same manner. Upon the sale of any real estate the sheriff shall execute a deed of the same, and the taxpayer shall have the right to redeem the real estate as from a sale under an execution against property upon a judgment of a court of record.

(c) A like warrant may be issued to any agent of the department authorized to collect income taxes, and in the execution thereof and collection of said taxes such agent shall have the powers of a sheriff, but shall not be entitled to collect from the taxpayer any fee or charge for the execution of such warrant in excess of actual expenses paid in the performance of his or her duty. When a warrant is issued to such agent he or she may proceed upon the same in any county of the state designated in the warrant, in the same manner as provided in this subchapter with respect to sheriffs of such counties.
(d) Upon docketing of a warrant, the department of revenue shall have the same remedies to enforce the claim for taxes, penalties, interest and costs as upon a judgment against the taxpayer.

(e) The department, if it finds that the interests of the state will not thereby be jeopardized, and upon such conditions as it may exact, may issue a release, of any warrant with respect to any real property upon which said warrant is a lien or cloud upon title, and such release shall be entered of record by the clerk upon presentation to him or her and payment of the fee for filing said release and the same shall be held conclusive that the lien or cloud upon the title of the property covered by the release is extinguished. Any person desiring that such release be issued shall present to the department a written application in affidavit form requesting that the release be issued. Such application shall give the reasons for the request and shall clearly describe the property with respect to which the release is desired. In support of the request, the applicant shall furnish the department with proof sufficient to establish satisfactorily the fair market value of the property, the amounts, character and dates, both of execution and of record, of all encumbrances of record prior to the warrant lien, as well as the amount and character of any unrecorded encumbrances believed to be prior to the warrant lien, including information as to how and when all such encumbrances arose. Appropriate references shall be made to the pages and volumes of the recording books in which any such encumbrances have been recorded. The department may require a certified copy of any record referred to in such application to be furnished by the applicant, at his or her expense, from the officer in whose office such record is kept.

(f) When the taxes set forth in a warrant together with penalties and interest to date of payment and all costs due the department have been paid to it or when such warrant has not been paid or discharged, but the taxes for which such warrant was issued have been canceled or credited, the department shall issue a satisfaction of the warrant and file it with the clerk and said warrant shall be immediately satisfied of record by such clerk. The department shall send a copy of such satisfaction to the taxpayer. When such warrant has not been paid or discharged but the enforcement of same would, in the opinion of the department, result in depriving the taxpayer of a substantial right, the department may issue a release of said warrant and file same with the clerk who shall immediately make an entry of same of record, and it shall be held conclusive of the extinguishment of the warrant and all liens and rights created thereby, but shall not constitute a release or satisfaction of the taxes for which such warrant was issued.

(g) If the department of revenue has issued an erroneous warrant, the department shall issue to the clerk of circuit court for the county in which the warrant is filed a notice of withdrawal of the warrant. The clerk shall void the warrant and any liens attached by it.

(h) All fees and compensation of officials or other persons performing any act or functions required in carrying out this subchapter, except such as are by this subchapter to be paid to such officials or persons by the taxpayer, shall, upon presentation to the department of revenue of an itemized and verified statement of the amount due, be paid by the state treasurer upon audit by the department of administration on the certificate of the secretary of revenue and charged to the proper appropriation for the department of revenue. No public official shall be entitled to demand prepayment of any fee for the performance of any official act required in carrying out this subchapter.

(i) The state may be made a party defendant in any action to foreclose a mortgage, land contract, or other lien upon any real property affected by such warrant lien, and the summons may be served by delivering a copy to the attorney general or leaving it at the attorney general’s office in the capitol with an assistant or clerk. But no judgment for the recovery of money or personal property or costs shall be rendered against the state in any such action.

(j) The provisions of this subchapter shall be in addition to all other methods for the collection of income taxes, and the department of revenue may exercise the powers vested in it by virtue of ss. 73.03 (20) and 73.04 or any of the powers vested in it by virtue of any other statute for the purpose of enforcing collection of income taxes.

(5m) APPLICABILITY OF PERSONAL PROPERTY TAX LAWS. (a) All laws not in conflict with this chapter relating to the assessment, collection and payment of taxes on personal property, the correction of errors in assessment and tax rolls, and the collection of delinquent personal property taxes except the provisions for the compromise or cancellation of illegal taxes and the refunds of moneys paid thereon, as shown by the 1985 statutes, shall be applicable to the income tax provided in this chapter.

