PETITIONS AND COMMUNICATIONS

State of Wisconsin

Department of Health and Social Services

June 30, 1989

To the Honorable the Legislature:

Pursuant to the requirements of Section 3024(16m)(f) of 1987 Wisconsin Act 399, as amended by 1989 Wisconsin Act 18, I am pleased to submit to the Senate the Health Care Status Report by the Office of Health Care Information. As required, this report fully describes the status of implementation by the Office of Health Care Information of the requirements of Chapter 153, Statutes, from the time I assumed office on July 11, 1988 to the present.

Because our first phase of administrative rules were not promulgated until last December, hospital inpatient discharge data collection did not begin until January 1, 1989, and data submission to this office was not required until May 30. Since we have not completed all of the editing and verification of the data as required by law, we are presently unable to release any of this information pursuant to the provisions of Section 3024(16m)(f)3. of 1987 Wisconsin Act 399. In addition, hospital fiscal, charge element, and revenue and expense data for 1987, 1988 and 1989 must be submitted to this office by July 1. We expect to report this latter information to the Legislature as required by Section 153.35, Statutes, by October 1, 1989.

I wish to express our sincere appreciation to Senator Rodney Moen, Chairperson of the Senate Committee on Agriculture, Health and Human Services, for his cosponsorship and assistance in the adoption of Senate Bill 48, which clarified and corrected a number of provisions in Chapter 153, Statutes. SB48 was enacted on June 23 by Governor Thompson as 1989 Wisconsin Act 18.

Should the members of the Senate have any questions, our office stands ready to assist them in any way possible.

Sincerely,
DAVID L. F. DUAX
Director
Office of Health Care
