Thomas Melvin
Assembly Chief Clerk
P.O. Box 8952
Madison, WI 53708

Dear Mr. Melvin:

The University of Wisconsin System Board of Regents at its July meeting adopted the following resolution:

Pursuant to 1989 Wisconsin Act 186, s. 36.12 (3) (a) (b), Wisconsin Statutes (effective April 24, 1990), the Board hereby approves and directs that the attached report be submitted to the chief clerk of each house of the legislature for distribution to the appropriate standing committees under s. 13.172 (3).

The referenced report is attached. It shows the number of complaints received by each institution broken down by numbers and types of alleged discrimination followed by the disposition of each complaint.

A total of 72 complaints were received during the academic year (1990-91). Of that number 32 have been resolved, 5 were dropped by the student filing the complaint, there was no discrimination found in 10 of the complaints and 25 are pending.

The Board of Regents did not receive any requests for review.

Sincerely,
KENNETH A. SHAW
President

State of Wisconsin

State of Wisconsin
Legislative Audit Bureau
Madison

July 31, 1991

To the Honorable, the Legislature:

We have completed our financial and compliance audit of the State of Wisconsin, as requested by state agencies to meet the audit requirements of the federal Single Audit Act of 1984 and the provisions of the federal Office of Management and Budget Circular A-128. Our audit covered the period July 1, 1989, through June 30, 1990. In addition to satisfying federal audit requirements, this audit assists us in meeting state audit requirements under section 13.94, Wis. Stats.

As part of our standard audit procedures at the various state agencies included in the scope of the audit, we gained an understanding of Wisconsin's internal control structure, assessed the propriety of receipts and disbursements, and tested compliance with laws and regulations related to the administration of federal grant programs. Our review focused on the 29 grants which exceeded the \$7 million major grant threshold identified

JOURNAL OF THE ASSEMBLY [August 7, 1991]

by the federal government. However, we performed audit work at the various state agencies regardless of the amount of federal funds received.

The first section of our report contains the auditor's reports on internal control structure and compliance. Next are the agency narratives which contain our comments on internal control deficiencies, finding of noncompliance for each agency, and the results of our follow up to prior audit findings. We note that state agencies, in general, have complied with federal grant requirements and that the agencies have taken steps to address our concerns included in prior years' audit reports. However, we do report several areas of noncompliance and identify \$13,188 in questioned costs, although this represents only a small portion of the total federal financial assistance received by the State of Wisconsin.

Also included in this report are the Schedules of Federal Financial Assistance for the audited period, along with the independent auditor's report on these schedules. We

qualified our audit opinion on the schedules due to unreconciled variances of almost \$1 million between the Department of Industry, Labor and Human Relations' agency accounting records and the State's central accounting system.

The federal government will resolve the findings and questioned costs contained in our report. Federal agencies are expected to contact affected state agencies regarding resolution. To assist federal officials in their efforts, state agency contact information is provided as the appendix.

We appreciate the courtesy and cooperation extended to us by agency staff during our audit. Agency comments on individual findings are included within the body of our report.

Respectfully Submitted,
DALE CATTANACH
State Auditor