(b) The provisions for the compromise or cancellation of illegal personal property taxes and for refunds of personal property taxes apply to the taxes under this chapter to the extent that those provisions do not conflict with par. (a) or s. 71.92.

(6) LEVY UPON PROPERTY FOR TAXES. (a) Definitions. In this subsection:

1. “Department” means the department of revenue.
2. “Levy” means all powers of distraint and seizure.
3. “Property” includes real and personal property and tangible and intangible property and rights to property but is limited to property and rights to property existing at the time of levy.
4. “Taxes” means the principal amount as defined in s. 71.92 (1), interest, penalties and costs.

(b) Powers of levy and distraint. If any person who is liable for any tax administered by the department
neglects or refuses to pay that tax within 10 days after that tax becomes delinquent, the department may collect that tax and the expenses of the levy by levy upon, and sale of, any property belonging to that person or any property on which there is a lien as provided by sub. (4) in respect to that delinquent tax. Whenever any property that has been levied upon under this section is not sufficient to satisfy the claim of the department, the department may levy upon any other property liable to levy of the person against whom that claim exists until the taxes and expenses of the levy are fully paid. A levy on commissions, wages or salaries is continuous until the liability out of which it arose is satisfied.

(c) Duty to surrender. 1. Except as provided in subd. 2, any person in possession of, or obligated with respect to, property subject to levy upon which a levy has been made shall, upon demand of the department, surrender that property unless it is subject to attachment or execution under judicial process, or discharge that obligation, to the department.

2. Levy upon a life insurance or endowment contract issued by a 3rd person, without necessity for the surrender of the contract document, is a demand by the department for payment of the amount under subd. 3 and for the exercise of the right of the person against whom the tax is assessed to an advance of that amount. The person who issued the contract shall pay over that amount within 90 days after the service of the notice of the levy. That notice shall include a certification by the department that a copy of that notice has been mailed to the person against whom the tax is assessed at that person’s last-known address.

3. The levy under subd. 2 is satisfied if the person who issued the contract pays to the department the amount that the person against whom the tax is assessed could have had advanced by the person who issued the contract on the date under subd. 2 for the satisfaction of the levy, increased by the amount of any advance, including contractual interest, made to the person against whom the tax is assessed on or after the date the person who issued the contract had actual notice or knowledge of the existence of the lien with respect to which that levy is made, other than an advance, including contractual interest on it, made automatically to maintain the contract in force under an agreement entered into before the person who issued the contract had notice or knowledge of that lien. Any person who issued a contract and who satisfies a levy under this paragraph is discharged from all liability to any beneficiary because of that satisfaction.

(d) Failure to surrender; discharge. 1. Any person, including an officer or employe, who fails to surrender property that is subject to levy upon demand of the department is liable to the department for a sum equal to the value of the property not surrendered, but not exceeding the amount of taxes for the collection of which that levy was made, together with costs and interest at the rate of 18% per year from the date of that levy. Any amount, other than costs, recovered under this paragraph shall be credited against the tax liability for the collection of which that levy was made. The liability under this paragraph shall be assessed, levied and collected as are additional income or franchise taxes.

2. In addition to the liability imposed under subd. 1, if any person required to surrender property fails or refuses to surrender that property without reasonable cause, that person is liable for a penalty equal to 50% of the amount recoverable under subd. 1. No part of the penalty under this subdivision may be credited against the tax liability for the collection of which that levy was made. The penalty under this subdivision shall be assessed, levied and collected as are additional income or franchise taxes.

3. Any person in possession of, or obligated with respect to, property upon which a levy has been made who, upon demand by the department, surrenders that property, or discharges that obligation, to the department or who pays a liability under subd. 1 is discharged from any liability to the delinquent taxpayer or, in the case of payments under par. (c) 2, to a beneficiary, with respect to that property arising from that surrender or payment.

(e) Actions against this state. 1. If the department has levied upon or sold property, any person, other than the person who is assessed the tax out of which the levy arose, who claims an interest in or lien on that property and claims that that property was wrongfully levied upon may bring a civil action against the state in the circuit court for Dane county. That action may be brought whether or not that property has been surrendered to or sold by the department. The court may grant only the relief under subd. 2. No other action to question the validity of or restrain or enjoin a levy by the department may be maintained.

