

Eighty-Ninth Regular Session

WEDNESDAY, November 7, 1990

The chief clerk makes the following entries under the above date.

PETITIONS AND COMMUNICATIONS

State of Wisconsin
University of Wisconsin System

October 31, 1990

To the Honorable the Legislature:

RE: Report of 1989 Faculty Fringe Benefits

Earlier this month you received from President Shaw a copy of the above captioned report. This office would like for you to have the supporting documents to that report as prepared by Hewitt and Associates. Copies of the two Hewitt documents are transmitted herewith.

I am also sending you another copy of the 1989 Faculty Fringe Benefits report which I would like for you to substitute for the one you received from President Shaw. While the body and content of the report remain the same, we found that several of the footnotes in the report had errors in identifying the tables to which they referred. This footnoting error has been corrected in the substituted report.

The report also provides information about the cost of providing the benefits using data from the U.S. Department of Education's Integrated Postsecondary Education Data System (IPEDS). It would be noted that in the process of preparing this report, our staff discovered the cost data in IPEDS for the University of Wisconsin retirement contributions incorrectly included the amounts paid to fund post-retirement health insurance and prior service costs. The data presented in this report has been corrected.

If your staff has questions concerning the reports please have them contact University of Wisconsin-System Director of Payroll and Fringe Benefits Sara Buscher (263-4375) for clarification.

Sincerely,
CHARLES WRIGHT
Associate Vice President

State of Wisconsin
Department of Industry,
Labor and Human Relations

November 1, 1990

To the Honorable the Legislature:

The Department of Industry, Labor and Human Relations respectfully submits this report on Job Center Networks. This fulfills the requirement of Section 3028(3x)(c) of 1989 Wisconsin Act 31.

This report provides information on all seven of the Job Center Networks awarded state grant funds. Job Center Networks continue to result in concrete paybacks

to Wisconsin's employers and to the people who participate in our employment and training programs. Job Center Networks are a good investment of state resources.

My department would like to acknowledge the collaboration of all the state agencies that have made this success possible. The State Board of Vocational, Technical and Adult Education, and the Departments of Health and Social Services and Public Instruction are key contributors working with the Department of Industry, Labor and Human Relations to make Wisconsin's Job Center Networks successful.

Sincerely,
GERALD WHITBURN
Secretary