2. In actions under subd. 1, if a levy or sale would irrevocably injure rights to property, the court may enjoin the enforcement of that levy or prohibit that sale. If the court determines that the property has been wrongfully levied upon, it may order the return of specific property that the department possesses or grant a judgment for the amount of money obtained by levy. If the property was sold, the court may grant a judgment for an amount not exceeding the amount received by the department from the sale. If the property was purchased by the state at a sale under par. (f), the state shall be treated as having received an amount equal to the minimum price determined under that paragraph or the amount received by the state from the resale of that property, whichever is larger.

3. For purposes of an adjudication under this paragraph, the assessment of the tax upon which the interest or lien of the department is based is conclusively presumed to be valid. Interest shall be allowed for judgments under this paragraph at the rate of 12% per year from the date the department receives the money wrongfully levied upon to the date of payment of the
judgment or from the date of sale to the date of payment.

(f) Notice and sale. 1. As soon as practicable after obtaining property, the department shall notify, in writing, the owner of any real property, and the possessor of any personal property, obtained by the department under this subsection. That notice may be left at the person’s usual place of residence or business. If the owner cannot be located or has no dwelling or place of business in this state, the department may mail a notice to the owner’s last-known address. That notice shall specify the sum demanded and shall contain, in the case of personal property, an account of the property obtained and, in the case of real property, a description with reasonable certainty of the property seized.

2. As soon as practicable after obtaining property, the department shall notify the owner in the manner prescribed under subd. 1 and shall cause a notice of the sale to be published in a newspaper published or generally circulated within the county where the property was obtained. If there is no newspaper published or generally circulated in that county, the department shall post that notice at the city, town or village hall nearest the place where the property was obtained and in at least 2 other public places. That notice shall specify the property to be sold and the time, place, manner and conditions of the sale.

3. If any property liable to levy is not divisible so as to enable the department, by sale of a part, to raise the whole amount of the tax and expenses, the whole of the property shall be sold.

4. The sale shall occur not less than 10 days and not more than 40 days after the notice under subd. 2. The department may interrupt the sale, but not for a period longer than 90 days. The sale shall be in the county in which the property is levied upon or in Dane county.

5. Before the sale, the department shall determine a minimum price for which the property shall be sold. If no person offers for that property at the sale at least the amount of the minimum price, the state shall purchase the property for the minimum price; otherwise, the property shall be sold to the highest bidder. In determining the minimum price, the department shall take into account the expense of making the levy and sale in addition to the value of the property. If payment in full is required at the time of acceptance of a bid and is not paid then, the department shall sell the property in the manner provided under this paragraph. If the conditions of the sale permit part of the payment to be deferred and if that part is not paid within the prescribed period, the department may sue the purchaser in the circuit court for Dane county for the unpaid part of the purchase price and interest at the rate of 12% per year from the date of the sale or the department may declare the sale void and may sell the property again under this paragraph. If the property is sold again, the 2nd purchaser shall receive it free of any claim of the defaulting purchaser and the amount paid upon the bid price by the defaulting purchaser is forfeited.

6. No property of any person is exempt from levy and sale under this subsection.

(g) Redemption. 1. Any person whose property has been levied upon may pay the amount due and the expenses of the proceeding to the department at any time before the sale. Upon that payment, the department shall restore the property to that person and stop all proceedings related to the levy.

2. The owners of any real property sold under par. (f), their heirs, executors or administrators or any person having an interest in or a lien on that property or any person in behalf of a person specified in this subdivision may redeem the property sold or any part of that property within 120 days after the sale by payment to the purchaser or, if the purchaser cannot be found in the county in which the property to be redeemed is situated, then to the department, for the use of the purchaser or the purchaser’s heirs or assigns, the amount paid by the purchaser and interest at the rate of 18% per year.

(h) Certificate of sale. 1. The department shall give the purchaser under par. (f) a certificate of sale upon payment in full of the purchase price. In the case of real property, that certificate shall specify the property purchased, the name of the purchaser and the price.

2. In the case of any real property sold under par. (f) and not redeemed under par. (g), the department shall execute to the purchaser, upon surrender of the certificate of sale, a deed reciting the facts set forth in the certificate.

3. If real property is purchased by the state under par. (f), the department shall execute and record a deed.

4. The certificate of sale for personal property sold under par. (f) is prima facie evidence of the right of the department to make the sale and conclusive evidence of the regularity of the proceedings of the sale. That certificate transfers to the purchaser all right, title and interest of the delinquent party to the property sold. If that property is stocks, that certificate is notice, when received, to any person of that transfer and authority to record the transfer on books and records as if the stocks were transferred or assigned by the party holding them, and all prior certificates are void. If the subject of sale is securities or other evidence of debt, the certificate is valid against any person possessing or claiming to possess the securities or other evidence of debt. If the property is a motor vehicle, the certificate is notice, when received, to the department of transportation as if the certificate of title were transferred or assigned by the party holding that certificate of title, and any prior certificate is void.

5. The deed of sale of real property is prima facie evidence of the facts stated in it and conveys all of the right, title and interest the delinquent party had to the property.
6. A certificate of sale of personal property given or a deed to real property executed under this paragraph discharges that property from all liens, encumbrances and titles subordinate to the department's lien.

(i) Determination of expenses. The department shall determine the expenses to be allowed in all cases of levy and sale.

(j) Departmental records. The department shall keep a record of all sales of real property under par. (f) and of all redemptions of that property. The record shall set forth the tax for which any sale was made, the dates of levy and sale, the name of the party assessed and all proceedings related to the sale, the amount of expenses, the names of the purchasers and the date of the deed.

(k) Use of proceeds. 1. The department shall apply all money realized under this subsection first against the expenses of the proceedings and then against the liability in respect to which the levy was made or the sale was conducted and any other liability owed to the department by the delinquent person.

2. The department may refund or credit any amount left after the applications under subd. 1, upon claim for and satisfactory proof of, to the person entitled to that amount.

(L) Release of levy. The department may release the levy upon all or part of property levied upon to facilitate the collection of the liability, but that release does not prevent any later levy.

(m) Wrongful levy. 1. If the department determines that property has been wrongfully levied upon, the department may return the property, an amount of money equal to the amount of money levied upon or an amount of money equal to the amount of money received by the state from the sale of that property.

2. The department may return property at any time. The department may return an amount of money equal to the amount of money levied upon or received from sale within 9 months after the levy.

3. For purposes of this paragraph, if property is purchased by the state under par. (f) the state shall be treated as having received an amount of money equal to the minimum price determined under that paragraph or, if less, the amount of money received by the state from the resale of that property.

(n) Preservation of remedies. The availability of the remedy under this subsection does not abridge the right of the department to pursue other remedies.

(7) WITHHOLDING BY EMPLOYER OF DELINQUENT TAX OF EMPLOYEE. (a) In this subsection, “employee” includes any subcontractor.

(b) The department may give notice to any employer deriving income having a taxable situs in this state (regardless of whether any such income is exempt from taxation) to the effect that an employe of such employer is delinquent in a certain amount with respect to state taxes, including penalties, interest and costs. Such notice may be served by certified mail, or by delivery by an employe of the department of reve-
of his or her failure to remit under this subsection may be deducted from the gross income of such employer. Any amount collected from the employer for failure to withhold or for failure to remit under this subsection shall be credited as tax, costs, penalties and interest paid by the employe.

(e) Paragraphs (b) to (d) shall apply in any case in which the employer is the United States or any instrumentality thereof or this state or any municipality or other subordinate unit thereof except those provisions imposing a liability on the employer for failure to withhold or remit. But an amount equal to any amount withheld by any municipality or other subordinate unit of this state under this subsection and not remitted to the department as required by this subsection shall be retained by the state treasurer from funds otherwise payable to any such municipality or subordinate unit, and transmitted instead to the department, upon certification by the secretary of revenue.

(f) The department shall refund to the employe excess amounts withheld from the employe under this subsection.

(g) Employers required to withhold delinquent taxes, penalties, interest and costs under this subsection shall not be required to withhold amounts other than the total amounts certified to such employers by the department and shall not be required to compute interest, costs or other charges to be withheld.

(h) The department may, by written notice served personally or by mail, require any employer, as defined in s. 71.63 (3), to withhold from the compensation due or to become due to any entertainer or entertainment corporation the amount of any delinquent state taxes, including costs, penalties and interest, shown by the notice. The employer shall send the money withheld to the department when the department specifies.

71.92 Compromises. (1) In this section, “principal amount” or “principal” of the tax means the tax and interest added thereto in accordance with ss. 71.03 (7), 71.24 (7), 71.44 (3) and 71.82.

(2) Any taxpayer who is unable to pay the full amount of his or her delinquent income taxes, costs, penalties and interest may apply to the department of revenue to compromise the tax, a writ of attachment or an order of the court. The department and the court shall first ascertain whether the amount due the state in taxes, costs, penalties and interest has been fully paid. If the department finds that the amount due the state is not less than the amount due the state in taxes, costs, penalties and interest shall be paid in full, the department shall certify the amount due to the court. The court shall then enter an order reducing such taxes, costs, penalties and interest in accordance with such determination. Such order shall provide that such compromise shall be effective only if paid within 10 days. The department or its collection agents upon receipt of such order shall accept payment in accordance with the order. Upon payment the department shall credit the unpaid portion of the principal amount of such taxes and make appropriate record of the unpaid amount of penalties, costs, and interest accrued to the date of such order. If within 3 years of the date of such compromise order the department shall ascertain that the taxpayer has an income or property sufficient to enable the taxpayer to pay the remainder of the tax including costs, penalty and interest the department shall reopen said matter and order the payment in full of such taxes, costs, penalties and interest. Before the entry of such order a notice shall be given to the taxpayer in writing advising of the intention of the department of revenue to reopen such matter and fixing a time and place for the appearance of the taxpayer if he or she desires a hearing. Upon entry of such order a notice shall be given to the taxpayer in writing advising of the intention of the department of revenue to reopen such matter and fixing a time and place for the appearance of the taxpayer if he or she desires a hearing. Upon entry of such order a notice shall be given to the taxpayer in writing advising of the intention of the department of revenue to reopen such matter and fixing a time and place for the appearance of the taxpayer if he or she desires a hearing. Upon entry of such order a notice shall be given to the taxpayer in writing advising of the intention of the department of revenue to reopen such matter and fixing a time and place for the appearance of the taxpayer if he or she desires a hearing. Upon entry of such order a notice shall be given to the taxpayer in writing advising of the intention of the department of revenue to reopen such matter and fixing a time and place for the appearance of the taxpayer if he or she desires a hearing.

(3) Any taxpayer may petition the department of revenue to compromise his or her delinquent income taxes including the costs, penalties and interest. Such petition shall set forth a sworn statement of the taxpayer and shall be in such form as the department shall prescribe and the department may examine the petitioner under oath concerning the matter. If the department finds that the taxpayer is unable to pay the taxes, costs, penalties and interest in full it shall determine the amount the taxpayer is able to pay and shall enter an order reducing such taxes, costs, penalties and interest in accordance with such determination. Such order shall provide that such compromise shall be effective only if paid within 10 days. The department or its collection agents upon receipt of such order shall accept payment in accordance with the order. Upon payment the department shall credit the unpaid portion of the principal amount of such taxes and make appropriate record of the unpaid amount of penalties, costs, and interest accrued to the date of such order. If within 3 years of the date of such compromise order the department shall ascertain that the taxpayer has an income or property sufficient to enable the taxpayer to pay the remainder of the tax including costs, penalty and interest the department shall reopen said matter and order the payment in full of such taxes, costs, penalties and interest. Before the entry of such order a notice shall be given to the taxpayer in writing advising of the intention of the department of revenue to reopen such matter and fixing a time and place for the appearance of the taxpayer if he or she desires a hearing. Upon entry of such order a notice shall be given to the taxpayer in writing advising of the intention of the department of revenue to reopen such matter and fixing a time and place for the appearance of the taxpayer if he or she desires a hearing. Upon entry of such order a notice shall be given to the taxpayer in writing advising of the intention of the department of revenue to reopen such matter and fixing a time and place for the appearance of the taxpayer if he or she desires a hearing. Upon entry of such order a notice shall be given to the taxpayer in writing advising of the intention of the department of revenue to reopen such matter and fixing a time and place for the appearance of the taxpayer if he or she desires a hearing. Upon entry of such order a notice shall be given to the taxpayer in writing advising of the intention of the department of revenue to reopen such matter and fixing a time and place for the appearance of the taxpayer if he or she desires a hearing. Upon entry of such order a notice shall be given to the taxpayer in writing advising of the intention of the department of revenue to reopen such matter and fixing a time and place for the appearance of the taxpayer if he or she desires a hearing.

(4) Delinquent income taxes, interest and penalties, resulting from assessments pursuant to s. 71.74 (3), 71.82 (2) (d) or 71.83 (1) (a) 3 or 4 or (b) 2 or 3 or from assessments by virtue of disallowance of claimed deductions for failure to file information reports relating thereto, as required by this chapter, may be compromised by the department when such action is fair and equitable under the circumstances.

(5) If any delinquent income tax has been referred by the department to the attorney general for collection and after having fully investigated the matter the attorney general determines that it would be in the best interest of the state to compromise the tax, a written recommendation shall be made to the department stating the terms upon which the tax should be compromised and the reasons therefor. The department shall approve or disapprove the recommendation and notify the department of justice. If approved the
department of justice may enter into a stipulation with the
taxpayer providing for the compromise of the tax on the
terms set forth in the recommendation and upon compliance
by the taxpayer the tax shall be fully discharged. The
department of justice shall furnish the department with a
copy of such stipulation, and upon payment being made shall credit the unpaid portion
of the tax. This subsection shall be in addition to all other powers of the department of justice and the
department of revenue with respect to compromise or settlement of income taxes.

(7) All payments made on delinquencies shall be applied first in discharging costs, penalties and interest and the balance applied on the principal of the tax.

71.93 Setoffs for other state agencies. (1) Definitions. In this section:
(a) "Debt" means any amount owed to a state agency that has been reduced to a judgment.
(b) "Debtor" means any person owing a debt to a state agency.
(c) "Department" means the department of revenue.
(d) "Refund" means the excess amount by which any payments, refundable credits or both exceed a debtor's Wisconsin tax liability or any other liability owed to the department.
(e) "State agency" has the meaning set forth under s. 20.001 (1).
(2) Certification. A state agency may certify to the department for setoff any properly identified debt exceeding $20. At least 30 days prior to certification each debtor shall be sent a notice by the state agency of its intent to certify the debt to the department for setoff and of the debtor's right of appeal. At the time of certification, the certifying state agency shall furnish the social security number of individual debtors and the federal employer identification number of other debtors.
(3) Administration. In administering this section the department shall first check with the state agency certifying the debt to determine whether the debt has been collected by other means. If the debt remains uncollected the department of revenue shall setoff any debt or other amount owed to the department, regardless of the origin of the debt or of the amount, its nature or its date. If after the setoff there remains a refund in excess of $10, the department shall set off the remaining refund against certified debts of other state agencies. If more than one certified debt exists for any debtor, the refund shall be first set off against the earliest debt certified. When all debts have been satisfied in order based on the date certified, any remaining refund shall be refunded to the debtor by the department.
(4) Settlement. Within 30 days after the close of each calendar quarter, the department shall settle with each state agency that has certified a debt. Each settlement shall note the opening balance of a debt. Each settlement shall note the opening balance of debts certified, any additions or deletions, amounts set off and the ending balance at the close of the settlement period.
(5) State agency charged for costs. At the time of each settlement, each state agency shall be charged for administration expenses, and the amounts charged shall be credited to the department's appropriation under s. 20.566 (1) (h). Annually on or before November 1, the department shall review its costs incurred during the previous fiscal year in administering state agency setoffs and shall adjust its subsequent charges to each state agency to reflect that experience.
(6) Written agreement and authority of department. Any state agency wishing to certify debts to the department shall enter into a written agreement with the department prior to any certification of debt. Any certification of debts by a state agency or changes to certified debts shall be in a manner and form prescribed by the department. The secretary of revenue shall be the final authority in the resolution of any interagency disputes in regard to certification of debts. If a refund is adjusted after a setoff, the department may readjust any erroneous settlement with a certifying state agency.

value properly includable for Wisconsin death tax purposes rather than the value of property includable for federal estate tax purposes. In this paragraph, property deemed to be includable for Wisconsin death tax purposes includes exempt property under s. 72.15 (5), 1985 stats., but the exclusion under s. 72.12 (6) (b), 1985 stats., is not deemed to be property properly includable. If at least 50% of the marital property held by a decedent and the decedent’s surviving spouse is includable for purposes of computing the federal estate tax, all of the decedent’s and the decedent’s spouse’s marital property and all of the decedent’s individual property is deemed property properly includable for Wisconsin death tax purposes.
